JOURNALS
OF THE
LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO

Tuesday, February 5th, 1918.

PROCLAMATION.

Canada
Province of
Ontario. }

JOHN STRATHEARN HENDRIE.

GEORGE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India, &c., &c., &c.

To Our Faithful, the Members elected to serve in the Legislative Assembly of Our Province of Ontario and to every of you—GREETING.

ISAAC BENSON LUCAS, { **W**HEREAS it is expedient for certain causes
Attorney General. { and considerations to convene the Legislative
Assembly of Our said Province, WE DO WILL that you and each of you,
and all others in this behalf interested, on TUESDAY, the FIFTH day
of the month of FEBRUARY now next, at OUR CITY OF TORONTO,
personally be and appear for the DESPATCH OF BUSINESS, to treat, act, do and
conclude upon those things which, in Our Legislature of the Province of
Ontario by the Common Council of Our said Province, may by the favour of
God be ordained. HEREIN FAIL NOT.

IN TESTIMONY WHEREOF, we have caused these Our Letters to be made Patent, and the Great Seal of Our Province of Ontario to be hereunto affixed: WITNESS, His Honour JOHN STRATHEARN HENDRIE, Knight Commander of the Most Distinguished Order of St. Michael and St. George, Commander of Our Royal Victorian Order, a Colonel in Our Militia of Canada, &c., &c., &c., LIEUTENANT-GOVERNOR of Our Province of Ontario, at Our Government House, in the City of Toronto, in Our said Province, this EIGHTH day of JANUARY, in the year of Our Lord one thousand nine hundred and eighteen, and in the Eighth year of Our Reign.

By Command,

ARTHUR H. SYDERE,

Clerk of the Crown in Chancery.

3 O'CLOCK, P.M.

Tuesday, the Fifth day of February, 1918, being the First Day of the Fourth Meeting of the Fourteenth Legislature of the Province of Ontario, for the Despatch of Business, pursuant to a Proclamation of His Honour Sir John Strathearn Hendrie, Knight, &c., &c., &c., Lieutenant-Governor of the Province, and the House having met,

His Honour entered the House, and having taken his seat on the Throne, was pleased to open the Session by the following gracious Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

For the fourth time you meet under war conditions. During the past year our Empire has maintained the struggle for freedom with unabated power and confidence. Though the burdens and the sacrifices have been heavy, the compensating successes have been of substantial value. Towards these achievements Canadians have contributed notably, and in many brilliant actions have added new lustre to their renown.

The devotion of our people to the cause for which the Mother Country and her allies are at war was never more evident than it is to-day. Never were we so determined to consecrate all the resources we possess to the task of carrying the conflict to a successful issue. With the war aims clearly set forth recently by His Majesty's Government we are in full accord.

Our thanks are due to Almighty God for the harvest of the past year, which was one of the most bountiful in the history of the Province.

Among the difficult problems arising out of the war is the food shortage, which is continually assuming more serious proportions. Appeals for greater production have elicited a most encouraging response from the farmers of this Province. In this effort my Government has in various ways actively participated. I desire, in this connection, to pay a tribute to the assistance given to agriculture by urban communities, and especially to recognize the patriotic work, on the farms, of pupils from all our provincial schools. The encouragement of the consumption of fish promises to be an important factor in meeting the food situation. To all our people I commend the duty of exercising the strictest economy in the use of foodstuffs.

We are now receiving from overseas, in increasing numbers, Canadian soldiers who have completed their service at the front. My Government has co-operated with the Dominion authorities in arranging for the care of the disabled and for the return of others to civil life. It has also developed plans to assist returned soldiers who desire to settle upon the land.

In July last the addition to the Ontario Military Hospital in England was completed and opened for occupation. The expeditious accomplishment of this undertaking is a source of satisfaction, as it has doubled the capacity of the institution at a time when hospital accommodation is urgently needed, and has given the Province of Ontario an opportunity to increase its efforts in carrying succour and comfort to the wounded.

Our people participated very earnestly in the widespread sympathy evoked by the destruction of life and property in the Halifax disaster. Steps were taken by my Government to extend help and relief on your behalf to the sufferers.

Increased demands for electrical energy, arising out of the needs of munition plants, have taxed the present provincial service beyond the limit of its capacity. As authorized by this Legislature, the Hydro-Electric Power Commission has purchased the franchise and plant of the Ontario Power Company, and has taken steps to increase its power development. Construction work on the Chippewa-Queenston project has been actively carried on, with the prospect that when completed that undertaking will render sufficient power available to meet all demands upon the Niagara Falls system for some time to come.

In view of the difficulty of obtaining coal, my Government has been carefully considering sources of fuel supply within the Province, and has set aside territory known to contain peat deposits, the intention being to make investigations and experiments, with the object of rendering these resources available for fuel purposes.

The Department of Highways has commenced to take over existing main roads, with a view to provincial maintenance, as portion of the general plan of highway improvements to be carried out after the war.

The inquiry instituted into the state of medical education in this Province has been completed, and the report of the Commissioner will be submitted to you.

The Public Accounts, showing that the finances of the Province are in a healthy state, will be laid before you. Estimates of contemplated expenditures for the current and coming fiscal years will be brought down at an early date for your consideration.

Measures will be submitted to you to provide for taking the votes of soldiers on service overseas; respecting the Public Health; relating to the Public Service; to amend The Northern Ontario Development Act; to amend The Trades and Labour Act; and for other purposes.

In conclusion I desire to express the hope that your deliberations will be characterized by the spirit of patriotism and service so necessary to our country in a time like the present, and my confidence that, under the guidance of Providence, your decisions will contribute to the welfare and security of our people.

His Honour the Lieutenant-Governor was then pleased to retire.

PRAYERS.

Mr. Speaker reported, That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

On motion of Sir William Hearst, seconded by Mr. Pyne, a Bill was introduced intituled "An Act respecting the Administration of Oaths of Office to persons appointed as Justices of the Peace," and the same was read the first time.

On motion of Sir William Hearst, seconded by Mr. Pyne,

Ordered, That the Speech of His Honour the Lieutenant-Governor, to this House, be taken into consideration To-morrow.

On motion of Sir William Hearst, seconded by Mr. Pyne,

Resolved, That Select Standing Committees of this House, for the present Session, be appointed for the following purposes:—1. On Privileges and Elections; 2. On Railways; 3. On Miscellaneous Private Bills; 4. On Standing Orders; 5. On Public Accounts; 6. On Printing; 7. On Municipal Law; 8. On Legal Bills; 9. On Agriculture and Colonization; 10. On Fish and Game; which said Committees shall severally be empowered to examine and enquire into all such matters and things as shall be referred to them by the House, and to report from time to time their observations and opinions thereon, with power to send for persons, papers and records.

Mr. Speaker informed the House that the Clerk had laid upon the Table a Memorandum relating to Elections. (*Sessional Papers No. 51.*)

The House then adjourned at 3.20 p.m.

Wednesday, February 6th, 1918.

PRAYERS.

The following Bill was introduced and read the first time:—

Bill (No. 45), entitled “An Act respecting Natural Gas.” Mr. Ferguson (Grenville.)

Ordered, That the Bill be read the second time forthwith.

The Bill was then read the second time and referred forthwith to a Committee of the Whole House.

The House accordingly resolved itself into the Committee, and after some time spent therein, Mr. Speaker resumed the Chair; and Mr. Donovan reported, That the Committee had directed him to report the Bill without any amendment.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The Order of the Day for the Consideration of the Speech of His Honour the Lieutenant-Governor at the opening of the Session having been read,

Mr. Calder moved, seconded by Mr. Chambers,

That an humble Address be presented to His Honour the Lieutenant-Governor, as follows:—

To His Honour Sir John Strathearn Hendrie, Knight Commander of Our Most Distinguished Order of St. Michael and St. George, Commander of Our Royal Victorian Order, a Colonel in Our Militia of Canada, Lieutenant-Governor of Our Province of Ontario.

We, His Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

And a Debate having ensued, it was, on the Motion of Mr. Proudfoot,

Ordered, That the Debate be adjourned until To-morrow.

His Honour the Lieutenant-Governor entered the Chamber of the Legislative Assembly and took his seat upon the Throne.

Mr. Speaker then addressed His Honour as follows:—

May it please Your Honour,

On behalf and in the name of the Legislative Assembly, I respectfully request Your Honour's assent to the Act passed To-day.

The Clerk Assistant then read the Title of an Act that had passed as follows:—

An Act respecting Natural Gas.

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“In His Majesty's name, His Honour the Lieutenant-Governor doth assent to this Act.”

His Honour was then pleased to retire.

The following Bills were severally introduced and read the first time:—

Ordered, That the Bill be read the second time To-morrow.

Bill (No. 66), intituled "An Act to amend the County Courts' Act." Mr. Proudfoot.

Ordered, That the Bill be read the second time To-morrow.

On Motion of Sir William Hearst, seconded by Mr. Proudfoot, it was

Resolved, That we, the Members of the Legislative Assembly of Ontario, individually and as a body, hereby reaffirm our belief in the righteousness of the cause for which Great Britain and the Allies are fighting, and place on record our approval and endorsement of the clear, courageous, and moderate statement of our war aims recently made by His Majesty's Government. We are convinced that only by the realization of the Allies' aim of peace "based on the principles of freedom, justice and respect for international law" can our enemies' unscrupulous and brutal attempt at domination be frustrated, and the future of civilization assured. We desire to express our heartfelt appreciation of the matchless courage and patriotism, and historic military achievements, of our Canadian Overseas Forces on the field of battle. We rejoice to know that during the past year they have taken every objective from the enemy for which they started, and

have not had a single reverse. In the hard-fought battles of Vimy Ridge, Fresnoy, Hill 70, and Passchendaele, Canadian soldiers have won imperishable glory. We gladly testify that the victories won by our heroic sons, their irresistible valor in attack, their unflinching tenacity in defence, and their cheerful endurance of all the discomfort, weariness, and sufferings of war, have thrilled the Canadian people, and filled our hearts with pride and gratitude. We solemnly acknowledge our lasting debt to those who have laid down their young lives, so full of rare promise, for us and for the great cause at issue. The memory of their sacrifice will never fade. We hereby consecrate ourselves afresh, together with all the resources of this rich and fertile Province of Ontario, to the successful prosecution of the war. To that end, and confident of a patriotic response, we call upon the people of Ontario to place the demands of the war before every other consideration, and by every means in their power to maintain our fighting forces, further increase our agricultural and industrial production, practise to the utmost thrift and avoidance of waste, and thus throw the whole weight of our people and our Province into the scale against our enemies, until the principles for which we are fighting are crowned with victory.

The House then adjourned at 6 p.m.

3 O'CLOCK P.M.

Mr. Speaker informed the House,

That the Clerk had received from the Railway and Municipal Board, their Report in the following case:—

Bill (No. 6), Respecting the City of Fort William.

The Report was then read by the Clerk at the Table, as follows:—

To the Honourable the Legislative Assembly of the Province of Ontario.

Upon the reference under Rule 61 (a) of Your Honourable House to The Ontario Railway and Municipal Board of Bill Number 6, intituled "An Act Respecting the City of Fort William," the Board begs leave respectfully to report as follows:—

1. The Board finds that in important particulars the provisions of "The Municipal Act" respecting finance have for some years been ignored by the Municipal Council of the City of Fort William, in consequence of which a series of annual deficits on the operation of its street railway system have resulted in a large floating debt.

2. The Board further is of the opinion that in order to relieve the City of Fort William from the accumulated floating debt by which it is now embarrassed, a remedy of the kind offered by the proposed Bill is necessary and should be granted.

3. The Board further is of the opinion that, with a view to preventing in the future an accumulation of annual deficits on the operation of the electric street railway of the City of Fort William, the following section be added to Bill No. 6 as Section 2:

"2. In case there shall be a deficit in the operation of the City's Electric Street Railway in any calendar year subsequent to the year 1917, the Council of the City of Fort William shall include in the estimates of the following year the amount of such deficit and shall in such following year assess and levy on the whole rateable property within the municipality a sum sufficient to pay such deficit and the interests thereon."

4. The Board begs leave respectfully to report that, in the judgment of the Board, with the addition of Section 2 as above set out, it is reasonable that the Bill should be passed by Your Honourable House.

All which is respectfully submitted.

D. M. McINTYRE,
Chairman.

Dated at Toronto,
this Twenty-third Day of February, A.D. 1918.

Ordered, That Bill (No. 6), Respecting the City of Fort William, be referred to the Committee on Private Bills with instructions to consider the same with reference to the suggestions of the Railway and Municipal Board thereon.

Ordered, That the Bill be read the second time To-morrow.

Mr. Parliament asked the following Question:—

1. How much money has the Provincial Treasurer been asked to advance up to the present time under the provisions of the Farms Loans Act, 1917.

To which the Provincial Treasurer replied:—

Nothing. The Act has never been proclaimed.

Mr. Lowe asked the following Question:—

1. What are the names of those who are upon the Staff of, or employed in any way at the Ontario Military Hospital at Orpington, and what was the date of each appointment and the age of the appointee at the date of the appointment.

And the Provincial Treasurer replied that,

All appointments to the Ontario Military Hospital, at Orpington are made by the Militia Department of the Dominion Government.

On Motion of Mr. Dewart, seconded by Mr. Elliott,

Ordered, That there be laid before this House, a Return shewing—

1. What lands, if any, have been patented in the District of Sudbury, in the year 1917, to the following persons, respectively, Albert Harvey, Rinaldo McConnell, Alex. H. Beath and R. J. Tough.
2. On what dates were the said lands, if any, patented.

3 O'CLOCK, P.M.

Mr. Speaker informed the House,

That the Clerk has received from the Commissioners of Estate Bills their Report in the following case:—

Bill (No. 13), Relating to the Estate of George Elias Tuckett, deceased.

The Report was then read by the Clerk at the Table, as follows:—

February 26TH, 1918.

To Arthur H. Sydere, Esq.,

Clerk of the Legislative Assembly, Toronto.

Sir,—We the undersigned, two of the Commissioners of Estates Bills, have the honour to report to you concerning Bill No. 13, relating to the estate of George Elias Tuckett, deceased, as follows:—

Under the Will of the late George Elias Tuckett after providing for certain annuities, the testator directs that the residue of the income derived from his estate shall be held by his trustees and shall, upon the death of the last surviving of his sons, be then divided equally among his grandchildren who shall then be living and shall attain the age of 21 years; this to be after making sufficient provision to provide for the payment of any outstanding annuities.

At the present time there are nine grandchildren who would be entitled to share if they survive Charles Peter Tuckett, who is the only surviving son of the testator at the present time. Charles Peter Tuckett is about 42 years old, married and living separate from his wife. It is not likely there will be any further issue of this marriage, but if he should survive his wife and marry again, it would be possible that he might have issue. There is no possibility of other grandchildren being born as the daughters of the testator are now past child-bearing and their children are all over age.

Save for the possibility of other issue being born to Charles Peter Tuckett and the fact that one grandchild is yet an infant, the grandchildren could agree to an immediate distribution of the funds and could agree that the fund should be distributed among the class without waiting for the ascertainment of survivorship and, as no good purpose could be served by preventing the grandchildren from the present enjoyment of some income from the estate, it appears to us to be reasonable and proper to give assent to what is now suggested, due provision being made to secure the rights of any possible after-born grandchildren.

The Bill as presented, appears to us to go altogether too far in that it does not make any provision for the protection of the rights of after-born grandchildren. We have drawn this to the attention of those interested in promoting the Bill and we forward you herewith an amended Bill and we beg to report to the House that presuming the allegations contained in the preamble of the Bill to be proved to the satisfaction of the House, it is reasonable that such Bill, in the amended form, do pass into law and that its provisions are proper for carrying its purposes into effect.

