RODERICK LEWIS,
Chief Election Officer.

And the House having met,

The Honourable the Lieutenant-Governor, having entered the House, took his seat on the Throne.

Mr. Phillips, the Provincial Secretary, then said:

“I am commanded by the Honourable the Lieutenant-Governor to state that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law, but today at a subsequent hour His Honour will declare the causes of the calling of this Legislature.”

His Honour was then pleased to retire.

And the Clerk having called for nominations for the office of Speaker, the Prime Minister, Mr. Frost, addressing himself to the Clerk, proposed to the House for their Speaker, William Murdoch, Esquire, Member for the Electoral District of Essex South, which motion was seconded by Mr. Wintermeyer, and it was,

Resolved, That William Murdoch, Esquire, do take the Chair of this House as Speaker.

The Clerk having declared the Honourable William Murdoch duly elected, he was conducted by the Prime Minister and Mr. Wintermeyer to the Dais, where, standing on the upper step, he returned his humble acknowledgment to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair and the Mace was laid upon the Table.

The House then adjourned during pleasure.

The Honourable the Lieutenant-Governor then re-entered the House and took his seat on the Throne.

Mr. Speaker then addressed His Honour to the following effect:

May it please Your Honour,

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.

The Provincial Secretary then said:

Mr. Speaker,

I am commanded by the Honourable the Lieutenant-Governor to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temperance and prudence, he grants and upon all occasions will recognize and allow the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

The Honourable the Lieutenant-Governor was then pleased to open the Session with the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly of Ontario:

It gives me great pleasure to inaugurate the first Session of the Twenty-sixth Parliament of Ontario and to welcome you today as you take up your duties. I extend a special welcome to those members who are here for the first time, knowing that they will uphold the great traditions of this Legislature.

The past year has been one of outstanding economic achievement. Our population, income, output and volume of consumer spending were all higher in 1959 than in the previous year. Employment increased more rapidly than the labour force and unemployment was reduced. Production and living standards reached their highest levels in the history of the Province. The results achieved have fully justified the confidence that we expressed a year ago. Turning to 1960, we are advised that nearly all economic indicators suggest a year of continued expansion and progress which will carry us to new heights of prosperity.

This Session is important not only because it is the first of this Parliament, but also because it is the first of a new decade—a decade which promises to surpass all others in development and in improvement in the well-being of our people. There is, of course, no room for complacency. The opportunities of today will be the challenges of tomorrow. Rapid population and industrial growth imposes heavy responsibilities and demands for services. Notable as our accomplishments have been, we cannot stand still, we must press ever forward, mastering problems, overcoming difficulties, stimulating expansion, providing better services more economically and, at the same time, raising the money to do the job. This has been the foundation upon which the program for this Session has been built. This is our creed. As our program unfolds you will find, among many other matters, proposals for raising standards and extending the benefits of education, for bettering health and welfare, improving conditions of employment, reinforcing municipal institutions, enhancing the efficiency and safety of motor vehicle traffic and of agricultural operations, strengthening democratic parliamentary procedures, raising the efficiency of government operations, and last but far from least, for upon its success depends the fulfilment of all other policies, promoting the sound economic development of our Province.

The very complete and far-reaching re-organization of the Department of Municipal Affairs which you will be asked to approve will facilitate the consideration and settlement of municipal problems. It will also transfer to the Department of Municipal Affairs many of the present functions of The Ontario Municipal Board. Reports will be given to you as to the nature, extent and progress of winter work. To assist the municipalities it is proposed to vote an additional amount of provincial revenue for municipal purposes.

Additional improvements in the Province's grants structure for education will require substantially larger appropriations. The growth need factor which was introduced in the school grants formula to give special assistance to rapidly expanding school areas, will be refined and improved. Among other things, effective January, 1959, a contribution will be made towards the cost of sites of new schools. You will be asked to vote funds to extend facilities for an increase in teacher supply together with the maintenance and improvement of present standards. With the unprecedented growth in the number of school children and the demand for teachers, extraordinary measures have been adopted. A new teachers' college will be commenced at the Lakehead and existing colleges will be expanded. To provide further opportunities for the recruitment and training of teachers for our secondary schools, the Ontario College of Education, with the co-operation of Queen's University and the University of Western Ontario, will operate summer courses at Kingston and London this year.

As has been predicted, the enrolment in our universities has begun its rapid climb. Through our assistance, the universities have been mobilized to meet the need. New universities have been established; others are expanding. Plans to avoid the wastage of student talent are being broadened and extended and to ensure that every student of ability and ambition who wishes to proceed to university will have the opportunity. So successful has the new scholarship plan for Grade XIII students been that you will be asked to approve funds to make similar awards in 1960-61. The Committee of University Heads has

recommended a formula for the payment of Queen Elizabeth II scholarships from the \$500,000 contributed by the Province last year. In addition to scholarships, the Province will again provide several million dollars in bursaries and loans. Last year, the appropriation for these purposes was doubled and this year additional funds will be requested. These various educational programs will require appropriations totalling nearly double the entire budget of the Province just 15 years ago.

The growth in superannuation and old age security plans has been a notable advance in human betterment. Many people have been spared the anxiety of financial distress in their declining years through superannuation and pension benefits. On the other hand, the actuarial requirements of many company and institutional pension plans constitute a serious barrier to the employment of men and women in middle life, at a time when their powers of accomplishment are frequently at their peak. This is not only a grave social injustice but constitutes an intolerable economic wastage of human talent. To overcome this disability the Government has encouraged the adoption of transferable or vested pensions where employees change jobs. The Government is, however, conscious that much remains to be done, and has appointed a special committee of technical officials to study and make recommendations leading to a solution. The extension of portable pensions is one of the foremost aims of this Government.

Studies in geriatrics and methods of adjustment of elderly citizens to their environment will be carried out. Homes for the aged are being expanded. 1960 will see a number of important expansions in municipal-provincial establishments. The proposals of the Department concerned will be submitted to you.

You will be asked to approve a grant to the Ontario Branch of the Canadian Association of Consumers to assist them in their work of providing services to the consumers of this Province.

Significant advances have been made in finding opportunities for employment for our expanding Indian population and in providing education for those who will give example and leadership to other members of their community.

The program of modernizing mental health care and treatment is being intensified. The re-organization authorized last year is well under way. Very great progress has been made in modernizing and fireproofing our Ontario Hospitals and you will be asked to vote substantial additional amounts for this purpose. While older facilities are being modernized, notable progress is being made in expanding new facilities. This year will see the completion of several hundred beds at the Cedar Springs Hospital which will be devoted entirely to the care of children. This is a year earlier than was planned. An equal number of beds will come into use at this hospital next year. The new infirmary type of hospital will be proceeded with at Goderich, Palmerston and Owen Sound. These new hospitals are designed to relieve institutions such as Orillia of patients who have grown elderly, and permit these fine institutions to be devoted entirely to the care of children and, where possible, fitting them for normal lives.

Special measures are being introduced to provide for a large increase in the number of nurses and nursing assistants. Included in the list of new projects, for which funds will be required, will be a two-year training course for nurses

which will commence next September. The certified nursing assistant program is being doubled and over 1,100 will be trained in our hospitals this year. There will also be an expansion of training schools in hospitals. The objective will be to train more nurses and nursing assistants more quickly without lowering standards.

The Ontario Hospital Services Commission has completed its first year of operation. The distinguished success of the program reflects the careful planning that went into it as well as the insight, understanding and co-operation of the physicians, the hospital boards and administrators, the insurance companies and, of course, the administrative skill of the Commission itself. Ninety-four per cent of Ontario's population is now protected from the financial hazards of hospitalization. This plan is the greatest of its kind in America and full details of its operation will be given to this House.

Hospital Insurance has added to the financial strength of our hospitals. The implications of out-patient services are being considered and plans to promote the convalescent type of hospital will be developed. You will be asked to vote funds to permit special grants to be made to hospitals for capital and debt retirement purposes.

Supplementing our extensive health services, a new physical fitness program will be inaugurated. This is a complex subject and an important one. It embraces many individuals and organizations. Our objective will be to co-ordinate efforts and to establish practices that are conducive to good health and physical fitness.

The House will be asked to approve of an enquiry into the cost of drugs used in Ontario public general hospitals and in Ontario Hospitals as well as other institutions operated by the Province.

Further steps will be taken to widen treatment for alcoholism, a subject in which Ontario is well in the lead. Funds will be requested for experimental projects involving group therapy for first offender drug addicts. Progress has been made during the year in revamping the Province's reformatory system. The program to be placed before you will provide for additional reforms to meet the specific needs of the offender. Amendments will be made to The Industrial Farms Act, The Andrew Mercer Reformatory Act, The Reformatories Act and The Training Schools Act.

During this Session, there will be an opportunity to give further expression to our interest in the betterment of mankind everywhere. This has been evidenced by our acceptance of world refugees suffering from tuberculosis and by our activities in a variety of other fields, including technology, science and education. A system of student exchange in our teachers' training institutions is already in effect and it will be extended to include other countries. Many students are attending Ontario universities under the auspices of the Colombo Plan. Indeed, under Ontario's university system, we are now providing educational facilities and training for 1,500 students from other countries.

Amendments to The Labour Relations Act will be placed before you which are designed to strengthen the organization and machinery provided by the Act for the settlement of disputes and the provision of good labour-management

relations. The Workmen's Compensation Board will adopt a new schedule enabling widows under the Workmen's Compensation Act to be paid the same compensation. Legislation will be introduced to regulate private employment agencies.

The report of the Committee on the Organization of Government will be submitted to you and full opportunity will be given for a discussion, not only of the Committee's recommendations, but of aspects of the problems which are of importance to individual members. Several of the Committee's recommendations have already been implemented. A reorganization of the Department of Municipal Affairs, the Ontario Municipal Board and the Department of Agriculture has been carried out, while that of the Treasury is under way. The answers to our problems concerning the preservation of parliamentary procedures, executive responsibility and administrative efficiency must come from the experience and the thoughtful contribution of many people. It was to further these processes that the Committee was given its highly important duties. In this examination of the workings of our form of Government and our administrative processes, Ontario has given strong leadership. Members will have the opportunity of discussing and advancing proposals for strengthening our democratic way of life and for improving the efficiency of our form of government.

Funds will be required to enable the Ontario Water Resources Commission to continue its rapid progress in assisting municipalities to obtain adequate water and sewage works and to abate pollution.

The Province in partnership with the Federal Government and the municipalities will engage in additional land assembly and rental housing projects. You will be asked to make provision for nearly 1,600 public housing units now under construction and others that are in the planning stage—including assistance to municipalities in the redevelopment of blighted urban areas.

During the coming year, motor vehicle registrations will exceed two million. You will therefore be asked to authorize improvements to the Queen Elizabeth Way and the extension of Highway 401. The Ontario section of the Trans-Canada Highway will be open by the end of this year. Plans and agreements with adjoining States for major bridges and skyways, such as the new bridge over Pigeon River, the International Bridge at Sault Ste. Marie, the Skyway over the Welland Canal at Homer, and the Causeway over Rainy Lake, will be placed before you. Honourable Members will be asked to approve an agreement with the Federal Government for a five-year program of resource road construction in Northern Ontario and also additional mining, forestry and community access roads. A very significant part of our highway and road budget you will be asked to approve will go to the municipalities to enable them to improve their facilities.

