JOURNALS  
OF THE  
Legislative Assembly  
OF THE  
PROVINCE OF ONTARIO.

---

Tuesday, 16th February, 1909.

PROCLAMATION.

Canada,  
Province of  
Ontario. }

JOHN MORISON GIBSON.

EDWARD VIIITH, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India, &c., &c., &c.

To Our Faithful, the Members elected to serve in the Legislative Assembly of Our Province of Ontario and to every of you—GREETING.

JAMES JOSEPH FOY, }  
Attorney General. } **W**HEREAS it is expedient for certain causes and considerations to convene the Legislative Assembly of Our said Province, WE DO WILL that you and each of you, and all others in this behalf interested, on TUESDAY, the SIXTEENTH day of the month of FEBRUARY now next, at OUR CITY OF TORONTO, personally be and appear for the DESPATCH OF BUSINESS, to treat, act, do and conclude upon those things which, in Our Legislature of the Province of Ontario by the Common Council of Our said Province, may by the favour of God be ordained. HEREIN FAIL NOT.

IN TESTIMONY WHEREOF, we have caused these Our Letters to be made Patent, and the Great Seal of Our Province of Ontario to be hereunto affixed: WITNESS, His Honour JOHN MORISON GIBSON, K.C., LL.D., &c., &c., &c., LIEUTENANT-GOVERNOR of Our Province of

Ontario, at Our Government House, in the City of Toronto, in Our said Province, this TWENTY-SEVENTH day of JANUARY, in the year of Our Lord one thousand nine hundred and nine, and in the Eighth year of Our Reign.

By Command,

ARTHUR H. SYDERE,

Clerk of the Crown in Chancery.

This being the First day of the First Meeting of the Twelfth Legislature of the Province of Ontario for the Despatch of Business, pursuant to a Proclamation of His Honour, JOHN MORISON GIBSON, K.C., L.L.D., Lieutenant-Governor—Arthur Henry Sydere, Esquire, Clerk of the Legislative Assembly, laid upon the Table of the House a Roll, hereinafter fully set out, containing a list of the names of the Members who had been returned at the General Elections to serve in this Legislature; and having been appointed, *per dedimus potestatem*, a Commissioner for administering the Oaths to the Members, did administer the Oaths to the Members present; who, after having subscribed the Roll, took their seats in the House.

3 O'CLOCK P.M.

And the House having met,

His Honour the Lieutenant-Governor, having entered the House, took his seat on the Throne.

Mr. Hanna, the Provincial Secretary, then said,

I am commanded by His Honour, the Lieutenant-Governor, to state that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law ; but To-day, at a subsequent hour, His Honour will declare the causes of the calling of this Legislature.

His Honour was then pleased to retire.

The Prime Minister, Sir James P. Whitney, addressing himself to the Clerk, proposed to the House for their Speaker, the Honourable Thomas Crawford, Member for the West Riding of the City of Toronto, "Seat A.", which motion was seconded by Mr. Attorney-General Foy and it was

*Resolved*, That the Honourable Thomas Crawford do take the Chair of this House as Speaker.

The Clerk having declared the Honourable Thomas Crawford duly elected, he was conducted by the Prime Minister and Mr. Foy to the Chair, where standing on the upper step, he returned his humble acknowledgments to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair, and the Mace was laid upon the Table.

---

3.30 O'CLOCK P.M.

His Honour the Lieutenant-Governor then re-entered the House and took his seat on the Throne.

Mr. Speaker elect then addressed His Honour to the following effect :—

*May it Please Your Honour :—*

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their King and country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their Debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.

---

The Provincial Secretary then said :—

Mr. Speaker,

I am commanded by His Honour, the Lieutenant-Governor, to declare to you that he freely confides in the duty and attachment of the Assembly to His Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow, the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

---

His Honour the Lieutenant-Governor was then pleased to open the Session with the following gracious Speech :—

*Mr. Speaker and Gentlemen of the Legislative Assembly,*

I am pleased, indeed, to meet the representatives of the people of Ontario in the Legislative Assembly of this Province. My recollection of the many years when I sat in the Legislature, during sixteen of which I was a member of the Government, is of a distinctly pleasant character, especially when I recall the goodwill and friendly relations which always existed between my fellow-members and myself.

Our thanks are due to Almighty God for the good harvest of the past year, and for the general prosperity of the people.

The celebration of the Tercentenary of the founding of Quebec by Champlain in connection with the steps taken for the nationalization of the celebrated battle fields of Quebec, which took place in the month of July last, was a success in every respect. The presence of His Royal Highness the Prince of Wales by the desire of His Majesty the King and the admirable addresses delivered by the former, contributed largely to the enthusiasm and satisfaction which were the prevailing features of the great occasion. The Vice-President of the United States received a hearty welcome, while the very energetic efforts and arduous labours of His Excellency the Governor-General were acknowledged and appreciated on all sides. In connection with this subject, I desire to acknowledge the warm hospitality shewn to the First Minister of this Province by the Government of the Province of Quebec.

The Canadian Improvement Company having made sale of its interests in the Lake Superior Corporation to English capitalists, has been enabled to pay off the remaining one million dollars of its certificates guaranteed by the Government of Ontario, and these have been cancelled, and the Province has now been relieved of all further liability under the Act respecting aid to the Algoma Central and Hudson's Bay Railway and Associated Industries, at Sault Ste. Marie. A probable result of this sale will be the introduction of a large amount of additional capital into the Province to extend these Industries and to complete the building of the Algoma Central and Manitoulin and North Shore Railways.

It will afford you gratification to know, that the Temiskaming and Northern Ontario Railway has been completed to the Town of Cochrane, the point of junction with the Grand Trunk Pacific Railway, a distance of 252 miles from North Bay; and also, that the earnings of the Railway have continued to be satisfactory and largely in excess of the outlay incurred for operating expenses.

Considerable progress has been made in the development of the mining industry at and near Cobalt, and new discoveries of a valuable nature have been made in other localities in a more northerly and north-westerly direction.

My First Minister and the then Minister of Agriculture visited Great Britain during the past summer, and investigated carefully the situation and conditions of emigration from the British Isles to Ontario. Guided by information gained in this way, my Ministers have been enabled to deal effectively with this very important question.

Among the other interesting features of the past year's record are the taking over of the Ontario Veterinary College by the Department of Agriculture, the development of the work of dairy instruction and of the Farmers' Institutes, the increasing of the usefulness of the Agricultural College, and the appointment of

local representatives in various Counties throughout the Province for special work in the promotion of agricultural interests. This last-mentioned departure has met with great success, and, it is hoped, may be extended in the future.

A contract has been entered into providing for the construction of an Electric Power Transmission Line two hundred and fifty-two miles in length, all or the greater part of which will, it is expected, be completed by the end of the year. Within the last two months upwards of thirty-five municipalities have voted in favour of procuring power from the Hydro-Electric Commission—thus evidencing the interest taken in the subject by the people.

The important work of the Revision of the Statutes has made good progress during the year, and a large number of the revised Acts will be laid before you for your approval. Bills will also be submitted to you comprising amendments to several important Statutes, and you will be asked to consider a measure for the better administration of justice, lessening the number of appeals, reducing the cost of litigation and for other purposes.

My Ministers have arrived at the conclusion that it is advisable to change the date of the close of the financial year to the 31st day of October, thus enabling the Legislature to meet early in January in each year, and proceed with the despatch of business.

You will be glad to know that the revenues of the Province are considerably in excess of the estimates and more than sufficient to meet the public expenditure during the year. The Public Accounts will be laid before you for your consideration at the earliest moment, and the estimates for the coming year will also be submitted to you for your approval at an early date.

The various subjects which will come before you will I feel assured, receive your careful consideration, and I trust that your deliberations may be for the best interests and welfare of this great Province.

His Honour was then pleased to retire.

---

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Third Report, which was read as follows and adopted :—

Your Committee have carefully examined the Petition of the Canadian Casualty and Boiler Insurance Company, praying that an Act may pass to reduce the Capital Stock of the Company, and find that notice of the proposed application to this Legislature has been published for a period of six weeks, as required by the Rules of Your Honourable House, in the "Ontario Gazette" and in the "Toronto World."

Your Committee also find, that whilst the notice is for "an Act reducing the Capital Stock of the said Company," the Petition adds "and relieving your petitioner from any liability for unpaid premium on subscribed stock." Your Committee are of the opinion that these latter words should also have appeared in the notice, and therefore recommend that the attention of the Private Bills Committee be directed to this matter, so, when the Bill, founded on this Petition, comes before the Committee for consideration, no greater or further powers may be allowed therein than those covered by the notice as aforesaid.

The following Bills were severally introduced and read the first time :—

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Commissioners of Estate Bills, their Report in the following case :—

Bill (No. 7), Respecting St. John's Church, Ancaster.

The Report was then read by the Clerk, at the Table, as follows :—

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned, two of the Commissioners of Estate Bills, have had under consideration Bill (No. 7), "An Act respecting St. John's Church, Ancaster," and the Petition therefor, and have the honour to report as follows :—

They suggest, that in order to quiet the Title to the parcel of land described in the instrument of conveyance bearing date the 25th of January, 1909, between the Lord Bishop of Quebec of the one part, and the Lord Bishop of Niagara of the other part, and to effectually vest the same in the Lord Bishop of Niagara and his successors, it is desirable to provide therefor by the Bill now under consideration

If this view should be adopted, the undersigned suggest that the Preamble be amended in the manner shown, and that an additional section be enacted as Section No. 1 of the Bill, in the words, or to the effect shown in the draft section submitted herewith.

The undersigned have also drafted certain amendments to the sections now printed in the Bill, and submit the same for consideration.

The undersigned are of opinion, that presuming the allegations contained in the Preamble to the Bill to be proved to the satisfaction of Your Honourable House, it is reasonable that the same, with the suggested additions, should pass into law, and that with the said additions the provisions of the Bill are sufficient for carrying its purposes into effect.

All which is respectfully submitted.

Dated at Osgoode Hall this 4th day of March, 1909.

CHARLES MOSS, C.J.O.

W. R. MEREDITH, C.J.C.P.

---

*Ordered*, That Bill (No. 7), Respecting St. John's Church, Ancaster, be referred to the Committee on Private Bills, with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills thereon.

On motion of Sir James Whitney, seconded by Mr. MacKay (Grey),

That, whereas the following letter from the Secretary of the Board of Governors of the University of Toronto, dated 19th June, 1908, enclosing the

application to His Honour the Lieutenant-Governor in Council and hereinafter set out, has been received by the Prime Minister of the Province :—

Toronto, 19th June, 1908.

*The Honourable J. P. Whitney, LL.D., Prime Minister of the Province of Ontario.*

SIR :—I have the honour to state, that at a meeting of the Board of Governors held on Thursday, the 11th instant, the following Resolution was adopted upon motion of the Chancellor :—

*Resolved, That steps be taken to apply for the privileges of the Carnegie Foundation, for the staff of the University of Toronto and University College.*

In pursuance of this Resolution, I am directed by the Board to transmit to you the accompanying application to His Honour the Lieutenant-Governor in Council, to which is attached a copy of the resolution.