We have the honour to be, Sir,

Your obedient servants,

GLENHOLME FALCONBRIDGE,

C. J. K. B.

W. E. MIDDLETON,

J.

Ordered, That Bill (No. 13), Relating to the Estate of George Elias Tuckett, deceased, be referred to the Committee on Private Bills with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills thereon.

The following Petition was brought up and laid upon the Table:—

By Mr. Hall (Lanark), The Petition of the Town Council of Smith's Falls.

Mr. Preston (Lanark), from the Standing Committee on Standing Orders presented their Fourth Report, which was read as follows and adopted:—

Your Committee have carefully examined the following Petitions and find the Notices as published in each case sufficient:—

Of the City Council of Guelph, praying that an Act may pass to authorize and carry into effect the provisions of a certain By-law providing for certain changes in Civic Government and for other purposes;

Of the City Council of Port Arthur, praying that an Act may pass to ratify and confirm certain By-laws and Agreements.

Of the Town Council of Gananoque, praying that an Act may pass authorizing the issue of certain debentures.

Of the Town Council of Preston, praying that an Act may pass incorporating the Preston Light and Water Commission, and for other purposes.

Of the City Council of Toronto, praying that an Act may pass to empower the Corporation to invest money in hand and to validate a certain Agreement.

Mr. Preston (Lanark), from the Standing Committee on Standing Orders presented their Fifth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of the Township Council of Crowland, praying that an Act may pass authorizing the Corporation to construct, maintain and operate a system of Water Works and to enter into a certain Contract with the City of Welland, and find that the Notice of the proposed application to this Legislature was published in the "Ontario Gazette" and in two newspapers published in the County of Welland for the full period of six weeks as required by the Rules of Your Honourable House:

Your Committee find, however, that the Petition and Notice do not agree in certain particulars. The Petition prays that an Act may pass "to enable the Township of Crowland to assess the entire cost of establishing a water system and supplying water for the benefit of any section in the Township

against the lands within the section benefited, no part of the cost being borne by the said Corporation at large," while the Notice says, "To require that sixty *per cent.* of the whole cost of the construction of the Trunk Main of any such water system shall be raised by a special rate on all the rateable property in such section or area."

The Petition also prays to bring into force Section 4 of the Act respecting Statute Labour; and also to give the Municipal Council of the Township the same power to license dogs as is given Urban Municipalities. No mention of either of these two matters is made in the Notice.

Your Committee would recommend that when the Bill founded on this Petition comes before the Private Bills Committee for their consideration no greater powers be granted than those of which Notice to the public has been given.

Mr. Preston (Lanark), from the Standing Committee on Standing Orders presented their Sixth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of Alexander Kramer, and others, of Mildmay, praying that an Act may pass to incorporate the Village of Mildmay and find that Notice of the proposed application to this Legislature was published in the "Ontario Gazette" on the 26th day of January last and on the 2nd, 9th, 16th and 23rd days of February, instant, and also in the "Mildmay Gazette" on the 24th and 31st days of January last and on the 7th, 14th and 21st days of February, instant.

Your Committee find that attached to the Petition is a Declaration purporting to give a correct description of the intended limits of the proposed Village. This description varies somewhat from that shown in the Notice in that it mentions some territory as proposed to be included which is not shown in the Notice.

Your Committee recommend that when the Bill, founded on this Petition, comes before the Private Bills Committee for their consideration their attention be directed to the difference in the description.

The following Bills were severally introduced and read the first time:—

Bill (No. 3), intituled "An Act respecting the City of Guelph," Mr. Carter.

Referred to the Committee on Private Bills.

Bill (No. 8), intituled "An Act respecting the Town of Preston." Mr. Hall (Waterloo.)

Resolved, That the House do forthwith resolve itself into a Committee of the Whole to consider a certain proposed Resolution respecting aid in the improvement of Public Highways.

Sir William Hearst acquainted the House that His Honour the Lieutenant-Governor, having been informed of the subject matter of the proposed Resolution recommends it to the consideration of the House.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, The sum of \$1,000,000 be hereby set apart out of the Consolidated Revenue Fund to aid in the Improvement of Public Highways, and for the payment of grants or expenditures for that purpose, as provided by The Highway Improvement Act, The Ontario Highways Act, The Provincial Highways Act, and any other Act for the construction, acquisition or improvement of Public Highways.

And the said sum shall be in addition to any sum heretofore set apart for the like purpose, and shall be applied and expended in the manner and for the purposes and subject to the terms set out in the Acts referred to in Section (2) or any of them.

Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had come to a Resolution.

Ordered, That the Report be now received.

Mr. Donovan reported the Resolution as follows:—

Resolved, The sum of \$1,000,000 be hereby set apart out of the Consolidated Revenue Fund to aid in the Improvement of Public Highways, and for the payment of grants or expenditures for that purpose, as provided by The Highway Improvement Act, The Ontario Highways Act, The Provincial Highways Act, and any other Act for the construction, acquisition or improvement of Public Highways.

And the said sum shall be in addition to any sum heretofore set apart for the like purpose, and shall be applied and expended in the manner and for the purposes and subject to the terms set out in the Acts referred to in Section (2) or any of them.

The Resolution having been read the second time, was agreed to, and referred to the Committee of the Whole House on Bill (No. 38), Respecting the improvement of Public Highways.

The House proceeded to take into consideration the Resolutions reported from the Committee of Supply, the consideration whereof had been postponed.

The One hundred and fifty-sixth Resolution respecting the expenses of the Hospital for the Insane, Kingston, having been again read,

Mr. McGarry moved,

That the Resolution be now concurred in.

Mr. Dewart moved, in amendment, seconded by Mr. Lowe,

That the Resolution be not now concurred in, but that it be recommitted to the Committee of Supply with instructions to amend the same by striking out the item of number Five, for purchase of additional land, \$30,000.

And the Amendment, having been put, was lost, and the Resolution was then concurred in.

The One hundred and Eighty-ninth Resolution, respecting the Expenses of Game and Fisheries, having been again read, was concurred in.

The House resolved itself into a Committee to consider Bill (No. 44), To provide for the better regulation of the Public Service, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had directed him to report the Bill without any amendment.

Ordered, That the Bill be read the third time To-morrow.

Sir William Hearst delivered to Mr. Speaker a Message from the Lieutenant-Governor, signed by himself; and the said Message was read by Mr. Speaker, and is as follows:—

JOHN S. HENDRIE.

The Lieutenant-Governor transmits Further Supplementary Estimates of certain sums required for the service of the Province for the year 1917-18, and recommends them to the Legislative Assembly.

PRAYERS.

3 O'CLOCK P.M.

Mr. Hall (Waterloo), from the Standing Committee on Standing Orders presented their Seventh Report, which was read as follows and adopted:—

Your Committee have carefully examined the following Petitions and find the Notices as published in each case sufficient:—

Of the Village Council of Merritton, praying that an Act may pass to incorporate the Village as a Town, separate from the County of Lincoln.

Of the City Council of Toronto, praying that an Act may pass penalizing the Toronto Street Railway Company in the sum of Five Hundred Dollars *per* day from the First day of January, 1918.

Of the Town Council of Perth, praying that an Act may pass to ratify and confirm certain By-laws.

Of the Town Council of Orillia, and the Township Council of Orillia, praying that an Act may pass confirming certain By-laws and Agreements.

Of the City Council of Ottawa, praying that an Act may pass authorizing the Corporation to provide by By-laws for borrowing Debentures without the assent of the electors.

Of the City Council of London, praying that an Act may pass empowering the Corporation to pass certain By-laws.

Of the Town Council of Collingwood, praying that an Act may pass authorizing the Corporation to issue certain Debentures.

Of the Town Council of Sudbury, praying that an Act may pass to ratify and confirm certain By-laws.

Of Geoffrey T. Clarkson, and Allan H. Royce, praying that an Act may pass to approve, ratify and confirm a certain lease made by Trustees under the Will of Richard Stubbs.

Your Committee recommends that Rule No. 51 of Your Honourable House be further suspended in this that the time for introducing Private Bills be further extended until and inclusive of Tuesday, the 12th day of March, instant.

Mr. Hall (Waterloo), from the Standing Committee on Standing Orders presented their Eighth Report, which was read as follows and adopted:—

Your Committee have carefully examined the Petition of the Deloro Smelting and Refining Company praying that an Act may pass to incorporate the Village of Deloro, and find that Notice of the proposed application to this Legislature has appeared in the issue of the "Ontario Gazette" of the 23rd day of February last and on the 2nd day of March instant, and that the said Notice has also appeared in the issue of the "Marmora Herald," a newspaper published in the Township wherein the lands proposed to be incorporated are situate, on the 21st day of February last, and a Declaration has been fyled before Your Committee showing that each of the said Papers has been instructed to publish the said Notice for six weeks. Your Committee have also had fyled before them a Declaration showing that fifty Posters containing a copy of the Notice have been posted conspicuously in and throughout the Township of Marmora. A Declaration has also been fyled declaring that a letter, a copy of which is attached, dated February 26th, 1918, was sent by registered mail, by the Solicitors for the Petitioners, to the Township Clerk of

Marmora and Lake, with a request to submit this letter and the enclosed Documents to the Reeve and Council without delay; the Documents said to have been enclosed are "Copies of the Petition to the Legislative Assembly, and of the proposed Special Act and a copy of the notice of intention to apply for the Special Act. They contain a description of the district to be incorporated and set forth all the powers of a special nature asked for." The letter also states that two pieces of land proposed to be included in the Limits of the Corporation are not owned by the Company, but that the Owners thereof are joining in a Petition in support of the Bill.

Your Committee find that in neither the Petition, the Notice in the "Ontario Gazette," nor in the "Marmora Herald," nor in the Posters, is the land proposed to be incorporated described by metes or bounds or by lots and concessions, it being only described as "A district containing about two hundred acres of land, owned by the said Company, and situate in the Township of Marmora, in the County of Hastings."

As all the parties said to be the owners of the land proposed to be incorporated have signified their consent by signing Petitions in support of the Bill, and as the Municipal Council, through their Clerk, is said to have been notified of the proposed Legislation and a copy of the Bill containing a description of the limits of the proposed incorporation forwarded to them, Your Committee are of the opinion that sufficient publicity has been given and would therefore recommend that the rule requiring six weeks notice be suspended in this case and that the notice be held sufficient.

Mr. Lucas, from the Standing Committee on Private Bills, presented their Third Report, which was read as follows and adopted:—

Your Committee beg to report the following Bills with certain amendments:—

Bill (No. 3), An Act respecting the City of Guelph.

Bill (No. 6), An Act respecting the City of Fort William, 1918.

PRAYERS.

3 O'CLOCK, P.M.

Sir William Hearst from the Select Committee of this House appointed to consider and report on the celebration of the Fiftieth year of Confederation, presented their Report, which was read as follows:—

Your Committee, as directed, consulted with the Committee appointed by the Parliament of Canada and was advised that under existing war conditions it was considered that the occasion should be marked by a general and quiet observation, by official demonstrations in various capitals and by patriotic gatherings in local centres.

In pursuance of this plan His Honour the Lieutenant-Governor was pleased to issue a proclamation setting forth that the occasion called for fitting recognition by grateful acknowledgment to Almighty God of the blessings we have enjoyed as a nation, and by public and patriotic demonstrations in various parts of the Province. His Honour furthermore requested and urged all persons concerned to act accordingly.

Inasmuch as the Public and Separate Schools would be closed for vacation at the date set apart for the celebration, instructions were issued by the Minister of Education that the Jubilee of Confederation should be celebrated in the schools of the Province on Empire Day, Wednesday, May 23rd. By his direction an illustrated pamphlet containing material for the exercises of the day was prepared by a Committee of Teachers and issued to all the schools of the Province and the occasion was generally observed.

By request of the Federal authorities, the Public Libraries, were furnished with copies of the pamphlet issued by the Dominion Government in connection with the Jubilee of Confederation.

The Department of Education secured reproductions of the painting entitled "Fathers of Confederation," by Harris, which were framed and sent to all the schools of the Province.

Your Committee invited representatives of the City of Toronto, the Board of Education, the Board of Trade and various military, national, and labour organizations, to confer regarding the celebration in the City of Toronto.

Arrangements were made for a public celebration in Toronto under the auspices of the Provincial Government, the City of Toronto, and various local organizations. For the purpose, the City of Toronto permitted the use of the Canadian National Exhibition grounds and Grand Stand, and made an appropriation towards defraying the expenses jointly with the Province.

Special services were held in many Churches on Sunday, July 1st, throughout the Province, when the gratitude of the people for the blessings vouchsafed to Canada, as a nation, found general expression.

On Monday, July 2nd, the official celebration took place on the Toronto Exhibition grounds. A notable feature of the occasion was the singing, by the children of the Toronto schools, of a number of patriotic selections which were rendered with marked fervour and enthusiasm. In the absence from the City, of His Honour the Lieutenant-Governor, the gathering was presided over by Sir Mortimer Clark, former Lieutenant-Governor of Ontario, and was addressed by Sir William Hearst, Mr. N. W. Rowell, Mr. T. L. Church, Mayor of Toronto, and Dr. Falconer, President of the University of Toronto. The presence of various units of the forces enlisted for Overseas Service, many veterans of the war, and a number of national and patriotic societies as well as a large representation of the public made the occasion an impressive one and brought the celebration of the Semi-Centennial of Confederation to a fitting climax. Other celebrations held in various centres were organized by local authorities and efficiently carried out.

By instructions of the Government, Mr. F. S. Challener, R.C.A., is executing a copy of the original painting of the "Fathers of Confederation," by Robert Harris, R.C.A. Mr. Challener's painting, when completed, will be hung in a suitable place in the Parliament Buildings.

It is recommended that the Deputy Minister of Education, with such committee to assist him as may be deemed advisable, be appointed to collect literary material and records relative to Confederation, for publication in permanent form.

Your Committee desire to thank all who assisted in these various celebrations and to record its appreciation of the generous help it received in making the Semi-Centennial of Confederation a success.

Resolved, That this House doth concur in the foregoing Report.

Mr. Lucas, from the Standing Committee on Private Bills, presented their Fourth Report, which was read as follows and adopted:—

Your Committee beg to report the following Bills with certain amendments:—

Bill (No. 13), An Act relating to the Estate of George Elias Tuckett, deceased.

Referred to the Municipal Committee.

The Order of the Day for the second reading of Bill (No. 73), To amend The Bread Sales Act, having been read,

Ordered, That the Order be discharged, and that the Bill be withdrawn.

On Motion of Mr. Ham, seconded by Mr. Hurdman,

Ordered, That there be laid before this House a Return shewing—1. Copies of all correspondence between the Minister of Public Works, or any other members of the Government, or any official thereof, and any person or persons, and copies of any reports received by the Government, relating to the floods on the Grand River, since the return brought down by the House on the 3rd of April, 1913, being a preliminary study of the subject by H. G. Acres, of the Hydro-Electric Power Commission.

On Motion of Mr. Munro, seconded by Mr. Hurdman,

Ordered, That there be laid before this House a Return shewing—
1. How many persons who have been convicted and sentenced to imprisonment under the Ontario Temperance Act have been discharged without completing the term for which they were sentenced. 2. How many persons fined under the said Act have had their fines or some portion thereof remitted.

The House resolved itself into a Committee to consider Bill (No. 23), Respecting the City of Peterborough, and, after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had directed him to report the Bill without any Amendment.

Ordered, That the Bill be read the third time To-morrow.

