JOURNALS  
OF THE  
LEGISLATIVE ASSEMBLY  
OF THE  
PROVINCE OF ONTARIO.

---

Wednesday, 7th December, 1870.

3 O'CLOCK P.M.

This being the first day of the Fourth Session of the First Parliament of the Province of Ontario, His Excellency *William Pearce Howland*, C.B., Lieutenant-Governor, having taken his seat, was pleased to open the Session by the following gracious Speech :—

*Mr. Speaker, and Gentlemen of the Legislative Assembly:—*

I am happy again to meet you, and to congratulate you upon the greatly increased prosperity of the Province.

Since we last met, the Arbitrators appointed under the provisions of the British North America Act of 1867, "for the division and adjustment of the debts, credits, liabilities and assets of *Upper Canada* and *Lower Canada*," have prosecuted with commendable assiduity their arduous labours, which were lately terminated by the publication of their award, a copy of which will be laid before you. Without offering an opinion as to whether the judgment of the Arbitrators on the various points submitted to them realizes the general expectation of the people of this Province or not, I venture, nevertheless, to express the great satisfaction which the result has afforded me, and which, apart from the fact of the award being final and conclusive, establishes for ever the share of the public debt which this Province was bound to assume, as also the proportion of the general assets intended to become exclusively our own property.

My predecessor, at the opening of the first session of this Legislature, intimated that you began your labours with resources at your disposal large enough to justify the hope that they would prove adequate not only for the actual requirements of the Government, but also to satisfy the wants of this rapidly improving country. The opinion then so confidently expressed, the experience of the past three years has established to have been well founded, as is strikingly evidenced in the large surplus remaining unused in the Provincial Treasury, and that, too, after satisfying not only the ordinary outlays required for the public service and charities, but also providing for various public works of great utility, and the erection of public institutions which are no less creditable to your liberality than productive of lasting benefit to suffering humanity and to the general interests of the Province at large.

How best to apply this surplus, or, at all events, a considerable portion thereof, in developing the resources of the Province, by advancing the commercial and agricultural interests of the people, it will be for you to determine. In furtherance of this view, a measure will be submitted, recommending a grant of money to stimulate the initiation of well considered and *bona fide* Railway undertakings, which are specially designed to penetrate the heart of our Free Grant Territory, and also to encourage similar enterprises pointing in the same direction, or to our Inland Lakes, and which, when completed, will secure to certain other sections of country the luxury of speedy travel and the advantages of cheap transport, hitherto enjoyed only by those within reasonable distances of existing thoroughfares, to which the now unprovided localities have long contributed.

While perfecting our system of public instruction, so as to render Common School education accessible and free to every child in the land, and to provide more effectually for giving a higher English and commercial education in the Superior Schools, your attention will be invited to the expediency of making that education more practical, and directly instrumental in promoting the interests of agriculture and manufactures. The life of our country's wealth and progress depends upon its agriculture and manufactures, and the development of its mineral resources, and our system of public instruction should provide a suitable preparation for agricultural, mechanical, manufacturing and mining pursuits, as is now enjoyed by those who make choice of the professions of law and medicine, and thus be promotive of the highest material, no less than of the intellectual and moral interests of the people.

Statistics furnished by the Department of Immigration exhibit a gratifying proof of considerable addition to our resident population during the present year over that of the previous season, and from all quarters, in which the new-comers have taken up their abodes, I continue to receive assurances that they generally appreciate the happy change which they begin to realise in this the land of their adoption.

The conjoint action of the Dominion and Ontario Governments will again be energetically directed to give a further impetus to the scheme for promoting Immigration, which it is the anxious desire of both Governments to render perfect and effectual, so far as a liberal outlay of money and active agencies can accomplish the object.

A Bill will be laid before you having for its object the substitution of a new mode of trying Controverted Elections.

The Report of a Survey, by competent persons, which I recently caused to be made, of a portion of the large area north of *Lake Superior* and lying between *Lakes Neebigon* and *Nipissing* will shortly be laid before you. I have reason to believe that in that hitherto unexplored territory will be found large tracts of land well fitted for agricultural purposes, interspersed with lakes abounding in fish, and with a climate similar to our own, well calculated to invite the emigrant to look for a happy home in that now apparently remote region.

The financial accounts of the Province, with the estimates for the coming year, will be laid before you, and I rely on your readiness to grant the necessary supplies.

The sad condition of the Idiotic class of our people would seem to require your attention, with a view to provide for their better care.

I also commend that provision be made for the establishment of one or more Central Prisons, the importance of which I, on a former occasion, felt myself compelled to bring under your notice.

The state of the Province is hopeful in the extreme. With a rapid advance in trade, agriculture and manufactures, more conspicuously displayed since the boon of local self-government has been freely conceded to us, and cherishing, as we do, our hearty preference for British institutions, affording an evidence of our desire to foster and maintain at all hazards our connection with the Mother Country, we have no cause to envy the condition of our neighbours. Let us hope that this flattering prospect may not be marred by injurious dissensions among ourselves, and that Providence may guide your councils and give direction to your efforts in promoting the happiness and contentment of our people at large.

His Excellency the Lieutenant-Governor was then pleased to retire.

The following Petition was brought up and laid upon the Table :—

By Mr. *Coyne*—The Petition of *James Gooderham* and others, of *Streetsville*.

Mr. Speaker informed the House, That, during the recess, he had received the following notification of a vacancy which had occurred in the representation of the County of *Prince Edward* ; and that he had issued his Warrant to the Clerk of the Crown in Chancery for a Writ of Election to fill the vacancy caused thereby :—

To the Honourable *John Stevenson*, Speaker of the Legislative Assembly of *Ontario* :

We, the undersigned, being two Members of the Legislative Assembly of *Ontario*, do hereby give notice to you, that a vacancy has happened in the Legislative Assembly of *Ontario*, in the representation of the County of *Prince Edward*, by the acceptance by *Absalom Greeley*, Esquire, Member for the said County, of an office of emolument under the Crown, that is to say—the office of Sheriff of the said County of *Prince Edward*.

J. SANDFIELD MACDONALD. [L.S.]

M. C. CAMERON. [L.S.]

Mr. Speaker also informed the House, that the Clerk of the House had received from the Clerk of the Crown in Chancery the following Certificate :—

*Province of Ontario.*

This is to certify, that in virtue of a Writ of Election, dated the fourth day of June last past, issued by His Excellency the Lieutenant-Governor, and addressed to the Registrar of the County of *Prince Edward* (*John F. Roblin*, Esquire), Returning Officer for the said County of *Prince Edward*, for the Election of a Member to represent the said County of *Prince Edward*, in the Legislative Assembly of this Province, in the room of *Absalom Greeley*, Esquire, who accepted an office of emolument under the Crown, *William Anderson*, Esquire, has been returned as duly elected accordingly, as appears by the Return to the said Writ of Election, dated the fourth day of July last past, which is now lodged of record in my office.