I have the honour to be, Sir,

Your obedient servant,

F. A. MOURE,

Secretary to the Board of Governors.

June 17th, 1908.

*To His Honour the Lieutenant-Governor in Council.*

May it please your Honour :—

Owing to the additional gift of five million dollars made last spring by the founder to the Carnegie Foundation for the Advancement of Teaching, it has been possible to offer the advantages of the fund to State and Provincial Universities. The President of the Foundation has informed the Governors of the University of Toronto, that without question the University of Toronto will be accepted on the list of institutions made eligible to the benefits of the Foundation by the recent gift of Mr. Carnegie.

The process by which this shall be carried on is that “application for such admission should be made by the governing board of the University, approved by the Governor of the Province, and later on this shall be approved by the Provincial Legislature.”

At a meeting of the Board of Governors held on Thursday, June 11th, it was resolved to make application to have the University of Toronto placed upon the Carnegie Foundation for the Advancement of Teaching in order that the Professors of the University of Toronto may secure the advantage of retirement made possible through this Foundation. In accordance with the above conditions the next step is to secure for this action of the Governors the approval of the Lieutenant-Governor in Council; and the resolution of the

Board of Governors is herewith transmitted to your Honour in the hope that you may be willing to approve of this action and to secure its ratification by the Legislature of the Province.

I have the honour to be,

Your obedient servant,

JOHN HOSKIN,

Chairman of the Board of Governors.

And whereas His Honour the Lieutenant-Governor in Council has approved of the purpose of the said application as shown by an Order-in-Council, passed on the fifth day of March, 1909, therefore it is

*Resolved*, That the said application to place the staff of the University of Toronto and University College on the list of institutions eligible to the benefits of the Foundation by the recent gift of Mr. Andrew Carnegie, be and the same is hereby approved by this House.

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Commissioners of Estate Bills, their Report in the following case:—

Bill (No. 5), Authorizing the National Trust Company, Limited, to sell, or otherwise dispose of, the Estate and effects of Mary Lowell, deceased.

The Report was then read by the Clerk, at the Table, as follows:—

*To the Honourable the Legislative Assembly of the Province of Ontario.*

We have taken into consideration the Petition and proposed Bill in respect to the Estate of Mary Lowell, (Bill No. 5.)

It seems to be the intention of the testatrix that her niece, Mary Lowell Willox, shall have, on attaining the age of twenty-three years, the land and the household furniture, etc. Until that time she desires the same to be preserved "as carefully as possible,"—not, be it remarked, as it was in her own lifetime. No reason appears why it may not have been the strongest wish of the testatrix that her niece should have this property; a wish in priority to any other considerations whatsoever. It would be to interfere with the express directions of

the testatrix and to make a new Will for her to pass this Bill—a course to be deprecated, if at all possible. We do not think that it is reasonable that this Bill should become law.

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Commissioners of Estate Bills, their Reports in the following cases :—

Bill (No. 24), Respecting the Mutual Relief and Hospital Fund of the Bruce Copper Mines, Limited, and the Hospital Fund of the Copper Mining and Smelting Company of Ontario, Limited, and Bill (No. 3), Respecting the Marriage Settlement of Robert Woods Prittie and Jane Prittie.

The Reports were then read by the Clerk, at the Table, as follows :—

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned, to whom was referred Bill (No. 24), intituled "An Act respecting the Mutual Relief and Hospital Fund of the Bruce Copper Mines, Limited, and the Hospital Fund of the Copper Mining and Smelting Company of Ontario, Limited," have the honour to report—

1. That they have perused the Bill and are of opinion, subject to what is stated in paragraph 4, that presuming the allegations contained in the Preamble to be proved to the satisfaction of your Honourable House, it is reasonable that the Bill do pass into law.

2. That the provisions of the Bill, with the changes they have made in its form, are proper for carrying its purposes into effect.

3. That the title of the Bill is unnecessarily long, and might with advantage be changed so as to read, "An Act to provide for the incorporation of the Board of Trustees of the Bruce Mines Hospital, and for other purposes."

4. The Fund to which the Bill relates appears from the Preamble to have been formed of contributions made by the employees of the Bruce Copper Mines, Limited, and in the opinion of the undersigned, further evidence of the nature of the arrangements mentioned in the Preamble between the Company and its employees should be required by your Honourable House, and care should be taken to see that the rights of the contributors to the fund are not improperly interfered with by the proposed legislation.

All of which is respectfully submitted.

Osgoode Hall, Toronto.  
9th March, 1909.

W. R. MEREDITH, C.J.C.P.  
F. OSLER, J.A.

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned have perused Bill (No. 3), intituled "An Act respecting the Marriage Settlement of Robert Woods Prittie and Jane Prittie," and beg to report thereon as follows:—

The effect of this Bill is to withdraw the property proposed to be dealt with from the trusts of the Marriage Settlement of the 1st June, 1880, entered into between the parties, and generally speaking such a Bill would, on that ground, be objectionable.

The property in question appears to have been acquired since the date of the settlement by the application of the proceeds of the sale of part of the settled property, and is subject to the terms of the Settlements. The application of the Bill is confined to the property so acquired.

It appears, by the terms of the Settlement, that the absolute power is conferred upon Mrs. Prittie of disposing by her Will of the settled property either original, or substituted, to such person or persons as she may direct or appoint.

Under these circumstances, the undersigned are unable to say, that assuming the allegations in the Preamble to be proved to the satisfaction of your Honourable House, it is expedient that the Bill should pass into law, but are of opinion that it is a question of policy to be determined by the Legislature whether the subsequently acquired property should be dealt with as proposed by this Bill.

Presuming that the assent of R. W. Prittie and all the adult children of the marriage is given to the Bill and that the allegations contained in the Preamble are also proved to the satisfaction of the House, the provisions of the Bill are proper for carrying its purposes into effect.

W. R. MEREDITH, C. J. C. P.  
F. OSLER, J. A.

*Ordered,* That Bill (No. 24), Respecting the Mutual Relief and Hospital Fund of the Bruce Copper Mines, Limited, and the Hospital Fund of the Copper Mining and Smelting Company of Ontario, Limited, be referred to the Committee on Private Bills, with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills thereon.

*Ordered*, That Bill (No. 3), Respecting the Marriage Settlement of Robert Woods Prittie and Jane Prittie, be referred to the Committee on Private Bills, with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills thereon.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Fifth Report, which was read as follows and adopted :—

Your Committee have carefully examined the following Petitions, and find the notices as published in each case sufficient.

Of the City Council of Port Arthur, praying that an Act may pass to confirm issue of Bonds by the Railway, Marine and General Hospital ; to ratify and confirm By-law No. 231 and certain other By-laws ; to empower the operation of the Street Railway, and for other purposes.

Of the City Council of Fort William, praying that an Act may pass to amend Section 7 of Cap. 80, 8 Edw. VII ; to fix and determine the term of office of the Fifth Commissioner and the time for the appointment of the Two Commissioners representing the City and the City of Port Arthur, and for other purposes.

Of the Niagara Peninsular Railway Company, praying that an Act may pass to empower the Company to survey, lay out, construct and operate a branch line to a point at or near the City of St. Catharines, and to increase the Capital Stock to \$200,000.

Of James Playfair, and others, of Midland, praying that an Act may pass to incorporate the Simcoe Electric Railway and Power Company.

Of the City Council of Ottawa, praying that an Act may pass to authorize the borrowing, upon an issue of debentures, of a sufficient sum to liquidate the outstanding debts of the Central Canada Exhibition Association; to authorize the conveyance of certain lands to the Ottawa Electric Railway Company, and for other purposes.

Of the Town Council of Sault Ste. Marie, praying that an Act may pass to ratify and confirm a certain By-law granting aid to John O'Boyle in the construction of a Dry Dock in the Town.

---

Mr. Lucas, from the Standing Committee on Private Bills, presented their Third Report, which was read as follows and adopted:—

The Committee have carefully considered the following Bills and report the same with certain amendments.

Bill (No. 7), Respecting St. John's Church, Ancaster; Bill (No. 32), Respecting the Canadian Casualty and Boiler Insurance Company, and Bill (No. 24), Respecting the Mutual Relief and Hospital Fund of the Bruce Copper Mines, Limited, and the Hospital Fund of the Copper Mining and Smelting Company of Ontario, Limited.

The Committee recommend that the Title to Bill (No. 24), be amended to read "An Act to incorporate the Board of Trustees of the Bruce Mines Hospital, and for other purposes."

The Committee recommend that the fees, less the actual cost of printing, be remitted on Bill (No. 7), on the ground that it is one relating to a religious institution.

The Committee also recommend that the fees, less the actual cost of printing, be remitted on Bill (No. 20), To authorize the Supreme Court of Judicature for Ontario to admit James George Guise Bagley to practice as a Barrister, the same having been withdrawn by the promotor thereof.

*Ordered*, That the fees, less the actual cost of printing, be remitted on Bill (No. 7), St. John's Church, Ancaster; and on Bill (No. 20), James G. G. Bagley.

---

Mr. Cochrane, from the Standing Committee on Railways, presented their Second Report, which was read as follows and adopted:—

Your Committee have carefully considered the following Bills and have prepared certain amendments thereto respectively.

Bill (No. 8), To incorporate the People's Railway Company; Bill (No. 51), To incorporate the Belleville Radial Railway Company, and Bill (No. 40), To incorporate the Eastern Ontario Counties Electric Belt Line Railway Company.

Your Committee have amended the preambles to Bills Numbers 8 and 40, so as to make the same conform with the facts as they appear to your Committee.

Your Committee have also changed the Title to Bill (No. 40), so that it now reads "An Act to incorporate the Ottawa and St. Lawrence Electric Railway Company."

The following Bills were severally introduced and read the first time :—

Bill (No. 18), intituled "An Act respecting the City of Fort William, 1909."  
Mr. Smellie.

Referred to the Committee on Private Bills.

Bill (No. 161), intituled "An Act respecting certain Municipal By-laws and Agreements." Mr. Beck.

*Ordered*, That the Bill be read the second time To-morrow.

The Order of the Day for resuming the Adjourned Debate on the Motion, that Mr. Speaker do leave the Chair, and that the House do again resolve itself into the Committee of Supply, having been read,

The Debate was resumed,

And after some time,

Mr. MacKay (Grey), moved in Amendment, seconded by Mr. McDougal,

That all the words of the Motion, after the first word "That" be struck out and the following inserted: "this House regrets, that when a proper classification of current, as distinguished from Capital Receipts and Expenditures has been made, it clearly appears that the Current Expenditures for 1908, exceeded, the Current Receipts, and this House views with alarm the large increase in ordinary controllable expenditures of the Province during the past four years, particularly those under the heads of 'Civil Government' and 'Miscellaneous,' the expenditure under Civil Government having risen from \$344,006 in 1904 to \$518,823.91 in 1908, and that under the head of Miscellaneous from \$139,007.17 in 1904 to \$468,131.30 in 1908, and this House, especially in view of the deficit of last year, strongly urges a curtailment of expenses particularly under the heads mentioned. This House further regrets the tremendous increase in the expenditures of this Province that are made without the annual vote of this Legislature, which expenditures last year amounted, under the three heads of 'Special Statutes,' 'Treasury Board Minutes' and 'Special Warrants,' to the large sum of \$1,486,804, or seventeen and a half *per cent.* of the total expenditure"

And the Amendment, having been put, was lost on a division.