The Provincial Secretary presented to the House, by command of His Honour the Lieutenant-Governor:—

Report of the Bureau of Labour of the Province of Ontario for the year 1917. (*Sessional Papers, No. 16.*)

Also—Report of the Minister of Education of the Province of Ontario for the year 1917. (*Sessional Papers, No. 17.*)

Bill (No. 146), intituled "An Act respecting Natural Gas." Mr. Elliott.

Ordered, That the Bill be read the second time To-morrow.

On Motion of Sir William Hearst, seconded by Mr. Proudfoot, it was

Resolved, That we, the Members of the Legislative Assembly of Ontario, recognizing as we do the grave and anxious crisis which confronts Great Britain and France owing to the acute shortage of food in those countries, and the momentous issues that are thus placed in jeopardy, hereby affirm our resolve and determination to do everything that lies in our power to sustain Great Britain and her Allies in the bitter struggle that lies ahead. We realize that the world shortage of food, together with the fact that the destruction of shipping prevents Great Britain drawing supplies from Australia and South America, compels that country and France to depend almost entirely on Canada and the United States for the necessary food to maintain her armies and her civilian population. We desire to express our willingness to assume to the full our responsibility in this perilous emergency. Ontario has with a true spirit of patriotism and unselfishness risen to every demand hitherto made upon her by the war, whether for men, money, munitions, or food, and must not fail now in doing her part in meeting this new and grave crisis. At a time when the whole civilian population of Great Britain is on meagre rations, when even the soldiers' rations have been reduced, and when France is threatened with famine, it behoves all the inhabitants of this favoured Province to examine closely their individual responsibility and privileges, and resolve upon making unprecedented efforts to increase food production. We desire to place on record our hearty acknowledgment of the strenuous and patriotic efforts which the farmers of Ontario have made and are making to produce more crops. We realize that owing to enlistments and other causes the supply of farm labour has become seriously insufficient for the proper cultivation of the lands of this Province, and that many of those left on the farms, both men and women, are working to the limit of human endurance. It is clear, therefore, that a further increase of production on the farms of Ontario this year will only be possible if the farmers are furnished with an army of helpers. Thousands of men, women, and boys and girls will be needed for spring work, haying, cultivation, and harvest. The need is insistent; if disaster to the Allies is to be averted, the response must be immediate and abundant. Confident of a patriotic effort, worthy of the noble traditions of the Province and our unaltered faith in the principles for which the Motherland and her allies are fighting, we therefore call upon the people of Ontario, particularly those living in urban centres, to rally to the help of the Empire and of the farmers in this patriotic Campaign for Greater Production, to be inaugurated by Proclamation of His Honour the Lieutenant-Governor in a week of dedication and preparation beginning March the 24th. It is our profound conviction that every public body and organization should promote the movement, and that every man, woman, boy, or girl who labours this year to help the farmers to produce more food is a veritable soldier of the soil, is playing a most worthy and essential part in upholding the British Empire, in ensuring that the sacrifices hitherto made by our soldiers and our heroic dead shall not have been made in vain, and in hastening the hour of final Victory.

On Motion of Mr. McGarry, seconded by Mr. Ferguson (Grenville),

Ordered, That this House do forthwith resolve itself into a Committee of the Whole to consider certain proposed Resolution respecting The Wolf Bounty Act.

Sir William Hearst acquainted the House that His Honour the Lieutenant-Governor, having been informed of the subject matter of the proposed Resolution recommends it to the consideration of the House.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, That the bounty to be paid upon the killing of a grey timber wolf in Ontario be fixed at \$20 instead of \$15, and that upon the delivery of the certificate provided for by Section 3 of The Wolf Bounty Act and the skin of the wolf to the Treasurer of Ontario the corporation of the county paying the bounty shall be entitled to receive from the Treasurer of Ontario 40 *per cent.* of the sum so paid as bounty, and where such wolf has been killed in a provisional judicial district or the provisional county of Haliburton upon the delivery of the certificate provided by Section 6 of the said Act and the skin of the wolf the person named in the certificate shall be entitled to receive from the Treasurer of Ontario, out of such money as may be appropriated by the Legislature for the payment of wolf bounty, the sum of \$20 if such wolf is a grey timber wolf.

Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had come to a certain Resolution,

Ordered, That the Report be now received.

Mr. Donovan reported the Resolution as follows:—

Resolved, That the bounty to be paid upon the killing of a grey timber wolf in Ontario be fixed at \$20 instead of \$15, and that upon the delivery of the certificate provided for by Section 3 of The Wolf Bounty Act and the skin of the wolf to the Treasurer of Ontario the corporation of the county paying the bounty shall be entitled to receive from the Treasurer of Ontario 40 *per cent.* of the sum so paid as bounty, and where such wolf has been killed in a provisional judicial district or the provisional county of Haliburton upon the delivery of the certificate provided by Section 6 of the said Act and the skin of the wolf the person named in the certificate shall be entitled to receive from the Treasurer of Ontario, out of such money as may be appropriated by the Legislature for the payment of wolf bounty, the sum of \$20 if such wolf is a grey timber wolf.

The Resolution having been read the second time, was agreed to, and referred to the Committee of the Whole House on Bill (No. 137), The Statute Law Amendment Act, 1918.

On Motion of Mr. McGarry, seconded by Mr. Ferguson (Grenville),

Ordered, That this House do forthwith resolve itself into a Committee of the Whole to consider certain proposed Resolution respecting the Purchase of the Debentures of the Town of Matheson.

Sir William Hearst acquainted the House that His Honour the Lieutenant-Governor, having been informed of the subject matter of the proposed Resolution recommends it to the consideration of the House.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, That the Treasurer of Ontario be authorized to purchase or to guarantee payment of debentures of the Municipal Corporation of the Town of Matheson, for the purpose of constructing a system of Waterworks and Sewerage in the said Town of Matheson, to an amount not exceeding \$40,000 and bearing interest at the rate of five *per cent. per annum*.

Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had come to a certain Resolution,

Ordered, That the Report be now received.

Mr. Donovan reported the Resolution as follows:—

Resolved, That the Treasurer of Ontario be authorized to purchase or to guarantee payment of debentures of the Municipal Corporation of the Town of Matheson, for the purpose of constructing a system of Waterworks and Sewerage in the said Town of Matheson, to an amount not exceeding \$40,000 and bearing interest at the rate of five *per cent. per annum*.

The Resolution having been read the second time, was agreed to, and referred to the Committee of the Whole House on Bill (No. 137), The Statute Law Amendment Act, 1918.

On Motion of Mr. Lucas, seconded by Mr. McGarry,

Ordered, That this House do forthwith resolve itself into a Committee of the Whole to consider certain proposed Resolutions respecting fees under the Ontario Election Acts.

Sir William Hearst acquainted the House that His Honour the Lieutenant-Governor, having been informed of the subject matter of the proposed Resolutions recommends them to the consideration of the House.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, That the fees and expenses to be allowed to the returning officers, Boards and other officers and persons for services performed under The Ontario Election Act and amendments thereto and under The Ontario Election Act, 1918, shall be payable out of the Consolidated Revenue Fund.

That for the purpose of providing funds for the payment of such fees and expenses, the Lieutenant-Governor in Council may direct that accountable warrants payable out of the Consolidated Revenue Fund be issued from time to time in favour of any officer or other person.

That the sums so paid out shall be duly accounted for by the production of accounts and vouchers but it shall not be necessary that such accounts or vouchers shall be furnished before the issue of a further accountable warrant in favour of the same person, unless the Lieutenant-Governor in Council otherwise directs.

That all accounts and such fees and expenses shall be audited by the Auditor of Criminal Justice Accounts and upon the production of his certificate as to any amount remaining unpaid upon such account, the Treasurer of Ontario shall cause a cheque to be issued for the amount named in the certificate and the Provincial Auditor shall countersign the same.

Mr. Speaker resumed the Chair, and Mr. Donovan reported, That the Committee had come to certain Resolutions,

Ordered, That the Report be now received.

Mr. Lucas then moved,

That the Bill be now read the third time.

Mr. Dewart moved in Amendment, seconded by Mr. Elliott,

That all the words after the word "That" be struck out and the following substituted therefor: "the Bill be not now read a third time, but be referred back to the Committee of the Whole House with instructions to amend section 18 subsection 1, by striking out the words 'the returning officer' and inserting instead thereof the words 'the Board.'"

And the Amendment, having been put, was lost on a division.

The Motion for the third reading, having been then again put, was carried.

And the Bill was read the third time and passed.

On Motion of Mr. McGarry, seconded by Mr. Lucas,

Ordered, That this House do forthwith resolve itself into a Committee of the Whole to consider certain proposed Resolution respecting the Income of the Prime Minister and President of the Council.

Mr. Lucas acquainted the House that His Honour the Lieutenant-Governor, having been informed of the subject matter of the proposed Resolution recommends it to the consideration of the House.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, That there shall be payable to the Member of the Executive Council holding the recognized position of First Minister, in addition to the annual salary provided for in subsection 1 of section 4 of The Executive Council Act, the further sum of \$6,000 *per annum* in lieu of the sum of \$3,000 *per annum* as provided by subsection 2 of the said section.

Mr. Speaker resumed the Chair, and Mr. Eilber reported, That the Committee had come to a certain Resolution.

Ordered, That the Report be now received.

Mr. Eilber reported the Resolution as follows:—

Resolved, That there shall be payable to the Member of the Executive Council holding the recognized position of First Minister, in addition to the annual salary provided for in subsection 1 of section 4 of The Executive Council Act, the further sum of \$6,000 *per annum* in lieu of the sum of \$3,000 *per annum* as provided by subsection 2 of the said section.

The Resolution having been read the second time, was agreed to, and referred to the Committee of the Whole House on Bill (No. 137), The Statute Law Amendment Act, 1918.

The House then resolved itself into the Committee.

(In the Committee.)

Resolved, That in addition to the sums voted in the Estimates for the fiscal year 1917-18, there be paid out of the Consolidated Revenue Fund, as a Bonus, to Arthur H. Sydere, Clerk of the House, and to Frederick J. Glackmeyer, Sergeant-at-Arms, the sum of One thousand dollars each.

Mr. Speaker resumed the Chair, and Mr. Eilber reported, That the Committee had come to a Resolution,

Ordered, That the Report be now received.

Mr. Eilber reported the Resolution as follows:—

Resolved, That in addition to the sums voted in the Estimates for the fiscal year 1917-18, there be paid out of the Consolidated Revenue Fund, as a Bonus, to Arthur H. Sydere, Clerk of the House, and to Frederick J. Glackmeyer, Sergeant-at-Arms, the sum of One thousand dollars each.

The Resolution, having been read the second time, was agreed to and referred to a Committee of the Whole House on Bill (No. 137), The Statute Law Amendment Act, 1918.

On Motion of Mr. McGarry, seconded by Mr. Ferguson (Grenville), it was

Resolved, That this Legislature desires to extend its congratulations to the Clerk of this House, Mr. Arthur Henry Sydere, and to the Sergeant-at-Arms of this House, Mr. Fred. J. Glackmeyer, both of whom have recently completed fifty years in the Public Service of this Province. We recognize their unflinching devotion to duty and earnest attention to all their responsibilities, as well as their excellent personal qualities in these and in all other respects. We extend to them, moreover, our best wishes for continued health and usefulness, and, on behalf of the people of this Province, tender to them, for their acceptance, the Honorarium voted by this House.

The following Bill was introduced and read the first time:—

Bill (No. 148), intituled "An Act for the better regulation of Mines and Mining Works. Mr. Ferguson (Grenville.)

Ordered, That the Bill be printed for distribution only.

The House resolved itself into a Committee to consider Bill (No. 143), To provide for the payment of an Annuity to the University of Toronto, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Hilliard reported, That the Committee had directed him to report the Bill without any Amendment.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The House resolved itself into a Committee to consider Bill (No. 137), The Statute Law Amendment Act, 1918, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Hilliard reported, That the Committee had made some progress, and directed him to ask for leave to sit again.

Resolved, That the Committee have leave to sit again To-day.

Mr. Carter moved, seconded by Mr. Dewart,

That this House declares the Agreement entered into in the month of December, 1913, between the Government as represented by the Honourable W. H. Hearst, Minister of Lands, Forests and Mines, and the Canadian Copper Company, represented by the Honourable Wallace Nesbitt, fixing the amount of the taxes payable by the Canadian Copper Company under the Mining Tax Act for the five-year period from 1912 to 1916 inclusive, at a flat rate of \$40,000 per year, and further confirmed by letter dated January 24th, 1914, from the Government, as represented by the Mine Assessor, to the President of the Canadian Copper Company, as follows:—

“Yours of the 22nd *re* taxes, stating that the proposed flat rate of \$40,000 per year for five years would be satisfactory to you, received. I think it advisable to mention the years in question for which this tax would be paid, 1912-13-14-15-16, based on the production of the years 1911-12-13-14-15 respectively,”

was wholly unauthorized by this House and that the said Agreement is contrary to the provisions of the Mining Tax Act; and in view of the finding of the Royal Ontario Nickel Commission that the present system of mining taxation in Ontario is just and equitable, but that the method adopted by the Mine Assessor for “ascertaining the value of the nickel copper ore at the pit’s mouth where there is no open market or other available means of ascertaining its market value is not satisfactory”; and that the Mine Assessor should be directed “to fix the profits to be taxed at an amount based upon the price or value of the refined products, less the present statutory deductions, and such further deductions for the actual cost of treatment as the owner shall establish to the Mine Assessor’s satisfaction”;

And in further view of the fact that the Bill passed by this Honourable House in the session of 1917 does not provide for the recovery by the Province of the arrears of taxes for the years 1912-1913, 1913-1914, and 1914-1915, and that the amount paid, even taking into consideration the \$1,300,000 paid last year, is not based on anything like the figures that it should be based on in comparison with the net profits of the company;

This House is of the opinion that it is the duty of the Minister of Lands, Forests and Mines to forthwith institute proceedings under the Mining Tax Act to recover from the Canadian Copper Company the arrears of taxes due by it under the said Act for the years 1912-13-14-15, and this House is further of the opinion that the said Canadian Copper Company should be forthwith required to comply with the terms of the Mines Act and to file the sworn annual returns required by the said Act for the said five-year period.

And a Debate having arisen, the Motion was, by leave of the House, withdrawn.

Mr. Carter moved, seconded by Mr. Dewart,

That in view of the finding of the Royal Ontario Nickel Commission that any of the processes now in use for refining nickel could be successfully worked in Ontario, and that the conditions and facilities are at least as good for such refining in this province as in any other part of Canada, this House urges the Government of Ontario to take proceedings to acquire, construct or otherwise secure the control of nickel refining plants in Ontario where all nickel mined in the province could be refined.

And a Debate having arisen, the Motion was, by leave of the House, withdrawn.

Mr. Carter moved, seconded by Mr. Dewart,

That in view of the financial interest which the Government of the United Kingdom has acquired in the Canadian nickel industry, and considering the vital part which nickel plays in modern warfare, and the uncertainty existing in connection with the duration of the present war, and the requirements of the Allies in the matter of nickel supplies to carry on the war, this House believes the Government should no longer delay entering into negotiations with the Governments of the United Kingdom and the Dominion of Canada to secure united action to acquire the absolute control of the nickel mines and nickel product of the Province of Ontario.

And a Debate having arisen, the Motion was, by leave of the House withdrawn.

On Motion of Mr. Proudfoot, seconded by Mr. Carter, it was

Resolved, That in view of the developments which have recently taken place in reference to the affairs of the Dominion Permanent Loan Association, now in liquidation, whereby it is clear that the returns sent to the Government have not proved a sufficient safeguard to protect those dealing with the company, and it is desirable to amend the law and secure more adequate returns and control of Loan and other corporations, but before introducing legislation it is necessary to have the whole subject investigated.