Increasing emphasis will be placed on minimizing motor vehicle accidents and saving lives. The driver examination system is being strengthened. Amendments to the highway laws will be submitted to keep pace with the new concept of traffic and administrative requirements, including the provision that by next year Ontario drivers will be assigned a permanent driver's licence number.

At the present Session it is proposed to appoint a Select Committee to review the present provisions and operation of the Unsatisfied Judgment Fund and to examine into protective automobile insurance and other related plans.

To ensure that Ontario agriculture will be in the forefront of progress a number of changes are being effected. The administration of the Department is being strengthened. As a result, in part, of the studies of the Agricultural Marketing Inquiry Committee of Ontario—whose interim Report will be available for consideration at this Session—there will be a co-ordination of all research in the Province relating to the production, handling, transportation, storage and marketing of agricultural products. A Research Foundation for this purpose will be established at the Ontario Agricultural College. Experiments and innovations in other jurisdictions, including the United States, will be closely observed with a view to keeping Ontario agriculture competitive at home and abroad. Action will be taken to provide at O.A.C. and its affiliated institutions the best possible education and service for Ontario's farm population. Marketing organization and problems will receive renewed attention. The matter of crop insurance will be submitted to the Committee on Agriculture for review. Safety practices related to actual farm conditions will be further extended. There will be increased emphasis on sound farm methods calculated to increase efficiency and the net return to farmers.

Remarkable strides have been made in extending Ontario's parks system. To the 85 Provincial parks now established, authorization will be sought for an additional ten this year. Some eight million visitors and a half-million campers used the Province's parks facilities last year and arrangements are being made to accommodate an even larger number this year. Funds will be requested to provide more conservation areas suitable for small parks and green belts. Measures will be introduced to assist municipalities to establish parks complementary to Provincial parks.

Ways and means are being studied to give greater encouragement to tourism and tourist organizations. Plans are being made to establish an inland reception centre in Ontario adjacent to Highway No. 400 near Barrie to serve central, northern and northwestern Ontario routes.

On all fronts the scientific management of our forest resources is forging ahead. The second 10-year plan to re-survey our forest resources has now been started. Funds will be required for additional field parties and for the special commission that is examining all land disposal and land use policies. Approval will be sought for holding various recreational Crown lands and numerous small harbours on our Great Lakes in safekeeping for the benefit of our people.

Appropriations for forest management and research into the biology of fish and wildlife will be requested. A scientific census will aid in establishing seasons and quotas. The new Wilderness Areas Act passed at the last Session is enabling forward steps to be taken to preserve large tracts in their original state. Efforts will be made to assist trappers through the extension of licensing and advice on marketing. Meetings are scheduled with the Federal Government for conferences on conservation and resource management.

The development of the northern and northwestern parts of the Province will receive fresh impetus from policies such as the selective land use for forestry

and agriculture; new geophysical surveys; the provision of electric power, natural gas and nuclear energy; and the creation of a seaport at Moosonee. Here surveys are being undertaken; accommodation for 800 people is under way; and all this is but the beginning of events that will shape the destiny of the north country.

The Government will make a Submission to the Royal Commission on Transportation.

Proposals are again being submitted to you for a large scale construction program involving an extensive variety of public buildings and works, including hospitals, administrative buildings and conservation projects. Long range plans are being made that will permit Ontario's legislative and administrative office needs to be met as required over the next 25 years. The acquisition of a large block of property in the Queen's Park area is designed to permit the centralization of departmental activities in the proximity of the Legislature for greater efficiency and the convenience of the public.

The Department of Energy Resources, set up at the last Session, is keeping under review the current and future energy needs of the Province. In addition to the present code covering inside gas installation, a new gas safety code governing outside installations is being established. A committee is being appointed to examine and report on drilling for oil and gas in Ontario. It will pay special attention to the impact of offshore drilling in the Great Lakes. The Ontario Fuel Board Act will be superseded by a new Act to enable the Board to concentrate on rates and other quasi-judicial matters. Other functions previously performed by it will be transferred to the Department of Energy Resources. These and other matters will be submitted for your consideration.

Ontario Hydro's peak load is expected to rise about six per cent annually over the next several years, necessitating continuing large capital expenditures. Part of this program consists of a 20,000 kilowatt nuclear power generating plant on the Ottawa River and a 200,000 kilowatt nuclear electric station near Kin-cardine for which the necessary credit will be required.

A re-organization of justice administration to provide a better distribution of the work and to relieve county and district court judges and magistrates of administrative functions will be undertaken. Leadership is being given in the formation of a national committee to further efforts to prevent the sale of obscene and pornographic material. Plans for a Police College for the training of all ranks will also be submitted.

A new look at Federal-Provincial taxation and fiscal relations has become imperative and therefore two meetings of the Ministers of Finance and Treasurers of the Federal and Provincial Governments were held during the past year, and a plenary conference of the Prime Ministers is to be held in Ottawa this summer. During the past year, considerable progress was made in obtaining a better understanding of some of the complex questions which beset our Federal-Provincial relations. Various studies were made by the Continuing Committee on Fiscal and Economic Matters for the consideration of the Treasurers and for their respective Governments. These studies will form the basis for discussions which are to be held at the plenary conference this summer, at which time we will strive for a fair and equitable settlement of our outstanding problems.

There is no doubt that both the Province and the municipalities need additional tax room or revenue in order to carry out their operations. Since the end of World War II the major burden of expansion has fallen upon them and upon their revenues which are not nearly so responsive to economic expansion as those of the Federal Government. Accordingly, both the Province and the municipalities must have additional funds if they are to provide the services for an expanding economy.

The requirements of our country, arising from our economic expansion which must continue into the future, demonstrate the need for a more positive approach by Federal and Provincial Governments to the very real problems brought about by our development. It is more than ever necessary in this important day of our country's development that there should be full Federal and Provincial co-operation in a national economic program, the aim of which is to fully develop Canada's great opportunities in this part of this century.

A re-organization of Civil Defence Services will be made.

Much has been done by my Government during the past year to improve the well-being of our civil servants for whose devotion and faithful service appreciation is expressed. New salary and wage schedules have been adopted. Provision has been made for the establishment of a Grievance Board, composed of two members of the Civil Service and two part-time qualified members from outside the Service, who will hear the grievances. The Joint Advisory Council has also been re-organized.

There will be a number of Bills creating new Acts introduced for your consideration among which will be The Land Compensation Act, The Dead Animals Disposal Act, The Wild Rice Harvesting Act and The Agricultural Crops Insurance Act.

In addition, there will be a number of complete revisions of existing Acts, among them: The Telephone Act, The Professional Engineers Act, The Crown Witnesses Act and The Employment Agencies Act.

Many Bills will be submitted, too, for your consideration, amending existing Acts. Among them will be The Liquor Control Act, The Liquor Licence Act, The Bills of Sale and Chattel Mortgages Act, The Bulk Sales Act, The Certification of Titles Act, The County Courts Act, The County Judges Act, The Crown Attorneys Act, The Devolution of Estates Act, The Division Courts Act, The Evidence Act, The Fire Marshals Act, The Judicature Act, The Juvenile and Family Courts Act, The Interpretation Act, The Mechanics' Lien Act, The Land Titles Act, The Loan and Trust Corporations Act, The Summary Convictions Act, The Negligence Act, The Public Trustee Act, The Registry Act, The Short Forms of Conveyances Act, The Short Forms of Leases Act, The Short Forms of Mortgages Act, The Wages Act, The Ontario Fuel Board Act, The Department of Energy Resources Act, The Highway Improvement Act, The Department of Highways Act, The Highway Traffic Act, The Public Health Act, The Mental Hospitals Act, The Cemeteries Act, The Boilers and Pressure Vessels Act, The Farm Products Marketing Act, The Farm Products Grades and Sales Act: The Milk Industry Act, The Protection of Cattle Act, The Weed Control Act: The Teachers' Superannuation Act, The Department of Education Act,

The Public Schools Act, The Schools Administration Act, The Secondary Schools and Boards of Education Act, The Separate Schools Act, The Public Libraries Act, The Tourist Establishments Act, The Power Commission Act, The Crown Timber Act, The Forestry Act, The Lakes and Rivers Improvement Act, The Provincial Parks Act, The Public Lands Act, The Surveys Act, The Trees Act, The Mining Act, The Territorial Division Act, The Municipal Act, The Assessment Act, The Municipality of Metropolitan Toronto Act, The Municipal Unconditional Grants Act, The Conservation Authorities Act, The Planning Act, The Day Nurseries Act, The Child Welfare Act, The Homes for the Aged Act, The Public Works Act, The Provincial Aid to Drainage Act, The Ontario Water Resources Commission Act, The Hospital Services Commission Act, The Corporations Act, The Vital Statistics Act, The Succession Duty Act, The Corporations Tax Act, The Financial Administration Act, The Ontario Municipal Improvement Corporation Act, The Hospitals Tax Act and The Public Service Act.

The public accounts for the fiscal year ending last March will be presented as well as the budget statement of the Treasurer and the estimates of the various departments.

I pray that Divine Providence may guide your deliberations.

His Honour was then pleased to retire.

PRAYERS

Before the Orders of the Day, Mr. Singer asked a question of the Minister of Education respecting an article in The Globe and Mail today, January 28th, relative to the proposed Ontario Government Grants toward the cost of new school sites.

The Order of the Day for the Consideration of the Speech of the Honourable the Lieutenant-Governor at the opening of the Session having been read,

Mr. Davis moved, seconded by Mr. Grossman,

That an humble Address be presented to the Honourable the Lieutenant-Governor as follows:

*To the Honourable J. Keiller Mackay, D.S.O., V.D., Q.C., D.C.L., LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

And a debate having ensued, it was, on motion by Mr. Wintermeyer,

Ordered, That the Debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Public Accounts of the Province of Ontario for the Fiscal Year ended 31st March, 1959. (*Sessional Paper No. 1.*)

Report of the Provincial Auditor, Ontario, 1958-59. (*Sessional Paper No. 3.*)

The House then adjourned at 5.15 p.m.

NOTICES OF MOTIONS

10. *Mr. Bryden*—Resolution—That a Select Committee of the House be appointed to inquire into the prices of drugs and pharmaceutical preparations in Ontario, whether sold under generic or brand names, to consider whether such prices in general or particular cases are fair and reasonable having regard to production and marketing costs and other relevant factors, and to report thereon; and

That the Select Committee have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants; and that the Select Committee consist of fifteen members.

11. *Mr. Thomas*—Resolution—That this Legislature recommends that the Government give consideration to the establishment of a Consumers' Bureau that will co-operate with existing consumer organizations and research agencies; provide field and information services to assist in the development of consumer organizations; conduct research into and publish independent expert information on the quality of products placed on the market in Ontario; have authority to investigate advertising practices and, where necessary, prohibit fraudulent and misleading advertising; exert constant pressure for the enforcement of federal laws governing food and drugs; and conduct continuing research into price spreads and recommend appropriate action to reduce unreasonable spreads.

FOURTH DAY

Before the Orders of the Day Mr. Sopha asked a question of the Minister of Energy Resources relative to the possible location of a nuclear research centre at Elliot Lake rather than in the Province of Manitoba.