The Original Motion, having been then again submitted, the same was carried and the House accordingly resolved itself into the Committee.

(*In the Committee.*)

*Resolved*, That there be granted to His Majesty, for the services of 1909, the following sum :—

1. To defray the expenses of the Lieutenant-Governor's Office . . . \$3,933 34

Mr. Speaker resumed the Chair ; and Mr. Hoyle reported, That the Committee had come to a Resolution ; also, That the Committee had directed him to ask for leave to sit again.

*Ordered*, That the Report be received To-morrow.

*Resolved*. That the Committee have leave to sit again To-morrow.

The following Bills were severally introduced and read the first time :—

Bill (No. 110), intituled " An Act respecting the Town of Sault Ste. Marie." Mr. Hearst.

Mr. McDougal asked the following Question:—

1. Was the Attorney-General informed of the killing of Silas E. Taylor, an employee of, and in the yards of the Grand Trunk Railway at Madawaska, on November 27th last. 2. Was an application made by the friends of the deceased for an inquest. 3. What was the result of this application. 4. What was the reason for the decision given. 5. Was this case investigated by the Railway Commission of Canada. 6. Did the Railway Commission ask the Attorney-General to order an inquest. 7. What action has been taken, or is intended to be taken by the Attorney-General with reference to this request.

To which the Attorney-General replied as follows:—

1. Yes. 2. Yes. 3 and 4. It was refused as it was not a case coming within the Statute R.S.O. 1907, cap. 97, ss. 2, 3 and 4. 5. An Inspector of the Commission, Mr. J. Clarke, reported on 12th February, 1909, to the Secretary of the Commission in the matter of the accident and its cause, and the Assistant Secretary, on the 16th February, 1909, sent a copy to the Attorney-General, stating that the report is privileged under sec. 374 of the Railway Act (Dom.) 6. Yes, on February 16th, 1909, but evidently the request must be interpreted to mean, provided it could be granted under the law above cited. 7. In view of the foregoing the Attorney-General sees no reason to comply with the request.

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Commissioners of Estate Bills, their Report in the following case:—

Bill (No. 58), Respecting the Jesse Ketchum Trust; the Upper Canada Bible Society, and the Upper Canada Religious Tract and Book Society.

The Report was then read by the Clerk, at the Table, as follows:—

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned, two of the Commissioners of Estate Bills, have had under consideration Bill (No. 58), An Act respecting the Jesse Ketchum Trust; the Upper Canada Bible Society, and the Upper Canada Religious Tract and Book Society, and the Petition therefor, and have the honour to report as follows:—

The undersigned observe that the proposals contained in the first and second sections of the enacting part of the Bill are not founded upon any failure in the objects of the Trust intended by the donor, as set forth in the Bond or Instrument scheduled to the Bill, either as regards the purposes which it was his manifest design to encourage, or the numbers of those intended to be benefited, *viz.*, children in attendance at the Public and Sabbath Schools of the City of Toronto. On the contrary, it is proposed to extend the operation of the Trust to other bodies and other classes of children, and to adopt other methods of distribution than those contemplated, provided for, and secured to the objects of the donor's benevolence.

The undersigned are unable to perceive any good grounds for the proposed departures from the evidently carefully settled scheme of the donor, and they are of opinion that it is not reasonable that the enactments proposed by the said first and second sections of the Bill should become law.

The undersigned see no objection to the granting of the power to erect buildings and borrow money proposed to be conferred as in the third and fourth

sections of the Bill set forth, and they are of opinion, that presuming the allegations relating to this portion of the Bill contained in the Preamble to be proved to the satisfaction of Your Honourable House, it is reasonable that so much of the Bill as is contained in the said third and fourth sections thereof should pass into law, and that the provisions of the said sections are proper for carrying these purposes into effect.

All of which is respectfully submitted.

Dated March 16th, 1909.

CHARLES MOSS, C.J.O.  
JOHN J. MACLAREN, J.A.

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned, two Commissioners of Estate Bills, have had under consideration Bill (No. 46), an Act respecting Knox Church Burying Ground, and the Petition therefor, and have the honour to report as follows:—

Under the circumstances alleged in the Preamble of the Bill, it would seem reasonable that power be given to the Trustees of Knox Church to sell or lease the lands referred to in the Bill, and, the Crown consenting, that the Trustees be empowered to apply the purchase money for the purposes mentioned in section 2 of the Bill. Before, however, the Trustees exercise such power, they should remove from the lands in question the remains of any persons buried there and inter them in some other burying ground, and for such purposes we advise that section 3 of the said Bill be struck out and the following sections added therefor:—

3. In the event of any bodies being found buried in the said lands, the said Trustees shall, before exercising any of the powers mentioned in section one of this Act, at their own expense, remove the same to some cemetery in or near to the said City of Toronto, and there re-erect any monuments or head stones now on the lands from which the remains shall have been so removed.

4. Upon the Trustees satisfying the Senior Judge of the County Court of the County of York for the time being, that they have removed from the said

lands and re-buried, as above directed, any of the remains which, with the exercise of reasonable diligence, they were able to find buried on the said lands, it shall be lawful for the said Judge to certify under his hand that all the said remains of the dead, so far as the same can be discovered, have been so removed, and such certificate shall be registered in the Registry Office for the Eastern Division of the City of Toronto, on the production thereof to the Registrar and the payment to him of one dollar, as a fee for such registration, and such certificate so registered shall be conclusive evidence that the said Trustees have removed from said lands all the remains there buried and which, by this Act, they are required to remove.

OSGOODE HALL,  
18th March, 1909.

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned have perused Bill (No. 160), intituled "An Act respecting the Trusts of the conveyance of certain lands to Trustees for the Tabernacle Church," and have the honour to report thereon as follows:—

1. It would appear that the Trustees had power to mortgage the property in question for the purpose of raising funds to erect a Church Building thereon, and therefore, that in the event of a sale of the property under the provisions of the Deed of Gift, the proceeds would probably be applicable in the first instance, in discharge of the incumbrance, and of anything which might properly be paid by the sureties or guarantors of the mortgage.

2. The Deed of Gift was made little more than three years ago, and it is reasonable that the grantor's consent should, if possible, be obtained, or some explanation given, why this cannot be done.

3. The Deed requires that the proceeds of the sale shall be donated to a Foreign Missionary Society, the discretion of the Trustees as to the selection of the particular Society of that kind being absolute. The Bill proposes to limit the gift to a non-denominational Foreign Missionary Society. No reason appears why the Trust should be interfered with in this respect.

4. Subject to the foregoing, and presuming the allegations in the Preamble to be proved to the satisfaction of Your Honourable House, it is reasonable (even though possibly unnecessary for the protection of the Trustees) that the Bill do pass into law.

5. The provisions of the Bill, with the slight changes we have made in the language, are proper for carrying its purposes into effect.

All which is respectfully submitted.

Mr. Proudfoot asked the following Question:—

1. What steps has the Insurance Department taken to place Fraternal Societies on a sound financial basis. 2. Has the Department considered the evidence taken by the Royal Commission on Insurance in 1906, at which they had Counsel representing the Government. If so, what course does the Government intend to take.

To which the Attorney-General replied as follows:—

1. No steps have been taken beyond those set out hereinafter. 2. The Department has considered the evidence referred to in question No. 1. No legislation is at present contemplated.

The Commission referred to was issued by, and made its Report to, the Dominion Government. The Ontario Government is not in any way committed to the findings or recommendations of that Commission. The Commission recommended that the premium-rates of the Table known in the United States as "The National Fraternal Congress Table" be, by Dominion legislation, made obligatory, as a minimum, upon Friendly Societies in Canada. The Dominion Government at first favoured the recommendation and placed the necessary provisions in their Insurance Bill of last Session. The whole Bill was ultimately withdrawn.

The Government's Insurance Bill now before the Dominion Parliament completely expunges all provisions relating to such Societies. In explanation the Finance Minister said, in effect, that the Societies appeared to be doing their best towards the reform of their premium-rates, and that no legislation on Societies would be offered.

Then, as to the National Fraternal Congress Table which the Commission would make compulsory on Canadian Societies—that Table closely follows, and indeed, except in the higher ages (where it slightly exceeds) is almost a transcript of the Premium Rate Table which now for twelve years has formed Schedule A to the Ontario Insurance Act. (R. S. O. 1897, c. 203, Schedule A—continuing the previous Act.) The two Tables will be found printed side by side at *page C 260* of the Detailed Report of the Inspector of Insurance, published in 1906. It will be seen that in many cases the American Table is identical with ours, and, where it varies, the variation is merely trivial. The Ontario Table was in 1896 calculated by Mr. Hunter from the Mortality of the Canada Life Assurance Company for forty-six years; and for the direction and assistance of Friendly Societies was published as a Bulletin of the Insurance Department. This Table proved the then rates of Friendly Societies to be totally insufficient. So much interest was aroused in Canada and the United States, that the first edition of the Table was speedily exhausted, and a second large edition was distributed. The reform of premium-rates has ever since been constantly kept before the Societies, so that the majority of them have greatly increased their premium-rates without any compulsion of law. Some of the Societies have adopted the Ontario Table. Others are gradually approximating to it. All are now fully aware of their responsibilities.

Ontario Legislature in 1890 stopped the further incorporation of such life insurance societies. (53 Vic., c. 39, s. 9.) As from the 10th March, 1890, any further admission of such societies from abroad was prohibited: 55 Vic., c. 39, s. 10 (1).

The following Bills were severally read the second time:—

PRAYERS.

3 O'CLOCK P.M.

Mr. Speaker informed the House, that the Clerk had received from the Commissioners of Estate Bills, their Report in the following case:—

Bill (No. 6), To vest certain lands in the Trustees of the Collier Street Methodist Church of the Town of Barrie, and to enable them to sell the same.

The Report was then read by the Clerk, at the Table, as follows:—

*To the Honourable the Legislative Assembly of the Province of Ontario.*

The undersigned, Commissioners of Estate Bills, to whom was referred Bill (No. 6), intituled "An Act to vest certain lands in the Trustees of the Collier Street Methodist Church of the Town of Barrie, and to enable them to sell the same," have the honour to report as follows:—

1. That it is proposed by the Bill (section 1) to vest in the Trustees the land with which it deals, and to authorize the Trustees to sell it, and at the same time, by section 2, to confirm a conveyance of it, which the Trustees have made, to Charlotte Agnes Hambly.

This is manifestly improper, and the Bill should be amended so as to confirm, subject to a provision for the removal of the dead, the title of the purchaser under the conveyance.

A section has been prepared by the undersigned to take the place of sections 1, 2 and 3.

In the opinion of the undersigned, the sections providing for the removal of the dead should be amended, so as to conform with the usual provisions inserted in Bills of the like character, and they have amended them accordingly.