For said purposes this House hereby appoints a Committee of nine members of this House, to be named by the Prime Minister, to conduct such investigation and report fully at the next Session of this Legislature when legislation adequate to meet the situation will be provided.

On Motion of Sir William Hearst, seconded by Mr. McGarry,

Ordered, That the following Members constitute the Special Committee provided for in the above Resolution of Mr. Proudfoot, to investigate and report upon returns and control of Loan and other corporations:

Messieurs Lucas, Cameron, Dunlop, Irish, McCrea, Allan (Simcoe), Proudfoot, Carter and Bowman. Said Committee to have power to sit during the Recess and to report to the House at the next Session of the Legislature.

The House resolved itself into a Committee, severally to consider the following Bills:—

Bill (No. 66), To amend The County Courts Act.

Bill (No. 116), To amend The Mechanics' and Wage-Earners' Lien Act.

Bill (No. 128), To amend The Upper Canada College Act.

Bill (No. 115), To amend The Ontario Highways Act, 1915.

Bill (No. 140), To amend The Ditches and Watercourses Act.

Mr. Speaker resumed the Chair, and Mr. Irish reported, That the Committee had directed him to report the several Bills without Amendment.

Ordered, That the Bills reported, be severally read the third time forthwith.

The Bills were then severally read the third time, and passed.

The Order of the Day for the House to resolve itself into Committee of the Whole to consider Bill (No. 58), To amend The Jurors' Act, having been read,

Ordered, That the Order be discharged, and that the Bill be withdrawn.

The Order of the Day for the second reading of Bill (No. 83), Respecting the use of the German Language in Ontario, having been read,

Ordered, That the Order be discharged, and that the Bill be withdrawn.

The Order of the Day for the second reading of Bill (No. 112), To amend The Truancy Act, having been read,

Mr. Proudfoot moved,

That the Bill be now read the second time.

And the Motion having been put, was lost on a Division.

And so it was declared in the Negative.

On Motion of Mr. McPherson, seconded by Mr. Preston (Lanark),

Resolved, That this House doth ratify an Order-in-Council dated on the Twenty-first day of March, 1918, designating the Hospitals, Refuges, Orphanages and Infants' Homes, to which aid may be granted under section number fourteen of the Hospitals and Charitable Institutions Act.

On Motion of Sir William Hearst, seconded by Mr. McPherson.

Ordered, That Bill (No. 113), To amend The Marriage Act be referred to a Special Committee to consist of the following Members of this House: Messieurs McGarry, Godfrey, Jaques, Robb, Cameron, Sinclair, Proudfoot, and Ducharme, and that the said Select Committee be authorized and instructed to meet during the Recess and to devote such time as in their judgment may seem meet to the consideration of such Bill and make their recommendations with reference thereto in a report to this House, to be presented at the ensuing Session.

On Motion of Sir William Hearst, seconded by Mr. McPherson,

Ordered, That all the Bills to amend The Assessment Act introduced at the present Session of the Assembly, including those referred to the Municipal Committee, be referred to a Select Committee to consist of the following members of this House: Sir William Hearst and Messieurs Lucas, McPherson, McGarry, Ferguson (Grenville), Allan (Hamilton), Cameron, Calder, Chambers, Crawford, Dargavel, Dunlop, Eilber, Ferguson (Simcoe), Mills, Jessop, Henry, Hilliard, McCrea, Owens, Preston, Sinclair, Thompson (Simcoe), Studholme, Proudfoot, McDonald, Marshall, Ham, Pinard, Elliott, Parliament, Ferguson (Kent), Bowman, and Gooderham, and that the said Select Committee be authorized and instructed to meet during the coming Recess and devote such time, as in their judgment may seem meet, to the consideration of such Bills and such other Amendments to the Assessment Law as may seem desirable, and make their recommendations with reference thereto, in a Report to this House, to be presented at the ensuing Session.

Such Committee shall meet at the call of the present Chairman of the Municipal Committee.

The following Bill was read the second time:—

Bill (No. 145), The Municipal Amendment Act, 1918.

Referred to a Committee of the Whole House forthwith.

The House accordingly resolved itself into the Committee, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Irish reported, That the Committee had directed him to report the Bill with certain Amendments.

Ordered, That the Amendments be taken into consideration forthwith.

The Amendments, having been read the second time, were agreed to.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The House again resolved itself into a Committee to consider Bill (No. 137), The Statute Law Amendment Act, 1918, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Irish reported, That the Committee had directed him to report the Bill with certain Amendments.

Ordered, That the Amendments be taken into consideration forthwith.

The Amendments, having been read the second time, were agreed to.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The Order of the Day for the third reading of Bill (No. 43), To amend The Toronto and Hamilton Highway Commission Act, having been read,

Ordered, That the Order be discharged, and that the Bill be forthwith again referred to a Committee of the Whole, with instructions to amend the same.

The House accordingly resolved itself into the Committee, and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Hilliard reported, That the Committee had amended the Bill as directed.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The following Bills were severally read the third time and passed:—

Bill (No. 57), To amend the Act to authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes.

Bill (No. 141), Respecting the Cultivation of Vacant Land.

Bill (No. 103), To amend The Registry Act.

On motion of Mr. Proudfoot, seconded by Mr. McDonald,

Resolved, That in view of the fact that this is the 25th anniversary of The Act for the Better Protection of Children, passed by the Ontario Legislature in the Session of 1893, this House desires to place on record its appreciation of the good work done by the many social workers connected with the Children's Aid Societies of the province, and wish them continued success in their efforts to improve and elevate the child life of our country.

On motion of Mr. Proudfoot, seconded by Mr. Elliott,

Ordered, That there be laid before this House a Return of copies of—1. All correspondence between the Minister of Lands, Forests and Mines, or any member, officer or official of the Government, and the firm of F. McGibbon & Sons, Lumber Merchants, Sarnia, or the firm McGibbon Lumber Company, of Penetanguishene, in reference to the renewal of the license granted to the last named company to cut timber on Franklin Island, in Parry Sound. 2. Copy of the original agreement with the McGibbon Lumber Company, of Penetanguishene, in which the said company was given the right to cut pine timber on the said island. 3. Copy of the license and renewals (if any) granted to the said McGibbon Lumber Company. 4. Copy of the agreement made with and the license granted to the Hope Lumber Company, of Thessalon, Ontario (now owned by White, Gratwich & Mitchell on Garden River), about the same time; and copies of all correspondence between the said Hope Lumber Company or White, Gartwich & Mitchell and the Government or any officer or official thereof in reference to the sale of timber to either company. 5. Copies of the renewals of licenses to the Hope Lumber Company or White, Gratwich & Mitchell (if any). 6. The date when the license to the McGibbon Lumber Company was cancelled. 7. How the money derived from the said license was expended. 8. The number of licenses which have been renewed during the present year in the District of Parry Sound, and in whose names these licenses stand.

On Motion of Sir William Hearst, seconded by Mr. McGarry,

Resolved, That when this House adjourns To-day, it do stand adjourned until Tuesday next, the twenty-sixth day of March, instant, at Three of the Clock in the afternoon.

Mr. McCrea, from the Standing Committee on Public Accounts, presented their Report, which was read. (*Appendix No. 1.*)

Mr. McGarry moved, seconded by Mr. Ferguson (Grenville),

That the full Sessional Indemnity be paid to those Members absent on Military duty, and to those absent on account of illness, or other unavoidable cause.

Mr. Dewart moved, in Amendment, seconded by Mr. Pinard,

That the following words be added to the Motion: "but this shall not include the Members for North Huron, West Lambton and West Kent, in view of their absence without medical certificate as to illness, or Statutory Declaration as to some unavoidable cause, other than personal engagements."

And the Amendment, having been put, was lost, and the Main Motion having been again submitted, was carried, and it was

Resolved, That the full Sessional Indemnity be paid to those Members absent on Military duty and to those absent on account of illness, or other unavoidable cause.

The Provincial Secretary presented to the House, by command of His Honour the Lieutenant-Governor:—

We, His Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach your Honour with sentiments of unfeigned devotion and loyalty to His Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled “An Act for granting to His Majesty certain sums of money for the public service of the financial year ending on the 31st day of October, 1918, and for the public service of the financial year ending the 31st day of October, 1919, and for other purposes therein mentioned.”

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“His Honour the Lieutenant-Governor doth thank His Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Act in His Majesty's name.”

His Honour was then pleased to deliver the following Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

In the ordinary course of events this would be the concluding Session of the Fourteenth Legislature of this Province. The desire, however, of the

people to avoid the distractions of a General Election at a time when all our energies and resources are required for the protection of our liberties has been so widely and insistently expressed, and so generally recognized, that it has been urged upon my Government as a duty equivalent to a mandate to carry on the Public Administration without a dissolution until happier and more settled times.

A measure has, therefore, been adopted extending the duration of the Legislature until a year has elapsed and a Session has been held after the return of our men from overseas. I have no doubt whatever that the extension of the term of the Legislature under existing circumstances, and the spirit of harmony it indicates, will be a source of strength to the State and an inspiration for more united and more determined efforts on the part of the people.

I heartily commend the clear and emphatic declaration you have made of the attitude of this Province towards the great struggle now in progress. It is my conviction that the people of Ontario, fully realizing the gravity of the situation and the significance of the issues involved, are determined to devote their entire strength and resources to the successful prosecution of the war. I, therefore, direct their attention with confidence to the urgent necessity of greater production and thrift. We have reached the time when every able-bodied person must recognize an individual responsibility to assist in production, and when all public bodies and organizations must energetically co-operate towards that end. Our confidence in our cause and in the power of the Allied forces, although never greater or better founded than it is to-day, calls for the utmost activity on the part of our people in every walk of life. I am, for these reasons, glad to know that a conference with the Dominion Authorities has resulted in an arrangement for co-operation between the Dominion and all the Provinces in the important matter of food production.

We all rejoice over the fact that members of the gallant First Contingent of the Canadian Expeditionary Force, which left Canada for the War in September, 1914, have begun to arrive here on well-earned furlough. I join with all our people in extending to these heroes a warm and affectionate welcome. Canada can never fully repay the debt she owes the brave soldiers who guarded the Empire in its supreme hour of danger, and won imperishable glory.

Much of the legislation you have been called upon to consider arises out of war conditions. The Act respecting the distribution and sale of fish is designed to increase the supply of fish food, and thus reduce the consumption of meats urgently required for use overseas. Last year's operations, though largely experimental, suggest the possibility of useful results in the future under the powers now conferred.

Another measure brought about by the War is the Act providing for the development and preservation of the fuel resources of Ontario. I trust that

some relief from scarcity of fuel may be obtained through the agency of a Fuel Controller, authorized to regulate the consumption of fuel and develop new sources of supply.

In order that vacant lands may be made productive, Municipalities have been authorized to take control of such land and to allot it to persons undertaking to bring it under cultivation.

An Act has been adopted to bring under official regulation and supervision the treatment of venereal diseases.

Important steps have been taken for the improvement of the public service. The Act providing for the appointment of a Purchasing Agent is intended to place all Government purchases under expert control. Another measure places the Civil Service of the Province under the supervision of a Commissioner, who will be responsible for the qualification of all appointees, and will report and advise upon the efficiency of the Service.

Several Bills containing suggested amendments to the Assessment Law, and also a Bill to amend the Marriage Act, have been referred to Special Committees instructed and empowered to sit during the recess and report thereon to the next sitting of the Legislature.

I desire to thank you for the liberal provision you have made for the Public Service, and for the various undertakings of the Government, which will be expended with due regard to economy and efficiency.

In relieving you of your duties, I desire to thank you for the beneficial legislation you have enacted, and to express the hope that the blessing and protection of Almighty God will continue to abide with our people and our Empire.

The Provincial Secretary then said.

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It is His Honour's will and pleasure that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

MR. CLARKE: There is an item here of \$18,369.82, on page 668 of the Public Accounts. I think you know what we want. It seems like a large

14 JOUR.

amount. Probably it is all right but we want to know about it. In the first place, who are McConnell and Ferguson?

A.—They are an advertising agency with headquarters in London and a branch office in Toronto.

Q.—London, Ontario?

A.—Yes. I got in touch with them for the reason that the year previous the Dominion Government carried on a similar campaign in which we were co-operating. They did the work then and I knew they could do this well. They submitted to us a list of the different newspapers all over the Province and we simply got through them the same rate as the newspapers would have charged us. They got their commission from the newspapers, not us at all.

Q.—You didn't pay any commission to these people?

A.—No, nothing.

Q.—How many papers did they advertise in?

A.—Every paper in the Province of Ontario, except the trade journals.

Q.—Do you mean that every newspaper in the Province handled these advertisements?

A.—Yes, here is a complete list of all the papers and their rates.

Q.—They furnished you the rates of these papers did they; or had you the knowledge of what they charged?

A.—Yes, as the amounts came in.

Q.—But when you made the contract with McConnell and Ferguson to advertise in all the papers of the Province you had arrived at some basis—the basis you arrived at, as I understand it, is that these newspapers would charge what they would have charged if you had advertised with them direct?

A.—Their regular rates, yes. In many cases it was much less than they would have charged us if we had gone after each individual newspaper. In fact I am quite sure of that, judging from past experience. Moreover, we were in a hurry, and it would have taken a lot of time to write to all these papers. The agency simply submitted to us a list of all the newspapers in the Province and the rates they thought they could get from them.

Q.—You did not know, as a matter of fact, whether you could make better deals yourself or not?

A.—We submitted rates to people we had confidence in and they said they were surprisingly low.

Q.—Would you be surprised to know that this firm got 25 *per cent.* commission for placing this advertising?

A.—I understood they got 15 *per cent.*

Q.—Yes, and some got 25 *per cent.* I have letters to that effect in my pocket. And some got some privileges outside of that.

A.—I did not know about that.

Q.—That is the case and I think it is a reasonable kick. Why should this firm make 25 *per cent.*, practically four or five thousand dollars out of

a job of this kind? However, you have said that whatever money they made was made out of the newspapers.

A.—Out of the newspapers, yes.

Q.—The whole thing as I understand it is this, Mr. Bailey; correct me if I am wrong. You went to this firm and they gave you the names of all the papers, or practically all the papers in the Province. They gave you the rates these newspapers would charge and you accepted them?

A.—Yes, provided the newspapers would accept the rates. If I read you the contract it would help to clear up that.

Q.—Did any of them take less than those prices?

A.—Some refused to take it at the price given and we had to deal with them separately.

Q.—Did you deal with them?

A.—The price was submitted to me and I approved of it.

Q.—That was through McConnell and Ferguson?

A.—Yes.

Q.—Have you the contract there?

A.—Yes. Here is a copy of the contract.

MR. CHAIRMAN: What is this of?

A.—This is to McConnell and Ferguson, from me.

Ontario Department of Agriculture,
Toronto, February 15th, 1917.

DEAR SIR:—

You are hereby authorized to arrange for the advertising in connection with our Back Yard Garden or Home Garden Campaign and our Farm Help Campaign, as *per* your proposition No. 5 and schedules attached thereto, dated February 12th. In case any paper refuses to accept the advertising at the rate you have quoted you are to report to us with proper evidence that the rate has been refused. We will then decide whether you will be authorized to pay the rate demanded, or instructed to drop the paper from the list.

For the item of \$2,815.50, covering illustrations, typesetting, plates, express charges, etc., you are to supply each daily paper with four advertisements on the garden campaign in plate or matrix form. You are also to supply each weekly paper or special publication (English) two advertisements on the garden campaign in plate or matrix form. You are also to supply each daily paper with four advertisements in plate or matrix form on the farm help campaign. You are also to supply two advertisements in plate or matrix form to each weekly or special publication (English) in connection with the farm help campaign.

