And after some time the House resumed.

His Honour Sir William Mortimer Clark, Knight, &c., &c., &c., Lieutenant-Governor of the Province, then entered the House, and being seated in the Chair on the Throne, was pleased to open the Session by the following gracious Speech to the House :—

Mr. Speaker, and Gentlemen of the Legislative Assembly:

It affords me satisfaction to once more meet you as the representatives of the people in Parliament assembled.

Our thanks are due to Almighty God that while in some sections of the Province the harvest was not as abundant as in the previous year, yet the general interest and activity of our people, displayed during the past year with reference to business and commercial undertakings, indicate continued prosperity. It is also a matter of satisfaction that our Province has suffered comparatively little from the financial stringency which has been very marked in other countries during the past few months.

It will afford you gratification to know that the first payment of the additional subsidy from the Dominion, arranged for at the late Inter-provincial Conference and payable under the Act passed at the last Session of the Imperial Parliament, has been received.

No disposition has yet been made by the Dominion Government of the territory extending Northward to Hudson Bay and forming the hinterland of Ontario, but a decision is expected soon.

The work of the revision of the Statutes has made such progress that several of the important Acts will be laid before you for your approval.

The construction of the Temiskaming and Northern Ontario Railway has been nearly completed, the rails having been laid as far as a point two hundred and eight miles beyond North Bay, and about forty miles south of the probable junction with the Grand Trunk Pacific Railway; while the earnings have continued to be satisfactory, and largely in excess of the outlay incurred in operating the road.

Very fair progress has been made in the development of the mining industry at Cobalt and vicinity; and the investigation and working of the Gillies limit have been very satisfactory.

The Minister of Agriculture paid a visit to Great Britain during the past summer for the purpose of investigating the conditions surrounding the emigration problem. While there, he was able to take steps for the careful supervision of intending immigrants to Ontario. By agreement the distribution of immigrants has been taken over by the Dominion Government, thus making it possible for the Provincial Government to devote more attention to the careful selection of desirable settlers.

A Demonstration Farm has been established at Driftwood River, north of the height of land, in a good agricultural country. By experiments in crop-raising conducted there, much practical information will be gained for the use of intending settlers.

Important documents and reports relating to the distribution of Electric Power under the Statute will be laid before you.

At the request of my Ministers, the Honourable Mr. Willoughby, Dr. Clarke, Superintendent of the Asylum for the Insane, Toronto, and Dr. Ryan, Superintendent of the Asylum for the Insane at Kingston, proceeded during the recess to Great Britain and the Continent in order to investigate modern methods of caring for and treating the insane. Their very interesting report will be laid before you.

In accordance with my reference to the subject last year, my Ministers have considered the question of Prison Labour, with a view to preventing competition with Free Labour, and the Provincial Secretary and other gentlemen proceeded to several of the prisons in the United States, in order to observe the systems in operation there. The result of their visit will be laid before you, together with interesting and valuable information obtained by them.

My Ministers will propose for your consideration, a scheme of Law Reform, with a view to decreasing appeals, expediting trials and lessening the cost of litigation.

A Bill to rearrange the Constituencies of the Province, in order, as far as possible, to equalize representation, will be laid before you.

The large increases in the appropriations, for the teachers' salaries, additional Normal Schools, and various other educational purposes, have received the commendation of the public, and you will be asked now to consider increased appropriations for urban schools. The policy of throwing open the publication of text books to public competition has led to considerable reductions in the prices of school reading books, and it is confidently hoped that reductions in the prices of other books will result from an extension of this policy.

Bills will be laid before you in amendment of various enactments of a public nature, now on the Statute Book, including the Mining Laws, the Liquor License Act, the Act creating the Railway and Municipal Board, the Public Lands Act, the Free Grants Act, the Supplementary Revenue Act and the Ontario Shops Regulation Act.

Owing to the steady increase of settlement, it has been found necessary to create the new judicial district of Rainy River.

A conference has been held with the Dominion Government with a view to adjusting the differences which have arisen relating to the respective jurisdictions of the Dominion and the Province on the subject of Railway and other Companies, and it is to be hoped that a satisfactory solution will be found.

You will be glad to learn that the Revenues of the Province are largely in excess of the estimates and more than sufficient to meet the public expenditure during the year.

The Public Accounts will be laid before you for your consideration, at the earliest moment, and the Estimates for the coming year will also be submitted for your approval at an early day.

His Honour the Lieutenant-Governor was then pleased to retire.

Mr. Speaker then reported, That to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

On motion of Mr. Whitney, seconded by Mr. Foy, a Bill was introduced intituled "An Act respecting the Administration of Oaths of Office to persons appointed as Justices of the Peace," and the same was read the first time.

On motion of Mr. Whitney, seconded by Mr. Foy,

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Fourth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of the Western Central Railway Company, praying that an Act may pass to extend the time for the commencement and completion of the railway; to guarantee the securities of any railway or other company authorized to carry on business incidental to the working of a railway, and for other purposes.

Your Committee have had filed before them a declaration shewing that instructions were given to the publishers of one newspaper published in each of the Counties through which the said railway, as chartered, is intended to be built, to insert for a period of six weeks a notice in the words following:—
“Application will be made by the Western Central Railway Company, at the next Session of the Legislature of Ontario, for an Act extending the time for the construction of its authorized railway and branches and for other purposes,” and your Committee is credibly informed that such notice has appeared in each of the said newspapers and is now complete in all except “The Georgetown Herald,” in which the full period, as required by the Rules of Your Honourable House, will have elapsed on the 26th instant. The said notice has also appeared for six weeks in “The Ontario Gazette.”

Your Committee are of the opinion that the notice should have set out distinctly the legislation sought, and would therefore recommend that when the Bill relating to the Western Central Railway Company comes before the Railway Committee, the powers granted be limited to the extensions of time for the commencement and completion of the railway, of which due notice has been given.

The following Bills were severally introduced and read the first time:—

3 O'clock P.M.

Mr. Speaker informed the House:—

That the Clerk had received from the Judges appointed to enquire into and report on Estate Bills, their Report in the following case:—

Bill (No. 19), An Act to vest certain lands in the Trustees of the Penetanguishene Methodist Church and to enable them to sell the same.

The Report was then read by the Clerk at the Table as follows:—

OSGOODE HALL.

To the Honourable the Legislative Assembly of the Province of Ontario.

The undersigned, two of the Commissioners of Estate Bills, have had under consideration Bill (No. 19), "An Act to vest certain lands in the Trustees of the Penetanguishene Methodist Church and to enable them to sell the same" and the Petition therefor, and have the honour to report as follows:

The undersigned are of opinion, that presuming the allegations contained in the Preamble to be proved to the satisfaction of your Honourable House, it is not reasonable that such Bill do pass into law to the extent and in manner and form proposed thereby.

The undersigned beg to point out that it is proposed to deprive the Crown of the rights and powers reserved to it by the Letters Patent recited in the Preamble in the event of default of all or any of the conditions, provisoes, limitations and restrictions contained in the Letters Patent, and the undersigned are of opinion that the prior assent of the Crown should be signified before such provisions pass into law.

The undersigned are further of opinion, that in the event of the assent of the Crown being so signified, the objects of the Petitioners would be sufficiently attained by provisions bringing the lands in question within the operation of the "Methodist Church Act, 1884," under which the lands may be sold with the consent of the Annual Conference as provided by clause 16 of Schedule "A" to the said Act.

If the Bill should become law, the undersigned are of opinion that instead of the enacting Sections proposed by such Bill, there should be substituted the provisions which the undersigned have drafted and submit herewith.