2. With the suggested changes, the undersigned are of opinion that, presuming the allegations of the Preamble to be proved to the satisfaction of Your Honourable House, it is reasonable that the Bill should pass into law.

3. The undersigned are also of opinion that with the suggested changes, the provisions of the Bill are proper for carrying its purposes into effect, but that the Title should be changed so as to read: "An Act to confirm a Conveyance of certain lands made by the Trustees of the Collier Street Methodist Church of the Town of Barrie to Charlotte Agnes Hambly."

All of which is respectfully submitted.

Dated at Osgoode Hall this  
Twenty-sixth day of March, 1909.

W. R. MEREDITH, C. J. C. P.  
R. C. CLUTE, J. Ex. Div.

*Ordered*, That the Order be discharged, and that the Bill be forthwith again referred to a Committee of the Whole, with instructions to amend the same.

The House accordingly resolved itself into the Committee; and after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Hoyle reported, That the Committee had amended the Bill as directed.

Sir James Whitney then moved,

That the Bill be now read the third time.

Mr. Elliott moved in amendment, seconded by Mr. Racine,

That all the words of the Motion, after the word "That" be omitted, and the following substituted: "the Bill be not now read the third time, but be forthwith re-committed to a Committee of the Whole House with instructions to substitute the following:—

Whereas by an Act intituled "An Act to provide for the Transmission of Electric Power to Municipalities," being 6 Edward VII, Chapter 15, it was enacted that the Lieutenant-Governor in Council might appoint a Commission to be known as "The Hydro-Electric Power Commission of Ontario," and that any Municipal Corporation might apply to the said Commission for the transmission to such Corporation of a supply of electrical energy for the uses of the Corporation and the inhabitants thereof, and that the said Commission might furnish such Corporation estimates of the cost necessary to procure such supply, and that the said Commission would furnish to such Municipal Corporation statements of the terms and conditions upon which such electrical energy might be transmitted and supplied, together with a form of a Contract to be entered into between such Municipal Corporation and the Commission; and the said Act further provided that the Council of such Municipal Corporation might submit to the electors of the municipality, upon certain conditions and in the manner prescribed by the "Consolidated Municipal Act, 1903," a By-law authorizing the Municipal Council to enter into "such contract" and that upon the said By-law receiving the assent of the majority of the electors voting thereon "such contract," might be entered into between the Municipal Corporation and the Commission, and that thereupon the Commission might transmit such energy and deliver it to the Municipal Corporation and that such Corporation might receive such energy and supply and distribute the same to the inhabitants upon such terms and conditions and for such rates as the Commission might prescribe.

And whereas the said Commission, in the year 1906, did supply to divers municipalities a statement showing the minimum and maximum price *per* horse power for which such energy would be sold to the said municipalities at their respective borders ready for distribution, and purporting to provide in the said price an allowance for generating, transforming and transmission losses; four *per cent.* on the moneys expended on capital account for a transmitting and delivering plant; an annual amount for sinking fund sufficient to pay the whole cost of the work within thirty years; and an amount sufficient to pay the cost of operating, maintaining, repairing, renewing and insuring such works as in the said Act provided.

And whereas the Municipal Councils of such municipalities submitted By-laws to the ratepayers of their respective municipalities, authorizing the said Municipal Councils to enter into a contract with the said Commission for the supply of such energy at prices not exceeding the maximum price *per* horse power so supplied by the Commission, for power stepped down and ready for distribution at the municipal limits, but without submitting to the electors with the By-law the proposed contract as by the said Act provided.

And whereas the said Commission found it impracticable or inexpedient to contract to supply such energy at the prices set forth in said statements, or to supply it at all at the limits of the respective municipalities as in the estimates and in the By-laws of the Municipal Corporation contemplated.

And whereas, by an Act passed since the said By-laws were voted upon, known as "The Power Commission Act," being 7 Edward VII., chapter 19, it was provided that the said Commission might contract with any Corporation or persons generating or distributing electrical energy, to supply the same to the said Commission. And that the said Commission should furnish to any Municipal Corporation applying therefor a statement of the maximum price *per* horse power at which the said energy would be supplied at the point of development, namely, Niagara Falls, and an estimate of the cost of constructing a line for transmitting said energy and of maintaining the said line, together with plans and specifications of the plant necessary for distributing said energy and an estimate of the cost thereof, and that the Municipal Councils might thereupon enter into a provisional contract with the Commission for the supply of such energy, but that such contract should not be binding upon the Corporation until By-laws approving the same had been submitted to and had received the assent of the electors qualified to vote on By-laws for creating debts in accordance with the provisions of the "Consolidated Municipal Act, 1903." And whereas no such By-laws have been submitted to the electors.

And whereas it was further provided by said Power Commission Act, that without the consent of the Attorney-General no action should be brought against said Commission or any member thereof for anything done or omitted to be done in his office.

And whereas the only contract which the said Commission is willing or able to make with the said Corporation is a contract to supply such power or

energy at Niagara Falls, being a contract altogether different from the contract contemplated by the By-laws submitted to the electors; and whereas it is not desirable that the property of the ratepayers should be made liable to large debt charges without their assent thereto, therefore His Majesty by and with the consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. No contract entered into, or to be entered into, by any Municipal Corporation or the Municipal Council thereof, for the purchase from the Hydro-Electric Power Commission of Ontario, of electrical power or energy at Niagara Falls for the use of the Corporation and the inhabitants of such municipality, shall be binding upon the Corporation unless and until a By-law approving the same has been submitted to and has received the assent of the electors qualified to vote on By-laws for creating debts as in the said Act, 7 Edward VII, provided, and in accordance with the provisions of the "Consolidated Municipal Act, 1903," and unless and until a copy of such contract has been published with or forms part of the said By-law, and the Lieutenant-Governor in Council has approved of the said By-law and contract.

2. All provisions and enactments of 6 Edward VII, Chapter 15, intituled, "An Act to provide for the transmission of electrical power to Municipalities," and all provisions of 7 Edward VII, Chapter 19, which may be cited as "The Power Commission Act" and 8 Edward VII, Chapter 22, intituled "An Act to validate certain By-laws passed and Contracts made pursuant to an Act to provide for the transmission of electrical power to Municipalities," inconsistent with the provisions of section one of this Act, are hereby repealed.

3. Section 23 of 7 Edward VII, Chapter 19, which may be cited as "The Power Commission Act," is hereby repealed.

4. The Hydro-Electric Power Commission of Ontario is declared to be a body corporate capable of exercising all the functions of an incorporated Company, of suing and being sued, pleading and being impleaded in all courts, whether of Law or Equity.

---

Sir James Whitney, rising in his place, called the attention of the House to the fact, that the Amendment was in direct contravention of Rule No. 33, in that it was prefaced by recital, or preamble, and asked Mr. Speaker to rule.

Mr. Speaker then declared that there could be no doubt, in view of the Rule quoted, that the Amendment was out of order and could not be entertained.

---

The Motion for the third reading having been then again put, the same was declared to be carried, and the Bill was read the third time and passed.

---

The Order of the Day for the second reading of Bill (No. 117), To prevent the spread of Pulmonary and other forms of Tuberculosis, having been read,

Mr. Proudfoot asked the following Question :—

1. Is the Attorney-General aware of the condition of a number of the cash Mutual Fire Insurance Companies which have been continuously exceeding their authority, under the Act, by writing more cash premium business than they are allowed. If so, the names and position of each. How far has each company exceeded its statutory rights. What remedy does the Government suggest or intend to apply.

To which the Attorney-General replied in the words following :—

1. The attention of the Attorney-General has been drawn to the claim that a number of these companies have exceeded such authority. 2. The

particulars asked for are set out at pages 14 and 16 of the Abstract Report of the Inspector of Insurance, for 1908, distributed among the members of the House during the present Session. 3. The matter is now under the consideration of the Government and the attention of the companies has been called to section 140 of the Ontario Insurance Act.

---

Mr. McDougal asked the following Question :—

1. What were the quantities of White Fish caught at Gargantua and Michipicoten Islands, together with the dates of shipments, during the months of August, September and October, 1908. 2. Have any new fishing licenses been granted between Sault Ste. Marie and Pancake Point, Lake Superior, since January 1st, 1908, and if so, to whom and on what rates.

To which the Minister of Public Works replied in the words and figures following :—

1. 9,753 pounds. Have no record of dates of equipment. 2. None.

---

Mr. Nickle asked the following Question :—

1. Has the Government noticed an apparently unwarranted discrimination against the Province of Ontario, shown by section 477 of the Canada Shipping Act, Chap. 113, R. S. O., 1906, whereby all vessels trading between ports of Quebec, Nova Scotia, New Brunswick, Prince Edward Island and even Newfoundland and the Atlantic Coast as far as New York are declared exempt from the compulsory payment of pilotage dues, while vessels trading from Ontario ports to these other Provinces are required to pay these dues 2. Is the Government aware of any good reason why the amendment of the last Session of the Dominion Parliament, 7 and 8 Edw. VII., Chap. 65, sec. 11, should have been enacted, having regard to the fact that this amendment renders the discrimination more marked than it was by depriving the Province of Ontario of that even limited measure of exemption which its vessels previously enjoyed when drawing less than 16 feet of water, thus rendering all Ontario vessels which have passed through the St. Lawrence 14 foot canal liable to dues at Montreal Harbour, including dues under by-law 25 of that pilotage district every time the vessel moves in that harbour. 3. If so, what are these reasons. 4. Is the Government aware that the amendment of that question was introduced and adopted at Ottawa, at a moment when Ontario vessel owners were urging their claims to have Ontario put on an absolute parity with other Provinces. 5. Does the Government propose to take any steps to remedy what appears to be a grave injustice and a serious discrimination against the people of this Province in favour, not only of Quebec and the Maritime Provinces, but also in favour of Newfoundland and certain Atlantic ports of the United States.

To which the Attorney-General replied in the words following:—

1. The attention of this Government has been directed to the matter set out in question 1. 2. No. 3. Answered by No. 2. 4. It has been so stated to this Government. 5. The Government of Ontario has drawn the attention of the Government of the Dominion to the matter, but cannot take any steps to bring any remedy into effect, as the matter is within the jurisdiction of the Dominion Government and not of this Province.

---

On motion of Mr. Bowyer, seconded by Mr. Johnson.

*Ordered*, That there be laid before the House, the Report of the Commissioner who held the recent enquiry into the conduct of W. R. Andrews, the License Inspector of East Elgin, together with the evidence upon which the same is based.

*Resolved*, That this House doth concur in the Second Report of the Standing Committee on Printing.

The following Bills were severally read the third time and passed:—

Bill (No. 81), Respecting Actions for Libel and Slander.

Bill (No. 2), To confirm an Agreement between the Municipality of Dysart, the Canadian Land and Immigration Company of Haliburton, Limited, and others.

Bill (No. 23), Respecting the Town of North Toronto.

The House again resolved itself into a Committee to consider Bill (No. 211), The Statute Law Amendment Act, 1909, and after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Ferguson (Grenville), reported, That the Committee had directed him to report the Bill, (with certain amendments).