In the cases of magazines and papers printed in foreign languages you are to supply plates of illustrations only and they are to set the type themselves.

You are to furnish us with copies of all publications containing the advertisements or at least with the page from each issue showing the insertion.

Yours very truly,

(Signed) C. F. BAILEY,

Assistant Deputy Minister.

Messrs. McConnell & Ferguson,
Robins Building, Toronto.

MR. BAILEY: That is the contract we entered into with McConnell & Ferguson.

MR. CARTER: How many papers were there refused to contract? Where were they and who are they?

A.—That would require a little looking up.

Q.—Then I wish you would find that. I do not know that you made such a bad bargain, but I would like to know how many refused and the difference in the price you had to pay. If you cannot get it now you can submit it later.

MR. CLARKE: The newspaper men are kicking that they hadn't a chance to deal directly with the Government.

A.—As to that I may tell you that the Organization of Resources Committee this year have adopted a different policy. They are going to pay the newspapers their full rate and pay the agency for the work they actually do.

MR. SINCLAIR: You will find that more expensive.

A.—Yes, it will be more expensive.

MR. CLARKE: Surely you don't need to pay anything additional. Haven't you a list in this House of every newspaper in Ontario? It shouldn't be much of a job to find out what they charge.

MR. MUNRO: Cannot the Government make the same arrangement with the newspapers that this firm does?

A.—All this advertising had to be drafted. Besides this campaign was started late, and time was important. We knew nothing about advertising, and it would have taken weeks where this firm did it in days.

MR. SINCLAIR: Manufacturing and industrial firms have found it cheaper to do their advertising in this way because these people are wholesale placers of advertising and get better rates. It costs manufacturers and industrial people less to place their advertising in that way, does it not—you simply followed the usual commercial practice?

A.—That is all.

Q.—And you paid no attention to the politics of the papers. I see in my own town both papers got equal advertising?

A.—Every newspaper in the Province was used.

MR. CHAIRMAN: The point of the proposition is this—we want no false impression made. Certain papers are charging that they were held up by this agency to the extent of 25 *per cent.* Is there any intimation by the newspapers that the Department in any way was a party to the arrangement between the newspapers and the agency?

MR. CLARKE: I did not make that charge did I? I do not think I inferred that. I did not intend to.

MR. CHAIRMAN: Did the newspapers have to pay any such commission, Mr. Bailey?

A.—No, they could come back to me and I would adjust it.

MR. CLARKE: For how long were these advertisements inserted?

A.—They varied—depending on the kind of advertising. There were three or four insertions of each.

MR. SINCLAIR: This advertising agency supplied the matrix?

A.—It was boiler plate. That is part of the account of McConnell and Ferguson. They did the writing of the advertisements and the supplying of the boiler plate.

Q.—So that the newspapers had nothing to do but put it in their papers?

A.—Yes.

MR. CHAIRMAN: In that case McConnell and Ferguson would really be part of the production. They were getting out the advertising matter?

A.—Yes, we gave them an idea of what we wanted and they put it into shape for us.

Q.—As between them and the newspapers they agreed as to how the amount paid for the advertising was to be divided?

Q.—They simply sent out to each newspaper and said, 'We will pay you so much for so much space. If you accept we will send you the material for such and such a day.' I think with one or two exceptions they all accepted.

Q.—You will furnish a list of those exceptions—those who didn't accept and were paid extra?

A.—There was some correspondence in reference to that, and I will get that.

MR. SINCLAIR: Was this firm employed by the Dominion Government for conducting a similar campaign?

A.—Yes, the year previous, I had been assisting the Dominion Government in that campaign and these people were considered to be reliable.

Q.—There was no political pull in connection with it?

A.—No—in fact I think the firm are Liberals.

Q.—I know Mr. Ferguson is because he comes from my riding and is the strongest Liberal there. It isn't a question of politics?

A.—Oh, no.

MR. CLARKE: If this was the practical commercial way to place advertising, why are they changing it?

MR. CHAIRMAN: This matter of commissions was entirely one between the agency and the newspapers. The Department had no part in it except where the newspaper refused to accept the advertising agency's rates. Is that right?

A.—Yes.

Q.—Was there any newspaper that refused to accept the advertising agency's rates?

A.—I cannot say definitely, but I think there was some correspondence with reference to making an adjustment of some things.

Q.—If they refused to accept the rates, arrangements were made as between the Department and these newspapers?

A.—Yes, through McConnell and Ferguson.

Q.—In that case did you fix the commission or the arrangement as between McConnell and Ferguson and the newspapers?

A.—As far as I was concerned I did not. I did not know anything about the commissions.

Q.—Did you have any complaints from any of the newspapers, such as Mr. Clarke speaks of?

A.—I think we had one or two letters pointing out that this company was getting a commission.

Q.—Was that before or after the contracts were let?

A.—After. They did not wish their names mentioned.

Mr. Bailey was then examined in reference to an expenditure of \$25,000 for "purchasing cattle and other live stock to resell to settlers in Northern Ontario." appearing on page 671 of the Public Accounts.

MR. CLARKE: Will you please tell us what is covered by that item?

A.—I might explain that we met with many difficulties. In New Ontario, you understand, live stock is going to be the basis of agriculture. You have to have live stock if you are going to build up that country. There were many settlers who wanted to buy cows and they could not go to Old Ontario for them. Unscrupulous dealers were in the habit of buying old cows, shipping them up there and selling them at high prices, and a lot of the settlers were disappointed. We couldn't very well take orders and fill them, because if you got a cow to the settler it probably wouldn't be what he asked for or thought he wanted. We erected a creamery at New Liskeard as a demonstration creamery

to find out how effective it would be in developing the live stock of the country. We considered it advisable to bring in three or four cars of cattle in order to increase the number of cows sending milk to that creamery. We bought the cows, mostly in Eastern Ontario and paid a man \$5 a day and expenses to get them. We had to send a man with the car, too. Unfortunately, the day we advertised our sale they had one of the biggest storms in the north last year. Trains were tied up for three or four days and we had to postpone our sale for three weeks, advertise again, feed our stock and pay other bills, which greatly increased our expenses. Then again we anticipated that few people would come from Cochrane and that district. We got a single return fare to New Liskeard and agreed to ship any cattle free of charge by local freight over a radius of fifteen miles. Much to our surprise there were eighteen head of cattle sold outside that radius on which we were forced to pay local freight rates. Then again there was a large increased cost in handling the cattle. That was quite a large percentage. Then up at Port Arthur we had a sale there, and as you will understand, it is not very easy to get accommodation in Port Arthur. You have to pay far beyond what you would in some village in old Ontario, and our auctioneer cost more there than he would anywhere else.

Q.—Did you sell the cattle by auction?

A.—Yes, that was our first plan.

MR. SINCLAIR: How would you buy the cattle down here?

A.—Just by sending around to the farms and picking them up in different sections where we thought we could get a carload. At Devlin we had an auction sale and the man we sent up to look after that work got in a train wreck and missed his train. We had to leave the sale in the hands of local people because it was advertised and the people were there. We were more or less handicapped on that account. We lost \$18 a head down there. If we had had our own man there it wouldn't have been so much.

MR. MUNRO: You lost \$18 a head after adding in the expenses?

A.—Yes. On other cows we sold we lost an average of \$10 a head. Following that we changed our system. You will notice there a purchase of 37 head—along about the first of June—they were sold by private treaty. We figured that in many cases under the old system the settler paid \$30 or \$40 more than a cow cost, while in other cases he paid \$30 less than the cost. They didn't know the value of them and took a liking to cows that possibly weren't worth the money. We decided that the private treaty scheme would be more satisfactory. We took these 37 cows and divided them between the farms at New Liskeard and Monteith. The settlers went there and looked at them and picked out those they wanted. They were numbered, and when the settlers came to see about them we could tell by the numbers what

the cows cost in old Ontario. We added \$10 to cover the charges of buying and transportation and we have an approximate gain from the sale of those 37 cattle of \$5.74.

MR. CLARKE: You mean a saving on what you would have lost if you had sold them at auction?

A.—No. We actually are that much ahead.

Q.—What I understood you to say was that you were out \$10 for expenses—until they were off your hands?

A.—No, that was what we were ahead.

Q.—\$5.74—on this one lot?

A.—Yes, you see we had no control over the price when we sold by auction. There was our difficulty.

MR. CARTER: Some of the settlers who knew little about real quality bid high on a cow that looked good. The thing was going wrong, was it?

A.—It was not fair to the settlers who did not know good cattle when they saw them. We have adopted this policy and we are going, this spring, to put cattle on the farms in New Liskeard and Monteith and the prison farm at Fort William and perhaps on another farm in the Rainy River district. We will put a carload on each farm and number them so that the farmer can pick out the cow he wants.

MR. CLARKE: You bought these cattle about the first of June, weren't you able to sell them pretty quickly?

A.—No, we were not. You see the country is sparsely settled as yet. We carried these cows at New Liskeard, some of them until nearly time to put them into the stables. But to give you an idea of how live stock is going up there let me tell you this: We had three hundred cows, the milk from which was promised us for the creamery. This spring we have 800 in sight. It was started with the object of putting heart into the settlers and it is doing a lot.

MR. CLARKE: The principle of furnishing the cattle is a mighty good thing. The question is whether you cannot put them in with less expense.

A.—There is another point, too. In selling these cattle we sold for cash. They had never heard of a cash auction up north, and you seldom hear of it down here. If we had sold for credit we could have got, as far as bookkeeping was concerned, a handsome profit.

MR. CARTER: Have you got over your first mistakes; you are not going to average as bad as that?

A.—No. We were buying our first cattle in winter and you know the expense of doing that.

MR. MUNRO: How many head of cattle have you handled?

A.—220 head.

Q.—Calves and cows?

A.—They were mostly cows.

MR. DUCHARME: What I gather is that if you pay \$100 for a cow you add to the value of that \$10 for expenses and you made \$5 on this in the advertising and selling of these cattle?

A.—Not \$5 a head.

MR. SINCLAIR: You mean that you cleaned up all expenses and had \$5 left on that particular lot?

A.—Yes.

Q.—How many were sold that way?

A.—Thirty-seven, including one calf.

Q.—And you had \$5.74 left after selling the whole 37?

A.—Yes.

MR. CARTER: Well that is fine. That is good. You couldn't do any better than that.

MR. SINCLAIR: Is that the system you are going to follow in the future?

A.—We propose to buy cattle as soon as the grass is up in the north country and sell them for what they cost us to put them in.

MR. CLARKE: You will sell for cash?

A.—Yes.

MR. CARTER: What is the winter protection for these cattle up there—what is the cost of carrying them through the winter. Can they readily get feed sufficient to carry them?

A.—Yes, they grow lots of hay up there. Often they don't know what to do with it all.

MR. SINCLAIR: You don't carry any of these cows over for yourselves?

A.—We carry some at Kapuskasing, so that the soldiers will have milk at the farm.

MR. CARTER: And there is no difficulty in keeping them there?

A.—None, no difficulty whatever.

Q.—Will there be enough beef produced up there to feed the cities down here?

A.—That isn't a feature of the work just yet, that will be a later development. In the New Liskeard district we are encouraging dairying, but further north we are encouraging dual purpose cattle so they will grow beef.

MR. CLARKE: The principle is all right, but if you have to pay great big expenses the purchaser has to pay them?

A.—Yes, but in this case the cattle were sold at auction where we had these big expenses. The settler paid just what he thought the cow was worth. In the case of private sales our expenses were only \$10 a head.

MR. CLARKE: Private sale was the best proposition?

A.—Oh, yes. Here are our expenses in selling by private treaty—services, \$78; feed, \$32; freight, \$148; lumber, \$5; incidentals, \$32; traveling expenses, \$11; sundries, \$3; total, \$311.05—that is under the latest scheme.

MR. SINCLAIR: When did you start that?

A.—We started that last summer.

MR. MAGEAU: How did you advertise these sales? How did the settlers know that cows or horses or cattle or whatever it might be you were selling were being brought in? How did you advertise the sale to the farmers?

A.—We put up posters around the different districts telling that a carload of cattle was being put in at a certain point and would be sold at cost to the settlers for cash.

MR. CHAIRMAN: I think I have seen some in the newspapers.

A.—Yes, in the newspapers as well. We put the posters up in the railway stations and stores, etc.

MR. SINCLAIR: The results have been very good, Mr. Bailey?

A.—Yes.

MR. MAGEAU: Is this being done in the older parts of New Ontario as in the newer parts?

A.—If we knew there was need for it, it probably would be. That is a matter for Mr. Ferguson to decide, but I imagine he is prepared to extend it to any part of Northern Ontario.

MR. MAGEAU: The reason I asked is that I think a good deal of work could be done in the district where I am (Sturgeon Falls). The farmers there want to get proper stock, they want to improve their stock. That is the idea.

A.—Their stock could be better improved by using good sires than by bringing in new families. They can get good bulls free of charge from the Dominion Government. The Dominion Government has put in a lot of sires.

MR. CLARKE: You are not sending in high-grade stock?

A.—We are sending in good grade cows. We started the policy of sending in good sires four years ago. The Dominion Government took it over and is extending it to every part of the Dominion.

MR. SINCLAIR: Didn't the Province of Saskatchewan buy a herd of high-grade cows to take out there?

A.—Yes, and Manitoba has done the same, too.

The witness was then excused.

Mr. R. P. Fairbairn, Deputy Minister of Public Works, called and sworn.

MR. CLARKE: You have an item here on page 408 of \$9,798, I think it is for wages of men?

A.—Yes.

Q.—Can you give us the details about that—who are the men and what are their wages?

A.—You want the details of that whole sum of \$9,798?

Q.—Yes.

A.—Well, there was the wages of the engineer from November 1, 1916, to April 3, 1917, amounting to \$496.62. The reason for that was that he was paid up to that date from the vote for the wages of gardeners and other help. After that he was paid out of a special vote for the engineer.

MR. SINCLAIR: What are his duties?

A.—He has charge of the heating and ventilating and general supervision of that sort at Government House.

Q.—Is that all run under one system?

A.—Yes, under one system.

MR. CLARKE: What is next?

A.—Wages of firemen, November 1st, 1916, to October 31st, 1917, \$2,579.74.

Q.—How many months is that for?

A.—That is for the whole year.

MR. CARTER: Have you a fireman beside the engineer?

A.—Yes, there is an engineer and three firemen—three firemen during the winter and two during the summer.

MR. CLARKE: How many firemen does that amount cover?

A.—It covers three firemen. A man is required in the boiler-room constantly and this provides an eight-hour shift.

MR. MUNRO: How does the one engineer manage. He would not have an eight-hour day would he?

A.—Yes, he has an eight-hour day. While he was there there would be two men. He supervises the whole thing.

Q.—He is not there twenty-four hours?

A.—No, he has responsibility for the whole plant, sees that the machinery is kept in proper condition and supervises the stokers in their work.

MR. DUCHARME: How is it that the engineer only gets \$496?

A.—That is for only part of the year.

MR. CLARKE: What portion of the year was that?

A.—From November 1 to April 3—that would be about five months.

MR. SINCLAIR: The others would get about \$2 a day—the firemen.

A.—No, it varies, you cannot get good firemen for less than three dollars a day now. During the summer we only had two firemen; in the winter three.

MR. CARTER: How many days do they work?

A.—Seven days a week.

MR. CLARKE: What others are there?

A.—There is wages of messenger and some special cleaning done in Government House, when women came in and cleaned the house—\$2,420.86.

MR. CARTER: That is for special cleaning?

A.—Well, there is a returned soldier at the door who directs parties who come to the House, and it is for other work as well. The messenger's wages are in that, and the pay of the women who did the cleaning.