The undersigned beg further to point out that there is no Schedule "B" to the "Methodist Church Act, 1884" and to suggest that in the event of the Bill passing into law the Preamble should be amended accordingly, and also, that some other modifications of the recitals in the Preamble should be made by the omission of the parts referring to the conferring upon the Trustees of special powers of sale.

Assuming the Bill to pass into law under the conditions mentioned, the provisions of the Bill, as amended, seem to be proper for carrying its purposes into effect.

Dated at Toronto this twenty-fourth day of February, 1908.

CHARLES MOSS, C.J.O.
J. T. GARROW, J.A.

Your Committee have carefully examined the Petition of the City Council of London, praying that an Act may pass to ratify and confirm certain local improvement By-laws; to authorize the Corporation to extend the sewage system and permit the proceeds of the sale of certain debentures to be used for such extensions, and also to close a portion of Waterloo Street in the said City, and find that the various matters alluded to in the said Petition have been advertised at different times in the "*Ontario Gazette*" and in a newspaper published in the said City of London, as follows:—That portion relating to the confirmation of certain local improvement and other By-laws has been published in the said papers for a period of six weeks as required by the Rules of Your Honourable House; that portion relating to the extension of the sewage system has been published in the said papers for a period of five weeks; that portion relating to the closing of a portion of Waterloo Street in the said City has been published for a period of four weeks, and a Declaration fyled before your Committee states that instructions have been given to continue the insertion of the said notices in these two last named matters for the full period of six weeks.

As the Petition did not contain a statement of the amount of the Debenture indebtedness of the City, a Declaration has been fyled before your Committee, showing that the assessment of the said City, according to the last revised Assessment Roll, is the sum of \$24,088,183.

The amount of the Debentures to be issued under the Act now sought for is said to be less than \$450,000.

Of the City Council of Toronto, praying that an Act may pass permitting the Corporation to appoint a Commission of five members to manage the Parks of the City, and for other purposes.

Of the City Council of Ottawa, praying that an Act may pass to ratify debentures issued in 1906; By-law amending By-law Number 2234; authorizing the Corporation to raise money for construction of relief sewer; to acquire certain toll roads, and for other purposes.

Of the Town Council of Kenora and the Maple Leaf Flour Mills Company, Limited, praying that an Act may pass to confirm By-law providing for the borrowing by the Corporation of \$75,000 for completion of water works development, and to ratify and confirm a certain agreement between the Corporation and the Company, and for other purposes.

Of the Village Council of Beamsville, praying that an Act may pass to amend and make more definite the By-law granting to William Gibson the right to lay a tram track through the Village, and to ratify and confirm the amended By-law.

Your Committee recommend that Rule No. 51 of Your Honourable House be further suspended in this, that the time for presenting Petitions for Private

Bills be further extended until and inclusive of Friday, the twenty-seventh day of March instant, and that the time for introducing Private Bills be further extended until and inclusive of Friday, the third day of April next.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Thirteenth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of Charles Walter Chadwick, and others, of Kenora, praying that an Act may pass amending the Act incorporating the Lac Seul, Rat Portage and Keewatin Railway Company, and find that notice of the intended application to this Legislature was published in the "*Ontario Gazette*" for a period of five weeks, commencing on the 22nd day of February last, and is still current. Your Committee have had a Declaration filed before them shewing that an amended notice was also published in the said "*Ontario Gazette*" commencing on the 14th day of March instant, and will be continued for a period of six weeks.

The Declaration also shews that the said first mentioned notice appeared in the Keewatin newspaper, commencing on the 23rd day of February last, and will be continued until the full period of six weeks shall have elapsed, and that the said notice also appeared in the "*Kenora Miner and News*" on the 22nd, 26th and 29th days of February last past and on the 4th, 7th, 11th and 14th days of March instant, and will be continued twice during the current week; an amended notice also appeared in the "*Kenora Miner and News*" on the 7th, 11th and 14th days of March instant, and will be continued twice a week during the current week and next week.

Your Committee find that the wording of the notice, with regard to the extensions proposed, does not agree with that of the Petition, and would therefore recommend that the attention of the Railway Committee be directed to this, so that any extensions authorized by the Bill may not exceed those of which notice is given.

Your Committee also find that among other powers sought by the Petition is the power to carry on "all classes of business which can be made to serve directly or indirectly the purposes of the railway." They are of the opinion that these words are not sufficiently definite, and would therefore recommend that the attention of the Railway Committee be also directed to this so that any powers granted by the Bill be confined to those, of which explicit notice has been given.

Ordered, That the time for presenting Petitions for Private Bills be further extended until and inclusive of Friday, the twenty-seventh day of March instant, and that the time for introducing Private Bills be further extended until and inclusive of Friday, the third day of April next.

PRAYERS.

3 O'clock, P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Commissioners of Estate Bills their Report in the following case:—

Bill (No. 71), Respecting certain lands belonging to the Bank of Hamilton.

The Report was then read by the Clerk at the Table, as follows:—

The undersigned, two of the Commissioners of Estate Bills, have the honour to report:

That they have perused Bill (No. 71), intituled "An Act respecting certain lands belonging to the Bank of Hamilton," and are of opinion, that presuming the allegations contained in the Preamble to be proved to the satisfaction of of Your Honourable House, it is not reasonable that the Bill do pass into law.

It is proposed by the Bill to vest in fee simple in the Bank of Hamilton and the Toronto, Hamilton and Buffalo Railway Company respectively, the lands mentioned in the Bill.

The interest of Henry Charles Aitken in the lands is not vested in the Bank of Hamilton, unless the fact be that he died without issue.

If he died without issue, the conveyance from William James Aitken would have the effect of vesting his interest in the Bank and the proposed legislation is unnecessary.

If Henry Charles Aitken left issue, his interest in the three acre parcel passed to his issue and they became entitled, as tenants in fee tail, to the six acre parcel.

In that event the conveyance from William James Aitken did not pass the interest of Henry Charles Aitken, and the Bank of Hamilton is, at the highest, only an execution creditor and entitled to sell his interest in the three acre parcel, but has no right to sell the six acre parcel which passed to his heirs in fee tail.

The Legislature is asked by the Petition, without proof of the facts necessary to enable it to do so, to determine the rights of the parties and to declare that the Petitioners are entitled to the lands, and if it happens that Henry Charles Aitken left heirs, in effect to take from them their interest in the lands.

Such legislation, in the opinion of the undersigned, ought not to be enacted.

It is also, in the opinion of the undersigned, inexpedient that Your Honourable House should be called upon to determine the questions raised by the Petitioners, who should, in the opinion of the undersigned, be left to assert their rights and to obtain any relief, or remedy, to which they may be entitled, in the Courts.

All of which is respectfully submitted.

OSGOODE HALL, 24th March, 1908.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Fifteenth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of the Township Council of Stamford, praying that an Act may pass to authorize the Corporation, by a three-fourths vote of the Council, to pass By-laws for the granting of aid by way of bonus for the promotion of manufactures within its limits in the matter of light, water, electric power and exemption from taxation, and for other purposes, and find that notice of the proposed application to this Legislature has been published in the "*Ontario Gazette*" for a period of four weeks, and that a similar notice has also appeared in the "*Daily Record*" a newspaper published in the City of Niagara Falls, for a period of four weeks.

Your Committee find that the notice does not contain any reference to that portion of the Petition which prays that the Council of the Township should be empowered "by a three-fourths vote of the members thereof, and with the approval of the majority of the duly qualified voters actually voting thereon, to pass By-laws to secure, from time to time, lands for the purpose of granting aid as aforesaid, and also to provide the means necessary to procure such lands as may be required, from time to time, for such purposes, by borrowing money by the issue of debentures on the credit of the Township at large, to an amount not exceeding \$20,000."