S. J. VANKOUGHNET,  
*Clerk of the Crown in Chancery.*

Office of the Clerk of the Crown in Chancery,  
*Toronto*, October 25th, 1870.

To *Charles Todd Gillmor*, Esquire,  
Clerk Legislative Assembly, *Toronto*.

Mr. *Anderson*, Member for the County of *Prince Edward*, having previously taken the oath and subscribed the roll, took his seat.

The following Bill was introduced, and read the first time :—

Bill (No. 1), intituled, “ An Act to provide for the Administration of Oaths of Office to persons appointed as Justices of the Peace.”—The Honourable Attorney-General *Macdonald*.

*Ordered*, That the Bill be read the second time, on Tuesday, the 20th day of December.

Mr. Speaker reported that, to prevent mistakes, he had obtained a copy of His Excellency's Speech, which he read.

On motion of the Honorable Attorney-General *Macdonald*, seconded by the Honorable Mr. *Carling*,

*Ordered*, That the Speech of His Excellency the Lieutenant-Governor to the House be taken into consideration To-morrow.

*Ordered*, That the Votes and Proceedings of this House be printed, having been first

perused by Mr. Speaker, and that he do appoint the printing thereof, and that no person but such as he shall appoint do presume to print the same.

*Resolved*, That Select Standing Committees of this House, for the present Session, be appointed for the following purposes :—1. On Privileges and Elections. 2. On Railways. 3. On Miscellaneous Private Bills. 4. On Standing Orders. 5. On Public Accounts. 6. On Printing—which said Committees shall severally be empowered to examine and inquire into all such matters and things as shall be referred to them by this House, and to report from time to time their observations and opinions thereon, with power to send for persons, papers and records.

*Resolved*, That if any thing shall come in question touching the return or election of any Member, he is to withdraw during the time the matter is in debate ; and all Members returned upon double returns are to withdraw until their returns are determined.

*Resolved*, That if it shall appear that any person has been elected or returned a Member of this House, or endeavoured so to be, by bribery, or any other corrupt practices, this House will proceed with the utmost severity against all such persons as shall have been wilfully concerned in such bribery, or other corrupt practices.

*Resolved*, That the offer of any money or other advantage, to any Member of this House, for the promoting of any matter whatsoever depending, or to be transacted in Parliament, is a high crime and misdemeanor, and tends to the subversion of the Constitution.

The House then adjourned at 3.50 P.M.

---

Thursday, 8th December, 1870.

On motion of Mr. *Scott (Ottawa)*, seconded by Mr. *Lyon*,

The Order of the Day having been read, for taking into consideration the Speech of His Excellency the Lieutenant-Governor,—

Mr. *Carnegie* moved, seconded by Mr. *Murray*, That an humble Address be presented to His Excellency the Lieutenant-Governor, to thank His Excellency for his gracious Speech at the opening of this Session ; and further to assure His Excellency, that it affords us great gratification to learn that His Excellency is happy again to meet us, and congratulate us upon the greatly increased prosperity of the Province.

2. That we are pleased to learn that since we last met, the Arbitrators appointed under the provisions of the British *North America* Act of 1867, “for the division and adjustment of the debts, credits, liabilities and assets of *Upper Canada* and *Lower Canada*,” have prosecuted with commendable assiduity their arduous labours, which were lately terminated by the publication of their award, a copy of which will be laid before us ; and that, without offering an opinion as to whether the judgment of the Arbitrators on the various points submitted to them realizes the general expectation of the people of this Province or not, His Excellency ventures, nevertheless, to express the great satisfaction which the result has afforded him, and which, apart from the fact of the award being final and conclusive, establishes for ever the share of the public debt which this Province was bound to assume, as also the proportion of the general assets intended to become exclusively our own property.

3. That it affords us pleasure to be reminded that His Excellency’s predecessor, at the opening of the first session of this Legislature, intimated that we began our labours with resources at our disposal large enough to justify the hope that they would prove adequate not only for the actual requirements of the Government, but also to satisfy the wants of this rapidly improving country, and are glad to recognize that the opinion then so confidently expressed, the experience of the past three years has established to have been well founded, as is to be strikingly evidenced, His Excellency points out, in the large surplus remaining unused in the Provincial Treasury, and that, too, after satisfying not only the ordinary outlays required for the public service and charities, but also providing for various public works of great utility, and the erection of public institutions which are productive of lasting benefit to suffering humanity and to the general interests of the Province at large.

4. That we will most carefully consider how best to apply this surplus, or, at all events, a considerable portion thereof, in developing the resources of the Province, by advancing the commercial and agricultural interests of the people, and will give our best consideration to any measure which, in furtherance of this view, may be submitted recommending a grant of money to stimulate the initiation of well considered and *bona fide* Railway undertakings, which are specially designed to penetrate the heart of our Free Grant Territory, and also to encourage similar enterprises pointing in the same direction, or to our Inland Lakes, and which, when completed, will secure to certain other sections of country, the luxury of speedy travel and the advantages of cheap transport, hitherto enjoyed only by those within reasonable distances of existing thoroughfares, to which the now unprovided localities have long contributed.

5. That we are rejoiced to learn that while perfecting our system of public instruction, so as to render Common School education accessible and free to every child in the land, and to provide more effectually for giving a higher English and commercial education in the Superior Schools, our attention will be invited to the expediency of making that education more practical, and directly instrumental in promoting the interests of agriculture and manufactures. That we agree with His Excellency that the life of our country’s wealth and progress depends upon its agriculture and manufactures, and the development of its mineral resources, and that our system of public instruction should provide a suitable preparation for agricultural, mechanical, manufacturing and mining pursuits, as is now enjoyed by those who make choice of the professions of law and medicine, and thus be promotive of the highest material, no less than of the intellectual and moral interests of the people.

6. That we are gratified to hear that statistics furnished by the Department of Immigration exhibit a gratifying proof of a considerable addition to our resident population during the present year over that of the previous season, and that from all quarters in which

the new-comers have taken up their abodes, His Excellency continues to receive assurances that they generally appreciate the happy change which they begin to realize in this the and of their adoption.

7. That we learn with satisfaction that the conjoint action of the *Dominion* and *Ontari*. Governments will again be energetically directed to give a further impetus to the scheme for promoting Immigration, which we are pleased to hear it is the anxious desire of both Governments to render perfect and effectual, so far as a liberal outlay of money and active agencies can accomplish the object.