MR. CHAIRMAN: You mean charwomen?

A.—Yes.

MR. CLARKE: We have a list now of part of the help. Can you tell us what additional amounts are paid out for help at that institution besides those?

A.—There is nothing else.

Q.—Does this item of \$2,420 cover the domestics in the House?

A.—Yes.

Q.—Who pays the domestics?

A.—They are paid by His Honour.

Q.—Out of his private purse?

A.—Yes.

Q.—The Government does not contribute anything toward the upkeep of the House?

A.—No, nothing at all except for furniture and furnishings, nor for the domestics except these special cleaners who come in for short periods.

Q.—Do I understand from you then that the item for engineer and firemen and these extras cover practically all the Government pays out for labour in the year toward Government House—for running it?

A.—That is all—except that you haven't got the item for the gardeners yet.

Q.—Then give us that.

A.—\$4,302.28.

Q.—Do I understand this is for the gardener and the help he has around the place?

A.—Yes. There is a regular staff. They were on the old Government House—five men besides the gardener himself.

MR. SINCLAIR: It is simply a continuance of the old conditions?

A.—Yes.

MR. CLARKE: Except on a more extended scale.

A.—No, it is not on a more extended scale, except that men who used to get \$1.25 a day now get \$2.50, while the man who used to get \$1.50 now gets \$3.00.

MR. CARTER: What is the amount for engineers and firemen?

A.—The engineer got \$496.62.

Q.—That is for five months?

A.—Yes. The firemen got \$2,579.74—that is for three firemen.

MR. CLARKE: I understand then, that the amount for the engineer and firemen and this amount of \$4,220 for messenger and help practically covers all the money paid out for help for Government House?

A.—There is the wages of the gardener himself.

Q.—What does the gardener get?

A.—The gardener appears in the first item in the Public Accounts—\$1,100.

MR. SINCLAIR: There is no deputy gardener or assistant gardener other than is covered in the \$4,000 item?

A.—No, the gardener claims that he doesn't get any more now than he did before.

MR. DUCHARME: He gets \$1,100 and that is all he gets?

A.—Yes, that is all he gets.

MR. CLARKE: Have we all the help now?

A.—Yes.

MR. SINCLAIR: Then as I understand you there is no increase in help in the new Government House, and that the increased cost is due to the increased cost of wages?

A.—Of course in the case of the engineer and fireman there are more—

Q.—I mean the gardeners.

A.—No, there are no more.

MR. DUCHARME: Doesn't it cost more for gardeners outside of the annual increase in wages than it did?

A.—You see in the old Government House there were six or seven acres of lawn and gardens, and there was a propagating house and conservatory probably more expensively equipped than that in Government House now.

MR. CLARKE: Will you tell us how many tons of coal were consumed in Government House last year?

A.—I could not speak as to that, I thought you were inquiring about these other particular items.

Q.—According to the Public Accounts there were 976 tons purchased.

A.—Whatever is in the Public Accounts would probably be right, but I haven't checked it over.

Q.—There appears on page 408 an item of 976 tons of coal, costing \$4,608. Was this coal all used?

MR. SINCLAIR: You do not know of your own knowledge how much of that coal was used—you only know how much was purchased?

A.—I know this was purchased for Government House.

MR. CLARKE: I want to know how much of this coal was consumed or whether it was simply purchased.

A.—My answer is that the coal was consumed in Government House, provided the accounts are correct, and I am confident they are. There is no large stock of coal on hand.

Q.—There is an item there that seems big—"Ink wells, candlesticks, etc., \$84—I presume it is correct since it appears in the Public Accounts.

A.—The answer to that would be that the total sum purchased from Ellis Bros. under the heading of furniture and furnishings was \$84.25. In entering it in the Public Accounts they couldn't enter every small item so they enter those that probably are first in the account or the largest sum in the account. In other words, there may be some additional things. That would cover other small things purchased from Ellis Bros. during the whole of the year.

Q.—I see you have another item—a candlestick account of \$162. Is that for this alone, or are there some others?

A.—The same explanation would cover that. We bought a number from both of these firms. It was a case of necessity in the event of the electric light going out, to have means of lighting the House.

Q.—I see there is a brass rail there, that seems an expensive rail—\$85. What is that used for?

A.—That was a rail put up at the side of the main stair. When the House was first put up there was no rail put up at the side of the stair and His Honour asked that a rail be put up. It is at the side of the stairs, just a handrail, where there was no rail before.

Q.—He thought wood would not hold him, eh?

A.—Well, wood would probably cost more than the brass. That has been our experience. The brass is generally a little cheaper.

Q.—What is this item, “pine cloak cupboards and cloak racks”? I see it is \$288.

A.—That is a cloakroom for the gentlemen. It was found to be necessary when there were so many attending the functions. It was put in the basement storey and fitted up—just pine racks to hold the hats and coats, etc., of the men.

Q.—It must be a very large affair to cost that amount of money. That would store away the coats of an army.

A.—That is what it is for anyway. It was for fitting up one of the rooms in the basement as a cloakroom for gentlemen attending the functions at Government House.

MR. SINCLAIR: That is really a capital expenditure, isn't it?

A.—Well that might be classed as a capital expenditure, though we had no vote for capital for Government House this year. It was a necessity.

MR. MUNRO: I see, commencing on page 407, there is an expenditure totalling \$13,084.88. That has been spent?

A.—Yes, that has been spent.

Q.—Turn to the next page—there is an item there of \$7.75. That is for Government House?

A.—Yes, that is for rubber boots. We have to get a special vote for that before the Auditor will pass it.

Q.—Then there is an item of \$568.33. That is for Government House?

A.—Yes.

Q.—Then there is \$367.07. That is for Government House?

A.—Yes.

Q.—And below that there is \$294.85 for uniforms. That is for Government House?

A.—Yes.

MR. CLARKE: Those are the uniforms of the boys around the place?

A.—Yes.

Q.—Then \$386.90. That is for Government House?

A.—Yes.

Q.—All these amounts have been spent in connection with Government House during the last year?

A.—Yes.

MR. CLARKE: I suppose there is a separate account for Government House?

A.—There is a separate account for each one of these votes.

Q.—Would you keep a general account for Government House the same as you would for the Hamilton Asylum, for instance, in which appears all the items charged to Government House?

A.—It would all be charged to Government House.

Q.—Can you furnish us with what has been charged during the last year?

A.—Yes, \$28,559.25.

Q.—That is the total for the year?

A.—Yes.

MR. CARTER: That is what you say was the actual cost of Government House—the cost to the Province for the year in the running expenditure of Government House?

A.—Yes.

Q.—There is also the private expenditure of the Lieutenant-Governor?

A.—Yes.

Q.—But this is the cost to the Province for the year?

A.—Yes.

MR. CHAIRMAN: That would include maintenance and repairs, would it not?

A.—Yes, maintenance and repairs to Government House.

MR. CLARKE: Are all the accounts for this year paid?

A.—Everything is paid, yes.

Q.—There are no accounts outstanding that have to be paid?

A.—No, no accounts outstanding.

Q.—That covers the whole expenditure—the \$28,000?

A.—Yes.

Q.—Coal and all those things?

A.—Everything the Province pays.

MR. MUNRO: Take on page three of the Public Accounts. There is an item there of \$2,050, paid to Sir John Hendrie.

A.—That is for contingencies for his office.

Q.—That is in connection with Government House, isn't it?

A.—No, that is not in connection with running Government House. It is the same as if he had his office in the building here.

MR. CARTER: There is his aide, \$1,400—is that in addition to that or is it included?

A.—That is extra. The \$2,050 item is simply contingencies for which he has not to account, expenditures in connection with the work of his office.

MR. CARTER: Then that \$2,000 is really an expenditure on Government House outside of salary?

A.—It is not on Government House. The Lieutenant-Governor's office is in the building here.

Q.—It is in this building?

A.—Yes.

MR. SINCLAIR: All these items have been passed by the House? The appropriations were all made for them last session. The expenditures made here were all authorized by the House?

A.—Yes, they were all authorized, except that some have been slightly over expended on account of the increased price of labour and materials. But, subject to that, they have all been authorized. You see coal has advanced \$3 a ton since the appropriation was made.

MR. CLARKE: How many furnaces have they burning that 976 tons?

A.—There are two boilers in the boiler-room and another for heating hot water.

MR. SINCLAIR: These are not all items that regularly recur, are they? They are really for finishing the house, many of them. Take this item of T. Eaton & Co. of \$1,153. That is not an item that will occur again as part of the regular annual expenditure? Such items as that will disappear once the house is finished?

A.—Some of them will. There are a lot of little items which turn up that haven't been figured on. There were one or two items of that character. In finishing a house there are always some things to be added before it is complete.

Q.—You say that during the last year there has been a large increase in the price of coal?

A.—Yes, for the first of it we paid \$5.46, and later \$8.35. In advertising for tenders we couldn't get a tender at all for coal for any of the Government buildings.

MR. CARTER: How much did you have to buy at the extra price?

A.—We bought 239 tons at the extra price.

Q.—That would be an increase of about \$700.

A.—Something like that.

MR. DUCHARME: What is the salary of the Lieutenant-Governor, Mr. Fairbairn?

A.—I cannot say what it is now. It used to be \$10,000.

MR. SINCLAIR: I would like to know something about the comparison in maintenance. Take in 1904. Can you give me about the cost then?

A.—It was \$15,039.99. That was the cost of repairs and maintenance then.

MR. CARTER: I didn't understand when you gave us the \$28,000 that it included any repairs. That didn't include repairs, did it?

A.—If there were repairs it would include them.

Q.—Then it includes repairs as well as the pay of workmen?

A.—Yes, it includes the repairs.

MR. MUNRO: Would it be reasonable to say that it would require as many repairs for a new building as for an old one?

A.—No, but a new building requires some attention every year or two before you get it complete.

MR. CARTER: What was the amount of repairs in 1904?

A.—It was not given in detail then as it is now. It is in a lump sum.

MR. SINLAIR: That amount you have named compares with \$28,000 this year?

A.—Yes.

Q.—In spite of the doubling of labor and everything of that kind?

A.—Yes.

Q.—And it is not fair to say that the item of \$28,000 would represent maintenance and repairs in ordinary seasons once you get established?

A.—No, it would not.

Q.—Things are required this year that will not be required again?

A.—Yes.

MR. CARTER: Would they amount to more than \$1,000?

A.—Oh, yes.

MR. SINCLAIR: Every item has been passed by last year's House?

A.—Except certain items which were an increase, such as that for the purchase of coal.

Q.—And if there was any objection to be raised that was the time to raise it?

A.—I should think so.

MR. MAGEAU: Since Mr. Sinclair has taken up 1904 accounts may I ask if the \$15,000 expenditure was all, or if there was an additional amount such as that for contingencies last year. Was there a corresponding item then?

A.—Yes, there would be a corresponding charge there under civil government. It was \$2,170 in 1904.

MR. SINCLAIR: The total in 1904 was really more than it is to-day on the same items?

A.—No, there was \$2,900 for contingencies and \$1,400 for salaries last year as compared with \$2,170 in 1904.

MR. CARTER: Then it is more than double?

A.—But the contingencies you are speaking of now have nothing to do with Government House.

Q.—It is in connection with the Lieutenant-Governor's office, whether at Government House or not.

A.—It is in connection with his office and has nothing to do with Government House.

MR. CLARKE: What salary does the Lieutenant-Governor get, and who pays it?

A.—It is paid by the Dominion Government.

MR. DUCHARME: The whole of it. Is no part paid by the Ontario Government?

A.—No, he is an official of the Dominion Government. We have nothing to do with it.

MR. CLARKE: All we have to do is to pay the expenses of the House?

A.—Yes. You must remember that it is not only the Lieutenant-Governor's residence. It is the residence of the Governor-General. He comes frequently to Toronto and brings a large staff. There are seventeen people come with him, and he lives at Government House.

MR. MAGEAU: What would be the total cost for the gardening, including seeds and bulbs and seeds, and those kind of things, including wages and that sort of thing. What would be the total expenditure for that?

A.—It would take a little time to work that out.

Q.—Well, perhaps you can get that information for me.

The Committee then adjourned.

PUBLIC ACCOUNTS COMMITTEE.

March 20, 1918.

The Committee met at 11 a.m., with Mr. McCrae in the chair.

MR. R. P. FAIRBAIRN, Deputy Minister of Public Works, called and sworn.

MR. CLARKE: Mr. Fairbairn there is an item here of \$20,880.26 paid to John M. Lyle for balance due on account. Is that the architect?

A.—That is the balance of his account as architect of the buildings of the Ontario Reformatory at Guelph.

Q.—Is that the total?

A.—If you add \$28,857.20 to that it will give you the total.

Q.—In other words, about \$49,000—that is for the architect's work for the Guelph buildings?

A.—Yes.

MR. CARTER: What is the cost of those buildings?

A.—That is a point that would have to be decided in determining the balance due the architect. There is a peculiar circumstance; prison labour was employed during the whole time and a great deal of material was found on the site for which the value had to be determined. Of course the architect would be fairly entitled to his commission on the prison labour and the material on the site as the work of the architect would not be any less, rather more if anything, by the employment of prisoners, which would not appear in the cost of the buildings. Perhaps if I read the contract it would make the matter clear to you.

Q.—How was the architect paid—a percentage?

A.—The contract was that he was to receive five *per cent.* of the actual cost to the Government of the buildings, plus a fair valuation of the prisoners' labour and the material used from the site. He placed himself pretty much in the hands of the Government as to the value to be placed on the labour of the prisoners employed and the material secured on the site.

MR. MUNRO: Was he the contractor?

A.—He was the architect who prepared the plans and specifications and working drawings, and superintended the work.

MR. CLARKE: Did he earn this in two years?

A.—It extended over a number of years—from 1910.

MR. CARTER: But there hasn't been much going on in the last two years—there hasn't been much since it was taken over by the Military Hospital Commission.

A.—The work was completed under his charge in 1915, so that it extended over five years. He had to pay his staff, the overhead expenses of his office and to employ special engineers. The construction was changed after Mr. Lyle had prepared his plans, and reinforced concrete construction was adopted which required the employment by him of specialists in that class of work.

MR. MUNRO: The total would be a little over \$50,000 wouldn't it?

A.—It would be \$49,757.40.

MR. CLARKE: You said he had to employ specialists. Would that be in reference to getting out his drawings?

A.—Yes.

Q.—He would not have to employ anyone, any labour outside the getting up of the plans and supervising the work?

A.—It would be in preparing the drawings. When you go into reinforced concrete, architects like Mr. Lyle would naturally employ specialists in that class of work.

Q.—Of course he was doing other work besides yours. He was the architect for other buildings in the Province during that time?

A.—No doubt he was doing other business. The five *per cent.* paid the architect is recognized as the fair share of the cost of the building. It has been for many years.

MR. SINCLAIR: It is the ordinary rate?

A.—Yes, when I was in private practice I used to receive that. You have to pay for your stationery, and stationery amounts to a great deal a year. He doesn't get the whole of that for his own services.

MR. DEWART: What working staff had the Public Works Department during this period—generally speaking?

MR. CHAIRMAN: That is hardly a proper question.

MR. DEWART: The reason I ask is that I want to know why some of the men employed in the Public Works Department didn't do some of this work.

A.—They were busy with other work. This was something special.

Q.—What staff had you at command, during the period when this work was being done?

A.—We had quite a staff.

Q.—How many were employed?

A.—I cannot answer that off-hand, but there would be a chief architect, an assistant and perhaps two or three draftsmen on the permanent list and such other assistants as were necessary.

Q.—Was any portion of the Government staff engaged in work in connection with this contract?

A.—No; no portion of the Department's staff was engaged on that work.