Your Committee have had a certificate, signed by the Township Solicitor, filed before them, signifying that it is not the intention of the Council of the Township to seek legislation in this direction.

Your Committee would therefore recommend that the attention of the Private Bills Committee be directed to this matter, so that, when the Bill respecting the Township of Stamford comes before that Committee for consideration, the portion thereof relating to this matter be eliminated therefrom.

That it is proposed by the Bill to incorporate two persons, who are described as residents of the United States of America, and Herman Finger of Port Arthur, and A. W. Fraser and Thomas A. Burges of Ottawa, under the name of "The Ontario and Michigan Power Company," and to confer on the Company the following powers:—

"For the purposes of obtaining, developing, improving or generating water-power, using water-power by any means of application, converting water-power into electricity, heat, light or any other form of energy, storing water-power, gas, compressed air, electricity, heat, light or any other form of energy, and of transmitting and supplying the same by any means for use in any manner at any place in Canada, or in Isle Royale, or in any place in the United States of America, the Company may (a) acquire lands, easements, privileges, water and water-rights at any one place on each of the following rivers, namely, the Pigeon River, in the Province of Ontario and the State of Michigan, the Nepigon River and the Sturgeon River, both in the district of Thunder Bay, in the said province; (b) acquire such lands, easements, privileges, water and water-rights as are necessary for establishing, maintaining and operating systems for the storage, control and regulation of the water in any lake whose waters flow into any of the said rivers, and in any streams or water-courses conveying such discharge, and in each of the said rivers between the points of confluence of such streams or watercourses therewith and the place selected under paragraph (a) of this section; (c) at any place in the District of Thunder Bay, Isle Royale, or the State of Michigan, bore for natural gas, manufacture gas, and collect and store natural and manufactured gas, and transmit to and use the same at any place in Canada or the United States, for any of the purposes aforesaid; (d) acquire all necessary lands, easements, privileges and other rights, and acquire, construct, erect, maintain, use, operate and manage all necessary works, structures, buildings, machinery, plant, appliances, instruments and devices, erect poles, sink wells, and lay pipes, cables, wires and other conductors, and do all other things necessary for, or incidental to, the purposes and objects aforesaid."

That it is also proposed by the Bill to confer upon the Company power to take, compulsorily, any privilege or easement which is required for the purposes of its undertaking, and to that end to give to it the compulsory powers possessed by Railway Companies under the Railway Act, and to declare the works of the Company to be works for the general advantage of Canada.

That the effect of the proposed legislation will be to enable the Company, without the consent of the Province, to possess itself of valuable water privileges and powers owned by the Province and to export from Ontario the power generated by means of them.

That the proposed legislation will have the effect of preventing the Province from utilizing in accordance with its declared policy, the valuable water privileges and powers of the Pigeon, Nepigon and Sturgeon Rivers for the benefit of the public and will enable the proposed Company to exploit them for private gain.

That this House views with alarm the repeated encroachment of the Parliament of Canada on the rights of the Province and its efforts to withdraw from Provincial jurisdiction and control works of a purely Provincial character, and earnestly protests against such action, which this House believes to be contrary, if not to the letter, to the spirit of the British North America Act and to the intention of its framers.

That in the opinion of this House, the proposed legislation would be an unwarranted and illegal interference with the territorial sovereignty of the Province and with its exclusive legislative authority under the British North America Act, and this House earnestly and firmly protests against the proposed Bill being given the form of law.

And this House hereby declares its readiness and determination to support, with all the means, constitutional and material, which it can command, the Government of Ontario in taking such measures and proceedings as may be deemed requisite to assert, maintain and defend the legislative and territorial sovereignty of the Province against all aggression and encroachment by the Federal Government and Parliament, and if necessary in appealing to the Imperial Parliament for such amendments to the British North America Act as will safeguard the sovereignty of the Province therefrom.

Mr. MacKay moved in Amendment, seconded by Mr. Harcourt,

That all the words in the Resolution after the words "generated by means of them," in the forty-fifth line of the Motion, be struck out and the following substituted therefor:—

"That this House, while not unmindful that the said Bill is only a Private Bill and not a Public Act, to which the Government of Canada is committed, deems it advisable and timely to emphatically and unanimously express its disapproval of the said Bill in some of its parts, and to assert and declare the rights of this Province in the premises.

And this House, while not claiming the right or power to deal with international matters, firmly asserts its territorial sovereignty over lands, rivers, streams, water powers and water privileges within the confines of the Province; as also jurisdiction with reference to international rivers and water powers or water privileges thereon and to the land thereunder lying, to the thread or middle of the river.

And this House expresses its opinion that it is the duty of this Government upon all such occasions, without specific directions or instructions from this House, to use and adopt all reasonable means and measures to safeguard in any and all respects the rights of the Province of Ontario.

And this House hereby declares its approval of the actions of the past Governments of this Province in defending and maintaining the rights of the Province, and hereby declares its readiness and determination to support all lawful means requisite to assert, maintain and defend the legislative and territorial sovereignty of the Province against encroachment from any and every quarter.

And this House recommends that a conference between the Government of Canada and the Governments of the several Provinces be held with a view of arriving at a reasonable solution or settlement of all matters in doubt as to the respective jurisdictions of the Government of Canada and that of the various Provinces; and that if necessary, Imperial legislation be obtained to confirm said settlement."

Mr. Foy moved, seconded by Mr. Matheson,

That in the opinion of this House, with a view to the more prompt and satisfactory Administration of Justice in Civil Matters and the assessing of the cost thereof, it is expedient: 1. That there should be but one Appellate Court for the Province. 2. That all the Judges of the Supreme Court of Judicature for Ontario should constitute the Appellate Court. 3. That the Appellate Court should sit in Divisions, the members of which should be permanently assigned to them, or chosen from time to time by the Judges from among themselves. 4. That the Divisions should consist of five members, four of whom should be a quorum, except in election cases, and cases in which constitutional questions arise, for which five members should sit, and except in appeals from inferior courts, for the hearing of which three judges should form a quorum. 5. That the decision of the Court of Appeal should be final in all cases except where (a) Constitutional questions arise, or (b) questions in which the construction or application of a statute of Canada are involved, or (c) the action is between a resident of Ontario and a person residing out of the Province. 6. That the appeal of Right to the Judicial Committee of the Imperial Privy Council should be abolished, and the prerogative right of granting leave to appeal to that tribunal, if retained, should be limited to cases in which large amounts are involved, or important questions of general interest arise. 7. That in matters of mere practice the

decision of a Judge of the Supreme Court, whether on appeal or a Judge of first instance should be final. 8. That provision be made to regulate examinations for discovery to prevent the excessive costs that are often incident to such examinations, and the undue prolongation of such examinations. 9. That the County and District Courts shall have jurisdiction in all actions whatever may be their nature or the amount involved if both parties consent. 10. That the ordinary jurisdiction of the County and District Courts should be increased. 11. That communications should be had with the Imperial and Dominion Governments with the view to legislation by the Imperial and Canadian Parliaments as to such of the foregoing matters as are not within the legislative authority of the Province.