8. That we will give our best consideration to the Bill which His Excellency informs us will be laid before us having for it object the substitution of a new mode of trying Controverted Elections.

9. That we will receive with pleasure the Report of a Survey which His Excellency recently caused to be made by competent persons of a portion of the large area north of Lake Superior, and lying between Lakes Neepigon and Nipissing, and we are glad to hear that His Excellency has reason to believe that in that hitherto unexplored territory will be found large tracts of land well fitted for agricultural purposes, interspersed with lakes abounding in fish, and with a climate similar to our own, well calculated to invite the emigrant to look for a happy home in that now apparently remote region.

10. That we will give our best attention to the financial accounts of the Province, with the Estimates for the coming year, which may be laid before us and His Excellency may rely on our readiness to grant the necessary supplies.

11. That we regret to learn that the sad condition of the Idiotic class of our people would seem to require our attention, with a view to provide for their better care; and we will not fail to give our most serious consideration to any measure which may be brought before us, calculated to ameliorate the condition of this unfortunate class.

12. That we are impressed with the necessity for His Excellency's recommendation that provision be made for the establishment of one or more Central Prisons, the importance of which His Excellency felt himself, on a former occasion, compelled to bring under our notice.

13. That we are pleased to perceive, with His Excellency, that the state of the Province is hopeful in the extreme, and gratefully recognise the fact that with a rapid advance in trade, agriculture and manufactures, more conspicuously displayed since the boon of local self-government has been freely conceded to us, and cherishing, as we do, our hearty preference for British institutions, affording an evidence of our desire to foster and maintain at all hazards our connection with the Mother Country, we have no cause to envy the condition of our neighbours. We join with His Excellency in the hope that this flattering prospect may not be marred by injurious dissensions among ourselves, and that Providence may guide our councils and give direction to our efforts in promoting the happiness and contentment of our people at large.

The Honourable Mr. *Cameron*, from the Select Committee, reported an Address, which was read, and is as follows :—

To His Excellency WILLIAM PEARCE HOWLAND, C.B., Lieutenant-Governor of the Province of Ontario.

May it please Your Excellency :

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, in Parliament assembled, humbly thank Your Excellency for your gracious Speech at the opening of this Session.

It affords us great gratification to learn that Your Excellency is happy again to meet us, and congratulate us upon the greatly increased prosperity of the Province.

We are pleased to learn that since we last met, the Arbitrators appointed under the provisions of the British *North America* Act of 1867, “ for the division and adjustment of the debts, credits, liabilities and assets of *Upper Canada* and *Lower Canada*,” have prosecuted with commendable assiduity their arduous labours which were lately terminated by the publication of their award, a copy of which will be laid before us ; and that, without offering an opinion as to whether the judgment of the Arbitrators on the various points submitted to them realizes the general expectation of the people of this Province or not, Your Excellency ventures, nevertheless, to express the great satisfaction which the result has afforded you, and which, apart from the fact of the award being final and conclusive, establishes for ever the share of the public debt which this Province was bound to assume, as also the proportion of the general assets intended to become exclusively our own property.

It affords us pleasure to be reminded that Your Excellency's predecessor at the opening of the first session of this Legislature, intimated that we began our labours with resources at our disposal large enough to justify the hope that they would prove adequate not only for the actual requirements of the Government, but also to satisfy the wants of this rapidly improving country, and are glad to recognize that the opinion then so confidently expressed, the experience of the past three years has established to have been well founded, as, is to be strikingly evidenced, Your Excellency points out, in the large surplus remaining unused in the Provincial Treasury, and that, too, after satisfying not only the ordinary outlays required for the public service and charities, but also providing for various public works of great utility, and the erection of public institutions which are

productive of lasting benefit to suffering humanity and to the general interests of the Province at large.

We will most carefully consider how best to apply this surplus, or, at all events, a considerable portion thereof, in developing the resources of the Province, by advancing the Commercial and Agricultural interests of the people, and will give our best consideration to any measure which, in furtherance of this view, may be submitted, recommending a grant of money to stimulate the initiation of well considered and *bona fide* Railway undertakings, which are specially designed to penetrate the heart of our Free Grant Territory, and also to encourage similar enterprises pointing in the same direction, or to our Inland Lakes, and which, when completed, will secure to certain other sections of country, the luxury of speedy travel and the advantages of cheap transport, hitherto enjoyed only by those within reasonable distances of existing thoroughfares, to which the now unprovided localities have long contributed.

We are rejoiced to learn that while perfecting our system of public instruction, so as to render Common School education accessible and free to every child in the land, and to provide more effectually for giving a higher English and commercial education in the Superior Schools, our attention will be invited to the expediency of making that education more practical, and directly instrumental in promoting the interests of agriculture and manufactures. We agree with Your Excellency that the life of our country's wealth and progress depends upon its agriculture and manufactures, and the development of its mineral resources, and that our system of public instruction should provide a suitable preparation for agricultural, mechanical, manufacturing and mining pursuits, as is now enjoyed by those who make choice of the professions of law and medicine, and thus be promotive of the highest material, no less than of the intellectual and moral interests of the people.

We are gratified to hear that statistics furnished by the Department of Immigration exhibit a gratifying proof of a considerable addition to our resident population during the present year over that of the previous season, and that from all quarters in which the new-comers have taken up their abodes, Your Excellency continues to receive assurances that they generally appreciate the happy change which they begin to realise in this the land of their adoption.

We learn with satisfaction that the conjoint action of the *Dominion* and *Ontario* Governments will again be energetically directed to give a further impetus to the scheme for promoting Immigration, which we are pleased to hear it is the anxious desire of both Governments to render perfect and effectual, so far as a liberal outlay of money and active agencies can accomplish the object.

We will give our best consideration to the Bill which Your Excellency informs us will be laid before us having for its object the substitution of a new mode of trying Controverted Elections.

We will receive with pleasure the Report of a Survey which Your Excellency recently caused to be made, by competent persons, of a portion of the large area north of Lake *Superior*, and lying between Lakes *Neepigon* and *Nipissing*, and we are glad to hear that Your Excellency has reason to believe that in that hitherto unexplored territory will be found large tracts of land well fitted for agricultural purposes, interspersed with lakes abounding in fish, and with a climate similar to our own, well calculated to invite the emigrant to look for a happy home in that now apparently remote region.

We will give our best attention to the financial accounts of the Province, with the Estimates for the coming year, which may be laid before us, and Your Excellency may rely on our readiness to grant the necessary supplies.