The Order of the Day for resuming the Adjourned Debate on the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed, and, after some time,

Mr. Wintermeyer moved, seconded by Mr. Oliver,

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

“But this House:

- (1) Regrets that the government has failed to protest against the disastrous farm policy of the federal government.
- (2) Regrets that the government has failed to recognize the needs of working men for basic economic security by failing to introduce a scheme of province-wide portable pensions.
- (3) Regrets that the government has failed to meet its primary obligation for the education of our youth by failing to provide a sufficient number of qualified teachers and by failing to assume provincial responsibility for a greater share of the total cost of education.
- (4) Regrets that the government has failed to introduce a comprehensive, pre-paid provincial plan for medical and drug insurance.
- (5) Regrets that the government has given no indication of its intention to call a provincial-municipal conference to re-allocate responsibilities and revenues between itself and Ontario municipalities.
- (6) Deplores the inability of this government to obtain for the people of Ontario a more satisfactory share of the total tax dollar from the federal government.
- (7) Regrets that the government has advanced no programme to provide low-cost housing.
- (8) Regrets that the government has not defined its responsibility to regulate consumer rates for natural gas nor undertaken a comprehensive review of the gas rate structure.
- (9) Regrets that this government has proposed no programme for the development of Northern Ontario.”

And the Debate continued, and after some time it was,

On motion by Mr. Frost,

Ordered, That the Debate be adjourned.

During his participation in the Debate Mr. Frost Tabled Submissions of The Association of Ontario Mayors and Reeves for Consideration of the Ontario Government. (*Sessional Paper No. 56.*)

SEVENTH DAY

THURSDAY, FEBRUARY 4TH, 1960

PRAYERS

3 O'CLOCK P.M.

Mr. Speaker delivered the following ruling:—

“Last week three Resolutions were refused consideration as unacceptable under the terms of Rule 112. However, as we are guided by both rule and precedent, and since there is both precedent and sufficient doubt concerning the expenditure of public funds in the resolution submitted by the Honourable Member for Grey South, I now find that in all fairness it should be accepted and I am therefore directing that it be placed on the Order Paper subject to question by any Member when it is called.”

On being asked for his reasons for excluding the Resolutions proposed by Mr. Gould and Mr. Thompson, he continued:—

“Firstly, in respect to the general application of Rule 112, the Rule clearly states:

The House shall not adopt or pass any vote, resolution, address or bill for the appropriation of any part of the public revenue, or of any tax or impost, to any purpose that has not been first recommended by a message of the Lieutenant-Governor in the Session in which such vote, resolution, address or bill is proposed.

The English Rule is stated in May's Parliamentary Practice, 16th Edition, at page 691 as follows:

This House will receive no petition for any sum relating to public service or proceed upon any motion for a grant or charge upon the public revenue whether payable out of the consolidated fund or out of money to be provided by parliament unless recommended from the Crown.

This makes it clear that any bill or resolution that seeks to authorize direct payments out of public funds is not within the competence of a private Member. There have been numerous decisions to this effect, both in this House and in the House of Commons of the United Kingdom.

I realize that, in the past, some resolutions of doubtful legality have found their way on to the Order Paper, perhaps as a result of ambiguous wording. I also realize that, in cases of doubt, the benefit of the doubt should be given to the Member submitting the resolution, but I feel strongly that the time has come when the principle should be clearly stated, that any motion which contemplates a direct payment out of public funds cannot be considered unless recommended by the Crown."

The following Petitions were brought up, laid on the Table, read and received:—

By Mr. Haskett, the Petition of the Central Canada Exhibition Association praying that an Act may pass enlarging its power to acquire lands; and for other purposes.

By Mr. Johnston (Simcoe Centre), the Petition of the Corporation of the City of Barrie praying that an Act may pass authorizing it to refuse to connect local improvement services where frontage charges are not paid; and related purposes.

By Mr. Edwards (Wentworth), the Petition of the Corporation of the City of Hamilton praying that an Act may pass authorizing it to acquire the transportation system of the Hamilton Street Railway Company, without assent of the electors, price to be approved by Ontario Municipal Board; to borrow on debentures for this purpose; and to establish a Commission for control of the system.

By Mr. Thomas, the Petition of the Corporation of the Town of Ajax praying that an Act may pass confirming an Agreement with Industrial Steam Limited granting a franchise for the supply of steam to residential, commercial and industrial consumers.

By Mr. Beckett, the Petition of the Corporation of the Township of North York praying that an Act may pass extending its powers to construct or acquire sewers and watermains, and to impose rates therefor, to the construction or acquisition of roadways; and for other purposes.

Mr. Hall, from the Standing Committee on Standing Orders, presented the Committee's First Report which was read as follows and adopted:—

Your Committee has carefully examined the following Petitions and finds the Notices, as published in each case, sufficient:—

Petition of the Corporation of the Township of Kingston praying that an Act may pass authorizing a debenture issue for building an addition to Holsgrove Public School, Westbrook.

Petition of the Corporation of The Kapuskasing District High School Board praying that an Act may pass authorizing the construction and sale by the Board of housing accommodation to its teachers, subject to the approval of the Minister of Education.

Petition of the Collegiate Institute Board of Ottawa praying that an Act may pass authorizing a Pension Plan for non-teaching employees.

Petition of The Incorporated Synod of the Diocese of Toronto praying that An Act may pass permitting it to invest in such investments as are authorized for joint stock insurance companies.

Petition of the Corporation of the Town of Ingersoll praying that an Act may pass authorizing a new method of financing sewer construction.

Petition of the Young Women's Christian Association of Metropolitan Toronto praying that an Act may pass granting it exemption from municipal taxation except local improvement rates.

Petition of the Corporations of The Townships of Raleigh and Harwich praying that an Act may pass confirming the agreement between the Corporations for the use by the Township of Raleigh of a watermain constructed on the Raleigh-Harwich Township line by the Township of Harwich.

Petition of the Corporation of the City of Kitchener and the Corporation of the City of Waterloo praying that an Act may pass enlarging the Kitchener-Waterloo General Hospital Commission; and for other purposes.

Petition of the Corporation of the Municipality of Shuniah praying that an Act may pass confirming its corporate name.

Petition of the Canadian National Exhibition Association praying that an Act may pass altering the composition of the Board of Directors.

Petition of the Corporation of the Town of Oakville and the Corporation of the Township of Trafalgar praying that an Act may pass authorizing the establishment of a joint Public Utilities Commission.

Mr. MacDonald moved, seconded by Mr. Thomas,

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following:—

This House further regrets that the Government has failed to present any comprehensive plans for the economic and social development of the province, and in particular—

Has failed to provide a comprehensive plan for the co-ordinated development and use of our energy resources which are vital to the whole economy.

Has failed to give consistent and strong support to effective collective bargaining for farmers through marketing plans and for labour through trade unions.

Has failed to uphold time-honoured principles of public administration and countenanced widespread political patronage, thereby helping to create an atmosphere of indifference and cynicism regarding the high standards of public morality necessary for survival of democratic government.

The Debate continued, and after some time it was,

On motion by Mr. Singer,

Ordered, That the Debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Before the Orders of the Day, Mr. Wintermeyer, Leader of Her Majesty's Loyal Opposition, directed the Speaker's attention to two questions which members of his group had submitted to the Speaker as questions to be asked orally before the Orders of the Day. Mr. Speaker had requested the members concerned to Table these questions as Inquiries of the Ministry for publication on the Order Paper. Mr. Wintermeyer asked Mr. Speaker to advise the House as to the reason for this request.

Mr. Speaker then delivered the following ruling:—

On Thursday last, February 11th, there was some discussion relative to the procedure on questions and statements before the Orders of the Day. I therefore felt it desirable to review the rules and customs of the House applicable.

Firstly, with respect to questions, I should point out at the outset that the proper way to ask questions is to give notice thereof to the Clerk at the Table and have them placed on the Order Paper as enquiries of the Ministry, as provided in Rule 37.

The only questions that may be asked orally before the Orders of the Day are those where some urgency is evident. In such cases oral questions are permitted if they are submitted to the Speaker in writing before noon and approved by him. The question must then be asked in the words in which it has been approved by the Speaker, no preamble being admissible. This is the normal rule as to any question as provided in Rule 37. Of course, adequate notice of such questions must also be given to the Minister concerned in order that he may prepare his answer.

Secondly, as to statements made before the Orders of the Day: By the custom of the House, Ministers of the Crown are not only permitted but indeed are expected to report to the House, from time to time, on matters within their purview, which they deem to be of particular interest and concern to the House.

A reasonable number of questions in clarification of such statements are customarily permitted.

However, should a Private Member wish to direct the attention of the House to some matter, which he considers to be a definite matter of urgent public importance, he may only do so by complying with Rule 38, which provides that a motion before the Orders of the Day to discuss such a matter may be moved if it "*has previously been submitted to, and approved by, the Speaker*". If the Speaker considers that the matter is not definite or not urgent or not of public importance or could adequately be discussed on some other early opportunity, such as the Throne or the Budget Debate, he will not approve and the motion cannot be moved. If the Speaker does approve the motion, the Member moving it, and any other Member, may speak to such motion for not more than ten minutes.

On the suggestion of the Prime Minister, Mr. Speaker then agreed to discuss the matter of Oral Questions with the Prime Minister and the Leader of the Opposition to decide if some enlargement of the present practice is desirable.

The Order of the Day for Second Reading of Bill 38, An Act to establish The Ontario Energy Board, having been read,

The Debate was resumed, and, after some time,

The motion for Second Reading having been put was declared to be carried, and the Bill was accordingly read the second time and referred to the Committee on Energy.

The Order of the Day for Second Reading of Bill 39, An Act respecting Energy, having been read,

Mr. Macaulay moved that the Bill be now read a second time, and a Debate arising, after some time,

The motion having been put was declared to be carried, and the Bill was accordingly read the second time and referred to the Committee on Energy.

The following Bills were read the second time and referred to the Committee on Lands and Forests:—

Bill 2, An Act to amend The Crown Timber Act, 1952.

Bill 3, An Act to amend The Lakes and Rivers Improvement Act.

Bill 4, An Act to provide for the Harvesting of Wild Rice.

The House then adjourned at 6.00 p.m.

EIGHTEENTH DAY

TUESDAY, FEBRUARY 23RD, 1960

PRAYERS

3 O'CLOCK P.M.

Mr. Rowntree from the Standing Committee on Private Bills presented the Committee's Third Report which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill Pr21, An Act respecting the Municipality of Shuniah.

Bill Pr27, An Act respecting the Municipality of Neebing.

Bill Pr33, An Act respecting the Canadian National Exhibition Association.

Bill Pr37, An Act respecting the City of Windsor.

Your Committee begs to report the following Bills with certain amendments:—

Bill Pr1, An Act respecting the Township of Kingston.

Bill Pr34, An Act respecting the Town of Oakville and the Township of Trafalgar.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That when this House adjourns the present sitting thereof, it do stand adjourned until two of the clock tomorrow afternoon; also, that this House will meet at two-thirty of the clock on Thursday next; and that Rule No. 2 of the Assembly be suspended so far as it might apply to this motion.