Mr. MacKay moved in Amendment, seconded by Mr. McDougal,

That all the words in the Resolution after the first word "That" be struck out and the following inserted in lieu thereof, "This House regrets that the Government has not prepared and submitted for its consideration, a substantial measure of Law Reform, having for its object the expediting and lessening the cost of the Administration of Justice in Civil Matters by

- (1) Curtailing the number of Appeals.
- (2) Increasing the Jurisdiction of the County and District Courts.
- (3) By paying all Court Officers, so far as is practicable and reasonable, salaries instead of fees.
- (4) Rendering it legal and optional for both client and solicitor to make a definite bargain, binding both, whereby a Solicitor should be paid a definite and fixed sum for the conduct of litigation, instead of the present uncertain, indefinite and unsatisfactory method which tends to greatly increase the cost of litigation.
- (5) Abolishing the fees of Local Masters and assigning to County and District Judges the work heretofore assigned to the Local Masters and by simplifying the procedure in every way reasonable and practicable, so that all matters of litigation may be more quickly and at less cost, disposed of by the Courts."

And the Amendment, having been put, was lost on a Division, and it was

Resolved, That in the opinion of this House, with a view to the more prompt and satisfactory Administration of Justice in Civil Matters and the assessing of the cost thereof, it is expedient: 1. That there should be but one Appellate Court for the Province. 2. That all the Judges of the Supreme Court of Judicature for Ontario should constitute the Appellate Court. 3. That the Appellate Court should sit in Divisions, the members of which should be permanently assigned to them, or chosen from time to time by the Judges from among themselves. 4. That the Divisions should consist of five

members, four of whom should be a quorum, except in election cases, and cases in which constitutional questions arise, for which five members should sit, and except in appeals from inferior courts, for the hearing of which three Judges should form a quorum. 5. That the decision of the Court of Appeal should be final in all cases except where (a) Constitutional questions arise, or (b) questions in which the construction or application of a statute of Canada are involved, or (c) the action is between a resident of Ontario and a person residing out of the Province. 6. That the appeal of Right to the Judicial Committee of the Imperial Privy Council should be abolished, and the prerogative right of granting leave to appeal to that tribunal, if retained, should be limited to cases in which large amounts are involved, or important questions of general interest arise. 7. That in matters of mere practice the decision of a Judge of the Supreme Court, whether on appeal or a Judge of first instance should be final. 8. That provision be made to regulate examinations for discovery to prevent the excessive costs that are often incident to such examinations, and the undue prolongation of such examinations. 9. That the County and District Courts shall have jurisdiction in all actions whatever may be their nature or the amount involved if both parties consent. 10. That the ordinary jurisdiction of the County and District Courts should be increased. 11. That communications should be had with the Imperial and Dominion Governments with the view to legislation by the Imperial and Canadian Parliaments as to such of the foregoing matters as are not within the legislative authority of the Province.

And it being One of the Clock, Mr. Speaker left the Chair to resume the same at Three P.M.

143. An Act respecting the division of the Surplus Income of the Rectory of St. James, Toronto.

144. An Act respecting the Railroad and City Young Men's Christian Association of St. Thomas, Ontario.

146. An Act respecting the Young Women's Christian Association of St. Thomas.

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"In His Majesty's name, His Honor the Lieutenant-Governor doth assent to these Acts."

The Title of the following Act was then read by the Clerk Assistant:—

An Act to amend the Ontario Railway and Municipal Board Act.

To this Act the Clerk of the Legislative Assembly did say: —

His Honour the Lieutenant-Governor doth withhold His Majesty's Assent to this Act, the purpose thereof having been fully provided for in another Act bearing the same Title, to which His Honour has already assented in His Majesty's name.

Mr. Speaker then said:—

May it please Your Honour:

We, His Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to His Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled "An Act for granting to His Majesty certain sums of money to defray the expenses of Civil Government for the year 1908, and for other purposes therein mentioned."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words:—

"His Honour the Lieutenant-Governor doth thank His Majesty's dutiful and loyal subjects, accept their benevolence and assent to this Act in His Majesty's name."

His Honour was then pleased to deliver the following Speech:—

Mr. Speaker, and Gentlemen of The Legislative Assembly:—

In bringing to a conclusion, this, the Fourth Session of the Eleventh Parliament of Ontario, I desire to convey to you my appreciation of the earnestness and thoroughness with which you have applied yourselves to your public duties. During the short time that has elapsed since this Parliament was chosen—a little over three years—the number of the legislative enactments placed upon the Statute book has been so many, and their character so important, as to constitute a distinct era in the Parliamentary history of this Province. I have therefore to thank you for this large amount of beneficial legislation, as well as to express the hope that it will enure to the moral, the educational, and the material advancement of the people in every walk of life.

It is reassuring to observe already the signs of the revival of agricultural and industrial activity throughout the Province, after a period which, owing to the financial stringency elsewhere, has been specially trying alike to labour and capital.

Again it has been made clear that constant watchfulness is necessary to check all attempts to evade the jurisdiction of this and other Provinces through the medium of Federal legislation. It is to be hoped that a permanent understanding will yet be reached whereby this menace may be removed.

I have observed with satisfaction that a substantial portion of the increasing revenues of this Province has been set aside to assist education in the urban schools. Following as it does the liberal provision recently made for rural schools and for higher education, there is reason to believe that we are in the midst of an educational revival which will be far-reaching in its beneficial results.

I am glad to notice that the enquiry into the question of prison labour has resulted in the adoption of a plan for utilizing the labour of criminals in such a way as to ensure that it will no longer enter into competition with free labour. It is also believed, and it is certainly to be hoped, that the measures here indicated will make for the moral and physical regeneration of this unfortunate class.

A carefully prepared basis for a scheme of Law Reform, with a view to decreasing appeals, expediting trials, and lessening the cost of litigation has been adopted by you. In order that this reform may have full consideration, it has been thought desirable that a year shall elapse before these changes shall be crystallized into an Act of the Legislature.

Several of the measures enacted during the present Session have been the result of the Revision and Consolidation of the Statutes, now approaching completion, and which will be found to be unusually thorough in its nature.

I observe, with satisfaction, the Bill which you have passed respecting the Representation of the People in the Legislative Assembly. The rapid increase in the population of the districts of New Ontario called for increased representation in the Legislative Assembly, of that important part of the Province, while the partial redistribution of seats in the older sections has removed some of the anomalies and injustices which resulted from previous redistributions. A more complete redistribution of the Constituencies, with a view to equalizing the representation in accordance with the population should take place after the next decennial census. I am confident that the Measure will commend itself to the people of the Province as fair and just and free from political partizanship.

Among the Public Measures to which it is my privilege to give assent are Bills respecting local Telephone Systems; to provide for the auditing of the Public Accounts of the Province; to consolidate and amend the Mines Act; to supplement the Revenues of the Crown; to amend the Liquor Law; to amend and consolidate the law respecting Controverted Elections of Members of the Legislative Assembly; respecting the registration of Births, Deaths and Marriages; and to create the Provisional Judicial District of Fort Frances.

An important step has been taken by the legislation providing that hereafter the timber and minerals not already disposed of on lands acquired by actual settlers shall be the property of the settlers.

Certain amendments have been made to various Acts affecting Agriculture, which are calculated to make them more efficient and workable, and generally to improve the administration of that important Department. The public will appreciate the fact that the provisions of the law relating to the supplying of pure milk have been extended to cities and towns.

Provision has been made for commencing the work of reforestation in various parts of the older settled portions of the Province, by means of Government and Municipal reserves, on what is now considered waste land.

Further legislation has been adopted to facilitate the work of the Hydro-Electric Commission, and enable the Government, while observing its obligations to investors, to supply electrical energy, through the Commission, at a minimum price to the public.

With pleasure I have learned that during the present year, His Royal Highness the Prince of Wales, will visit the City of Quebec. While we regret that the arrangement may not permit His Royal Highness to come to this Province, we all rejoice in welcoming him to Canada, especially because he comes to take part in the celebration of the three hundredth birthday of Canada, by the nationalization of the Battlefields of Quebec—a purpose which commands the enthusiastic support of all patriotic Canadians.