We regret to learn that the sad condition of the Idiotic class of our people would seem to require our attention, with a view to provide for their better care; and we will not fail to give our most serious consideration to any measure which may be brought before us, calculated to ameliorate the condition of this unfortunate class.

We are impressed with the necessity for Your Excellency's recommendation that provision be made for the establishment of one or more Central Prisons, the importance of which Your Excellency felt yourself, on a former occasion, compelled to bring under our notice.

We are pleased to perceive, with Your Excellency, that the state of the Province is hopeful in the extreme, and gratefully recognise the fact that with a rapid advance in trade, agriculture, and manufactures, more conspicuously displayed since the boon of local self-government has been freely conceded to us, and cherishing, as we do, our hearty preference for British institutions, affording an evidence of our desire to foster and maintain at all hazards our connection with the Mother Country, we have no cause to envy the condition of our neighbours. We join with Your Excellency in the hope that this flattering prospect may not be marred by injurious dissensions among ourselves, and that Providence may guide our councils and give direction to our efforts in promoting the happiness and contentment of our people at large.

The Address, having been read the second time, was agreed to.

*Ordered*, That the Address be engrossed, and presented to His Excellency by such Members of the House as are of the Executive Council.

previously to 1st July, 1867, where it shall appear that such lands have been sold at prices beyond their fair value, and that such prices remain unpaid. Also, to make such abatement of the arrears of interest upon the unpaid instalments of the purchase money of any Crown, or Clergy Lands sold prior to the said date as may appear equitable and just. And also, by Order in Council, to confer such authority upon the Commissioner of Crown Lands.

Mr. Scott (*Ottawa*), from the Committee of Supply, reported the following Resolution:—

*Resolved*, That a sum not exceeding two hundred and fifty-seven thousand nine hundred and twenty-two dollars and thirty-three cents (\$257,922.33), be granted to Her Majesty to defray the expenses of the Civil Government, and for other purposes, (as mentioned in the Statement accompanying the Message of His Excellency the Lieutenant-Governor to this House, and annexed hereto), from the 31st day of December, 1870, to the passing of the Appropriation Act for the year 1871, and not exceeding the last day of February, 1871. The Lieutenant-Governor transmits to the Legislative Assembly the reply of the Secretary of State for the Colonies to an Address to Her Majesty the Queen, adopted at the last Session of the Provincial Legislature, and having reference to the financial relations established by the British *North America* Act, between *Canada* and its several Provinces, which reply has been communicated to the Lieutenant-Governor by despatch from the Secretary of State for the Provinces, also transmitted herewith.

GOVERNMENT HOUSE,

No. 1144.

OTTAWA, 13th January, 1871.

SIR,—Adverting to my letter of the 10th January, 1870, I have the honour to enclose herewith, for the information of the Legislative Assembly of the Province of *Ontario*, a copy of a Despatch from the Right Honourable the Secretary of State for the Colonies, in reply to their Address to the Queen transmitted with your Despatch of the 28th December, 1869.

A copy of the Despatch of the Colonial Secretary was laid before the House of Commons on the 11th March last, as appears from the Sessional Papers of the last Session,

but I regret to say that it was not, until to-day, communicated to this Department for transmission to the Government of *Ontario*.

I have the honour to be,

Sir,

Your most obedt. servt.,

EARL GRANVILLE TO SIR J. YOUNG.

*Canada*, No. 46.

DOWNING STREET, February 19th, 1870.

SIR,—I have the honour to acknowledge the receipt of your Despatch, No. 6, of the 11th of January, forwarding an Address to the Queen, from the Legislative Assembly of the Province of *Ontario*, praying that Her Majesty would be graciously pleased to cause a measure to be submitted to the Imperial Parliament; for the purpose of removing all colour for the assumption, by the Parliament of *Canada*, of the power to disturb the financial relations established by the British *North America Act* (1867), as between *Canada* and the several Provinces.

You will be so good as to inform the Assembly that their Address has been laid before Her Majesty, who has been pleased to receive the same very graciously.

The British *North America Act* (1867), embodied the terms of Confederation agreed upon, through their representatives, by the different Provinces in the Union, and Her Majesty's Government would not feel justified in proposing to the Imperial Parliament to deprive the Parliament of *Canada* of any power which that Act has assigned to them.

I have been advised by the law officers of the Crown, that under that Statute, the Canadian Parliament had authority to pass the Act respecting *Nova Scotia*, which was referred to during the debate in the Legislative Assembly of *Ontario*.

Under these circumstances, you will inform the Assembly that I have been unable to advise Her Majesty to accede to the prayer of their Address.

I have, &c.,

(Signed) GRANVILLE.

Governor-General

The Right Honourable Sir JOHN YOUNG, Bart., G.C.B., G.C.M.G.

The Honourable Mr. *Cameron* laid before the House, by command of His Excellency the Lieutenant-Governor :—

Annual Report of the Commissioner of Agriculture and Public Works for the Province of *Ontario*, on Immigration, for the year 1870. (*Sessional Papers*, No. 23.)

Mr. *Craig* (*Glengarry*), moved, seconded by Mr. *Currie*,

That this House will, on Monday next, resolve itself into a Committee to consider the following Resolution :—

That in the opinion of this House, the time has arrived when the claims of the older Counties of this Province who have borrowed and expended large sums of money in gravel roads and improvements, and also of those Counties who have not borrowed, but have not roads, should be considered by the Government in expending their surplus funds, and an arrangement arrived at by which those Municipalities now in debt should be relieved of their burdens, and those who have not borrowed get assistance towards opening up and improving their roads,

And a Debate having arisen, the Motion was, with the leave of the House, withdrawn.

Mr. Currie moved, seconded by Mr. McColl (*Elgin*),

That this House will, on Monday next, resolve itself into a Committee to consider the following Resolutions :—

1. That it is expedient to amend the Municipal Law, so that each Township may be divided into four wards, and the electors of each ward shall elect one councillor.

2. That the electors of the whole Township shall elect one Reeve, and the Township Council of any Township having the names of over five hundred electors on the last revised Assessment Roll shall elect one Deputy Reeve,

And a Debate having arisen, the Motion was, with the leave of the House, withdrawn.

The Order of the Day having been read, for resuming the Debate of Thursday last, on the proposed Address relative to the Municipal Loan Fund,

The Debate was resumed, and it was

*Resolved*, That an humble Address be presented to His Excellency the Lieutenant-Governor, representing that during the last Session of this House, an Address was voted to His Excellency, praying for certain information touching the Municipal Loan Fund, including a statement of the principal and interest paid by each Municipality; and further representing that during this Session a Return was made to the said Address, which is incomplete, inasmuch as it does not contain any statement of the amount of interest paid by such Municipalities as have no sums to the credit of the sinking fund; and praying that His Excellency will be pleased to cause to be laid before this House, with all convenient speed, a further statement in reply to the said Address.