*Ordered*, That the Amendments be taken into consideration forthwith.

The Amendments, having been read the second time, were agreed to.

*Ordered*, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

---

The Order of the Day for the third reading of Bill (No. 227), To amend The Railway Act, having been read.

*Ordered*, That the Order be discharged, and that the Bill be forthwith again referred to a Committee of the Whole, with instructions to amend the same.

The House accordingly resolved itself into the Committee; and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Ferguson (Grenville) reported, That the Committee had amended the Bill as directed.

*Ordered*, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

---

The Order of the Day for the third reading of Bill (No. 228), Respecting Aid to the Canadian Northern Ontario Railway, having been read.

Sir James Whitney moved,

That the Bill be now read the third time.

Mr. MacKay (Grey), moved in amendment, seconded by Mr. Proudfoot,

That all the words of the Motion, after the word "That" be omitted, and the following inserted in lieu thereof: "this House is of opinion that the Public Lands should be reserved for the Settlers and that no lands whatever should be granted to assist in railway construction, and therefore this House orders that the Bill be not now read the third time, but be read a third time on this day six months."

And the Amendment, having been put, the same was declared to be lost on the following division:

And the Bill was accordingly read the third time and passed.

The Order of the Day for the third reading of Bill (No. 237), Respecting Aid to certain Railways having been read,

Sir James Whitney moved,

That the Bill be now read the third time.

Mr. MacKay (Grey), moved, in Amendment, seconded by Mr. Elliott,

That all the words of the Motion, after the word "That" be omitted, and the following substituted: "when this House has decided that a Colonization Railway is deserving of support and ought to receive Provincial Aid, and where it is not advisable to guarantee the Bonds of such Railway, Aid should be given by means of a definite cash grant rather than by means of Land Grants, and therefore, that the Bill be not now read a third time, but be forthwith re-committed to a Committee of the Whole House with instructions to amend said Bill by striking out all portions thereof, providing for Land Grants and substituting instead reasonable Cash Grants."

And the Amendment, having been put, was declared to be lost on a division.

The Motion for the third reading having been then again proposed, the same was carried on a division, and the Bill was read the third time and passed.

Mr. MacKay (Grey), moved, seconded by Mr. McDougal,

That this House is of opinion:—1. That the necessary Legislation should be introduced to provide:—(a) That except as to the Counties of York, Wentworth, Carleton and Middlesex, the office of Local Master of the High Court of Justice shall be abolished, and that wherever, by any statute or

rules or otherwise, any act or thing is required to be done by a Local Master, the same shall be performed by the County or District Judge or a junior judge without extra salary or fees. (b) That whenever and as often as the Court or Judge refers any question to any County or District Judge in his capacity of Official Referee for enquiry and report, the said Judge shall make such enquiry and report without any extra salary or fees. (c) That the collection of revenue by the Province through the sale of law stamps shall be discontinued. 2. That henceforth a very substantial reduction should be made in the fees payable to examiners for taking and transcribing examinations for discovery and other examinations in actions, and to Court stenographers for the making of copies of evidence taken at trials.

And a Debate having arisen thereon, the Motion was, by leave of the House, withdrawn.

---

Mr. McDougal moved, seconded by Mr. Reed (Wentworth),

1. That this Legislature is of the opinion that there should be no appeal from the Courts of this Province to the Supreme Court of Canada in cases in which the amount involved is \$5,000 or less. 2. That the Attorney-General be instructed to transmit a copy of this Resolution to the Minister of Justice of Canada, with a request that legislation be introduced in the Parliament of Canada to carry into effect the principle enunciated in the preceding paragraph hereof.

And a Debate having ensued, the Motion was, by leave of the House, withdrawn.

---

Mr. Proudfoot moved, seconded by Mr. Kohler,

That this Legislature respectfully recommends that His Honour the Lieutenant-Governor in Council be pleased to appoint a Royal Commission, composed of a competent person, or persons, with such instructions and powers as may be necessary to enable it to enquire into and investigate the various matters hereafter set forth, and report its findings together with such recommendations as may be considered advisable, viz.:—1st. The position of the various Friendly and Benevolent Insurance Companies and Societies doing business in and licensed by this Province, and what steps should be taken to place them on a sound financial and permanent basis. The position of the various Foreign Friendly and Benevolent Insurance Companies and Societies doing business in this Province, and what security is provided for the Canadian members. 2nd. To enquire into the conduct of the business of the Mutual and Cash Mutual Fire Insurance Companies, licensed by this Government to do business in the Province, and ascertain in how far they have conducted their affairs according to Statutes, and what steps should be taken to remedy defects (if any) and place same (if not) on a sound financial basis. 4th. To ascertain what fire insurance has been placed

or effected by residents and Corporations doing business in the Province with Foreign Corporations during the Year 1908, and what steps should be taken to prevent insurance being so effected and the business transacted in this Province.

And a Debate arising, the Motion was, by leave of the House, withdrawn.

---

Mr. Lucas moved, seconded by Mr. McNaught,

That an humble Address be presented to His Excellency the Governor-General, praying that His Excellency will cause to be laid, in due course and form, before the Parliament of Canada, the desire of this House, that such legislation may be passed by the Parliament of Canada as may be necessary either :—

(1) To enable the Province of Ontario to expropriate, upon fair and equitable terms, all the property within the Province of Ontario, of any person, company, or corporation carrying on a telephone business within the Province of Ontario; or in the alternative;

(2) To vest in the Legislatures of the several Provinces, or the Legislature of the Province of Ontario, full power and authority to control and regulate within the territorial jurisdiction of each Province, or the Province of Ontario, all persons, companies, or corporations carrying on a telephone business therein, reserving to the Parliament of Canada the control and regulation of inter-Provincial business only.

And a Debate having ensued, the Motion was, by leave of the House, withdrawn.

---

The Title of the following Acts were then read by the Clerk Assistant :—

An Act respecting the property of the Salvation Army.

An Act to amend the Municipal Act.

To these Acts the Clerk of the Legislative Assembly did say :—

“His Honour the Lieutenant-Governor withholds His Majesty’s assent to these Acts, the purpose and provisions thereof having been fully and more properly provided for in other Acts, bearing similar titles, to which His Honour has already assented to in His Majesty’s name.”

---

Mr. Speaker then said :

*May it please Your Honour :*

We, His Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to His Majesty’s person and Government, and humbly beg to present for our Honour’s acceptance a Bill intituled “An Act for granting to His Majesty certain sums of money for the public service of the financial period of ten months ending on the 31st day of October, 1909, and for the public service of the financial year ending the 31st day of October, 1910.”

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words :

“His Honour the Lieutenant-Governor doth thank His Majesty’s dutiful and loyal subjects, accept their benevolence and assent to this Act in His Majesty’s name.”

---

His Honour was then pleased to deliver the following Speech :—

*Mr. Speaker, and Gentlemen of the Legislative Assembly :—*

Although this, the first Session of the Twelfth Legislature of Ontario, has not occupied a long period of time, the number, the variety and the important character of the enactments placed upon the Statute Book bear witness to the intelligence and the industry with which you have applied yourselves to the performance of your public duties.

Recent events have made it clear again that constant watchfulness is necessary to prevent interference with the jurisdiction of this and the other Provinces through the medium of Federal legislation, and it is to be hoped that a permanent understanding will be reached by means of which this danger may be removed.

A number of the measures enacted during the present Session have been the result of the Revision and Consolidation of the Statutes—a work which will be found to be unusually thorough in its nature.

Further legislation has been found necessary to facilitate the work of the Hydro-Electric Commission and enable the Government to supply electrical energy through the Commission at a minimum price to the public, while observing its obligations to investors.

I observe with satisfaction that a Special Committee of the Legislature will meet during the recess to investigate and report upon necessary amendments to and changes in the Assessment Law of the Province.

At the last Session of the late Legislature a carefully prepared basis for a scheme of Law Reform was adopted, and I am glad to notice that full consideration of such scheme by you has resulted in the enactment of "An Act for the better Administration of Justice, to lessen the number of appeals and the cost of litigation, and for other purposes."

Among the other public measures to which it is my privilege to give assent are, Bills respecting the Financial Year; to amend the Audit Act; to amend An Act passed in the Seventh year of His Majesty's Reign intituled An Act to provide for the transmission of Electrical Power to Municipalities, to validate certain contracts entered into with the Hydro-Electric Commission of Ontario and for other purposes; respecting Escheats and Forfeitures; for expediting the decision of Constitutional and other Provincial questions; respecting High Schools and Collegiate Institutes; respecting aid to the Canadian Northern Railway Company; respecting Public Schools, and to provide for prompt punishment for Personation at Elections for the Legislative Assembly.

I observe with satisfaction that the supreme authority of the Legislature to pass laws relating to the subjects assigned to it by the British North America Act, which was attacked in recent litigation respecting the bed of Cobalt Lake, has been fully vindicated by the unanimous Judgment of the highest Court of the Province, and that at the same time it was determined that the particular legislation which was the subject of the attack did not, as was contended, infringe upon the rights of the persons by whom the attack was made because the claim put forward by them was entirely without foundation.

It also affords me pleasure to be able to congratulate the Province on the satisfactory state of the public finances which continue to shew a substantial excess of revenue over expenditure.

I thank you for the liberal appropriations you have made for the public service, which will be expended with a proper regard for economy and efficiency.

---

In relieving you from the further performance of your duties I desire to thank you for the great public service you have rendered, and to join with you in expressing the hope that the blessing of Almighty God will rest upon our country and our people.

---

The Minister of Education then said:—

*Mr. Speaker and Gentlemen of the Legislative Assembly:—*

“It is His Honour’s will and pleasure that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.”

### EVIDENCE.

TORONTO, March 30, 1909.

Mr. J. H. Carnegie in the chair.

A. W. CAMPBELL, Deputy-Minister of Public Works, called, sworn and examined.

By Mr. D. C. Ross (Middlesex.)

Q.—We wish to ask you, Mr. Campbell, with regard to the building of bridges in the north country. There are about a dozen bridges costing from \$3,000 to \$10,000, there is the Spanish River bridge, \$13,000, and the Espanola, \$10,000. Were any tenders asked for in the case of the building of these bridges? A.—The sub-structure of these bridges was built by day labour. Tenders were asked for for the superstructure. These tenders are invited by a notice sent out by the Secretary of the Department to each of the manufacturers of bridges.

Q.—To each of the manufacturers in the Province? A.—Yes, to those who are interested in this work.

Q.—Structural steel bridge builders? A.—Yes, for the structural work. We know all the manufacturers of bridges and give them notice and copies of that notice are with the tenders among these papers.

Q.—You make no public advertisement in the papers for them? A.—Not for the steel superstructure of these bridges.

Q.—You just simply draw the attention of these manufacturers whose names you know and ask them to send in their tenders? A.—Yes.

Q.—There is no public advertisement in the newspapers? A.—Not for these bridges.

Q.—What have you reference to? A.—Well, there are other bridges that are built by day labour. There are bridges of a similar character and which we advertise by poster.

Q.—Advertise by poster? A.—Yes, and put a notice in the local newspaper. Copies of these posters are among the papers.