I am glad to be able to again congratulate the Province on the satisfactory state of the public finances, which continue to show a substantial excess of revenue over expenditure.

I have to thank you for the liberal appropriation you have made for the public service, which will be expended with a proper regard to economy and efficiency.

In dismissing you from your duties, I desire again to thank you for the great public service you have rendered, and join with you in expressing the hope that the blessing of Almighty God will rest upon our country and our people.

The Provincial Secretary then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is His Honour's will and pleasure that this Legislative Assembly be prorogued, and this Legislative Assembly is accordingly prorogued.

EVIDENCE.

24th March, 1908.

Mr. J. H. CARNEGIE, M.P.P., in the chair.

HENRY DREANY, called, sworn and examined.

By Mr. SMITH (Sault).

Q.—Is your name Henry Dreany? A.—Yes, sir.

Q.—What is your occupation, Mr. Dreany? A.—Mining.

Q.—Do you know Mr. G. T. Smith of Haileybury? A.—I do.

Q.—What does he do? A.—He is the Mining Recorder.

Q.—Have you had any transactions with him in connection with his office? A.—Yes.

Q.—When did you first have any transactions with him?

Hon. A. J. MATHESON: Is this examination in connection with Mr. Smith's salary?

Mr. SMITH (Sault): I think so. What we want to show is the manner in which Mr. Smith conducted his office.

Hon. A. J. MATHESON: That is a matter for discussion in Committee of Supply. This vote is given to Mr. Smith by the Legislature. You can examine here as to whether Mr. Smith has performed his duties, as to whether his office was open, his office hours, and if he is entitled to the payment of his salary.

Mr. SMITH, (Sault): It is proper to examine as to that here?

Hon. A. J. MATHESON: As to whether he attended to his duties at the proper hours.

By Mr. SMITH (Sault): Q.—Did you have any business relations with Mr. Smith, the Recorder at Haileybury, in the month of July, 1905? A.—Both in the month of June and July.

Q.—In the whole month of July did you record a claim at the office of Mr. Smith, at Haileybury? A.—Yes.

Hon. A. J. MATHESON: Excuse me again, is this matter which is being asked about a matter in litigation?

WITNESS: Well, I don't know. It is in one way, and it is not in another. I brought the case into litigation.

Mr. SMITH (Sault): It is not a case to which the Government is a party.

Hon. A. J. MATHESON: It does not matter whether the Government—

Mr. SMITH (Sault): Q.—What was the date in July when you recorded this claim? A.—The date in July was the 17th.

Q.—Who was with you? A.—Mr. Bessey.

Q.—What was the name of that claim? A.—It was known as the Cobalt Lake.

Q.—Where did you meet Mr. Smith and intimate to him that you were going to record a claim? A.—I met him in the afternoon and in the evening both.

Q.—What was said in the afternoon? A.—He said that he could not record it as instructions had arrived from Toronto not to record any claim.

Q.—Yes, and what did he say later? A.—I met him in the evening.

Mr. J. H. FERGUSON, M.P.P. (Grenville): Don't you think Mr. Smith ought to be here if the witness is to give evidence of a conversation?

The CHAIRMAN: I think the evidence being given is scarcely in connection—

Mr. SMITH (Sault): I understood Mr. Smith was in the city.

Hon. A. J. MATHESON: There is a telegram from him.

Mr. SMITH (Sault): He was here and went back again.

Hon. W. J. HANNA: He was here last Thursday, the day the Public Account Committee sat, on other business, and of course went back last week.

The CHAIRMAN: Here is the telegram from Mr. Smith on the train saying it is six hours late, and he will be in at two o'clock.

Mr. SMITH (Sault): It is for the Committee to say if the examination is to go on.

The CHAIRMAN: I may say I feel that perhaps the investigation into such a matter is irrelevant to the work of the Committee, but before I make any ruling, I desire to look up the precedents in the matter. I think the whole question had better stand over until Mr. Smith arrives, and I have had time to consider the matter.

Hon. A. J. MATHESON: No doubt it is an improper thing to use this Committee to assist litigation, but in any case, if the examination proceeds, it cannot proceed in Mr. Smith's absence. I think it would be better to adjourn this examination until the next meeting of this Committee. We can meet to-morrow.

The CHAIRMAN: I shall be prepared to make a distinct ruling on the question when the Committee assembles again.

The examination was adjourned until Thursday, March 26th, at 10.30 a.m.

PUBLIC ACCOUNTS COMMITTEE, 26th March, 1908.

J. H. CARNEGIE, M.P.P., in the Chair.

The Chairman delivered his ruling with regard to the questions addressed to the witness, Henry Dreany, at the previous meeting of the Committee.

Hon. A. J. MATHESON: I desire to make a statement.

The International Horse Show held at Olympia, London, was the first international and greatest show ever held in the world. The horsemen at the Breeders' Banquet held at the King Edward Hotel a year ago were the first to talk of Provincial aid for a Canadian exhibit. The Hon. Geo. P. Graham, then leader of the Opposition, suggested in the House that a grant be made. The Hon. N. Monteith, Minister of Agriculture, replied that the matter was under consideration and \$2,000 was placed in the Estimates to defray the expenses of Canadian Exhibitors. The exhibitors promised large entries. The giving of assistance by the Province was largely commented upon by the press in Canada, the United States and England. Nine horses were sent, five of which were the personal property of Mrs. Beck, and it was in connection with these alone that any money was paid. The other four horses were the property of Mr. Beck, and he paid all expenses on his own account. The reason the other exhibitors decided not to go was the great expense and risk in sending show horses to England and return. The amount paid by the Province was five-ninths of the total cost of transportation of the nine horse, five of which were Mrs. Beck's personal property. The expense connected with Mrs. Beck's horse exhibit was \$1,000 more at least than the amount paid by the Province.

Gentlemen, on Tuesday last I said that I would look up the authorities before ruling on the point raised by the Honourable the Provincial Treasurer, whether questions could be asked regarding the matter which was admitted by the witness, (Mr. Dreany) to be *sub judice*.

I find on consulting:

AUTHORITIES.

Matters Sub judice.

Todd, Vol. 1, p. 573.—It is highly irregular to bring into discussion any matters whether they relate to civil or criminal cases which are undergoing judicial investigation or are about to be submitted to the courts of law: as it leads to the imputation of a desire to interfere with the course of Justice—If, upon grounds of public policy it should be expedient to institute a debate on a question of this kind the House should nevertheless refrain from asking what papers to be laid before them in any case that is waiting for trial or undergoing judicial investigation—

May, p. 278.—A matter whilst under adjudication by a court of law should not be brought before the House or otherwise.

3. Han. v. 164:566.—In Committee of Supply a question was asked as to a certain Mr. Turnbull who had been dismissed from the service and for whom a vote of £1,500 was asked. Lord Palmerston replied that a trial connected with the case was going on and therefore he would not discuss it. Vote agreed to.

Other authorities are:

3 Han. v. 208:433.—3 Han. v. 213:850.—3 Han. v. 170:709.—3 Han. v. 165:135.—3 Han. v. 166:108.—3 Han. v. 335:1,254.

I, therefore, rule the question of the Honourable Member for Sault Ste. Marie out of order and must ask the members of the Committee to refrain from asking any question that refers in any way to what is known as the Cobalt Lake Claim.

HENRY DREANY, recalled:

By Mr. SMITH (Sault): Q.—Mr. Dreany, when you were here the other day, I questioned you as to the 17th July, 1905. Do you recollect that date? A.—I do, yes.