The following Bills were introduced, read the first time, and ordered to be read the second time on Thursday next:—

Bill 66, An Act to amend The Workmen's Compensation Act. *Mr. Daley.*

Bill 67, An Act to amend The Department of Labour Act. *Mr. Daley.*

Bill 68, An Act to amend The Boilers and Pressure Vessels Act, 1950. *Mr. Daley.*

Bill 69, The Employment Agencies Act, 1960. *Mr. Daley.*

Bill 70, An Act to amend The Fair Accommodation Practices Act, 1954. *Mr. Thompson.*

Bill 71, An Act to amend The Power Commission Act. *Mr. Macaulay.*

Bill 72, An Act respecting Presqu'ile Provincial Park. *Mr. Spooner.*

Bill 73, An Act to amend The Provincial Parks Act, 1958. *Mr. Spooner.*

Before the Orders of the Day, Mr. Frost mentioned to the House that the Leader of the Opposition, Mr. Wintermeyer, had presented him with a necktie of the colours of the Kitchener-Waterloo Dutchmen, the hockey team representing Canada in the Olympic Games at Squaw Valley. He expressed the good wishes of the House to the team and asked Mr. Wintermeyer who intends to visit Squaw Valley on Friday of this week to convey to the team a cheque in the amount of \$2,500.00 from the Province of Ontario to support them in their efforts to bring credit to Ontario and Canada.

Mr. Wintermeyer thanked the Prime Minister for this gift and joined with him in expressing the hopes of the House that the team might emerge victorious.

Mr. Cecile, Minister of Public Welfare, directed the attention of the House to a classified advertisement which was placed in most of the Ontario Daily Newspapers in January this year announcing that five children of one family ranging in ages from two to seven years were available for adoption. These children had suffered from neglect and subsequent desertion of their parents.

Mr. Cecile informed the House that, as a result of the amazing and heart-warming public interest shown in this family, the five children have now been placed with one family for adoption, where their future is assured.

Mr. Spooner, Minister of Lands and Forests, answered a question put to him yesterday before the Orders of the Day by Mr. MacDonald, respecting an exchange of lands between the Department and one Oscar Lethinen, as a result of a planting error by the Department.

Mr. Wintermeyer asked the Prime Minister what disposition was to be made of the enquiry into what has been called the Sarnia Land Deal of Ontario Hydro. The Prime Minister announced that Mr. Justice McGillivray of the Supreme Court of Ontario had been given a Royal Commission to make the investigation, and that Mr. Joseph Sedgwick, Q.C., had been appointed Counsel to the Commissioner.

Mr. Wintermeyer asked the Speaker's permission to move a Resolution petitioning the Federal Government to locate the proposed nuclear research station at Elliot Lake rather than in Manitoba.

Mr. Frost suggested that it should be taken as Notice of Motion as required by the Rule, and pointed out that Mr. Wintermeyer already had one Resolution standing in his name on the Order Paper.

Mr. Wintermeyer agreed to substitute Mr. Manley as the proposer but asked Mr. Speaker to permit the Resolution to be taken into consideration immediately.

On Mr. Speaker refusing such permission, Mr. Wintermeyer appealed his Ruling.

Mr. Speaker's Ruling was sustained on the following Division:—

Name the officer of the Department of

Lands and Forests who inspected the work and certified same as to cost. 4. Has the Company agreed to build any access roads for public use not covered by the foregoing agreement.

Answer by the Minister of Lands and Forests:—

1. Yes.
2. (a) Two miles of new road plus completion of 2½ miles of rough graded road to finished gravelled surface;
 (b) Right-of-way width—80 ft.
 Shoulder-to-shoulder width—24 ft.

1956.....	189	219
1957.....	189	246
1958.....	211	247
1959.....	247	247

2. Details of occupation and age are not required on permits. A list of names and addresses of permittees can be compiled from records on file. There are, however, about 2,200 of these permits and the compilation of such a voluminous list would be a long and time-consuming job.
3. Where timber covered by the permit has been scaled by a Department Scaler, no terminating affidavit is required.

Where the volume and value of timber is small, the District Forester may decide to forego a scale. In such cases the permittee is required to file an affidavit as to the amount cut.

TWENTY-THIRD DAY

TUESDAY, MARCH 1ST, 1960

PRAYERS

3 O'CLOCK P.M.

Mr. Rowntree from the Standing Committee on Private Bills presented the Committee's Fifth Report which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill Pr38, An Act respecting the City of Barrie.

Bill Pr44, An Act respecting The University of Sudbury.

Bill Pr45, An Act to incorporate The University of Lalemant College.

Bill Pr46, An Act to incorporate Laurentian University of Sudbury.

Your Committee begs to report the following Bills with certain amendments:—

Bill Pr26, An Act respecting the City of Fort William.

Bill Pr32, An Act respecting the City of Toronto.

Bill Pr36, An Act to incorporate Huntington University.

Bill Pr40, An Act respecting the Township of Toronto.

Your Committee would recommend that the fees less the penalties and the actual cost of printing be remitted on Bill Pr36, An Act to incorporate Huntington University, Bill Pr44, An Act respecting The University of Sudbury, Bill Pr45, An Act to incorporate The University of Lalemant College, and on Bill Pr46, An Act to incorporate Laurentian University of Sudbury.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That notwithstanding the previous Orders and the provisions of Rule No. 2 of the Assembly, when this House adjourns the present sitting thereof, it shall stand adjourned until two of the clock on Thursday afternoon and when it adjourns its sitting on Tuesday, March 8th, it will stand adjourned until two of the clock on Thursday, March 10th; also, that this House will meet at ten of the clock in the forenoon on Friday, March 4th, and Friday, March 11th, and at two of the clock in the afternoon on Monday, March 7th, and Tuesday, March 8th.

The following Bills were introduced, read the first time, and ordered to be read the second time on Thursday next:—

Bill 85, An Act to amend The Territorial Division Act. *Mr. Warrender.*

Bill 86, An Act to amend The Farm Products Marketing Act. *Mr. Goodfellow.*

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time Thursday next.

The Order of the Day for resuming the Adjourned Debate on the Motion that the Speaker do now leave the Chair and the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed and, after some time, Mr. Whicher moved, seconded by Mr. Nixon,

That the Motion "That Mr. Speaker do now leave the Chair and the House resolve itself into Committee of Supply" be amended by adding thereto the following words:—

But this House regrets that the Budget:

1. Fails to present a true picture of the province's financial position by claiming the seventeenth consecutive surplus when, in fact, net debt is increasing at the fastest rate in history;
2. Has failed to show the proper leadership in agriculture with the result that chaos and consternation are rampant amongst Ontario farmers;

3. Fails to deal with the problems of responsibilities and revenues in provincial-municipal relations and makes no provision for the holding of a provincial-municipal conference at which a solution for municipal financial and jurisdictional problems could be sought;
4. Does not make provision for the institution of a province-wide comprehensive medical and drug plan and that not enough emphasis has been given to preventive and rehabilitative services for our population;
5. Shows that this government has failed to make any satisfactory financial arrangements with the federal Conservative government in the field of Dominion-Provincial relations;
6. Makes no provision for loans to the tourist industry and for small business.

The Debate continued and, after some time,

On motion by Mr. Boyer,

Ordered, That the Debate be adjourned.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time, it was, on motion by Mr. Oliver,

Ordered, That the Debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Report of the Board of Governors of The Lakehead College of Art, Science and Technology for the period June 1, 1958 to August 1, 1959. (*Sessional Paper No. 65.*)

The House then adjourned at 11.05 p.m.

TWENTY-FOURTH DAY

THURSDAY, MARCH 3RD, 1960

PRAYERS

2 O'CLOCK P.M.

Mr. Rowntree from the Standing Committee on Private Bills presented the Committee's Sixth Report which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill Pr4, An Act respecting the City of Sarnia.

Bill Pr5, An Act respecting The Collegiate Institute Board of Ottawa.

Bill Pr28, An Act respecting The Blind River-Elliot Lake High School District Board.

Your Committee begs to report the following Bills with certain amendments:—

Bill Pr17, An Act respecting The Board of Education for the Township of Etobicoke.

Bill Pr24, An Act respecting the City of Kingston.

Mr. Speaker informed the House that the Clerk had received from the Commissioners of Estate Bills their reports in the following cases:—

Bill Pr16, An Act respecting The National Sanitarium Association.

THE SUPREME COURT OF ONTARIO (Crest) Osgoode Hall, Toronto 1,
March 1st, 1960.

THE HONOURABLE CHIEF JUSTICE PORTER
THE HONOURABLE MR. JUSTICE SCHROEDER

Roderick Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto, Ontario.

Re : Bill Pr16, 1960, An Act respecting The National Sanitarium Association.

Dear Sir:

The undersigned, as Commissioners of Estate Bills as provided by The Legislative Assembly Act, R.S.O. 1950, Chapter 202, Section 57, having had the said Bill referred to us as such Commissioners, now beg to report thereon.

We have heard representatives of the Petitioner. They informed us that they have consulted the Public Trustee and discussed with him the contents of the Bill. They also stated that the Public Trustee did not consider it necessary to be represented on the hearing before us.

It appears from the Petition filed herein and from the information disclosed on the hearing before us that certain amendments are advisable to clarify the Bill and to assure that the purpose of the Petitioner is carried into effect by the Bill.

We therefore propose that Section 1 of the Bill be amended to read as follows:

"1. NOTWITHSTANDING any trust or limitation created by any endowment, donation, gift, devise or bequest heretofore made to *or for or on behalf of* the National Sanitarium Association *or to or for or on behalf of any hospital or clinic or other unit owned or operated by the Association*, whether heretofore or hereafter received by the Association, the Association may use *at any place* such donations, gifts, devises, bequests and the proceeds of any endowments for all or any of the purposes authorized by the Association's Act of incorporation and amendments thereto, *including amendments that may hereafter be made*, and in accordance with the objects of the Association."

We are of the opinion that the provisions of the said Bill, as amended, are proper for carrying its purpose into effect and that it is reasonable that such Bill be passed into law.

The Bill, duly signed by the Commissioners, and the copy of the Petition for the same are accordingly returned herewith.

TWENTY-FIFTH DAY

FRIDAY, MARCH 4TH, 1960

PRAYERS

10 O'CLOCK A.M.

Before the Orders of the Day, Mr. Gisborn, speaking to a point of personal privilege, corrected an item in the Toronto Daily Star of Wednesday, March 2nd, in which he was quoted erroneously.

The Prime Minister Tabled Answers to Questions as follows:—

1. *Mr. MacDonald*—Enquiry of the Ministry—1. Has the Department of Lands and Forests recently planted any trees in the vicinity of Dog Lake (west of Fort William) that by mistake were not put on Crown Lands. 2. If so, what are the particulars in terms of time, exact location, and ownership of property. 3. Did the Department make an offer to trade properties in order to redress the mistake. 4. If so, who initiated the offer and who carried out the negotiations. 5. Did the trade or transfer of properties take place; and if so, when and in whose

name. 6. What is the name, address and occupation of the person (or persons) who now holds any such property, traded by the Department to redress the mistake.

Answer by the Prime Minister:—

Answered orally before the Orders of the Day by the Honourable the Minister of Lands and Forests, in answering oral question dated February 22nd, 1960.

16. *Mr. MacDonald*—Enquiry of the Ministry—1. Does the Department of Lands and Forests have an arrangement or agreement with the federal Indian Affairs Branch that provides for provincial advice, help, or direction on the matter of the forest management of forested lands in Indian Reserves in Ontario. 2. If so, what is the form of the agreement or arrangement. 3. In 1959, what did such an arrangement result in, as far as personnel, time spent, and expenditure and location are concerned, for this provincial department.