The House resolved itself into a Committee to consider Bill (No. 18), To enable the Municipalities along the line of the Grand Junction Railway Company to grant aid thereto, and to legalize certain by-laws granting aid to the said Company; and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Coyne reported the Bill, without amendment.

*Ordered*, That the Report be received To-morrow.

The House resolved itself into a Committee to consider Bill (No. 13), To incorporate the *North Grey* Railway Company; and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Gow reported the Bill, with an amendment.

*Ordered*, That the Report be received To-morrow.

The following Bill was read the second time :—

Bill (No. 27), To amend 31 *Vic.*, chapter 12, for the better protection of Game in *Ontario*.

Referred to a Select Committee, composed as follows :—The Honourable Messrs. Cameron and Wood; Messrs. Scott (*Ottawa*), Williams (*Durham*), Beatty, Lauder, Monteith, Barber, Scott (*Grey*), Trow and Oliver.

Mr. Speaker called on Mr. Lyon to take the Chair during his absence; and, after some time, Mr. Speaker resumed the Chair.

The Order of the Day for the second reading of Bill (No. 41), To abolish Imprisonment for Debt, having been read.

That the Bill be now read the second time.

Mr. McCall moved in amendment, seconded by Mr. Currie,

That all the words after "That" be omitted, and the following words substituted therefor: "the Bill be not now read the second time, but that it be read the second time this day three months."

And the Amendment, having been put, was carried on the following division :

*Mr. Blake* moved, seconded by *Mr. Pardee*,

That this House will, To-morrow, resolve itself into a Committee to consider the following Resolutions :—

1. That, according to the present plan of dispensing justice in civil cases, there are two different and inconsistent systems of law, one of which is framed chiefly to soften the rigour and supply the defects of the other.

2. That these two systems are administered by different Courts, with different modes of procedure, neither Court being competent to do full justice or administer the whole law of the land in each case before it.

3. That this plan is anomalous in theory, and in practice involves great and needless expense to suitors, causes confusion, embarrassment and uncertainty in the law, and retards its amendment.

4. That, under any well-regulated plan, there should be but one system of law under which each party to a suit should be able to enforce in that suit against the opposite party his full rights.

5. That, in the opinion of this House, steps should be taken to obviate the defects indicated, and accomplish the result aimed at in the preceding Resolutions.

And a Debate having arisen, the Motion was, with the leave of the House, withdrawn.

On motion of *Mr. Lount*, seconded by *Mr. Lyon*,

*Resolved*, That an humble Address be presented to His Excellency the Lieutenant-Governor, praying His Excellency to cause to be laid before this House a return of the fees and emoluments received by the County Attorneys of this Province for and during the year 1870.

*Resolved*, That an humble Address be presented to His Excellency the Lieutenant-Governor, praying His Excellency to cause to be laid before this House copies of all communications between the Judges of the Court of Chancery and the Government touching the proposed measure in respect of the Court of Chancery.

On motion of the Honourable Attorney-General *Macdonald*, seconded by the Honourable Mr. *Carling*,

On motion of the Honourable Attorney-General *Macdonald*, seconded by the Honourable Mr. *Carling*,

*Resolved*, That this House will, on Tuesday next, resolve itself into a Committee to consider the following Resolutions:—

1. That the aid granted in the past by the late Province of *Canada* to Railroad enterprises, connecting with each of the great centres of population and trade, has been largely instrumental in increasing the development of the wealth and resources of this Province.

2. That, looking to the beneficial results growing out of that policy, the necessity becomes apparent of no longer denying or delaying the like assistance to similar well considered and *bona fide* enterprises that may be undertaken through sections of the country more remote from existing thoroughfares, passing through thinly settled tracks, and leading to our Free Grant Territory, or to our Inland waters, thus creating feeders to our main system of railroads, largely contributing to a more extended settlement of our domain by a hardy and industrious population, and greatly facilitating the transport of the products of our agriculture, and of our mines and forests, to markets eagerly seeking the same.

3. That, towards securing these desirable objects, it is expedient that the sum of dollars be set apart from and out of the Consolidated Fund of this Province, and be designated the "Railway Fund."

4. That no Railway Company shall be entitled to such aid, until they shall furnish proof to the satisfaction of the Lieutenant-Governor in Council:—

1st. That their Railway Charter authorizes the construction of a road, in the direction of our Free Grant Territory, or pointing to our inland waters.

2nd. That the *bona fide* subscribed capital, together with any bonuses or loans by Municipal Corporations, and the proceeds of bonds to be issued or authorized by such charter, leave no reasonable doubt that such road shall be commenced and completed, including sidings and station houses, at least so as to be ready for the rolling stock, within the period mentioned in such charter; provided that no Railway Company shall be held to be entitled to such aid for any portion of their road, for the construction of which a contract has been entered into prior to the day of 1870.

5. That the sum to be granted to any Railway Company, coming under any of the classes hereinbefore mentioned and authorized by Order of the Lieutenant-Governor in Council, to be entitled to receive the same, shall not be less than dollars or more dollars per mile.

6. That, before any part of the said Railway Fund shall be paid to any Company, the Commissioner shall report, for the information of His Excellency in Council, that such Company have completed their road, in accordance with the conditions and requirements contained in the 4th preceding resolution.

On motion of the Honourable Attorney-General *Macdonald*, seconded by the Honourable Mr. *Carling*,

*Resolved*, That when this House adjourns To-day, it do stand adjourned till eleven o'clock To-morrow, Saturday; and that the Sitting of this House on Saturday shall not continue later than three o'clock P.M.

The House, according to Order, resolved itself into a Committee to consider certain proposed Resolutions relative to the Asylum at *Rockwood*.

(In the Committee.)

*Resolved*, That the occupation of the *Rockwood* Asylum, for the use of an average number of three hundred of the insane of this Province, permitted by the Dominion Government, renders it expedient that the control of that Institution should, if on no other than economical and administrative reasons, be vested in the Provincial Government.

2. That, with that view, it is expedient that authority be granted to the Commissioner of Public Works to negotiate for the purchase or the leasing of the said institution, and the land pertaining thereto, upon such terms as may be agreed upon.

3. That any agreement for the purchase or lease thereof, shall be subject to the ratification of the Legislative Assembly.

The original Motion, having been then again put, was carried.

The House accordingly resolved itself into the Committee.

(In the Committee.)