Q.—Did you see Mr. Smith, the Mining Recorder on that day? A.—I did, in the afternoon and evening both.

Q.—What was the character of that interview? A.—At the interview in the afternoon I spoke to him about the recording of a claim.

Mr. FERGUSON (Grenville): Q.—Is that claim in litigation now? A.—Well, I am trying to get it in litigation.

Mr. Ferguson objected to the questions as being contrary to the ruling of the Chair. After some discussion the Chairman stated the Committee had the right to appeal against his ruling, first to the Committee and then to the House.

WITNESS: I have come here as a witness. I am not represented by an attorney, and I appeal to the Chair for protection. I have been trying to get an action for two and a half years against the Government, and I have been refused a fiat.

By Mr. SMITH (Sault): Q.—I will ask Mr. Dreany, then, if he was in the office of the Mining Recorder on the 17th July, 1905. A.—I was.

Q.—What time would it be? A.—Some time in the afternoon.

Q.—You went to record a claim? A.—I went to ask that a claim should be recorded. Cobalt Lake.

Mr. FERGUSON objected, and witness was discharged.

GEORGE THEW SMITH, called, sworn and examined.

By Mr. SMITH (Sault): Q.—Do you remember the 17th July, 1905? A.—In a general way.

Q.—Did you record a claim?

Mr. FERGUSON (Grenville): I object. You are one of the defendants in this action?

WITNESS: Yes.

Mr. MCDUGAL (Ottawa): (Objected). Mr. Smith has the right to ask the general question.

By Mr. SMITH (Sault): Did you record it? A.—No.

Q.—Was an application made for a claim at your office? A.—Yes, perhaps twelve or twenty.

Mr. SMITH (Sault): It is impossible not to mention Cobalt Lake.

The CHAIRMAN: I have ruled any question regarding Cobalt Lake is out of order.

By Mr. SMITH (Sault): Did you record a claim that day after office hours? A.—No.

Q.—What are your office hours? A.—At that time my office hours were six in the morning till ten at night. At the present time, 9 a.m. to 5 p.m. Those were not regular hours, but I kept open to accommodate the public.

Q.—What were the regular hours? A.—9 a.m. to 5 p.m., but I slept in my office.

Q.—You have the date fixed in your mind? A.—Not definitely.

Q.—You received some instructions touching this claim? A.—Not on that day.

Mr. FERGUSON objected, and after some discussion witness said: I would like to make a statement.

HON. A. J. MATHESON: Mr. Smith, just answer the questions.

WITNESS: My character has been attacked.

HON. A. J. MATHESON: Your character is all right.

Mr. SMITH (Sault): That will do.

The Committee adjourned until Tuesday, March 31st, at 10.30 a.m.

PUBLIC ACCOUNTS COMMITTEE, April 3rd, 1908.

Mr. SMYTH in the Chair.

HENRY DREANY, called, sworn and examined.

By Mr. SMITH (Sault).

Q.—I was just telling the Committee that the litigation which was pending when you were here a week ago had come to an end, and the Chairman was asking if that was the case? A.—Yes. The case has been dismissed in the Court.

HON. A. J. MATHESON: Q.—Is there any appeal, Mr. Dreany? A.—No appeal.

By Mr. SMITH (Sault): Q.—You know Mr. Smith, the Mining Recorder at Haileybury? A.—I do.

Q.—You have had business to do with him? A.—Yes, off and on, ever since he went up there.

Q.—You know the Cobalt Lake claim, and its position? A.—Yes.

Q.—Did you or anybody on your behalf ever apply for it? A.—Yes. We applied three times.

Q.—Who staked it for you? A.—Mr. Bessey.

Mr. FERGUSON (Grenville): He cannot speak as to that. He can only speak from personal knowledge.

By Mr. SMITH (Sault): Q.—When did you apply? A.—About the 6th June, 1905.

Q.—At the Haileybury Office? A.—Yes.

By Mr. FERGUSON (Grenville): Q.—Yourself? A.—I was there myself on that occasion.

By Mr. SMITH (Sault): Q.—Who was there with you? A.—Mr. Bessey.

Q.—He was your prospector and in your employ? A.—Yes.

Q.—It was recorded? A.—It was recorded that day, yes.

Q.—Did you get a certificate or a receipt? A.—No, we didn't get a certificate. The record was conditional. The application was only verbal. The record in question had to be submitted to Toronto.

Q.—From whom did you get the verbal instruction?

Mr. FERGUSON (Grenville), objected.

By Mr. SMITH (Sault): Q.—Did you file a plan? A.—Yes.

Q.—That was the first time you met? A.—Yes.

Q.—And you again made application for it? A.—We again made application on the 17th July for the Lake and Road allowance.

Q.—The 17th July, 1905? A.—Yes.

Q.—Was the property re-staked? A.—Yes.

By Mr. FERGUSON: Q.—Who made this application? A.—Myself and Mr. Bessey.

Q.—You were there personally? A.—Yes.

By Mr. SMITH (Sault): Q.—Was the staking the same as the first staking? A.—The staking of the Lake was the same, but the staking of the road allowance was new.

Q.—On the 17th July the staking took in the road allowance as well as the lake. The first staking did not do that? A.—No.

Q.—You could take in the road allowance? A.—Well, Mr. Lamarche said we could do it?

Q.—He told you to stake the road allowance?

Mr. FERGUSON (Grenville) objected.

The CHAIRMAN: I think it would be well for you to confine yourself to personal knowledge.

By Mr. SMITH (Sault): Q.—He says he acted on the advice of Mr. Lamarche and re-staked on the 17th July? A.—Yes.

Q.—Did you make any application? A.—In the evening.

Q.—To whom? A.—To Mr. Smith, and he said that instructions had not arrived from Toronto to open the lake and record.

By Hon. A. J. MATHESON: Q.—What were the full instructions? A.—He said that no instructions had arrived.

By Mr. SMITH (Sault): Q.—When you first applied he said he could not record because instructions had not arrived from Toronto? A.—He said that he expected them on the train. That was in the afternoon, and we could see him in the evening.

Q.—Where did you meet Mr. Smith in the afternoon? A.—I met him at the street corner in the main street.

Q.—Was he alone? A.—Mr. Lamarche was with him.

Q.—What did he say to you then? A.—He told me to go over to the office in the evening.

Q.—Did you go to the office? A.—I went to the office.

Q.—What street is the office on? A.—The main street on the way down to the station.

Q.—Was he there when you got there? A.—Yes, we went in by the back way.

By Mr. FERGUSON (Grenville): Q.—Was the front door locked?

Mr. SMITH (Sault): Q.—I am coming to that. The back door, it was locked also. Did he unlock the back door? A.—I think so.

Q.—What did you do after you got in? A.—Recorded the claim and swore affidavits.

Hon. A. J. MATHESON: Q.—Well, Mr. Dreany, about this back door business, is there a back door? A.—There was then.

Q.—Will you swear so if Mr. Smith says there is not? A.—Yes, positively.

By Mr. SMITH (Sault): Q.—After you got inside, what happened? A.—The blinds were pulled down and the lamp lit. We made the application and made affidavits, and I think they were dated for the next day, and we left it at that.

Q.—Did you see Mr. Smith's notice of inspection? A.—I didn't see them that night.

Q.—Did you see them subsequently? A.—Yes.

Q.—Have you got a copy? A.—Yes.

Hon. A. J. MATHESON: Q.—Have you got it with you? A.—I have. This purports to be a copy.

By Mr. SMITH (Sault): Q.—This is dated the 12th July, 1905. I imagine that it came from Toronto.