Answer by the Minister of Lands and Forests:—

1. There is no formal agreement between the Indian Affairs Branch and the Department of Lands and Forests which provides for provincial direction on the matter of the forest management of forested lands in Indian Reserves in Ontario. An arrangement does exist whereby staff of the Department of Lands and Forests fights forest fires occurring on Indian Reserves and subsequently bills the costs to the Indian Affairs Branch.

The extension activities of the Department of Lands and Forests apply on the Indian Reserves in the form of lectures, etc. In the past, trees for planting have been sold to the Indian Affairs Branch in the same manner as they are sold to other private land owners.

2. The arrangement regarding forest protection is in the form of correspondence between the Indian Affairs Branch and the Department of Lands and Forests.
3. During 1959 there were 24 fires; cost to Indian Affairs Branch—\$4,527.00.

17. *Mr. MacDonald*—Enquiry of the Ministry—1. In the planting season of 1959, how many trees were planted on Crown Lands in the Port Arthur district. 2. Of this total, (a) how many were planted by agents or servants of the Department of Lands and Forests; and (b) how many by corporations, companies, or individuals who hold Crown Lands under lease. 3. What was the ratio of trees planted by corporations or companies to, (a) the square miles of Crown Lands held by each company; and (b) to the total cordage taken off such leased land by each leaseholder in 1959.

Answer by the Minister of Lands and Forests:—

1. 955,100.
2. (a) While all the trees were planted by agents or servants of the Department of Lands and Forests, co-operation was received from various licensees in the Port Arthur District by supplying certain of their facilities.
- (b) Our records do not indicate that any trees were planted on Crown Lands by licensees in the Port Arthur District.
3. Answered by 2 (b).

The expression "motor vehicles" covers passenger, dual-purpose and commercial vehicles; snow-mobiles, trucks, station wagons, vans, jeeps, tandem tractors, swamp buggies designed for work in forest and muskeg; also, vehicles fitted with particular equipment, such as post-diggers and other items.

It is the policy of the Government to purchase vehicles from industries located in Ontario, whenever possible.

In most vehicles there are, in most cases, articles and parts manufactured in other countries, principally the United Kingdom and the United States, going into the assembly.

Included in the above schedule are twenty-seven units from the United Kingdom, and one from a European country.

4. (a) On lease 11637.
- (b) (1) This lease comprises two parcels, "firstly", containing 6,488 acres, and, "secondly", also containing 6,488 acres. On the parcel described "secondly", the annual rent is \$12,976.00 but the lessee is entitled to claim a rebate on the actual cost of drilling new wells up to the amount of the annual rent.
- (2) Rent and royalty on lease 11637 are not to exceed a total of \$32,440.00 annually.
5. (a) (1) On leases issued under the regulations:
- (i) on all natural gas produced, 3 cents per mcf or 8 per cent of the prevailing field price for natural gas, whichever is the greater;
- (ii) on all petroleum and petroleum products, 10 per cent of the actual value at the well-head.

(2) On the leases issued by Order-in-Council:

12368	Nil	"
12373	1½c. per mcf	"
12623	2c. per mcf	"

(b) The majority of the leases have not been operating for three years. Figures for the completed years during this period are shown in answer to (1).

6. See answer to (1).

7. (a) 9th May, 1958;

(b) 11,023;

(c) transferred by Dominion Natural Gas Company Limited to Union Gas Company of Canada Limited.

8. As any existing on-shore oil and gas leases in the Lake Huron-Lake St. Clair-Lake Erie area would be issued by the owners of the land and not by the Crown, this information is not available.

NOTES : Leases 11023 and 11045 pay a higher rate of rent to compensate for the fact that no gas royalty is payable. The leases act as a buffer zone between the on-shore wells of Union Gas Co. of Canada Ltd. and the off-shore wells of Consolidated West Petroleum Ltd.

Leases 11637 and 12368 were granted on lenient terms as they represent the pioneer operations in their respective areas of Lake Erie.

204 Richmond Street West
Toronto, November 25, 1959

Mr. J. McLean,
Secretary-Treasurer,
Improvement District of Red Lake,
Red Lake, Ontario.

Dear Sir:

Please find enclosed copies of resolutions of the Board of Trustees of the Improvement District of Red Lake Numbers 14-59 and 15-59 endorsed with the approval of the Minister of Municipal Affairs. It is expected, of course, that the provisions of the resolutions, particularly those of No. 14-59, will now be acted upon by the Board of Trustees.

In regard to Resolution No. 15-59 please note that the date agreed to by the Minister for the removal of the existing houses, buildings and appurtenances from the municipal lands is the 30th day of June, 1960.

In the event the municipality retains its status as a designated mining municipality upon gaining township status at the end of 1959, this Department must, under the regulations made by the Minister pursuant to Section 33a of The Assessment Act, exercise oversight in connection with certain specified municipal functions including the sale or other disposition of the assets of the corporation. Hence the Department must continue to be concerned in the implementation of the provisions of the above noted resolutions and in the status of the subject lands.

Yours very truly,

F. A. BRAYBROOK,
Supervisor,
Special Projects Branch.

IMPROVEMENT DISTRICT OF RED LAKE

No. 15-59

Moved by "J. L. McEwen"
Seconded by "H. W. Hughes"

Date: November 19, 1959.

That whereas Resolution Number 14-59 concerning removal of structures from certain Municipal lands has been passed at the request of the Minister of Municipal Affairs.

And whereas, notwithstanding the passing of such resolution it is the considered opinion of the Board of Trustees that the removal of these houses, buildings and appurtenances at the present time and under the present severe climatic conditions will create great hardship to the individuals and their families residing in these structures.

And whereas at the present time it would be difficult and hazardous to effect such removal and whereas there is no property at the present time to which such houses, buildings and appurtenances could be moved.

Therefore be it resolved that the Minister of Municipal Affairs be respectfully requested to permit deferment of the removal of such houses, buildings and appurtenances already constructed until 30th day of June, 1960, when weather conditions will have moderated so as to reduce the hardship as much as possible to such individuals and their families.

The Order of the Day for Resuming the Adjourned Debate on the motion for Second Reading of Bill 74, An Act to amend The Labour Relations Act, having been read,

The Debate resumed, and after some time,

Mr. Speaker made the following ruling on an amendment proposed yesterday by Mr. MacDonald.

A reasoned amendment must offer some alternative to the main motion. It is therefore obvious, I think, that the amendment proposed yesterday by Mr. MacDonald cannot be put from the chair, as it simply sets out reasons for opposing the motion for the second reading of the Bill, and is therefore merely an expanded negation of the motion for second reading. I refer you to May's Parliamentary Practice, 16th Edition, page 531, where it says, "an amendment which amounts to nothing more than a direct negation of the principle of the Bill is open to objection". Other references to this principle are to be found at pages 422 and 554. The proper way for such negation to be expressed is to vote against the main motion.

On appeal, Mr. Speaker's ruling was sustained on the following division:—

The following Bill was read the second time and referred to the Committee on Highways and Highway Safety:—

Bill 96, An Act to amend The Highway Traffic Act.

The House resolved itself into a Committee to consider certain Resolutions and certain Bills.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor, having been informed of the subject matter of the Resolutions, recommends them to the consideration of the House.

After some time Mr. Speaker resumed the Chair, and Mr. Morrow reported that the Committee had come to certain Resolutions as follows:—

Resolved,

That,

in addition to the allowance provided under section 10 (1) of *The County Judges Act*, the judge of a county or district court of a county or district in which there is only one judge and he is the judge of the surrogate court shall be paid an allowance of 40 per cent of the judge's fees under *The Surrogate Courts Act* but in no case shall such allowance exceed \$2,000 in any year,

as provided by Bill 80, An Act to amend The County Judges Act.

Resolved,

That,

the fees on taxes payable to the Department of Insurance by an insurer or other person shall be as mentioned in Schedule A to *The Insurance Act*,

as provided by Bill 83, An Act to amend The Insurance Act.

Also, that the Committee had directed him to report the following Bills without amendment:—

Bill Pr4, An Act respecting the City of Sarnia.

Bill Pr5, An Act respecting The Collegiate Institute Board of Ottawa.

Bill Pr16, An Act respecting the National Sanitarium Association.

Bill 73, An Act to amend The Provincial Parks Act, 1958.

Bill 76, An Act to amend The Warble Fly Control Act, 1952.

Bill 77, The Weed Control Act, 1960.

Bill 78, An Act to provide for the Disposal of Dead Animals.

Bill 79, An Act to amend The Farm Products Grades and Sales Act.

Bill 93, An Act to repeal The Ginseng Act.

Bill 94, An Act to repeal The Clean Grain Act.

Bill 95, The Telephone Act, 1960.

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time on Thursday next.

The Order of the Day for the House to go into Committee of Supply having been read,

Mr. Frost moved, That Mr. Speaker do now leave the Chair and that the House resolve itself into Committee of Supply.

Mr. Wintermeyer moved in amendment, seconded by Mr. Oliver, that the motion be amended by striking out all the words after the word "That" and substituting therefor the words, "Bill 85, An Act to amend The Farm Products Marketing Act, be withdrawn from the Order Paper for the duration of this Session".

After some time, Mr. Speaker ruled the proposed amendment out of order as it could more properly be moved on the motion for Second Reading of the Bill and also on the ground that it was not relevant to the Estimates.

On appeal, Mr. Speaker's ruling was sustained on the following division:—

THIRTY-THIRD DAY

FRIDAY, MARCH 18TH, 1960

PRAYERS

10 O'CLOCK A.M.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That in the coming week, this House will meet at two of the clock in the afternoon Monday to Thursday inclusive, and at ten of the clock in the forenoon on Friday.

Before the Orders of the Day, the Attorney-General made reference to the apparent acts of arson and incendiarism in the Malton area and assured the House that the inquiry and any resulting prosecutions would be pressed vigorously.

Mr. Daley made reference to the tragic and fatal accident yesterday at the water main tunnel under the Don River at Hogg's Hollow in North York Township. He was joined in his remarks by the Attorney-General, Mr. Singer and Mr. Yaremko.

Mr. Belanger asked a question of the Minister of Education respecting Educational Grants to Municipalities.

Mr. MacDonald made reference to coverage by local newspapers of certain contributions of his group to the Debates in the House.

The Prime Minister informed the House that the United States Government has planned a Scientific Conference on problems of alcoholism and road traffic and asked two members of the Research Department of the Alcoholism Research Foundation of Ontario to prepare the basic working papers for this Conference, but, as members of the Research staff could not attend the Conference in Washington at this time, the United States Department of Health felt that the contribution of the Ontario Foundation was of such importance that it decided to hold the Conference in Toronto instead of Washington in order to ensure the participation of the representatives of the Ontario Foundation.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1961, the following sum:—

1201. To defray the expenses of the Main Office, Department of Mines.....	\$ 512,000.00
--	---------------

Mr. Speaker resumed the Chair; and Mr. Morrow reported, That the Committee had come to a certain Resolution; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

The House then adjourned at 1.10 p.m.

THIRTY-FOURTH DAY

MONDAY, MARCH 21st, 1960

PRAYERS

2 O'CLOCK P.M.

Mr. Carruthers from the Standing Committee on Education presented the Committee's Second Report which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill 113, An Act to amend The Schools Administration Act, 1954.

Bill 114, An Act to amend The Secondary Schools and Boards of Education Act, 1954.