Q.—What is the reason why you do not advertise for all these bridges? Do you not think that the better policy would be to advertise for all these bridges? A.—The manufacturers of steel bridges are well known to us. There are only possibly a dozen in the Province, and we bring the notice more directly to them by sending a letter. Whereas in the case of wooden bridges it is almost impossible for us to know who are going to tender.

Q.—Would it not be possible to advertise in the paper and get tenders from outside parties outside the Province? A.—You might.

By Mr. S. CLARKE (Northumberland.)

Q.—You seem to have a great many wooden bridges. I presume you have built fully a hundred; it looks like that. A.—I don't think so.

Q.—Well, it almost looks like a hundred or more. How many do you imagine you have built? A.—Oh, perhaps not more than two dozen.

Q.—These local wooden bridges are built by local labour and it is where there are not many people to see the advertisements for tenders? A.—We advertise in the local paper and also put up posters.

By the Honourable A. J. MATHESON.

Q.—I suppose you follow the custom and policy of a great many years? A.—We have made no alterations that I know.

By Mr. CLARKE.

Q.—You put notices in all the papers. Where do you draw the line, say \$10,000 or what? A.—We advertise in all the local papers. For example, we had a couple of bridges built last year over the White River in the Temiskaming District. One at Hilliardton, cost about \$6,000 and another at Pearson. In that case we advertised in the newspapers at Liskeard and Haileybury.

By Mr. ROSS.

Q.—In the case of the Hilliardton bridge? A.—Yes, and Pearson.

Q.—But you have a great many of these bridges, Mr. Campbell, and it appears to me no advertisements of that kind were inserted in the paper at all? A.—Well, I will explain that. Bridges of that character cost about \$6,000. Wooden bridges we put a notice in the local newspaper about, it may be say from North Bay up, and then we have these posters struck off and copies sent to each of the post offices in the district.

Q.—What part of these bridges are built by day labour under the Department? A.—The sub-structure is built by day labour.

By Mr. CLARKE.

Q.—What proportion of the average cost is that for a bridge like that? A.—In that case possibly one-half of the total cost.

By Mr. ROSS.

Q.—There is the Somerville bridge, \$4,496. That is the amount of the contract for the steel superstructure, I suppose, and not a payment in full? A.—No. That is the cost of the bridge.

Q.—Of that amount what is spent for the superstructure? A.—About one-half the cost.

Q.—Would it not be a wise thing to advertise the erection of bridges of this price. Don't you think you could save money? A.—No, I don't think we could save money. I am satisfied we could not get as good work. In that north country by looking after the work ourselves we get better workmanship, especially where the labour is uncertain.

Q.—Have you ever tried it? A.—I don't know that we have on this work, but I have in private work.

Q.—You have never tried it in the public service? A.—No, I think in the older districts it would be as well to let contracts, but in the northern district I don't think it would.

Q.—Certainly in the older districts a man could get a more specific contract than day labour, and I don't see why it should not apply elsewhere. A.—In day labour work the men have no particular object in scamping and consequently we get good work. I don't think that we could get better work under the conditions.

Q.—Don't you think that you could do better by contract? A.—Well, I don't know. There was one instance. In the case of Fort Frances gaol, where we had plans and specifications prepared and asked for tenders. Two tenders were received in answer to the advertisement in the newspaper. The lowest tender was about \$16,000 and we of course could not see why a building could possibly cost that much money, and undertook it by day labour and built it for \$12,000.

By Mr. CLARKE.

Q.—That may be, but did you advertise it outside the district? There may be just two or three contractors there who put their heads together. A.—I think we advertised at Rainy River, Fort Frances, Kenora and the Sault.

By Mr. ROSS.

Q.—What Mr. Clarke means is, did you advertise it at all in cities like Toronto and London? A.—I could not be sure, but I think we advertised in two Toronto papers. It is customary in the case of buildings, to advertise in the Toronto papers.

By the Hon. A. J. MATHESON.

Q.—What was the result in the Fort Frances case? A.—We finished there for less than \$12,000 by day labour and saved \$4,000.

By Mr. PRESTON (Durham.)

Q.—Perhaps Mr. Campbell you can tell us the results from the experience of the Department of asking for tenders through the daily papers? A.—Yes, we advertise in the Toronto papers and we sometimes get Toronto tenders.

By Mr. CLARKE.

Q.—Do you ever get a contract? A.—Yes. In the case of building the Court House at Sudbury we had some Toronto tenders and the contract went to a Toronto man.

By the Hon. A. J. MATHESON.

Q.—Mr. Campbell, from your experience of similar work do you believe that by building by day labour that it is as cheap or cheaper? A.—On all the smaller bridges I think day labour is the cheapest way.

Q.—I suppose you employ as far as possible local men? A.—Yes.

By Mr. ROSS.

Q.—And the overseer is generally a local man? A.—We have a general overseer.

Q.—But the immediate overseer is generally a local man? A.—the foreman, yes.

By Mr. CLARKE.

Q.—Suppose in the case of a \$5,000 bridge, whose man would look after the work? A.—We would send him an experienced man.

Q.—All the time? A.—For the serious work, the concrete work.

By Mr. ROSS.

Q.—In certain cases you would employ a local man? A.—If we could get a bridge builder in the district, but he must be a bridge builder and we must know something of him.

By Mr. CLARKE.

Q.—He must have built a sewer or something? A.—No, he must have built a bridge.

By the Hon. A. J. MATHESON.

Q.—Steel, and a sub-structure of concrete? A.—Yes.

Q.—You have a great many bridges in the north country, wooden bridges that have been destroyed? A.—Oh yes, a great many bridges are burned out every year by bush fires.

By Mr. CLARKE.

Q.—And you get some swept away by floods. More than are destroyed by bush fires? A.—Some are swept away by floods, but not very many, although we had a couple swept away last year from Muskoka.

By Mr. ROSS.

Q.—Where you have a local overseer and employ local men to build the smaller bridges would that not leave to a great deal of laxity in regard to the work done. You would not be getting value for the amount paid? A.—No, that is not our experience. When we have an experienced man to watch the structural work or the foundation put in, the overseers don't cost any more.

By Mr. ROSS.

Q.—Take the Court House at Sudbury. Was that advertised? A.—Yes.

Q.—Coming to the registry office at Sudbury, that was advertised apparently? A.—Yes.

Q.—Then you come to the District of Algoma, Registry Office, Sault Ste. Marie, why was that not advertised. There is nothing here? A.—All buildings are advertised in the newspaper.

Q.—There is nothing here to show the cost? A.—You will find the advertisements among the papers, all copies.

Q.—You will remember about the Hospital for the Insane at London. You extended the water service at a cost of nearly \$5,000, page 293, Public Accounts, and you also installed a new hydro-therapeutic equipment for \$3,581. Where are the advertisements for those? A.—The extension of the water works.

Q.—Yes, the pipes and so on? A.—The pipes were bought from the Gartshore, Thompson people, of Hamilton.

By the Hon. A. J. MATHESON.

Q.—I suppose a certain number of men were paid, and they show on the pay list? A.—I cannot state just as to that now.

By Mr. ROSS.

Q.—You mean this contract was advertised? A.—Yes, tenders were taken for the purchase of the pipes. They were threatened with a water famine and the work was done by the asylum authorities.

By the Hon. A. J. MATHESON.

Q.—The patients' labour being used? A.—Yes, there was a similar case at Brockville.

By Mr. ROSS.

Q.—With regard to the ventilation of the various Normal Schools. There was a large amount of money spent apparently on that. The Normal Schools at London, North Bay, and so on. Were tenders invited in all those cases? A.—Yes, in all those cases public tenders were advertised for in the newspapers.

Q.—There is nothing here in the Public Accounts to show that. That would be last year? A.—Those tenders were in 1907.

Q.—There is \$14,000 for one, \$11,000 for another, \$15,000 for another, and \$14,000 for another, all paid to Purdy, Mansell and Company. Were all these contracts advertised and tenders asked for? A.—Advertised in the newspapers and copies of them are here, with the names of the papers. These four contracts amount to about \$56,000.

Q.—Here you have vault for college records \$1,173 for the Ontario Agricultural College, page 307. Were any tenders invited for that, do you know? A.—I am not just clear as to that now.

Q.—Not sure whether there were any tenders? A.—I am not just clear as to whether that was done by the Agricultural Department.

Q.—It is in the Public Buildings on page 307? A.—I cannot speak from memory.

Q.—I see all through this, large amounts paid to H. A. Clemens and company for lumber and work of one kind and another, apparently at Guelph. I would like to know what system the Department follows in purchasing lumber and whether in buying large quantities that tenders were asked for last year? A.—He did a lot of work up there.

Q.—Was it on tenders that these payments were made? A.—All tenders are asked for for building work.

Q.—Are these papers brought down? A.—Yes. But in the case of our acquiring a small quantity of lumber, possibly \$100 or \$200, notice would be sent to the different lumber people and it would not be advertised.

Q.—For those small quantities? A.—Yes.

Q.—But what would be the situation if you required two or three thousand dollars' worth of lumber? A.—Oh, we advertise all large contracts in connection with Public Buildings. Tenders are advertised for in the newspapers.

By Mr. CLARKE.

Q.—I don't think it comes under your Department, but do you know anything about the contract for surveying? A.—That would be the Department of Crown Lands, unless it was some special work.

Q.—In regard to colonization roads it would appear that almost every overseer received two or two and a half or three dollars a day, but nearly every time on his bill you see plough and cedar so much. Why should there always be plough and cedar? A.—As a general thing in new work we have to purchase a complete new outfit. Sometimes you find it an advantage to rent a plough. A man will probably charge a dollar a day and if you break it you have to replace it.

By Mr. ROSS.

Q.—It generally goes to the overseer? He pays himself? A.—He pays the money out, so much for men and so much for cedar.

By Mr. CLARKE.

Q.—It should appear so much for the overseer, so much for cedar and so much for plough. A.—The accounts will give the details.

By the Hon. A. J. MATHESON.

Q.—All this work is inspected by the district inspector in addition? A.—Oh yes. We object to the overseer selling cedar and plough. We don't let him do it if we can possibly get it elsewhere, because we think it is objectionable.

Witness was discharged.

April 6, 1909.

Mr. J. H. CARNEGIE in the chair.

AUBREY WHITE, Deputy Minister of Lands, Forests and Mines, called, sworn and examined.

By Mr. ROSS (Middlesex.)

Q.—Mr. White, on page 452 of the Public Accounts there seems to have been spent a great deal of money for surveying? A.—Yes.

Q.—There is J. H. Burd, \$3,222.60 for the survey of Jamieson Township, Algoma, and on page 453 the same man appears for the surveying of lines in the Mississaga Reserve, \$5,053.27, and on page 450, J. H. Burd for surveying the Township of Jessop, \$3,225. You seem to have paid large sums of money for making the surveys. I would like to know what the system is. A.—They are paid for on rates fixed by Order-in-Council.

Q.—How are the surveyors selected? A.—By the Minister.

Q.—And all receive the same rate of pay? A.—All receive the same rate of pay, according to the terms of the Order-in-Council.