*Resolved,* That the aid granted in the past by the late Province of *Canada* to railroad enterprises, connecting with each of the great centres of population and trade, has been largely instrumental in increasing the development of the wealth and resources of this Province.

2. That, looking to the beneficial results growing out of that policy, the necessity becomes apparent of no longer denying or delaying the like assistance to similar well considered and *bona fide* enterprises that may be undertaken through sections of the country more remote from existing thoroughfares, passing through thinly settled tracks, and leading to our Free Grant Territory, or to our inland waters, thus creating feeders to our main system of railroads, largely contributing to a more extended settlement of our domain by a hardy and industrious population, and greatly facilitating the transport of the products of our agriculture, and of our mines and forests, to markets eagerly seeking the same.

3. That, towards securing these desirable objects, it is expedient that the sum of one million five hundred thousand dollars be set apart from and out of the Consolidated Fund of this Province, and be designated the "Railway Fund."

4. That no Railway Company shall be entitled to such aid, until they shall furnish proof to the satisfaction of the Lieutenant-Governor in Council:—

1st. That their Railway Charter authorizes the construction of a road, in the direction of our Free Grant Territory, or pointing to our inland waters.

2nd. That the *bona fide* subscribed capital, together with any bonuses or loans by Municipal Corporations, and the proceeds of bonds to be issued or authorized by such charter, leave no reasonable doubt that such road shall be commenced and completed, including sidings and station houses, at least so as to be ready for the rolling stock, within the period mentioned in such charter; provided that no Railway Company shall be held to be entitled to such aid for any portion of their road, for the construction of which a contract has been entered into prior to the seventh day of December, 1870.

5. That the sum to be granted to any Railway Company, coming under any of the classes hereinbefore mentioned and authorized by Order of the Lieutenant-Governor in Council, to be entitled to receive the same, shall not be less than two thousand dollars, or more than four thousand dollars per mile.

6. That, before any part of the said Railway Fund shall be paid to any Company, the Commissioner shall report, for the information of His Excellency in Council, that

such Company have completed their road, in accordance with the conditions and requirements contained in the fourth preceding Resolution.

Mr. Speaker resumed the Chair; and Mr. *Lyon* reported the Resolutions.  
*Ordered*, That the Report be received To-morrow.

Your Committee have examined Bill (No. 8), To amend the Act passed in the thirty-second year of the reign of Her Majesty, chaptered 6, and to alter the times for Auditing County Accounts by the Board of Audit, and have prepared certain amendments thereto.

Mr. Speaker, with reference to the objection raised yesterday to the reception of a motion relative to Bill (No. 51), To amend the Assessment Act of *Ontario*, announced his decision, as follows:—

"The question, whether the fact of a Committee having risen without reporting forbids a motion to replace the measure on the Order Book to be entertained, does not appear to

have been tested in *Canada*, and there is not any Rule of this House specially applicable to the case. But No. 102 of the Rules of this House provides that in all unprovided cases the rules, usages, and forms of the House of Commons of *Great Britain and Ireland*, shall be followed, and I find that the House of Commons does not admit that the fact of a Committee having risen without reporting is sufficient to take the Bill out of the control of the House.

I therefore decide, that the Motion of the Member for *South Perth* is in order, and that it is competent for this House to order that the Bill be replaced on the Order Book, in its proper place."

*Resolved*, That this House will, at its next Sitting To-day, again resolve itself into a Committee to consider Bill (No. 51), To amend the Assessment Act of *Ontario*.

The original Motion, having been then again put, was carried, and Mr. *Lyon*, from the Committee to whom were referred the said proposed Resolutions respecting the Railway Fund, then reported the following Resolutions:—

*Resolved*, That the aid granted in the past by the late Province of *Canada* to railroad enterprises, connecting with each of the great centres of population and trade, has been largely instrumental in increasing the development of the wealth and resources of this Province.

That, looking to the beneficial results growing out of that policy, the necessity becomes apparent of no longer denying or delaying the like assistance to similar well considered and *bona fide* enterprises that may be undertaken through sections of the country more remote from existing thoroughfares, passing through thinly settled tracts, and leading to our Free Grant Territory, or to our inland waters, thus creating feeders to our main system of Railroads, largely contributing to a more extended settlement of our domain by a hardy and industrious population, and greatly facilitating the transport of the products of our agriculture, and of our mines and forests, to markets eagerly seeking the same.

That, towards securing these desirable objects, it is expedient that the sum of one million five hundred thousand dollars be set apart from and out of the Consolidated Fund of this Province, and be designated the "Railway Fund."

That no Railway Company shall be entitled to such aid, until they shall furnish proof to the satisfaction of the Lieutenant-Governor in Council:—

1st. That their Railway Charter authorizes the construction of a road, in the direction of our Free Grant Territory, or pointing to our inland waters.

2nd. That the *bona fide* subscribed capital, together with any bonuses or loans by Municipal Corporations, and the proceeds of bonds to be issued or authorized by such charter, leave no reasonable doubt that such road shall be commenced and completed, including sidings and station houses, at least so as to be ready for the rolling stock, within the period mentioned in such charter; provided that no Railway Company shall be held to be entitled to such aid for any portion of their road, for the construction of which a contract has been entered into prior to the seventh day of December, 1870.

That the sum to be granted to any Railway Company, coming under any of the classes hereinbefore mentioned and authorized by Order of the Lieutenant-Governor in

Council, to be entitled to receive the same, shall not be less than two thousand dollars, or more than four thousand dollars per mile.

That, before any part of the said Railway Fund shall be paid to any Company, the Commissioner shall report, for the information of His Excellency in Council, that such Company have completed their road, in accordance with the conditions and requirements contained in the fourth preceding Resolution.

That the Clerk of the Court of Queen's Bench is in receipt of a yearly salary of \$1,840, that his duties as clerk of contested elections are trifling, and would be highly paid by a fee of \$25, in respect of each case; that there has been but one contested election in the first Legislative Assembly and, assuming the same result in the future, the payment to the said Clerk for each case would be \$4,000 over and above his present salary; that this House cannot sanction any such payment, but that the sum payable to the said Clerk for 1871 be reduced from \$1,000 to an amount not exceeding \$50 a year.

MAY IT PLEASE YOUR EXCELLENCY :—

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of *Ontario*, in Session assembled, approach Your Excellency at the close of our labours with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present, for Your Excellency's acceptance, a Bill intituled "An Act for Granting to Her Majesty certain sums of money required for defraying the expenses of Civil Government for the year 1871, for making good certain sums expended for the Public Service in 1869 and 1870, and for other purposes;" thus placing at the disposal of the Crown the means by which the Government may be made efficient for the service and welfare of the Province.