Your Committee begs to report the following Bill with certain amendments:—

Bill 115, An Act to amend The Public Schools Act.

Mr. Grossman from the Standing Committee on Public Accounts presented the Committee's First Report, as follows:—

Your Committee on Public Accounts has, to date, met on three different occasions for the purpose of enquiring into the affairs of the Niagara Parks Commission, as ordered by the Legislature, and begs to report as follows:

Certain allegations were made in respect of the possible conflict on the part of some members of the Commission as between their public duties and private interests.

This matter was thoroughly investigated and it was found that such alleged conflict of interest does not, in fact, exist. It was established that in 1955 the Chairman of the Commission, the Honourable Charles Daley, instructed all the Commissioners at that time to examine into their affairs and so arrange them that there would not exist any such conflict, or even an appearance of such a conflict of interest. Your Committee is satisfied that this directive has been followed and no such conflict of interests exists, nor has existed since that time.

There were some allegations regarding the amount of entertainment (food and liquor) expenses incurred by the Commission members during the current fiscal year.

After thoroughly going into this subject, your Committee is of the opinion that the amount of expenses so incurred by the Commissioners (who serve without remuneration) was very moderate. As a matter of fact, the Committee feels that, having regard for the public services the Commissioners are required to perform in the operations of a business handling over \$3,000,000 annually, the expenses so involved were entirely reasonable.

Some doubts were expressed as to the methods employed in the purchasing of supplies and letting of contracts. Your Committee found that the methods referred to, were quite in order. Purchases are made in a manner which is practical, economical, and in keeping with the nature of the operations involved. Tenders were called for when that appeared to be practical and desirable, and along lines generally practised in such operations.

Enquiry was made into the matter of insurance premiums and commissions so as to establish whether there might be some aspects of conflicting interests on the part of some Commissioners in regard thereto, or some impropriety involved in the distribution of premium commissions on the part of the insuring broker. It was established that the insurance accounts are conducted in a proper manner and completely above reproach.

Reference was made to the possibility that members of the N.P.C. staff may have performed services for the General Manager on N.P.C. time. It was established that some gardening and lawn-mowing was done for the General Manager, but it is recognized that the Manager's property is contiguous to the park proper, and it is apparent that the General Manager felt that such work was one of the perquisites of his office.

Your Committee recommends that, notwithstanding the trivial nature of the services so provided, such practices should not be permitted to recur.

Your Committee further recommends that the books of the N.P.C. should be audited under the direction of the Provincial Auditor in the same manner as is done in other Provincial Commissions.

To sum up:

Your Committee is satisfied that the affairs of the N.P.C. are, on the whole, well and efficiently managed, and that the people of Ontario are well served by a fine group of public-spirited citizens, who voluntarily give of their own time, as Commissioners, to the management of this outstanding enterprise which is a credit to Ontario.

Mr. Grossman moved the adoption of the report, and a debate arising, after some time,

The motion having been put was carried on the following division:—

The following Bills were read the second time and referred to the Committee on Municipal Law:—

Bill 122, An Act to amend The Municipal Tax Assistance Act, 1952.

Bill 124, An Act to amend The Assessment Act.

The House resolved itself into a Committee to consider certain Bills and, after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Morrow reported,

That the Committee had directed him to report the following Bills without amendment:—

Bill 80, An Act to amend The County Judges Act.

Bill 82, An Act to amend The Mechanics' Lien Act.

Bill 88, An Act to amend The Parole Act.

Bill 90, An Act to amend The Conservation Authorities Act.

FORTY-SECOND DAY

THURSDAY, MARCH 31ST, 1960

PRAYERS

2 O'CLOCK P.M.

Mr. Myers from the Standing Committee on Energy presented the Committee's Second Report which was read as follows and adopted:—

Your Committee begs to report the following Bill with certain amendments:—

Bill 39, An Act respecting Energy.

Mr. Rowntree from the Committee on Labour presented the Committee's Fourth Report which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill 69, The Employment Agencies Act, 1960.

Mr. Beckett from the Standing Committee on Municipal Law presented the Committee's Third and Final Report which was read as follows and adopted:—

Your Committee begs to report the following Bills with certain amendments:—

Bill 140, An Act to amend The Municipal Act.

Bill 142, An Act to amend The Municipality of Metropolitan Toronto Act, 1953.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That the Provincial Auditor be authorized to pay the salaries of the Civil Service and other necessary payments pending the voting of Supply for the fiscal year commencing April 1st, 1960, such payments to be charged to the proper appropriations following the voting of Supply.

The following Bills were introduced, read the first time, and ordered to be read the second time tomorrow:—

Bill 149, An Act respecting the Members of the Assembly. *Mr. Frost.*

Bill 150, An Act to amend The Legislative Assembly Act. *Mr. Frost.*

Bill 151, An Act to amend The Executive Council Act. *Mr. Frost.*

Bill 152, An Act respecting Louis Pierre Cecile. *Mr. Roberts.*

Bill 153, An Act to amend The Elevators and Lifts Act, 1953. *Mr. Daley.*

Before the Orders of the Day, Mr. Speaker addressed the House as follows:—

On Tuesday last, the Member for Sudbury proffered a motion to adjourn the House for the purpose of discussing a definite matter of urgent public importance. As by Rule 38(a) such a motion must be previously submitted to and approved by the Speaker, the motion was clearly inadmissible and all discussion of it at that time out of order. I did, however, agree to take it under advisement for a later date. After due consideration it appears quite clear to me that, even if Mr. Sopha had taken the correct procedure, the statement made by the Minister of Reform Institutions, prior to Mr. Sopha's motion, removed any aspect of public urgency which might have previously existed.

For the correct procedure on such motions I refer the Members to Rule 38(a) and Lewis' Parliamentary Procedure in Ontario, pages 39 and 40.

On motion by Mr. Frost, seconded by Mr. Nixon,

Ordered, That a Select Committee of this House be appointed to study and enquire into an Act to amend The Legislative Assembly Act, An Act to amend The Executive Council Act and An Act respecting the Members of the Assembly, and to report its findings and recommendations to the Assembly at the present sitting thereof.

The Committee shall consist of six Members as follows:—

Messrs. Roberts, Auld, Sandercock, Reaume, Thompson and Gisborn, and the said Committee shall have full power and authority to call for such persons, papers and things as the said Committee may deem necessary for any of its proceedings or deliberations.

The House resolved itself into a Committee to consider certain Bills and, after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Morrow reported,

That the Committee had directed him to report the following Bills without amendment:—

Bill 74, An Act to amend The Labour Relations Act.

Bill 96, An Act to amend The Highway Traffic Act.

Bill 133, An Act to amend The Highway Improvement Act, 1957.

Bill 139, An Act to amend The Sandwich, Windsor and Amherstburg Railway Act, 1949.

Bill 143, An Act to amend The Trustee Act.

Bill 145, An Act to amend The General Welfare Assistance Act, 1958.

Bill 147, An Act to authorize the Raising of Money on the Credit of the Consolidated Revenue Fund.

That the Committee had directed him to report the following Bill with certain amendments:—

Bill 124, An Act to amend The Assessment Act.

Bill 126, An Act to amend The Public Hospitals Act, 1957.

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time tomorrow.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved. That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1961, the following sums:—

301.	To defray the expenses of the Main Office, Department of Economics.....	\$ 400,000.00
2301.	To defray the expenses of the Main Office and Public Debt, Treasury Department.....	618,000.00
2302.	To defray the expenses of the Comptroller of Revenue....	2,289,000.00
2303.	To defray the expenses of the Ontario Racing Commission..	172,000.00
2304.	To defray the expenses of the Tabulating Branch.....	172,000.00
2305.	To defray the expenses of the Housing Mortgage Branch..	39,000.00
2306.	To defray the expenses of the Civil Service Commission...	475,000.00

And the House having continued to sit until 12 of the clock Midnight:—

FRIDAY, APRIL 1ST, 1960

2307.	To defray the expenses of the Public Service Superannuation Board.....	\$ 118,000.00
-------	--	---------------

Mr. Speaker resumed the Chair; and Mr. Morrow reported, That the Committee had come to certain Resolutions; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

The House then adjourned at 12.35 a.m.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed and, after some time, it was, on motion by Mr. Letherby,

Ordered, That the Debate be adjourned.

The House then adjourned at 1.10 p.m.

FORTY-FOURTH DAY

MONDAY, APRIL 4TH, 1960

PRAYERS

2 O'CLOCK P.M.

Mr. Lawrence from the Standing Committee on Legal Bills presented the Committee's Seventh and Final Report which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill 138, An Act respecting the proposed International Bridge over the St. Mary's River at Sault Ste. Marie.

Before the Orders of the Day, Mr. MacDonald moved the adjournment of the House to discuss a definite matter of urgent public importance, namely, the result of the coroner's inquest into the Hogg's Hollow fatality.

Mr. Singer asked a Question of the Minister of Education respecting Library Grants.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That a Select Committee of the House be appointed to examine into and to study the administrative and executive problems of the Government

of Ontario in all Divisions of the Provincial Service and to examine into the relationship of Boards and Commissions to the Government and the Legislature, and to examine into and study the Report of the Committee on the Organization of Government in Ontario, dated the 25th day of September, 1959, and to consider the findings and recommendations contained in the said Report and to report upon and recommend upon the implementation and adoption of the recommendations and proposals contained in the said Report or any of them, or respecting any of the administrative and executive problems of the Government of Ontario in all Divisions of the Provincial Service, and the relationship of Boards and Commissions to the Government and the Legislature aforesaid;

And that the Select Committee shall consist of eleven members and shall have authority to sit during the interval between Sessions and have full power and authority to appoint or employ counsel and secretary and such other personnel as may be deemed advisable and to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendances before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Membership of the Committee to be decided at a later date.

The House resolved itself into a Committee to consider a certain Resolution and certain Bills.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor, having been informed of the subject matter of the Resolution, recommends it to the consideration of the House.

After some time Mr. Speaker resumed the Chair, and Mr. Morrow reported that the Committee had come to a certain Resolution as follows:—

Resolved,

That,

the Lieutenant-Governor in Council is authorized to raise from time to time by way of loan upon the credit of and chargeable upon the Consolidated Revenue Fund such sum or sums of money as may be deemed expedient for the purposes set out in Bill 147, An Act to authorize the Raising of Money on the Credit of the Consolidated Revenue Fund,

as provided for in the said Bill 147.

Also, that the Committee had directed him to report the following Bills without amendment:—

The House then adjourned at 12.00 Midnight.

NOTICE OF MOTION

20. *Mr. MacDonald*—Resolution—That a Select Committee of the House be appointed to inquire into all Acts of the Legislature and regulations regarding industrial health and safety, minimum wages, hours of work, holidays and other basic labour standards and the administration thereof, to consider the adequacy of such Acts, regulations and administration in the light of conditions now existing in the province, and to report thereon;

And, That the Select Committee have authority to sit during the interval between sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants; and that the Select Committee consist of 15 members.

FORTY-FIFTH DAY

TUESDAY, APRIL 5TH, 1960

PRAYERS

2 O'CLOCK P.M.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That notwithstanding the previous Order, when this House adjourns the present sitting thereof, it do stand adjourned until eleven o'clock in the forenoon tomorrow morning, to rise for the luncheon recess at one of the clock in the afternoon and to resume at two of the clock.