MR. SINCLAIR: I understand they were engaged elsewhere?

A.—Oh, yes, they were engaged elsewhere.

MR. DEWART: Couldn't they have been employed on this and lessen this charge?

A.—It is questionable if it could be lessened much.

MR. SINCLAIR: You would have had to retain a new staff?

A.—Yes, we would have had to get a much larger staff.

Q.—This account extends over five years?

A.—Yes.

MR. CARTER: Mr. Armstrong attended to the construction part, didn't he?

A.—He attended to it as representative of the Provincial Secretary's Department.

Q.—He had the construction in charge, he watched the business. He was in charge as clerk of works for the Provincial Secretary?

A.—No, he was Assistant Provincial Secretary.

MR. SINCLAIR: He was Assistant Provincial Secretary at that time and had the duties of the Assistant Provincial Secretary—and those were not the architect's duties?

A.—That is so.

MR. DEWART: Most of them were performed at Guelph, were they not?

MR. CHAIRMAN: Mr. Armstrong was the administrative head of the department under which this work came?

A.—Yes.

Q.—This was a case in which they couldn't let a contract because prison labour had to be employed. It required a skilled architect to look after that class of work?

A.—Yes.

Q.—Will the vouchers show how this amount was computed?

A.—Yes.

MR. MUNRO: There must have been a large amount expended when it called for such large fees.

A.—Just about a million dollars.

MR. DEWART: Take that cost of a million or whatever it was; what portion of that consisted of prison labour and what value did you place on the prison labour employed?

A.—If you want the details of that I could give it. In the report here the amount assessed for prison labour was \$175,278.75.

MR. SINCLAIR: That is extending over a period of five years?

A.—Yes. That is based on the number of days' work performed.

MR. DEWART: What was the prison labour charged at? What value did you place on it *per day*?

A.—I think it was \$1.25 *per day*.

Q.—Have you details showing how the whole cost was made up there?

A.—No, but attached to this voucher I have here there is a complete report by Mr. Dunlop and Mr. Todd, to the Provincial Secretary.

Q.—I thought that if you had the figures to show what proportion of the cost was for material, for free labour and prison labour, they might go on the record. Can you give them?

MR. CHAIRMAN: Can you give the details Mr. Dewart has asked?

MR. DEWART: The details of the cost of the buildings.

A.—I could give the method by which the balance of the account was arrived at.

MR. DEWART: Can you show us what portion of the cost was for material, what for free labour with superintendence and other charges, and what for prison labour?

A.—The voucher only shows the actual cash cost to the Government. It is not analysed. Then there is the material found on the site and the labour of the prisoners.

Q.—What is the total cost?

A.—Well, the total cost to the Government in cash was \$717,076.91. That is the cash total of the buildings under Mr. Lyle's superintendence.

MR. SINCLAIR: That is outside prison labour?

A.—Yes, outside prison labour and the materials found on the site.

MR. DEWART: About what was the value of the materials found on the site?

A.—About \$100,000.

Q.—Stone mostly?

A.—Cut stone, crushed stone entering into concrete and sand that entered into the concrete.

MR. CARTER: That didn't complete the whole of the buildings—they had a lot of plans but did they ever do it all?

A.—I judge from the voucher that it does.

Q.—No, no. There are foundations buried and made into lawns—foundations actually buried now and made into lawns.

MR. CHAIRMAN: What is your question?

MR. CARTER: Whether that included the whole of his plans that he laid out, the completion of the plans he laid out.

A.—The commission was decided upon, as I said, on the total cash value of the buildings erected plus a valuation of the prison labour and the ma-

materials found on the grounds that went into the buildings. Would you like to have the contract read?

MR. CARTER: I think it would clear the air if that was done. Let us have it.

MR. CLARKE: He was not allowed on the buildings that were not constructed—the plans didn't bring him any revenue if the buildings were not constructed?

A.—I cannot answer that definitely. I fancy he was paid his commission for the preparation of the plans and there was no commission for construction.

MR. CARTER: And do you say they were all carried out?

A.—I could not say that. I do not know. I haven't any definite knowledge. If you like I will read the contract. This is the proposition Mr. Lyle made to the Government. It is addressed to Hon. Mr. Hanna, dated February 21, 1910.

Re Architect's Commission, New Central Prison.

DEAR SIR:

I have given some time to the consideration of the commission to be charged for professional services rendered in connection with the proposed new Central Prison.

As the conditions governing this work are so unique insomuch as a major part of the materials and labour are to be supplied free of cost to the Government, the difficulty of arriving at an equitable basis for my professional charges is readily seen.

According to the schedule of the minimum charges of the Ontario Association of Architects whose charges are legalized by the Government, I am entitled to five *per cent.* of the total cost of the building when completed, and if any material or labour used be already on the ground or come into possession of the owner apart from the contract, the value is to be added to the sum actually computed before the commission is computed.

While an undertaking of this character involves great labour and expense to the architect, I can readily understand that from the Government's point of view it would be desirable to effect the greatest economy possible in the construction of these buildings. The more work that is done by prison labour and the more materials that are manufactured under prison labour the greater the work for the architect; more of his personal time would be required, also more inspection from his office. The accounting and keeping track of time, materials and labour, etc., is in itself no small item.

I would not care to undertake this work unless I felt that I could do it to the best of my ability and with a fair margin of profit for my services.

I estimate that the prison labour in connection with the work would

effect a saving of somewhere between twenty and eighty *per cent.* This percentage would vary according to the character of the work in hand. A similar saving could probably be effected in the manufacture of much of the material for the different buildings.

In order to effect the greatest possible economy in the conduct of the work I would suggest the following arrangement—that I should receive, on the completion of my scale of drawings and specifications for the buildings to be erected for the present requirements, three *per cent.* of the estimated contract price, and in addition my travelling expenses and time for myself and inspector; my own time to be on the basis of \$16 a day of eight hours, and my inspector at the rate of \$5 *per day*, and that, pending the completion of the work, my commission should be figured on the actual cost to the Government of all time and material in connection with the same. The last mentioned commission to be computed and paid three times during the year.

This would leave the amount of my commission to be charged for on time and materials under prison labour, open. In other words, I would leave the question of the total cost of the buildings—the amount on which my final commission would be based—in the hands of the Government, trusting to their fairness in the adjustment of this final commission.

Hoping that my desire to serve the Government in the best interest of this important work has been made plain,

I remain, your very respectfully,

(Sgd.) JOHN M. LYLE.

Then there is Mr. Hanna's letter to Mr. Lyle dated May 12th, 1910.

DEAR SIR:

Adverting to your letter of 21st February last, and in line with our discussion with you in Council yesterday, I understand your charges as architect to be five *per cent.* of the cost of buildings, and \$16 a day and travelling expenses for yourself, and \$5 *per day* and travelling expenses for your inspector for every day you necessarily spend at Guelph, the value of the prison labour and our own material in the shape of stone, gravel and sand, etc., put into the construction to be estimated by the Government, and this value, plus the cash outlay actually made on construction account, to be taken as the cost of the buildings, for the purposes of the Commission. Please confirm or correct my understanding of this.

Yours very truly,

(Sgd.) W. J. HANNA.

MR. CLARKE: Take that \$16 a day—is that plus the five *per cent.* commission?

A.—No, that is a tentative payment.

MR. DEWART: It was in Mr. Hanna's memorandum. It was perfectly clear that it was to be an extra amount.

MR. CHAIRMAN: As I understand this \$16 a day it was an advance pending a final settlement for his services?

A.—Yes.

MR. DEWART: As I understand it he gets \$16 a day in addition to his five *per cent.*

A.—I can show clearly from the file that the method of fixing the balance was this. Mr. Lyle had an estimate made from the plans and specifications of the value of the buildings. The Government did the same thing. Mr. Lyle was paid his three *per cent.* commission for the plans and specifications. The contract made called for a commission on the actual cash value plus an allowance for prison labor and materials. The method of determining the balance was that these four values or amounts were added together, and an average struck, and Mr. Lyle was paid his commission on that cost.

MR. CLARKE: Your average was five *per cent.*—that was what you reached?

A.—Five *per cent.*, yes.

Q.—When you drew all these four facts together, or four agreements, you averaged it out at five *per cent.* on the whole construction of the work. That was for plans and superintendence only on the buildings that reached that amount?

A.—Yes.

Q.—And if it was a million he would get the five *per cent.*?

A.—Yes.

Q.—Apparently you had this system of four ways of getting at it, and finally reached five *per cent.* on the cost of construction?

A.—Yes.

Q.—And that included all the plans and everything?

A.—Yes.

Q.—And all his superintendence and his time?

A.—Yes.

MR. CHAIRMAN: That included the labour of the prisoners?

A.—Yes.

MR. CARTER: If that was valued at so much; if the value of the prisoners' labour was put in with the cost of construction he would also get a commission on the prisoners' labour?

A.—Yes.

Q.—You didn't pay them, but this was put in as if it was regular labour at this price?

A.—Yes.

MR. CHAIRMAN: In giving this amount as the final balance to him everything was included upon which that amount was based, including prison labour and the materials found upon the place?

A.—Yes.

MR. CARTER: And the prison labour was put at \$1.25 a day?

A.—Yes.

MR. CLARKE: I do not understand this \$16 a day.

A.—When the plans and specifications and working drawings were completed he was to receive his three *per cent.*, and the question was on what he was to receive his three *per cent.*, as there was no contract price. He made an estimate of what it was, and received his three *per cent.* The \$16 a day and his travelling expenses for superintendence were tentative payments only. When the final cost was determined he was paid five *per cent.* on the whole.

Q.—You were paying him interim payments. He got three *per cent.* and \$16 a day, but in the final adjustment he was paid his five *per cent.* on the whole. Is that it?

A.—Yes.

MR. DARGAVEL: Didn't the whole thing simmer down to this; he was paid five *per cent.*, the usual price paid to architects, on the cost of these buildings?

A.—Yes, exactly.

MR. SINCLAIR: It is the ordinary charge?

A.—Yes.

Mr. W. W. Dunlop, Inspector of Asylums, called and sworn.

MR. CHAIRMAN: Mr. Dunlop, you have heard Mr. Carter make a statement that there were some foundations made according to the plans of the architect which had been covered up by lawn. What are the facts in connection with that? Is that correct?

A.—The block plan of the reformatory called for two additional dormitories, numbers three and four. I am positive no foundations have been covered up with lawn, except the tunnels leading from the administration building to the different workshops.

MR. CARTER: Are all the buildings completed? Aren't there foundations there and no more construction made on them?

A.—Any foundation that was constructed on the site has a building on it.

Q.—Every foundation?

A.—Every foundation. The foundation that you possibly allude to is the reinforced concrete tunnel from the main building to the workshops.

Q.—No, there was a building—I cannot say in which direction—the foundation of which was there for months and years, and nothing came of it.

A.—It is not there now.

MR. DEWART: Perhaps that was before Mr. Dunlop's time.

A.—I was there in the spring of 1911. The only concrete foundation I can think of that was not built upon is about two or three feet deep, and is on one side of the dormitory where it is enclosed with a steel grill work, and that foundation was purposely put there to build the grill work up to make a yard enclosure for the prisoners. That would be a foundation, but it was put there for building this steel grill, and it is now built.

MR. CHAIRMAN: There are no foundations covered by lawn?

A.—Oh, no. We have covered the tunnels.

Q.—Then that statement is not correct?

A.—No.

MR. CARTER: I had seen a foundation for a time with nothing on it, and I had been informed by men who worked there steadily that you had covered up foundations.

A.—No, that is not so.

MR. CARTER: Then I am pleased to hear it is not correct, and I will have no hesitation in telling people that.

MR. CLARKE: This Burwash farm originally was, or is it now, for what are known as interned men?

A.—Oh, no.

Q.—Are there no interned men there?

A.—No, sir.

Q.—Give us a description of it just shortly; how many men are there?

A.—There is an average of 200 to 280 men at the present time. Originally the farm was an industrial farm for the north country, and took care of the man who was in trouble in the districts, the man who was used to the bush, had worked in the bush and could live comfortably in camp life. When the Guelph Reformatory was turned over to the Military Hospitals Commission we were confronted, of course, with the removal of the prisoners at Guelph, and had to make some extensive alterations in our plans at the Burwash camp to accommodate these men. It brought the number of men there up from about 100 to 250 on an average.

MR. MUNRO: That would be 150 from Guelph?

A.—Yes, I think a little more than that. At the time it brought our average up to 250 or 300 men.

MR. CLARKE: I do not understand that. Before you transferred these prisoners from Guelph you had about 100 men up there?

A.—No, it would range from 80 to 125.

Q.—What were they there for—what was their occupation?

A.—They were law-breakers.

MR. SINCLAIR: From the various districts?

A.—Yes.

MR. CLARKE: This is operated as a farm, isn't it? Is general farming carried on?

A.—Farming, clearing land, and lumbering. Of course they could not farm until they had cleared the land.

Q.—How much land have you cleared and in cultivation?

A.—We have cleared 225 acres.

Q.—Since what time?

A.—Since we began farming.

Q.—What time was that?

A.—It must be four years now.

Q.—When you say cleared, is that in cultivation?

A.—Yes.

MR. MUNRO:—When did you move the prisoners from Guelph?

A.—July, 1917; no, it was May, because the Hospitals Commission took it over on the 1st of June or the last part of May.

MR. CLARKE: You say you have 225 acres under crop; I suppose these prisoners do all the work on the farm?

A.—Yes.

Q.—You have over 250?

A.—Yes, sir.

Q.—What percentage of these men do you get efficient work from? Do you get fifty *per cent.* efficiency out of them? Supposing men were worth \$1.50 to \$2 a day if free men—what would you get out of them there?

A.—That is a difficult question to answer. The bushman from the north put into the woods to clear and cut cordwood and get out logs, would be worth the same there as he would be in the bush as a free man.

Q.—He would be if he worked the same number of hours.

A.—Well, he does—perhaps a little longer. But the men from the cities we have been getting recently from the gaols, who have never had any experience on the farm, whose only experience has been gained in poolrooms, they don't make the same kind of wages on the farm as the other fellow.

Q.—He doesn't keep himself?

A.—It is a question of how the efficiency of these fellows should be gauged. They all work. The primary object is to give them fresh air and keep them

employed. They may be only earning ten cents and they may be earning two dollars a day.

Q.—You had 200 for about how long?

A.—Since May, 1917.

Q.—It doesn't seem like a very big clearing for that number of men.

MR. SINCLAIR: That isn't all that is cleared, is it?

A.—The clearing is only one branch of the work that is going on. There is the farming end. We have cattle there, and a few sheep. We have wood gangs getting out cordwood. We supply some of the northern gaols with firewood, and we get out lumber if necessary.

MR. CLARKE: You cut lumber in addition to what you require there?

A.—Yes, we cut some lumber for the different public institutions.

Q.—Have you any idea how much you cut last year?

A.—I have not.

MR. MUNRO: Have you any idea of the value of the lumber you cut for the other public institutions? Didn't you keep records?

A.—The lumber we would ship to Guelph could be established. Most of the lumber cutting done was in connection with the construction of our own buildings at Burwash.

MR. CLARKE: Would there be a sawmill on the farm?

A.—Yes.

Q.—When you say 225 acres is cleared, completely cleared, do you mean there is some partly cleared in addition to that?

A.—I haven't those figures. But I have been over an extensive area partly cleared, and a lot of work has been done in ditching in a beaver meadow where there is no clearing, but where there is a lot of work to be done in draining the land so that we can have hay. I suppose there must be 400 or 500 acres of that sort of thing.

Q.—How many horses do you keep?

A.—Only six or eight horses.

Q.—I notice there was 60 or 70 tons of hay bought last winter.