To this Bill, the Clerk of the House, by His Excellency's command, did say :—

"His Excellency the Lieutenant-Governor doth thank Her Majesty's dutiful and loyal subjects, accept their benevolence, and assent to this Bill, in Her Majesty's name."

The LIEUTENANT-GOVERNOR was then pleased to deliver the following Speech :—

*Gentlemen of the Legislative Assembly :*

I thank you for the diligence which has marked the performance of your arduous la-

---

hours during the session, the result of which, flowing from the many important measures which you have passed, cannot fail to confer lasting benefits on the Province.

I have cheerfully assented to the various grants which the satisfactory condition of our finances has enabled you to make for the erection of important public institutions, so much required for the purposes and objects for which you design them.

The appropriation made by you in aid of railway enterprises will, I feel confident, greatly conduce to the material progress and advancement of the Province in attracting trade thereto, enhancing the value of property, and in the extension of the settlement of the country.

At the close of the last session of the term for which you were elected, I cannot help congratulating you on the wisdom and prudence which have guided your deliberations during your several assembled sittings. Such evidences of the advantages of self-government, directed by a single chamber, may well be regarded as auguring general confidence in the future beneficial working of our constitution. In its support, I feel I can best discharge the responsibility cast on me by continuing to administer the Government in conformity with the well-understood wishes of the people.

In parting with you, I trust that the good sense of your constituents will induce them to continue at all times to eschew violent and extreme measures, to observe respect for law and order, and to cultivate towards each other feelings of kindness and mutual good will.

The Honourable Mr. CAMERON then said :—

*Mr. Speaker, and Gentlemen of the Legislative Assembly :*

It is His Excellency the Lieutenant-Governor's will and pleasure, that this Legislative Assembly be prorogued until Tuesday, the twenty-eighth day of March next, to be then here holden ; And this Provincial Legislative Assembly is accordingly prorogued until Tuesday, the twenty-eighth day of March next.

REPORT  
OF THE  
SELECT COMMITTEE  
ON  
PUBLIC ACCOUNTS.

---

*To the Honourable the Legislative Assembly of Ontario.*

The Select Standing Committee on Public Accounts have the honour to Report:—

1. Your Committee have engaged in a detailed and exhaustive examination of the Public Accounts ranging over the whole period from the 1st January, 1869, to 31st December, 1870.

2. Throughout the course of their investigations your Committee have received full access to all records and vouchers involved in their inquiries, and have also received ready assistance and explanation from the respective Departments of the Government.

3. Your Committee have had under consideration the system of accounting and audit in the Treasurer's Department, and they are of opinion that it is effective and reliable,—

1. In securing due responsible executive authority for all expenditures.

2. In affording exact and complete record of all financial transactions, and ready access to all details and vouchers, relating to the respective items of expenditure and payment.

3. In providing an efficient and complete audit, which having continuous and concurrent effect with the operations of the Department of the Treasury affords a reliable check upon all expenditures under parliamentary grants, upon the accuracy of the accounting, and of financial statement.

4. Your Committee are nevertheless of opinion that, in the future preparation of the Public Accounts for submission to the Legislature, such a system of classification should be adopted in regard to items of "Contingencies," as would secure a more complete understanding of the cost of the respective services under that heading, and a better comparison of the aggregate expenditures thereon as in relation to those of previous years. (See Appendix A.)

5. Your Committee submit herewith so much of the evidence taken as is explanatory of the system of accounting and audit established in the Treasury Department. (See Appendix B & C.)

6. Your Committee recognize as satisfactory proof of the efficiency of that Department the fact of the Public Accounts for the first ten months of the year, viz., from 1st January to 31st October, 1870, having been presented to the House at the opening of the Session, and immediately after the adoption of the Address in reply to the speech from the

Throne ; and that the statements for the whole year, (viz., to 31st December 1870) were submitted to your Committee on the 19th January, thus enabling your Committee, which has held 23 meetings, to engage in a deliberate criticism of their contents.

7. Your Committee have made special enquiry into the circumstances connected with the retirement (in August 1869) of the late Mr. Ebbs, an officer in the Treasury Department, and find that the irregularities in the performance of his duties were due to mental disturbance ultimately resulting in death, that a speedy corrective was applied by the Government, and that no loss ensued to the Province.

8. Your Committee have also investigated in detail certain alleged irregularities in the conduct of the duties of the Department of the Queen's Printer ; and find that they arose from the negligence and incapacity of the officer in charge, whose services were dispensed with ; that the remedial measures adopted by the Government have been sufficient to ensure an efficient service in the future ; and that although some accounts are yet in dispute and uncollected, there is no reason to believe that any loss will accrue to the Province. It is satisfactory to know that the publication of the Official *Gazette* results in a profit to the Government over and above the total cost of its issue inclusive of Executive announcements, Proclamations, &c. (See Appendix D.)

9. Your Committee have given their especial attention to the expenditure connected with public works, and they find that the estimates for the works authorized and provided for by votes of the Legislature have been, with slight exception, sufficient to cover the expenses ; and they record their opinion that, in works of the extent and variety of those undertaken, subject as they are to local circumstances and the fluctuations of prices, so satisfactory an adherence to the limitations of the estimates is without precedent, and is highly creditable to the officers of the Department. Your Committee submit herewith a return of the Government works embraced in the Public Accounts, shewing in each case the amount of the original estimates and appropriation, and the actual expenditure in completion. (See Appendix E.)

10. The chief item of over expenditure has been in connection with the Lieutenant Governor's residence, where the outlay has been \$5337.77 in excess of the Parliamentary grant. The residence itself was originally estimated to cost \$60,000, and it has been completed for \$61,928.24, or an excess of about 3½ per cent. The furnishing and fitting of the house has been provided within the estimates. The stabling and coachhouse originally estimated at \$4500, have been finished for \$4467.76. The extra outlay has arisen chiefly in connection with the improvement of the grounds, the construction of carriage roads, and in necessary and additional provisions not originally contemplated, as gate lodge, greenhouse, gardener's house, &c. The total extra outlay has nevertheless, been limited to a trifle over five per cent. upon the original estimates, that is to say : the total Parliamentary grant was \$100,000, whilst the total expenditure has amounted to \$105,337.77. Your Committee are of opinion that the work has been well and economically done, and that it bears very favourable comparison with the best private works of its class in the Province. (See Appendix F.)

11. Your Committee have closely investigated those items in Departmental "Contingences" connected with advertising, and they find that a considerable outlay has occurred in obedience to an order of your honourable House relating to the publication of notices as to Private Bills. Your Committee have examined the Clerk of the House upon this subject, and are of opinion that although the notices thus ordered were at first desirable and necessary, they may hereafter be beneficially restricted to the Official *Gazette* ; and they recommend that the standing order of the House be amended accordingly.