Before the Orders of the Day, Mr. MacDonald asked a question of the Minister of Mines relative to the closing of a road by the Anaconda Iron-Ore (Canada) Limited.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed and, after some time, it was, on motion by Mr. Innes,

Ordered, That the Debate be adjourned.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time, the amendment to the amendment, as follows:—

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following:—

This House further regrets that the Government has failed to present any comprehensive plans for the economic and social development of the province, and in particular—

Has failed to provide a comprehensive plan for the co-ordinated development and use of our energy resources which are vital to the whole economy.

Has failed to give consistent and strong support to effective collective bargaining for farmers through marketing plans and for labour through trade unions.

Has failed to uphold time-honoured principles of public administration and countenanced widespread political patronage, thereby helping to create an atmosphere of indifference and cynicism regarding the high standards of public morality necessary for survival of democratic government.

The Amendment to the Motion as follows:—

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

“But this House:

- (1) Regrets that the government has failed to protest against the disastrous farm policy of the federal government.
- (2) Regrets that the government has failed to recognize the needs of working men for basic economic security by failing to introduce a scheme of province-wide portable pensions.
- (3) Regrets that the government has failed to meet its primary obligation for the education of our youth by failing to provide a sufficient number of qualified teachers and by failing to assume provincial responsibility for a greater share of the total cost of education.
- (4) Regrets that the government has failed to introduce a comprehensive, pre-paid provincial plan for medical and drug insurance.
- (5) Regrets that the government has given no indication of its intention to call a provincial-municipal conference to re-allocate responsibilities and revenues between itself and Ontario municipalities.
- (6) Deplores the inability of this government to obtain for the people of Ontario a more satisfactory share of the total tax dollar from the federal government.

- (7) Regrets that the government has advanced no programme to provide low-cost housing.
- (8) Regrets that the government has not defined its responsibility to regulate consumer rates for natural gas nor undertaken a comprehensive review of the gas rate structure.
- (9) Regrets that this government has proposed no programme for the development of Northern Ontario."

Resolved, That an humble Address be presented to the Honourable the Lieutenant-Governor of the Province of Ontario, as follows:—

*To the Honourable J. Keiller Mackay, D.S.O., V.D., Q.C., D.C.L., LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

Ordered, That the Address be engrossed and presented to the Honourable the Lieutenant-Governor by those Members of this House who are Members of the Executive Council.

The following Bills were read the second time and referred to the Committee of the Whole House:—

Bill 152, An Act respecting Louis Pierre Cecile.

Bill 153, An Act to amend The Elevators and Lifts Act, 1953.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That a Select Committee of the House be appointed to examine, investigate, enquire into, study and report on all matters relating to compensation of persons who suffer financial loss or injury as a result of motor vehicle accidents, and, without restricting the generality of the foregoing, including all matters relating to:

1. Financial responsibility of operators and owners of motor vehicles;
2. The payment of claims inclusive of unsatisfied judgments and others, and also including the operation and coverage of the Unsatisfied Judgment Fund;
3. All aspects of compulsory automobile insurance and other related and relevant plans, including the experience of other jurisdictions;
4. The operation of existing legislation and procedures in Ontario;

And to make such recommendations as are deemed advisable with respect thereto;

And that such Select Committee shall consist of eleven members and shall have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before such Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of these proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Membership of the Committee to be decided at a later date.

The House resolved itself into a Committee to consider a certain Resolution.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor, having been informed of the subject matter of the Resolution, recommends it to the consideration of the House.

After some time Mr. Speaker resumed the Chair, and Mr. Morrow reported that the Committee had come to a certain Resolution as follows:—

Resolved,

That,

all allowances, refunds and interest payable under Bill 149, An Act respecting the Members of the Assembly, shall be a charge against the Consolidated Revenue Fund and the Treasurer of Ontario shall pay annually from the Consolidated Revenue Fund into the Legislative Assembly Retirement Allowances Account such sum as the Lieutenant-Governor in Council directs to assist in defraying the cost of allowances under the said Act,

as provided by the said Bill 149.

Ordered, That the Report be now received and adopted.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1961, the following sums:—

1901.	To defray the expenses of the Main Office, Department of Public Works.....	\$1,590,000.00

1408.	To defray the expenses of the Conservation and Parks Branch.....	2,000,000.00
1409.	To defray the expenses of the Housing Branch.....	6,500,000.00

Mr. Speaker resumed the Chair; and Mr. Morrow reported, That the Committee had come to certain Resolutions; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

The House then adjourned at 11.45 p.m.

FORTY-SIXTH DAY

WEDNESDAY, APRIL 6TH, 1960

PRAYERS

11 O'CLOCK A.M.

Mr. Rowntree from the Standing Committee on Labour presented the Committee's Fifth Report as follows:—

Your Committee on Labour has held three meetings for the purpose of enquiring into the facts surrounding the making and continuation of a contract between Business and Economic Services Limited and the Workmen's Compensation Board, and begs to present its report.

The terms of reference are contained in a resolution passed by the Legislature on Monday, March 28, 1960, as follows:

On motion by Mr. Frost, seconded by Mr. Allan, "That the Standing Committee on Labour enquire into and report to the House on the facts surrounding the making and continuance of a contract between Business and Economic Services Limited and the Workmen's Compensation Board".

During the course of its enquiry your Committee heard evidence from members of the Workmen's Compensation Board, a representative of the Construction Safety Association and others who were able to testify from personal knowledge as to facts related to the subject of enquiry.

Evidence adduced before your Committee discloses, and your Committee finds as facts, that the Workmen's Compensation Board first employed Business and Economic Services Limited in 1954 to assist in the reorganization, training and expansion of the Board's staff. This company was almost wholly owned and operated by the late H. J. Daly, who was described as the mainspring and key figure of the organization. The Company and Mr. Daly first came into contact with the Board in the latter part of 1953 through the medium of the Construction Safety Association, an association of employers formed under Section 115 of The Workmen's Compensation Act and maintained by funds granted by the Board from money raised by the Board on assessment of employers engaged in the

construction industry. The Association had had staff and organizational problems. Advice was sought from Mr. J. M. Bingham, the head of an advertising and counselling service in Toronto, who recommended Business and Economic Services Limited which was subsequently retained and which provided highly satisfactory service. As a result, the company was engaged in 1954 by the Board to perform a similar service. A contract was made for one year under which Mr. Daly was required to give his personal attention to the Board's problems. If the first year of the contract proved satisfactory there was a general understanding that it would be renewed on a yearly basis until the organization and training of the personnel employed by the Board was raised to a satisfactory level and the Board was able to engage a permanent employee to carry on.

The contract was in fact renewed from year to year at an overall cost to the Board of annual amounts between \$16,000 and \$27,500 which varied in accordance with the services provided during the particular year.

A problem arose when Mr. Daly died in February of 1956, because the project for which his Firm had been retained was not yet completed. As he was the moving spirit of the Company and personally attended to the requirements of the Board there was real concern whether the Company could continue to meet such requirements. The Company asked that its then general manager, Mr. Martin Petrie, be permitted to be assigned to the task and given a trial. This was done and the Board was satisfied with the result.

At all times the Board was completely content that it was getting full value for the amounts paid to the Company.

In 1959 the Board decided that it would renew its contract with Business and Economic Services Limited for a final year. It had found a man to take over its industrial relations and personnel work, but it felt that it would be advisable to let the Company finish off its programme for the Board before the new man would become fully responsible in this field. It also gave him an opportunity to become familiar with the general operations of the Board.

Interjected into the routine of this transaction was a unique circumstance. The Chairman of the Board, Mr. Eugene Sparrow, having come into constant contact with Mr. Daly during the time when he was working on the Board premises developed a great respect for his ability and in due course Mr. and Mrs. Sparrow and Mr. and Mrs. Daly became friends.

Mrs. Sparrow's death occurred in May of 1956, only a few months following the death of Mr. Daly, and in May of 1957 Mr. Sparrow and Mrs. Daly, who had in the meantime inherited her late husband's shares, which represented a controlling interest in the Company, were married. The potential difficulties were recognized. Mrs. Sparrow consulted her lawyer who advised her that she should not actively participate in the Company's business during the existence of the contract with the Board but might take without criticism any dividends that might accrue to her as a stockholder. There were no such dividends.

Mr. Sparrow discussed all aspects of the matter fully with the members of the Board. It was decided that it was in the best interests of the Board to

continue to avail itself of the services of the Company because the work it was performing was both satisfactory and essential.

During the course of the proceedings before your Committee it was suggested that some stigma attached to the late Mr. Daly and the Company because of his and its connection with the operations of a certain Fund for Britain during the years 1948 to 1950.

While the terms of reference of your Committee did not include an enquiry into this subject, the Chairman requested that the report of the Public Trustee, who had investigated the matter in 1951 under The Charities Accounting Act, be made available to the Committee. This was done and a perusal of the Report indicated that the Public Trustee did not make a finding of impropriety on the part of Mr. Daly or the Company.

Your Committee, after a careful review of all the evidence presented to it, has concluded and now reports that Mr. Sparrow and the Workmen's Compensation Board acted in good faith and properly in their dealings with Business and Economic Services Limited.

Mr. Rowntree moved the adoption of the report, and a debate arising, after some time,

The report was declared adopted.

Mr. Roberts from the Select Committee to study and inquire into Bill 149, An Act respecting the Members of the Assembly; Bill 150, An Act to amend The Legislative Assembly Act; and Bill 151, An Act to amend The Executive Council Act, and to report its findings and recommendations to the Assembly at the present sittings thereof presented its report which was read as follows and adopted:—

Your Committee has studied and inquired into Bill 150, An Act to amend The Legislative Assembly Act, and Bill 151, An Act to amend The Executive Council Act, and recommends that the said Bills be passed without amendment.

Your Committee has studied and inquired into Bill 149, An Act respecting the Members of the Assembly, and recommends that the said Bill be passed with the following amendments which are designed, (1) to extend the Act to the Speaker and any former Speaker who is a member; and (2) to clarify the intent:

1. That clause *d* of section 1 be amended to read:

(*d*) "minister" means a member of the Executive Council, and includes for the purposes of this Act the Speaker, the Leader of the Opposition, and any member who was formerly a member of the Executive Council, the Speaker, or the Leader of the Opposition.

2. That subclause ii of clause *e* of section 1 be amended to read:

(ii) the additional indemnity of the Speaker or the Leader of the Opposition authorized by The Legislative Assembly Act.

3. That the words, "or a minister or both", in the second line and in the fifth line of subsection 2 of section 5 be struck out.

Your Committee also recommends that it be authorized and empowered to sit during the interval between sessions to study the problems that are of concern to the Government and to this Assembly with a view to making recommendations for the orderly, expeditious and efficient transaction of the business of the Legislature and for the improvement and simplification of the procedures of and pertaining to the Assembly, including the matter of allowances for the expenses of out-of-town Members.

Your Committee has also studied the matter of an alternative procedure in the House, by resolution or otherwise, for dealing with cases such as is illustrated by Bill 152, An Act respecting Louis Pierre Cecile. After consideration, your Committee feels that an important principle is involved in this matter and that no urgency to resolve it exists at this stage of the present session.

Your Committee, therefore, recommends that if this Committee is authorized to sit during the interval between sessions as above recommended, this matter be again referred to it for further study.