MR. SINCLAIR: How many cattle do you keep?

A.—The average number of cattle that grazed last year was 287.

Q.—That was the number you had on the farm?

A.—And we had 228 head of sheep.

MR. CLARKE: How much hay did you produce?

A.—Three hundred tons of hay were harvested.

MR. MUNRO: And apart from that you bought 74 tons?

A.—Yes.

MR. CHAIRMAN: In addition to all this you have built a number of miles of road over the farm, haven't you?

A.—Yes.

Q.—About how many miles—fifteen miles?

A.—Well, there is nine miles from one camp to the other—about fifteen miles of wagon road, I should say.

Q.—That was done in addition to the ditching done throughout the farm and the clearing of land?

A.—Yes.

Q.—And all the construction work on the buildings and everything has been done by the prisoners?

A.—Yes, and the guards. We started out in hiring a man as a guard to use him more or less as a foreman. The man who handles the sawmill is a guard, the man handling the carpenters is a guard and a trained carpenter. You see we have no mechanics there for that purpose. They are all guards.

Q.—Did you do all the building work with these guards and the prisoners?

A.—The major portion of it was done in that way. At the start there might have been some hired carpenters, because all the prisoners were bushmen when we started at camp.

MR. CLARKE: When you took the farm over was it all wood, was there nothing cleared?

A.—Nothing but these beaver meadows.

Q.—Did you cut much firewood this winter?

A.—We have two thousand cords piled on the roadways for shipping, and we will cut fifteen thousand cords this summer.

MR. MUNRO: How do you dispose of it?

A.—The rough stuff is sold to the Copper Cliff Company for their roasting beds, I think. The hardwood is shipped as far east as Whitby.

Q.—How far is it to Copper Cliff?

A.—We shipped it to Sudbury, about twenty-one miles.

Q.—They pay the freight—you only put it on the cars?

A.—Yes.

Q.—What do you charge for it?

A.—F.O.B. on the cars it is \$3 a cord, that is rotten pine, soft wood, etc.

Q.—Maple, etc.?

A.—We do not sell hardwood. We keep the hardwood for our own heating. We do not use coal at all.

MR. CLARKE: Is the superintendent a practical farmer?

A.—He is a graduate of the Ontario Agricultural College.

MR. DEWART: I see on page 273 that he is paid \$2,275; \$150 for one and a half months at Burwash. Apparently he was only getting \$100 a month then. Then he was transferred to Guelph.

A.—He was at Burwash and was transferred to Guelph.

Q.—What is his present salary?

A.—\$2,400, I think.

Q.—Then he was raised from \$1,200 at Burwash to \$2,400 at Guelph. Is he getting the \$2,400 now at Burwash?

A.—I think that is the figure, yes.

MR. CHAIRMAN: He did go from Burwash to the Guelph prison farm before they moved from Guelph to Burwash?

A.—Yes.

MR. DEWART: He was first a month and a half at Burwash, then ten and a half months at Guelph, and now he is back at Burwash at the higher salary?

A.—Yes. He is getting the same salary at Burwash that he received at Guelph.

MR. CHAIRMAN: He came back to Burwash when they moved the prisoners from Guelph?

A.—Yes. He came back with the prisoners.

MR. CLARKE: What do you estimate is the cost of keeping the prisoners up there, as near as you can get at it?

A.—The *per capita* cost as I worked it out for last year, including the guards and maintenance, was about \$1.20 a day.

MR. DEWART: How would that compare with the cost at Guelph?

A.—That was much higher. The contracts for Guelph would materially reduce the maintenance cost there, because they were made during the previous year. At Burwash, having no intimation whatever that the institution would be turned over, we had prepared for only a limited number of men. When we were forced to go on the market and double our purchases, in fact contract for three times as much, we paid higher prices.

MR. CLARKE: Do you credit the prisoners with the value of their work?

A.—No, but the supplies produced are charged up and taken into consideration.

MR. SINCLAIR: But are the prisoners credited with their labour?

A.—We know the number of days they work. As against that I presume we have a substantial profit in the day's work as against the maintenance.

Q.—I mean, you haven't allowed them any \$1.25 a day?

A.—Oh, no.

MR. CARTER: They are more than maintaining themselves?

A.—Yes.

MR. CLARKE: Do the 250 men earn, in your judgment, sufficient to pay not only their upkeep, but the guards and all those things?

A.—Well, it is a hard proposition to get efficiency from prisoners.

Q.—What I am getting at is: suppose they are cutting 1,500 cords of wood this summer—you credit them with that?

A.—Yes.

Q.—And what they cut last winter?

A.—Yes. In a general way all I can say is that the farm is maintaining itself if a fair valuation is put upon the prisoners' labour.

MR. MUNRO: That would be largely made up in clearing the land and work of that sort?

A.—Yes, and its production. We have to pay money out for the maintenance of these men, and there is no return except what we get from the wood or lumber we sell to get real dollars and cents back to the Treasurer.

MR. CARTER: You have a great acreage there, haven't you?

A.—About 35,000 acres.

Q.—You have only a small proportion cleared yet?

A.—Yes.

Q.—Is your timber good?

A.—The timber isn't very good, but there is a lot of it.

Q.—What percentage have you cut of that—have you 500 acres?

A.—Oh, no; we haven't touched the fringe of it.

MR. CLARKE: Was that Government land or land that you purchased?

A.—There were a lot of veterans' claims and some land belonging to the Crown. It is in three townships.

Q.—What was the object in buying so much when you were only going at it at this rate of speed?

MR. CHAIRMAN: Wasn't this the object, Mr. Dunlop—correct me if I am wrong: Knowing the possibilities from a grazing and cattle-raising standpoint, and in that way making use of large areas of land cut over in days gone by by the lumbermen, and the big beaver meadows available for feed, it was planned to enter upon a scheme of cattle development, such as would in time supply the institutions, and in this way provide a prosperous cattle industry from the Government's standpoint and beef from the institutions' standpoint. Wasn't that it?

A.—Yes.

MR. CLARKE: You cannot grow grain for cattle except when the land is cleared.

MR. CHAIRMAN: But a great deal of this land has been cut over and has grown up. Go through that country and you will find scattered and extensive clearings all through it. It is the greatest ranging country for cattle anywhere.

MR. CLARKE: Do you mean the grass is growing up?

A.—Yes, there are thousands of acres of pasture.

Q.—Is there much pine there?

WITNESS: Not much pine.

Q.—What about oak?

A.—There is not much oak.

Q.—Maple?

A.—We have one of the best maple groves in the north country. It is uniquely situated in that respect.

Q.—What is the area of it?

A.—From the trees tapped this spring we will make about 1,500 gallons of maple syrup. A maple bush right in the heart of the forest in the north country is unique. I think we have about 3,400 acres of maple, well developed.

Q.—The object of getting into this thing was to develop it as a farming proposition. You don't appear to be getting ahead very fast. You haven't accomplished very much.

A.—I made a memorandum from the records—it might be of interest. We harvested, with an average of 187 men—some months it was lower and some higher—300 tons of hay on cleared land, not including some acres in beaver meadows. We harvested 3,000 bushels of potatoes, some of the best potatoes I ever saw in my life, grown on the virgin soil in the north. We cut two thousand cords of wood; we have 225 acres cleared, chopped and ready to stump and 275 acres partially cleared. We grazed last year 287 head of cattle and 228 sheep. That is just a memorandum I made of the operations.

MR. SINCLAIR: Besides the road-building and draining?

A.—Yes.

MR. CHAIRMAN: You get a good deal of wild fruit, do you not?

A.—Our accounts will show we purchased very little dried fruit for our prisoners.

MR. CLARKE: You do not appear to produce enough butter for your prisoners.

A.—Those are beef cattle.

Q.—Don't you keep any milk cattle?

A.—They are chiefly beef cattle. It must be considered that this proposition is one that will take some time to develop in that north country.

Witness excused.

C. F. Bailey, Assistant Deputy Minister of Agriculture, recalled:

MR. CLARKE: Mr. Bailey, in connection with this item for assistance to settlers. Will you give us a little explanation of that. It is on page 629.

A.—That is some of the northern development work under Mr. Whitson. Do you want an itemized statement or is there any particular item you want to know about?

Q.—There is an item here: Katherine L. Slater, purchase of a farm in the township of Dymond, \$10,500. Was that purchased last year?

A.—Yes, sir.

Q.—How many acres was that?

A.—I think it was 160 acres. It is supposed to be a quarter section. It is partly in the town of New Liskeard. Just previous to this the town of New Liskeard gave the Government 70 acres to establish a farm there. We did not consider this to justify us in going to the expense of putting up buildings, etc.

Q.—You mean for an experimental farm?

A.—Yes. We did not consider it large enough to warrant us in equipping it. It could not be run to advantage.

Q.—You were apparently paying about \$60 or \$70 an acre. Was it improved much?

A.—No, there were no buildings. Part of it was improved, probably 15 acres. About 80 acres would be stump land and the balance in bush. Land in that section is fairly high.

Q.—This is as high as in some parts of older Ontario?

A.—Yes. Farms have been changing hands up around Earlton, where \$10,000 has been paid for 160 acres this last year.

Q.—But probably there were \$4,000 or \$5,000 worth of improvements on that.

A.—The Agricultural Society's grounds were purchased six years ago. They are adjoining this property, in fact this is nearer town. That was purchased at \$90 an acre six years ago.

Q.—I suppose that was cleared land?

A.—No, it was in stumps.

Q.—I understand from you that this property you bought is largely in timber and stumps?

A.—Approximately 15 acres is ready for the plough, about 50 acres is in stumps and can be cleared quickly, the balance is in bush.

Q.—Any pine in it?

A.—There is some pine here and there.

Q.—Probably you are going to experiment among the stumps.

A.—We have 70 acres to start with that is cleared and in cultivation, given to the Government by the town of New Liskeard. We have something over 100 acres that we can cultivate within the next year or two. It takes a long time to get the stumps out for cultivation.

Q.—It seems to me you could have got it for less money.

A.—You couldn't buy a farm that would be as satisfactory as this one. You would have to go out into the country. We wanted a property we could link up with the place the town had given us.

Q.—Have you any buildings on this 70 acres?

A.—Only one building, a judging pavilion. We haven't built any farm buildings. We are waiting until the war is over.

MR. CHAIRMAN: Was that a fair price in regard to the land values around there?

A.—Very fair.

Q.—Are the roads there improved?

A.—There are good roads for autos.

Q.—How far is it to the street car line from it?

A.—The street car line would be fifteen minutes' walk from where the farm is.

Q.—So you regard the property as purchased cheaply?

A.—Yes.

MR. CLARKE: How many men have you employed on the 70 acres?

A.—We are just cleaning up. We started last spring. We have just a pair of horses and two men.

Q.—I see the wages amount to \$4,000.

A.—That includes wages paid out in connection with a number of experimental plots. We have farms at the Ground Hog River, at Hearst, Kapuskasing, Mettagami, New Liskeard—

MR. CHAIRMAN: That amount includes all them?

A.—Yes. At New Liskeard the expenditure for salary and wages was \$1,059. We have to pay the ordinary labourer \$3.50 a day.

MR. SINCLAIR: The idea was to get town life on the farm?

A.—We wanted to use it for the children too. We wanted to have an agricultural school. The adjoining townships taxed themselves 25 cents a head to support an agricultural school in that section. We wanted this farm near town, so we could link it up with the school.

MR. MUNRO: How long have you been operating?

A.—Just since last spring.

Q.—You really sold nothing off the farm?

A.—No. We raised enough to feed our horses, that is all.

MR. CLARKE: It will be an eye-opener to the people of old Ontario that a scrubby farm, cut over partly and still in stumps, can be sold in that country

for \$70 an acre. You have no buildings on it, no improvements, only about 15 or 20 acres cleaned up—is that right?

A.—Yes. Up around Earleton, French people are coming in and buying farms at as high as \$10,000 for 160 acres.

Q.—But there are buildings on them?

A.—The buildings are not worth anything.

MR. SINCLAIR: It is good land around there?

A.—It is good farming country all around.

MR. CLARKE: Yes, but there are farms and farms, but I would suppose that at \$70 an acre you would have some buildings and probably 125 acres cleared up for cultivation, except the timber is very valuable. I don't suppose though that you bought it for the timber.

A.—There will be some revenue in that. We got out a lot of pulpwood.

Q.—It seems to me to be a high price, it seems high to us down here where we think we are in the heart of civilization.

A.—They had refused \$10,000 for the property the year before. It was held five years ago for \$18,000.

Q.—Yes, but holding it and getting it are two different propositions. aren't they?

A.—The difficulty was that we had to have a farm that was practically in the town in order to link up with the property given the Government by the Town of New Liskeard. What we wanted was a demonstration farm that could be used in connection with an agricultural school for children.

Mr. Chairman: This will be headquarters for that district, from an agricultural standpoint?

A.—Yes, it is at the gateway of the north.

MR. CLARKE: But you haven't been doing much with it.

A.—We only started last spring.

MR. MUNRO: The total of this item for the assistance of settlers and the advancement of settlement and colonization is \$24,712.56. Has that all been spent?

A.—\$13,069.81 has been spent on that farm, including the purchase. There was \$1,059 spent in labour last year. Take at Matheson where we have a fifty-acre farm, we spent \$770. We raised 1,500 bushels of a superior variety of oats for the farmers for seed. That is similar to the work we will try to do at New Liskeard.

Q.—Are you looking after that farm at Monteith?

A.—Yes sir.

Q.—How much have you under cultivation there now?

A.—We would have in the neighborhood of 150 acres actually under cultivation. There is in all 300 acres that is under cultivation and in pasture. That is now being converted into a soldiers' and sailors' training school and the demonstration farm is being carried on as well.

Q.—Do you sell some of the stuff raised there, or do you use it all there?

A.—We will be using it for the soldiers.

Q.—I am talking about the past.

A.—Yes, for instance we kept a herd of pure-bred Yorkshire swine there raising high-class pigs and selling them to farmers with piggeries for \$5.00 each. We got in thoroughbred cattle and sold them to the farmers at reasonable prices in order to get pure bred stock in the country. The same way with horses. We also send out eggs of good poultry.

Q.—How much land have you there?

A.—About 850 acres.

Q.—It's not half cleared yet then?

A.—Oh no. The soldiers are getting their training there, cutting down trees, stumping and clearing land.

Q.—It would be splendid training for men coming from the cities.

A.—Yes, it is.

Witness excused.

Thos Jennings, Audit Department, called and examined.

MR. CLARKE: There is an item on page 654—Lt.-Col. Williams, assistant director of recruiting, \$11,362.26. Can you give us any explanation of that, how it is spent or does it all come in this one amount?

A.—Those are payments to Col. Williams from time to time.

Q.—To him alone?

A.—Yes.

Q.—For his own use?

A.—For recruiting purposes as we understand it.

Q.—Have you any itemized account for it?

A.—No sir.

Q.—How does he account for it?

A.—The money is passed by the audit office as a payment based on an Order-in-Council that states that no accounting is to be made.

Q.—No accounting to be made?

A.—No. No accounting is to be made.

MR. CHAIRMAN: This is the same as a recruiting grant to a battalion?

A.—Yes.

MR. SINCLAIR: You see it all over where regiments have been assisted by the Government in recruiting.

A.—Yes.

MR. CARTER: Is this for his individual services or is he simply the gentleman who dispenses that amount for others.

MR. CHAIRMAN: This is spent in a general way for recruiting wherever assistance is needed, within Col. Williams' discretion.

MR. CLARKE: But you have no details because the Order-in-Council says the money is not to be accounted for?

A.—Yes.

Witness excused.

The Committee then adjourned.