12. Adverting to the supply of goods by the Depository of the Education Office to the Normal and Model Schools, your Committee are of opinion that in future they should be charged to those institutions at the cost price, and not at a reduced rate.

13. Your Committee are of opinion that, in order to secure a more efficient control over the expenditure of moneys through the Education Office, that Office should be made directly responsible to some member of the Government.

14. Your Committee cannot close their labours without bearing general testimony to

order, efficiency and executive supervision which has been disclosed by their critical investigations into the services and details embraced in the statements of Public Accounts ; nor can they refrain from adverting with satisfaction to the result exhibited in an actual cash surplus, invested and uninvested, at the credit of the Government, amounting on the 31st December 1870 to the sum of \$3,294,652.32.

15. Your Committee submit (See Appendix G.) minutes of their final meeting, embodying the resolutions moved, and the divisions taken thereat.

All respectfully submitted.

FRED. CUMBERLAND,  
*Chairman.*

*Committee Room, House of Assembly,  
Toronto 14th February, 1871.*

## APPENDIX B.

### MINUTES OF EVIDENCE RELATING TO THE SYSTEM OF ACCOUNTING AND AUDIT.

*The Honourable Wm. Cayley, Examined:—*

I keep supervision over expenditure of Public Moneys ; this is done by keeping an "Appropriation Book," in which every application for money is recorded. The book is headed by the Parliamentary Votes for the respective services. When an application is sent up from the Treasury Department below, reference is made to the "Appropriation Book" to see that there is an appropriation for that service, and to see whether such appropriation has, or has not, been exhausted. The application is then endorsed by me, "*Funds for the Service,*" or otherwise, as the case may be. The application, so endorsed, is then forwarded by the Department below to the Executive Council. The Council, at its discretion, either issues a warrant or not. If the warrant be sanctioned it is made out in the office of the Clerk of the Executive Council and returned, with the application, to the Treasury. A cheque is then made out by the Accountant (Mr. Harris) in conformity with the warrant. The cheque and warrant are then sent up to me. I compare them to see that they agree ; if so, I countersign the cheque, and initial the warrant. Both are then entered in books kept in my Department, and they are then returned by me to the Accountant below. The cheque is then handed to the party in whose favour it has been drawn ; and the warrant is discharged and fylde away.

To carry out this service the books kept in my Department are,—"*The Appropriation Book,*" "*Record of Cheques,*" "*Record of Warrants,*" "*Journal,*" and "*Ledger.*"

My next duty in this service is to go to the Accountant's books at the close of each month, to see that all the transactions entered therein are correctly recorded. The books kept by the Accountant (Mr. Harris) are a "Deposit Book," being a record of Bank deposit slips, a "Cash Book," "Journal," "Ledger," and "Bank Pass Book."

I go to Mr. Harris' Department accompanied by my clerk, and we go over the cash book, calling out each item; I then take the Bank Pass Book, and we call over the entries there, thus verifying the entries in the Cash Book with the Bank Pass Book and the deposit slips. I add up the Cash Book, and, if correct, I initial it. The Bank Pass Book is also added up and, if correct, my work is done.

### APPENDIX C.

#### MINUTES OF EVIDENCE RELATING TO THE "LAW STAMP DEPARTMENT."

*The Honourable Wm. Cayley, Examined:—*

I have, jointly with Mr. Mathews, the Chief Clerk, to take charge of the "Law Stamp Bank," or safe. We have each a key, both being requisite for opening the safe. We issue from time to time from the bank the quantity of law stamps which the Law Stamp Issuer, (Mr. Ross) calls for by requisition. I then, from time to time, compare the issues made by Mr. Ross with the balance of stamps in his hands. This stock is, by instruction of the Treasurer, to be taken weekly with Mr. Ross. All moneys payable for the issue of stamps are to be transmitted by cheque or certificate of deposit, enclosed to Mr. Ross, and payable only to the order of the Treasurer of the Province. The Stamp Bank is debited with all the stamps received from the printer, and credited with all issues made to Mr. Ross, and the regulation is to take the stock in the bank every month.

### APPENDIX D.

#### MINUTES OF EVIDENCE RELATING TO THE DEPARTMENT OF THE QUEEN'S PRINTER, AND TO THE PUBLICATION OF THE OFFICIAL GAZETTE.

*The Honourable Wm. Cayley, Examined:—*

I have from time to time to look over the work of Mr. Notman, the Queen's Printer, and see that the arrangements made with Hunter, Rose & Co., for printing the *Official Gazette* are properly carried out, and the amounts collected by them on commission are duly accounted for into the Treasury. Hunter, Rose & Co. receive all the moneys for advertisements, and make the payments into the Treasury, deducting their commission. The present system is as follows: I may premise that the system was changed in consequence of the arrears into which the former Queen's Printer had fallen. Having been called upon by the Government to look into his accounts I found that he was getting more and more into arrear, and I suggested to the Government that arrangements should be made with Hunter, Rose & Co. for the collection of the amounts payable for advertisements in the *Gazette* on commission. This was approved of, and the commission fixed at four per cent. on the collections made and paid in. They have hitherto only declared a deficiency of a sum under \$30, which they have as yet been unable to collect. The insertions are from one to six, according to the order, and it is expected that all parties advertising shall pay their accounts on seeing the advertisements in the *Gazette*, that is to say, immediately after the first insertion, with the exception of Sheriffs and County Treasurers, who advertise sales, and they are not expected to pay in anticipation of those sales, and a credit of three months is therefore allowed to them.

The Government account with Hunter, Rose and Co., is kept separate. The Government pays them for all costs involved in the publication of the *Gazette* by Schedule of charges, and admeasurement of printing, and for paper and mailing; that is to say, the total cost of an issue is charged at contract rates to the Government, and the Government is credited with all receipts from the public upon the rates charged for the publication of advertisements. This results in a profit to the Government over and above the actual cost of printing its own announcements, proclamations, &c.

"That this Committee having had under its consideration the unsatisfactory result

"of the Queen's Printership during the term of that office by Mr. H. J. Hartney, is compelled, from the evidence given by the Auditor, to report :—

"First.—That an insufficient set of books was used from the commencement.

"Second.—That the distribution of the stationery and statutes, and the keeping of accounts connected with the *Gazette* were conducted in the most careless manner.

"Third.—That the amount outstanding for the *Gazette* increased daily, there being in arrear over sixteen hundred dollars. These results could neither have taken place, nor have continued, but for want of supervision on the part of the Government."