By Mr. CLARKE (Northumberland.)

Q.—When was the Order passed? A.—On the 30th of March, 1907.

By Mr. ROSS.

Q.—These payments were then in accordance with the Order-in-Council? A.—Yes.

By Mr. CLARKE (Northumberland.)

Q.—What was that Order-in-Council? A.—Shall I read it? I have got a copy. “Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the thirtieth day of March, A.D. 1907.

Upon the consideration of the memorandum of the Deputy Minister of Lands and Forests, and the Director of Surveys, dated 7th of March, 1907, and upon the recommendation of the Honourable the Minister of Lands Forests and Mines, the Committee of Council advise that the following scale of prices be paid to Ontario Land Surveyors for surveys performed by them under instructions from the Department of Lands, Forests and Mines, namely:—

(a) For nine mile townships, ten cents *per acre*, which is at the rate of \$64 *per mile*, and \$50 *per mile* for all boundaries run under the contract.

(b) For six mile townships, over the Height of Land, fourteen cents *per acre*, which is at the rate of \$53.50 *per mile*, and \$50 *per mile* for all boundaries run under the contract.

(c) For six mile townships south of the Height of Land ten cents *per acre*, which is at the rate of \$39 *per mile*, and \$40 *per mile* for all boundaries run under the contract.

(d) For base and meridian lines north of the Height of Land \$75 *per mile*.

(e) For base and meridian lines south of the Height of Land, \$50 *per mile*.

(f) For day work, \$10 *per working day*.

Certified,

J. LONSDALE CAPREOL,  
*Clerk, Executive Council.*”

By Mr. ROSS.

Q.—What change was there made in that latter part? A.—Fifty dollars a mile for boundaries run under contract. Boundaries of townships.

By Mr. MUSGROVE.

Q.—You have to make the boundary before you get the acreage? A.—That is right.

By Mr. ROSS.

Q.—Why should they be paid at double rate? A.—Well, they have always been paid extra for boundaries.

Q.—Well, if they laid out a township? A.—Well, if you want to know any technicalities I suggest that you call the Director of Surveys. He knows all about that.

By Mr. CLARKE (Northumberland.)

Q.—We simply don't know the method of selecting the surveyors, the method of paying, whether they are advertised for tender. A.—Oh, no.

By Mr. CLARK (Bruce.)

Q.—Is that a new system? A.—The rates are different, but the system for the work has always been the same.

By Mr. ROSS.

Q.—Are the rates increased? A.—Yes, the rates have been increased three times, twice under the late Government and once under this Government.

Q.—What is the increase? What was it before? A.—I think I have it here. Perhaps I had better put this in. This was the form of memorandum in 1903 "*re* the increase in the cost of surveying townships in the vicinity of Lake Abitibi, as compared with the cost of surveying townships on the north shore of Lake Huron, in the vicinity of Lake Temiskaming or Rainy River a few years ago.

"The increase in wages for good men employed in such work is about fifty *per cent.* Wages in former years for good men averaged about thirty dollars *per month*, and at present the price paid is about forty-five dollars. I find that the increase in the cost of supplies is about twenty *per cent.*"

Q.—That is the increase for men alone? A.—I will read the further Order-in-Council of 1903. "I find that the increases in the cost of supplies used on a survey is about twenty *per cent.* in excess of what it formerly was, the increase being chiefly in the price of bacon, which is the main item of supply. There is also a slight increase in the price of cooking utensils and canoes and the cost of transportation where it has to be done by team. I find also that the time occupied in the survey of two townships made in the vicinity of Abitibi Lake is about eighteen days more than would be occupied in surveying two townships either on the north shore of Lake Huron, Rainy River District or in the vicinity of Lake Temiskaming, owing to the distance to be travelled in reaching the work. I think I am within the limits when I say that two townships would cost to-day \$800 more to survey than they would say five years ago, that is \$400 for each township. The amount for surveying a township at seven cents *per acre* comes to \$1,613. To this add \$400—\$2,013, or about nine cents *per acre.* I think a surveyor, if he received instructions early in the season for two townships or more at nine cents *per acre*, considering the advance in wages and supplies, would be sufficiently remunerated, or would be in about the same position as he formerly was at seven cents *per acre*, where the townships were more conveniently situated. In making this calculation, I assume that a surveyor should not be called upon to run more than two boundaries of each township, and if he is called upon to run more than two boundaries, should be allowed at the rate of \$25 *per mile.* The accompanying statement sets out the list of surveyors, subdividing townships south of Lake Abitibi, together with the present estimated cost and the proposed cost under the terms of this memorandum. The undersigned would respectively recommend that the above increase be allowed, and an Order-in-Council passed authorizing the same.

(Sgd.) GEO. B. KIRKPATRICK,  
Director of Surveys.

The undersigned has read the above memo. and agrees with the recommendation of the Director of Surveys.

(Sgd.) AUBREY WHITE,  
*Assistant Commissioner.*

Approved

(Sgd.) E. J. DAVIS,  
*Commissioner of Lands.*"

Upon that an Order -in-Council was passed fixing these rates.

By Mr. ROSS.

Q.—Anything for boundaries? A.—Yes, \$25 a mile for boundaries.

By Mr. CLARKE (Northumberland.)

Q.—Is that the same condition for boundaries you have named? A.—Oh, no. Fifty dollars for Temiskaming and Abitibi.

(Witness put in memorandum dated March 7th, 1907, marked "A," see page 20.)

Witness:—I may say the Association of Surveyors waited on the Minister and represented that the remuneration they received, owing to the increased cost of wages and supplies, didn't pay them to go away out into the transcontinental country, and upon that representation the memorandum was prepared, and an Order-in-Council was passed.

By Mr. CLARKE (Northumberland.)

Q.—It simply means that the surveyors have appealed to the Government and have fixed the price and the Government pick out the surveyors as they wish for the work? A.—The Minister makes the selection and makes the best selection he can. We have ten surveyors now working for us who worked for the late Government.

By Mr. MUSGROVE.

Q.—The price mentioned included assistants? A.—Oh, yes, all the work.

Q.—How many men would they require? A.—I cannot say as to that, speaking off-hand. Of course some would have more than others.

By the Hon. A. J. MATHESON.

Q.—The surveying of the boundaries of townships is much more important than the divisions? A.—Well, the outside boundaries of course are the important ones.

Q.—If they are not right it upsets the whole survey of the country? A.—If the survey is not correctly performed.

Q.—Do you find that certain men are better at surveying boundaries of townships than others? A.—Well, some are better for what we call base lining. We have to have a good man for base lines. A man upon whom we can rely.

Q.—The surveying of base lines is a matter that has to be done so that it can be depended upon? A.—You must have a man you can rely on.

By Mr. McCART.

Q.—You have no difficulty at all in getting Engineers to do that work? A.—Well, we like to feel certain of the men we employ.

By the Hon. A. J. MATHESON.

Q.—As a matter of fact, don't you get different men to survey the boundaries and the interior of the townships? A.—Sometimes the boundaries are laid out before.

By Mr. CLARK (Bruce.)

Q.—These payments are all in accordance with that Order-in-Council? A.—Yes, sir.

By Mr. McCART.

Q.—Is it not a fact that more men at the present time are taking up the profession of Engineering, and it is easier to find men, than it was ten or twelve years ago? A.—We find it more difficult to find men, good men, than ten or twelve years ago. Of course there is plenty of work.

Q.—I think you said you were employing ten? A.—What I said was that we had eight or ten who had been employed by the Department for

By Mr. Ross (Middlesex.)

Q.—You never advertise the amount of these rates except when they appeared in the Ontario *Gazette* when the Order-in-Council was passed?

A.—We have the prices fixed and of course the Association of Surveyors have these rates, and every Surveyor is a member of that Association.

Q.—But the advertisement of the Order-in-Council is not the only publication of these rates? A.—No.

Witness was discharged.

T. W. GIBSON, Deputy Minister of Mines, called and examined.

By Mr. Ross.

Q.—On page 462 of the Public Accounts we find \$4,815 paid for building a dock at Rondeau Park, and I find in the Public Accounts of 1907 also \$2,000 and some dollars spent in building this dock. Did you get estimates from your Surveyor with regard to it? A.—Yes, sir.

Q.—Do you remember what it was? A.—I must just explain that this is not wholly under that work. There was some additional work.

Q.—Some \$1,300 for dredging? A.—That is not included in this amount.

Q.—Except for that change the amount was about \$5,500. Do you remember what the estimate was your Engineer, Mr. Holford, prepared? A.—I think the estimate was something like \$3,000.

Q.—\$2,900 for this work which cost \$5,600? A.—I am not absolutely sure that the estimate was for such a dock as was put in.

Q.—With regard to building this dock, what steps did you take advertising and so on? A.—When it was decided to build a dock there—I may say there had been a dock there for many years and the dock built a number of years ago had been destroyed by storms and this was to replace that dock—we advertised for tenders in a number of local papers in Chatham and elsewhere, and the lowest tender was accepted.

Q.—The lowest tender was \$5,385? A.—Yes.

Q.—In the face of your own Engineer's estimate of \$2,953, the contract was let to Fielder & Blight. Did they fulfil the contract? A.—Yes.

Q.—Satisfactorily to the Department? A.—Yes, sir.

Q.—Well, it was to be filled by the fifteenth of July? A.—Yes.

Q.—As a matter of fact it was some time in October and November? A.—As a matter of fact the contract was completed in 1907.

Q.—The fifteenth of July was the date, and it was not completed until the following year? With such a big difference between the estimate of the Engineer and the contract, don't you think that it would have been better to take the construction into the Government's hands, as has been done with regard to bridges? A.—I don't think so.

Q.—Is your policy with regard to contracts the same as the bridge policy of the Public Works Department? On the evidence given here a few days ago with regard to the Registry Office at Fort Frances it was said that it was in the interest of the Province for the Government to take the work and build it? A.—In this case the Government didn't have the necessary plant. We did not have a dredge and there was some dredging to be done.

Q.—Surely you could have hired a dredge and done the dredging and got the rake-off? A.—It proved a very difficult thing indeed to get a dredge. That was the very difficulty the contractor encountered—the dredging part of it. He made an arrangement for rental with a certain firm, but when they came to it they refused to do it, and there was difficulty in getting another dredge, and that was the reason there was delay.

Q.—Could not the Government have got a dredge as easily? A.—We endeavoured to hire, first of all we tried to get a dredge from the Dominion Government.

Q.—Is Mr. Holford an experienced Engineer? A.—He is an Engineer of the Department of Public Works.

Q.—You recognize that the contract is nearly double the amount of his estimate? A.—His estimate was too low.

Q.—Well, how do you account for that? A.—Well, I cannot undertake to explain that.

Q.—In addition to this contract there was some additional dredging done? A.—Yes.

Q.—Did you ask for any tenders for that? A.—No. In the original tender we asked that any additional dredging should be done as might be required.

Q.—And although the contract had not been filled, and these people failed miserably in filling the contract, did you advertise for tenders for the extra work? A.—No.

By Mr. MUSGROVE.

Q.—In the original contract there was a clause with regard to additional dredging? A.—Yes.

By Mr. ROSS.