Mr. FERGUSON (Grenville): We cannot accept that.

By Mr. SMITH (Sault): Q.—While you were in the office, did anyone come in? A.—No, the door was locked. At least the front door was locked.

Q.—Did anyone try to come in? A.—Somebody came to the door.

Q.—And were not admitted? A.—No.

Q.—What time would that be? A.—Between seven and eight o'clock.

Q.—After you had been recorded, did you leave the same way as you entered? A.—I think we went out the back door. Yes.

Q.—Now was this claim ever inspected about that time? A.—Not to my knowledge, until the next year. I think it was inspected in 1906.

Mr. FERGUSON (Grenville): Q.—It might have been inspected without your knowledge? A.—It might have been.

By Mr. SMITH (Sault): Q.—The usual thing was to give the holder notice? A.—Yes.

Q.—Did you never receive any such notice? A.—Not until 1906, when Mr. Mickle came and inspected.

Q.—You also were given to understand it was passed by the inspectors? A.—I was given to understand the first inspector had passed it.

HON. A. J. MATHESON: That is not evidence as to what you were given to understand.

By Mr. SMITH (Sault): Q.—Subsequently you were notified that the inspectors were going on? A.—Yes.

Q.—Did they actually go on? A.—Yes.

Q.—Who were those inspectors? A.—Mickle and Robertson.

Q.—Did they go on the road allowance or on the lake or both? A.—Well, they went on the water and the road allowance both.

Q.—Then they passed the discovery on the road allowance, which was included in the second staking? A.—Yes.

Q.—And you made the second staking on the advice of Mr. Lamarche who was a partner of yours? A.—Yes.

Q.—Did you have any other partners? A.—Yes.

By Hon. A. J. MATHESON: Q.—I should like Mr. Dreany to furnish descriptions of those which were passed? A.—I can if you give me a plan.

Mr. SMITH (Sault): I think this is entirely irregular.

HON. A. J. MATHESON: I want to fix it because his evidence is to be contradicted.

Mr. SMITH (Sault): Q.—Who were your partners besides Mr. Lamarche? A.—Mr. Bessey and Mr. Chapin.

Q.—What were the respective interests you had in the claim? A.—Well, Mr. Lamarche, Chapin and myself had equal interests and the prospector a ninth interest. That is at the last. Mr. Lamarche did not buy so much at first.

Q.—In the first instance were Mr. Chapin and Mr. Lamarche with you? A.—Not when it was first staked.

Q.—When was it they first came in? A.—Mr. Chapin, somewhere about the 20th May, 1905.

Mr. FERGUSON (Grenville), objected.

The CHAIRMAN: My ruling is that you confine yourself to the motion before the Committee.

By Mr. SMITH (Sault): Q.—I will ask you Mr. Dreany, did you know if Mr. Smith knew that Mr. Lamarche was a partner of yours? A.—Yes.

Q.—And it was Mr. Lamarche who negotiated with Mr. Smith?

HON. A. J. MATHESON: I object to that unless he knows of his own knowledge.

By Mr. SMITH (Sault): Q.—Did you know? A.—I could not get the record, the first recording, until Mr. Lamarche had seen him first.

Mr. FERGUSON: Q.—What was that? A.—I didn't attempt to make the first record on the 6th June until Mr. Lamarche had seen him.

Q.—Why do you make that statement? A.—Well, that is the statement I make.

Q.—You are making an insinuation? A.—I am not making an insinuation. I am saying what I know.

HON. A. J. MATHESON objected.

The Chairman ruled questions must be confined to motion before the Committee.

By Mr. SMITH (Sault): Q.—I will ask the witness if he has any evidence to show the arrangement between Chapin, Lamarche and himself? A.—I have.

Q.—Will you produce it?

Witness produced a document which was ruled not permissible as it was not an original.

Q.—Have you an original document, a letter to yourself, or anybody else from Mr. Lamarche showing his interest in this property?

Mr. FERGUSON: He cannot produce a letter to anybody.

Mr. SMITH: Q.—Have you a letter addressed to yourself? A.—I have a letter, but not at that time.

Mr. SMITH: I think that is as far as we are allowed to go, Mr. Chairman.

Hon. A. J. MATHESON: Q.—Would you describe the two claims which you say were passed? A.—They are at present the two west pits worked by the Cobalt Lake Company.

Q.—Can you describe their position around the lake? A.—If you show me a plan.

By Mr. FERGUSON (Grenville): Q.—You state the night you got through the back door, it was the 17th July? A.—Yes.

Q.—Mr. Smith lighted the lamp? A.—Yes.

Q.—What would be the time? A.—Between seven and eight o'clock.

Q.—And you say that between seven and eight o'clock on the 17th July it was necessary for Mr. Smith to light the lamp in his office? A.—It was, with all the blinds down and the door shut.

Q.—And you are quite positive about there being a back door? A.—Quite positive.

Q.—Now part of your stakings were upon the road allowance? A.—Yes.

Q.—You were not entitled to stake it? A.—I was not aware that I was until I was instructed to do it.

Q.—Was there a question about nobody being entitled to stake the road? A.—It was a question at the time and always a question.

Q.—I think you said to Mr. Smith that you didn't take the trouble to make an application because you knew he would refuse it. A.—Not till Mr. Lamarche had seen him.

Q.—But Mr. Bessey had already filed an application? A.—Yes.

Q.—Mr. Bessey is your prospector? A.—Yes.

Q.—So you are not exactly stating it fairly when you say that Mr. Smith would not receive the application and you knew he had already received Mr. Bessey's application? A.—He had not received Mr. Bessey's application. He had refused to do so.

GEORGE THEW SMITH, Mining Recorder, Haileybury, called, sworn and examined.

By Mr. FERGUSON: Q.—Mr. Smith, you are the Mining Recorder at Haileybury? A.—Yes.

Q.—You have heard the evidence of Mr. Dreany here? A.—Yes.

Q.—Do you remember the occasion he speaks of his coming to your office with Mr. Bessey? A.—Mr. Dreany came often to my office with Mr. Bessey.

Q.—Is there a back door to that office? A.—There is a back door. It is not locked, but fastened with a bolt and opens into a cowshed.

Q.—How did you get into the office that night? Do you remember the night Mr. Dreany refers to? A.—I don't remember him coming in the afternoon. It was not dark.

Q.—That would be July? A.—Yes. Speaking from memory, it was the 18th and not the 17th, and speaking from documents, it was the 18th and not the 17th. The documents are in the hands of the department.

Q.—Did you as a matter of fact go in through the back door? A.—No.

Q.—Did you take the precautions to maintain secrecy that he described, pulling down the blinds and lighting the lamp? A.—I had no occasion to. As a matter of fact it was not necessary to light the lamp and I had no blinds to the windows. There was a slip of brown paper on the window which didn't come to the bottom, and I have frequently been joked about my window blinds.

Q.—Do you remember refusing anybody else admittance on that night? A.—No.

Q.—Would you have any object of concealment? A.—I had no object. I may say I was always willing to open my office to accommodate the public at all hours. I have been open between six and seven to let people catch the early train and between ten and eleven to accommodate people who wanted to catch the other train. My door closes with a spring lock, and it is quite possible that the door was locked on that day.

Q.—But the gentleman by his story apparently insinuates that you had an ulterior motive in doing this. A.—I may say that in my business I am never influenced by a man's politics or anything. I endeavor to be strictly impartial and I think thousands of persons will tell you that.