Q.—The dredging was all under that one contract? A.—Yes. We advertised for tenders when the original contract was entered into asking for a price on any additional dredging that was required.

By Mr. CLARKE (Northumberland.)

Q.—\$75 a day.

By Mr. BOWMAN.

Q.—Is dredging paid for by the day? A.—No, so much *per* foot.

By Mr. ROSS.

Q.—Didn't this happen, that when the contract was completed and filled you had to do some more dredging. You spent \$1,300. The Chatham people wrote, and asked if they might have a chance to tender on the additional work? A.—I don't think so.

Q.—That is in the correspondence? A.—I don't recollect that.

Q.—And you said “No,” you were going to give the work to Blight & Fielder? A.—The firm then had the plant on the ground. Getting the dredge there was very expensive and they could do the work at less cost than a firm which had to bring its dredge in.

Q.—I asked if it was not fair to give this firm a chance to tender? A.—The Chatham Dredging Company was one of the original tenderers, and their tender was higher than the one that was accepted.

Q.—Still they asked to be given an opportunity to tender for this dredging and they were refused by the Department, who gave the work to the firm that had failed to carry out the contract in a way satisfactory to the Department? A.—No, sir. At the time there was no difficulty.

Q.—You threatened to take the work out of their hands? A.—That was because we were waiting to have the contracts finished in 1907 and a contractor had difficulty in getting a dredge.

By Mr. CLARK (Bruce.)

Q.—Was this work well done? A.—The work itself was well done.

By Mr. THOMPSON (Simcoe.)

Q.—It was the lowest tender? A.—Yes, it was the lowest tender.

By Mr. MUSGROVE.

Q.—I suppose, Mr. Gibson, as a matter of fact, the Engineers figured on the cost of dredging for what you could get a dredge here? A.—I think he figured too low on the dredging.

By Mr. BOWYER.

Q.—When Mr. Holford made his estimates for the dock, what was his estimate for? A.—I think it was in the neighborhood of \$3,000.

Q.—What was the contract price for the dock? A.—\$5,384.

Q.—In that correspondence is there not a letter from the Chatham Dredging Company asking a thousand dollars for bringing the dredge to the scene of action? A.—I think they asked a considerable sum. I think it was \$600.

Q.—They asked a thousand dollars, you will find. A.—That was a considerable part of the cost. The cost of bringing the dredge.

Q.—You endeavoured to get a dredge which was a regular harbour dredge, but it would not do because the water was shallow? A.—The water is shallow.

Q.—The facts about the extra dredging are that the dredge was on the ground and this man could do more for five hundred dollars. If the Chatham firm attempted to tender then it would have exceeded far more than \$500, because it would have cost a thousand dollars to bring the dredge?

By Mr. THOMPSON (Simcoe.)

Q.—What was the amount of extra dredging? A.—Something like \$900.

By Mr. ROSS (Middlesex.)

Q.—Eight hundred dollars, and then five hundred dollars? A.—It may have cost up to that.

By Mr. BOWMAN.

Q.—The dredging was paid for by the lineal foot. I don't understand? A.—There was a market place to clean up in front of the shore and there were so many cuts to be made from deep water into the shore and so many fills to be made. The material was excavated from these cuts and left for fills, and the contract was let on that basis.

Q.—So much a lineal foot from deep water to the dock? A.—Yes.

Q.—So many cuts? A.—So many cuts. It was measured up in the contract.

By Mr. McCART.

Q.—How many tenders were received? A.—Three tenders for the original contract.

By Mr. MUSGROVE.

Q.—What was the highest? A.—Something like \$7,000.

By Mr. McCART.

Q.—Is it the policy of the Department to give contracts when they exceed the estimate by such a large amount? A.—I cannot speak as to policy, because this seems to be an isolated instance.

Q.—Well, is it as a rule, that when tenders exceed the estimate by so much that contracts are given? A.—As I say, I think this was an isolated instance.

Q.—What is the policy of the Department in advertising for contracts? Do they advertise as a rule where the work is being done, in the local papers or go outside to the papers in Toronto and other large centres? A.—We advertise, I believe, wherever we think we can get the best results.

Q.—The reason I ask that question is that it was brought out the other day in the case of advertising for tenders for the Court House at Fort Frances, that it seemed to be the policy of the Department to advertise only locally.

Hon. Dr. REAUME—No, it is not.

By Mr. BOWYER.

Q.—As a matter of fact this contract was advertised in all the papers? In St. Thomas, Toronto, London, Chatham and other places? A.—I think a list of the papers is here if you require it.

By Mr. ROSS.

Q.—You mentioned \$800 for additional dredging. You spent more than that? A.—We spent \$500. (Witness put in list of papers in which tenders were advertised for.)

By Mr. McCART.

Q.—Was there any penalty clause provided in this contract? A.—Yes, sir.

By the Hon. A. J. MATHESON.

Q.—A Cash deposit? A.—A cash deposit of five *per cent*.

By Mr. McCART.

Q.—Was that forfeited? A.—No, sir.

By Mr. ROSS.

Q.—It was forfeited, but all paid back? A.—It was forfeited, but under the circumstances it was thought that the contractor had a reasonable excuse for not filling the contract.

Q.—I think that he was very dilatory in building that dock? A.—We were trying to hold him up to the mark, and they were complaining bitterly of the great loss.

By Mr. MUSGROVE.

Q.—I suppose, Mr. Gibson, as a matter of fact, every dredge cannot go in there? A.—Rondeau Harbour is very shallow, and it was not a dredge that the contractor took in. It was an excavating machine put up on the land that did the work.

By Mr. BOWMAN.

Q.—What was the price? A.—I think seventy-five cents.

Q.—What was the width of the cut? A.—I think, as far as I can remember, 36 feet.

Q.—And what was the depth of water he had to make? A.—It was in shallow water, but I think it was six feet.

Witness was discharged.

Hon. Dr. REAUME, *re* cost of fish patrol boat "Edna Evans."

By Mr. CLARKE (Northumberland.)

Q.—They operated between six and seven months? A.—Seven months.

Q.—I think, making an allowance for reasonable charges for everything they could possibly get on that boat, that these people would make a profit of \$2,500 for the seven months. What was the name of the boat? A.—I think the name of the boat was "Edna Evans."

Q.—It seems to me that they could have got a boat of less proportion and the Government have done this work for a great deal less money? A.—That boat has to patrol the waters from Michipicoten down Lake Erie, Georgian Bay, down Lake St. Clair and down Lake Erie.

By Mr. BOWMAN.

Q.—This boat took the place of the one that was wrecked. A.—Yes, the "Gilfay."

By Mr. CLARKE (Bruce.)

Q.—They provided a crew? A.—They provided everything, fuel, crew and provisions.

By Mr. MCCART.

Q.—What would a boat like that cost? A.—Between fifteen and twenty thousand dollars, at least twenty thousand dollars.

Q.—Don't you think that it would be better for the Department to buy a boat? A.—No, not to buy a boat of that dimension.

Q.—This is a larger boat than the "Gilfay"? A.—Yes, the crew usually refused to go out in the "Gilfay" in storms. The "Gilfay" could never accomplish the work this boat did.

By Mr. CLARKE (Northumberland.)

Q.—Well, I think it would have been better to build or buy a boat. It would have been cheaper? A.—You know that there has been a treaty between Great Britain and the United States with regard to the control of international waters, and the regulations that will govern are not yet agreed upon, but they are supposed to be agreed upon by the fourth of June, and it may be that the patrol of the waters would be under the control of the International Commission, composed of men from the United States as well as from Canada.

Q.—That would be boundary waters? A.—Lake Superior, the St. Clair River, Lake St. Clair, Lake Erie, Lake Huron, Lake Ontario. I don't think the Government would be justified in constructing a boat if they are not going to have control of these waters.

The Committee rose.

"A"

TORONTO, March 7th, 1907.

The undersigned have carefully considered the Memorial presented to the Minister of Lands, Forests and Mines by the Association of Ontario Land Surveyors, dated February 28th, 1907, having reference to the remuneration for base and meridian lines and subdivision of townships north and south of the Height of Land.

The undersigned are of opinion that the statements therein regarding the increased price of provisions, the increased cost of labour, camp outfits and transportation are not exaggerated.

There is no doubt that in many cases surveyors have lost money on Government surveys in the last two or three years, and this by circumstances wholly beyond their control or foresight.

To have the work well done surveyors should be remunerated for their services to a moderate degree, commensurate with the risks and hardships to which they are necessarily exposed in the prosecution of their work so far beyond the bounds of civilization.

The great and increasing distance from the lines of communication has to be considered, the difficulty of procuring good men (owing to the prosperity of the country) has to be taken into consideration, the high cost of labour, the advance in price of all staple articles on a survey are all factors for careful consideration.

Taking all the things into consideration the undersigned are of opinion that an increase should be made in the scale of rates at present in force, *viz.*, For townships south of the Height of Land, 8c. *per* acre; for townships north of the Height of Land, 10c. *per* acre, and for base and meridian lines, \$55 *per* mile, and for outlines of townships, \$25 *per* mile run, with the exception of the dividing line between two townships run by the same surveyor.

A new system of survey having been adopted last year whereby townships over the Height of Land are now laid out nine miles square instead of as formerly, 6 miles square, and under which new system a proportionally smaller number of miles have to be run on the ground, a comparison of the cost *per* mile for each system is as follows:—

In a nine mile township containing 52,000 acres there are 81 miles to run of subdivision work, this at 10c. *per* acre amounts to \$64 *per* mile. This at the present rate of wages and cost of supplies would appear to be a fair rate.

In a six mile township, north of the Height of Land, containing 23,000 acres, there are 60 miles to run of subdivision work, this at 10c. *per* acre amounts to \$38 *per* mile, which appears to be too low.

In the six mile township, south of the Height of Land, this at 8c. *per* acre amounts to \$31 *per* mile, this is also too low.

The present price of base and meridian lines is \$55 *per* mile. This appears to be at the present price of labour and cost of supplies and transport much too low considering the great importance of the work and the distance from railway communication.

The undersigned are of the opinion that the following scale of prices would be a fair one and would leave a margin of remuneration for the surveyor, commensurate with his work, provided he takes proper precautions and executes his contract in a business like way and up to the standard of work required by the Department:—

(a) For nine mile townships 10c. *per* acre, which is at the rate of \$64 *per* mile, and \$50 *per* mile for all boundaries run under the contract.

(b) For six mile townships over the Height of Land 14c. *per* acre, which is at the rate of \$53.50 *per* mile and \$50 *per* mile for all boundaries run under the contract.

(c) For six mile townships, south of the Height of Land, 10c. *per* acre which is at the rate of \$39 *per* mile and \$40 *per* mile for all boundaries run under the contract.

(d) For base and meridian lines, north of the Height of Land, \$75 *per* mile.

(e) For base and meridian lines, south of the Height of Land, \$50 *per* mile.

(f) For day work, \$10 *per* working day.

---

The undersigned would respectfully draw the attention of the Minister of Lands, Forests and Mines to the above and recommend that an Order-in-Council be passed establishing the above scale of rates for surveys.