Q.—That is undoubtedly your reputation, and this is the first time I have heard it attacked. It is insinuated, also, that Mr. Charles Lamarche has practically an hypnotic influence over you. A.—I may say that no man in this world has any influence over me, and Mr. Dreany's insinuation would not have been made to me outside this building without my resenting it.

Q.—Now the application that you received from Mr. Dreany was subject to inspection and approval and there was a memorandum on the question? A.—I have here extracts taken from my record book which I have certified to the correctness of.

Q.—This practically contradicts Mr. Dreany's statement that you refused to take the application of Mr. Bessey. A.—Yes.

Copy of memorandum produced and read.

WITNESS: Mr. Bessey came to me previous to the recording of that application and I told him that Cobalt Lake was not open. He came back and said I have been instructed to protect my rights by filing. He said he had been instructed from Toronto that it was necessary and I thought that they were instructions by the Department. I had no instructions, and I had told him I had no authority. He told me it did not affect me one way or the other, and I made that record on my record book, and it remains there till this day.

Q.—He filed a copy? A.—Yes.

Q.—You had some instruction from the Department, Mr. Smith? A.—Yes.

Q.—What were those? A.—I have got a copy of it here.

Q.—The Order-in-Council dated the 8th July, 1905. A.—I have a copy of the letter here.

Hon. A. J. MATHESON: What is the date? A.—The 13th July, 1905.

By Mr. SMITH (Sault): Q.—Is that the same? A.—Yes.

Mr. FERGUSON (Grenville): Let me see a moment. The gist is this, the Department writes, "I am further directed by the Minister to notify you that you may now accept claims on the bed of Cobalt Lake in accordance with the regulations in force in the Mining Division, but that before doing so you must satisfy yourself, as provided in the Order-in-Council, of the 8th

inst., that an actual discovery of valuable mineral in place has been made on the land applied for. Notice of these instructions should be given by you by posting up a memorandum to this effect on the walls of your office."

Q.—I suppose you had the claims inspected in consequence of that?

A.—I may say that the Mining Regulations provide for inspection, but as I had not sufficient knowledge I asked for a Government Inspector to inspect the claims in accordance with that.

Hon. A. J. MATHESON: Q.—Were the claims passed? A.—Not to my knowledge. The only report I saw said they were not.

Q.—Who made the inspection? A.—Mr. A. T. Corkill.

By Mr. FERGUSON: Q.—That report was on the 17th August, 1905. A.—Yes, that report is in the hands of the Department.

Q.—About the posting up of the notice? A.—I posted it up on the wall of my office.

Q.—That remained there continuously? A.—That remained there.

By Mr. SMITH (Sault): Q.—Did Mr. Lamarche ever consult you regarding Cobalt Lake? A.—Mr. Lamarche asked at one time if Cobalt Lake was open for application, and I said I had not yet received any instructions.

Q.—What time would that be? I think Mr. Smith and Mr. Dreany practically agreed. A.—I said it was on the 18th instead of the 17th.

Q.—Did Mr. Lamarche not see you prior to that date? A.—Not to my knowledge.

Q.—The time the first inspection was made, was that not subsequent to the withdrawal of Cobalt Lake? A.—Four days, if I remember. Speaking from memory the Order-in-Council was passed on the 14th, and Mr. Corkill's report was dated the 17th.

Q.—The report has the date on which the inspection was made. The 14th of what month? A.—August.

Q.—And I think the inspection was made on the 17th? A.—I don't know when it was inspected.

Q.—The report was made on the 17th. A.—Yes.

Q.—That would not have much bearing on Mr. Dreany's application. Would it not be practice to hand it to the Inspector. A.—Usually it is the inspector and not the recorder, because he fixes the date.

Q.—The time it is recorded is sent to the Inspector. A.—Well, the Inspector who makes the inspection gives out the notice.

Q.—You didn't make any record? A.—I did so for this. Mr. Gibson wrote me and asked for a settlement of that particular claim, and I had not sufficient knowledge to say, and I asked for an Inspector.

By Mr. FERGUSON: Q.—Does that apply to that Order about the ores? A.—Yes.

By Mr. SMITH (Sault): Q.—Did you or any person notify Mr. Dreany? A.—I did not.

Q.—Do you know what is the interest owned by Mr. Dreany. A.—I do not.

Q.—From a conversation you had with Mr. Lamarche or anybody, you would not know. A.—I would not know. I would not say Mr. Lamarche might not have told me he had a certain interest. I would not say positively, but I have no recollection.

Q.—Did Mr. Lamarche ever say he had verbal instructions? A.—He never did, and it would not have had any effect on me if he had.

Witness discharged.

GEORGE R. MICKLE, called, sworn, examined.

By Hon. A. J. MATHESON: Q.—You inspected this claim in Cobalt Lake, and you heard the evidence? A.—Well, I didn't hear his evidence. I inspected the claim.

Q.—How many claims did he make? A.—He claimed four discoveries. Of course it was all in one claim.

Q.—He said you passed two of them. Is that the case? A.—Well, there were four discoveries he claimed and asked me to look at, and I reported in detail on them, and pointed out that of the discoveries two of them were not marked on the original application.

Q.—That threw them out? A.—That meant they were not located. One of them was marked on the original. It was known before and described in the official report of both the Geological Survey and the Bureau of Mines.

By Mr. FERGUSON: Q.—It was not a discovery? A.—Well, it cannot be a discovery if it has been discovered already.

By Hon. A. J. MATHESON: Q.—One of these discoveries Mr. Dreany claimed was in the report of the Mines Department? A.—Yes, the best discovery was in the Geological Survey Report of 1904 at Ottawa, and also in the Bureau of Mines Report of 1905, I think.

Q.—Had any ore been taken out of it? A.—I believe a few sacksful.

Q.—Was it well known to the people of Cobalt Town? A.—Well, I think so. It was apparently well known in 1904, because this sample was taken and there was no secret about it.

By Mr. SMITH (Sault): Q.—How did you identify it? A.—From the position and description. It happens to be near one of the surveyed lines.

Q.—Was there any mark or stake or anything of that character? A.—It can be easily seen. I was taken to it.

By Mr. FERGUSON: Q.—By Mr. Dreany? A.—Yes.

By Hon. A. J. MATHESON: Q.—As a matter of fact the discoveries you threw out were not discoveries by Mr. Dreany. They had been previously discovered by other people? A.—Yes. It was known before, because it was described in these two official reports.

By Mr. SMITH: You can swear positively it is the same claim described in the Bureau of Mines report?

A.—If you read the report there cannot be any doubt about it. It goes right into the water. You can trace it and see it across the lake.

Q.—Is there no other vein quite close? A.—One. A very small vein. That is one of those not recorded and not marked in the original plan.

Q.—Would that not be the one mentioned in the Bureau of Mines report? A.—No, because it would not agree with the description at all.

Q.—When did you make the inspection? A.—About the end of July, 1906.

Q.—That would be a year after Mr. Dreany's application. A.—Yes.

By Mr. FERGUSON: Q. You know that Mr. Corkill had previously inspected it? A.—Yes.

By Hon. A. J. MATHESON: Q.—As a matter of fact, did you report the Recorder any good discovery by Mr. Dreany? A.—Well my report was made direct to the Department. I described them and I pointed out the blue print by which I went and which is attached to that report shows the location of the two described in the Ottawa report, and therefore they were not recorded. One of them was on the original application, but that is one described in the Bureau of Mines report of the preceding year and also the Geological Survey Report.

Q.—You did not pass two of them? A.—Passed nothing that was recorded.

By Mr. SMITH (Sault): Q.—In your report you say a qualified discovery was made? A.—Yes, that vein, not the best one, would be a discovery.

Witness was discharged.