Before the Orders of the Day, Mr. Gisborn asked a question of the Minister of Public Welfare relating to an article in the Hamilton Spectator of April 4, in which it was alleged that new Provincial Regulations reduced subsidies to municipalities for supplementary aid to old age pensioners.

Mr. MacDonald asked a question of the Minister of Labour with respect to the article in last night's Toronto Telegram alleging an error in the Regulations of his department.

On motion by Mr. Frost, seconded by Mr. Goodfellow,

Ordered, That a Select Committee of this House be appointed to enquire into, study and review the entire matter of the cost of drugs and pharmaceutical preparations of all kinds used for the treatment of patients in public, general and mental hospitals and sanatoria in Ontario, and all matters relevant thereto including the present methods and practices followed in respect of the purchase, distribution, analysis, storage, inventory and accounting thereof in such institutions, and in particular as to whether costs are reasonable having regard to costs of production and the costs charged to the general public;

And that such Select Committee shall consist of eleven members and shall have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before

the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Membership of the Committee to be decided at a later date.

Notices of Motions Nos. 8 and 10, standing in the names of Messrs. Whicher and Bryden respectively, were, with the unanimous consent of the House, withdrawn.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed and, after some time, it was, on motion by Mr. Trotter,

Ordered, That the Debate be adjourned.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1961, the following sums:—

1301.	To defray the expenses of the Main Office, Department of Municipal Affairs.....	\$37,517,000.00
1302.	To defray the expenses of the Ontario Municipal Board . . .	345,000.00
1303.	To defray the expenses of the Community Planning Branch	2,215,000.00
1304.	To defray the expenses of the Ontario Water Resources Commission.....	1,600,000.00
1305.	To defray the expenses of the Main Office, Department of Municipal Affairs.....	1,000,000.00

Mr. Speaker resumed the Chair; and Mr. Morrow reported, That the Committee had come to certain Resolutions; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

The House then adjourned at 10.55 p.m.

Mr. Grossman moved that the Bill be now read a second time, and, a Debate arising, after some time, it was,

On motion by Mr. Frost,

Ordered, That the Debate be adjourned.

Mr. Wintermeyer moved, seconded by Mr. Nixon,

That the government make available facilities for the development of a province-wide scheme of portable pensions for all workers,

And a Debate arising, after some time, it was,

On motion by Mr. Allan,

Ordered, That the Debate be adjourned.

Mr. Trotter moved, seconded by Mr. Troy,

That the government establish a province-wide system of comprehensive, prepaid health insurance including medical and drug expenses,

And a Debate arising, after some time,

Mr. MacDonald moved in amendment, seconded by Mr. Bryden,

That the resolution be amended by inserting after "province-wide" in the first line the words "government-operated".

The Debate continued, and after some time, the motion by Mr. Frost to adjourn the Debate was carried 51 to 5.

The House then adjourned at 11.20 p.m.

FORTY-EIGHTH DAY

FRIDAY, APRIL 8TH, 1960

PRAYERS

10 O'CLOCK A.M.

On motion by Mr. Frost,

Ordered, That when this House adjourns the present sitting thereof, it do stand adjourned until two of the clock on Monday afternoon.

On motion by Mr. Macaulay,

Ordered, That the Order for Third Reading of Bill 38, An Act to establish the Ontario Energy Board, be discharged and that the Bill be referred back to the Committee of the Whole House for amendment.

Before the Orders of the Day, the Prime Minister made a statement to the House with respect to the appointment of a Commission to thoroughly investigate all matters pertaining to the legislation and regulations of the Department of Labour, with particular reference to the safety of workers.

Mr. MacDonald directed a question to the Minister of Labour, relative to the death of a tunnel worker in East Toronto two years ago, which the Minister had stated in the House was due to a heart condition, and directed the Minister's attention to the Report of the Coroner's Jury.

The Prime Minister Tabled Answers to Questions, as follows:—

9. *Mr. Bryden*—Enquiry of the Ministry—1. What was the total cost of drugs purchased for use by the Department of Reform Institutions and institutions operated by it during: (a) the fiscal year ended March 31, 1959; and (b) the first nine months of the current fiscal year. 2. What proportion of the cost in each period was for drugs purchased under (a) brand names; (b) generic names.

Answer by the Minister of Reform Institutions:—

1. (a)	\$35,583.98;	(b)	\$24,526.12.
2. (a)	Fiscal year ended March 31, 1959.....		\$26,409.99
	Nine months to December 31, 1959.....		18,064.71
(b)	Fiscal year ended March 31, 1959.....		\$ 9,173.99
	Nine months to December 31, 1959.....		6,461.41

—oOo—

14. *Mr. MacDonald*—Enquiry of the Ministry—1. Have the officials of the Department of Lands and Forests the statutory or delegated authority to instruct any leaseholder to take remedial measures to ensure adequate regeneration of cut-over lands. 2. If so, (a) what is such authority; and (b) what regulations have been promulgated for the use of enforcement officials. 3. In 1959, were any directions for such remedial measures given to any leaseholder of Crown lands. 4. If so, (a) to whom; (b) by whom; (c) for what specified regions; and (d) to remedy what conditions.

Answer by the Minister of Lands and Forests:—

1. Yes.
2. (a) STATUTORY AUTHORITY—Section 23 (4) of The Crown Timber Act, 1952.

DELEGATED AUTHORITY—Under Section 48 of The Crown Timber Act, 1952 by Minister's authorization dated July 23rd, 1958:

2. (h) Delegated to the Chief, Division of Timber—

“Under section 23 (1), (2), (3), (4) determine specifications adequate to promote and maintain the productivity of areas cut over”.

3. (h) Delegated to the District Forester—

(a) “Receive operating plans and maps of cut over areas. Approve an annual plan where it agrees with master plan. If it differs refer to Chief, Division of Timber for instructions”.

(b) “Approve measures the licensee indicates he will take to promote and maintain the productivity of the areas cut over in accordance with the specifications prescribed in section 2 (h). Failure on the part of the licensee to meet the requirements shall be reported to the Chief, Division of Timber”.

(b) Certain new licences issued since April 1st, 1957 carry a tree planting clause (see attached list).

In 1959, 13,465,350 trees were planted by the Department of Lands and Forests on licensed Crown lands. Licensees co-operated with this planting by supplying facilities amounting to approximately 12% of the direct planting costs.

No specific regulations except as above noted have been promulgated for the use of enforcement officials.

3. None, except as noted in 2 (b).

4. (a) Answered by 2 (b).

(b) Where in the opinion of the local District Forester it is considered necessary in issuing new licences to maintain the productivity of the area to be cut over by planting, he makes recommendation to the Chief of the Timber Branch to include a clause in the licence issued requiring that an adequate number of trees be planted by the licensee following the cut.

(c) For the licensed areas in Kenora, Fort Frances, Swastika and Port Arthur Districts, see attached list.

(d) To maintain the productivity of the areas cut over.

15. *Mr. MacDonald*—Enquiry of the Ministry—1. In 1959, what was the amount of direct expenditure on (a) research, and (b) reforestation in the field in the following districts: Cochrane, Chapleau, Fort Frances, Geraldton, Port Arthur, Kenora, Parry Sound, Sioux Lookout, Tweed, Lindsay. 2. In these same districts, what was the total revenue to the Crown on timber cut during 1959.

Answer by the Minister of Lands and Forests:—

1. (a) Cochrane.....	\$17,800	(b) Cochrane.....	\$ 43,999
Chapleau.....	5,800	Chapleau.....	146,299
Fort Frances.....	11,800	Fort Frances.....	22,175
Geraldton.....	13,800	Geraldton.....	38,287
Port Arthur.....	17,800	Port Arthur.....	32,090
Kenora.....	4,800	Kenora.....	15,227
Parry Sound.....	12,800	Parry Sound.....	33,469
Sioux Lookout.....	3,800	Sioux Lookout.....	7,875
Tweed.....	15,800	Tweed.....	28,550
Lindsay.....	7,800	Lindsay.....	20,320

The above figures are estimates only of the amounts directly allotted to districts for out-of-pocket expenditures and do not include permanent and temporary staff salaries.

The total expenditures for research and reforestation, including nursery operations and seed collecting, by the Department of Lands and Forests for the fiscal year ending March 31st, 1959, are as follows:

Research..... \$934,818.13 Reforestation.... \$2,953,364.16

This money is spent through Head Office across the Province as the needs of research, reforestation and tree production dictate.

2. Stumpage receipts by districts for the fiscal year ending March 31st, 1959:

Cochrane.....	\$1,342,821.03
Chapleau.....	472,325.71
Fort Frances.....	338,283.82

21. *Mr. Wren*—Enquiry of the Ministry—1. For the fiscal year ended March 31, (a) 1955; (b) 1956; (c) 1957; (d) 1958; (e) 1959: How many printing accounts exceeded in the aggregate ten thousand dollars. 2. With reference to (1), name each company which received more than ten thousand dollars in each year. 3. With reference to (2), how many are union shops affixing the

union label to their finished work. 4. With reference to (2), in how many instances were tenders called. 5. In how many instances were comparative prices examined. 6. List comparison in (4) and (5).

Answer by the Provincial Secretary:—

1. This information is contained in the Public Accounts of the Province of Ontario. For example, the 1959 figures are published in Part W—"Government Stationery Account".
2. See (1).
3. It is difficult to state how many printing firms in Ontario are unionized without obtaining this information directly from the Unions. The union label is never imprinted on Government work unless the Department concerned expressly asks for it.
4. Any job of this value would be tendered on by several firms.
5. Every printing order placed is estimated comparatively by the estimators within the office of the Queen's Printer.
6. See (5).

The printing businesses which are unionized are confined to the larger centres in Ontario and represent about 5 per cent of the over 1,200 printing shops in Ontario. In distributing printing business fairly throughout the Province, if business was done with Union Shops only, the printers in the smaller localities would receive no business whatsoever. If the Queen's Printer did business with Union Shops only, it would be impossible to give service as the Union Shops could not handle the volume or variety of work for which the Queen's Printer has orders. Many of the larger printing firms in Ontario are not unionized.

30. *Mr. Wren*—Enquiry of the Ministry—1. What has been the cost to date of: (a) acquiring the site; and (b) constructing the provincial police buildings and detention quarters at Red Lake. 2. What has been the cost to date of: (a) acquiring the site; and (b) constructing the Department of Highways garage at Red Lake.

Answer by the Minister of Public Works:—

1. (a) and (b)—

Whereas the question refers to “provincial police buildings and detention quarters at Red Lake”, the name of the Red Lake building is, “Ontario Government Building”, its function being to provide accommodation for Government departments as required. The building is presently occupied by:

Department of Attorney General—
Ontario Provincial Police.
Department of Mines—
Mining Recorder.

2. (a) Nil.

The Department of Highways has reported that the site was “Crown land reserved for the use of the Ontario Department of Highways by the Ontario Department of Lands and Forests.”

- (b) \$50,155.98.

39. *Mr. Singer*—Enquiry of the Ministry—In each of the years 1957, 1958, 1959: (1) Did the provincial government carry its own insurance on any or all of the buildings owned by the province or by its agencies in Ontario. If so, give particulars of the methods adopted and the funds allocated for this purpose. If not, give particulars of all such insurance carried by the provincial government including the amounts of such insurance premiums and the names and addresses of all agents placing such insurance. 2. (a) Through whom, or to whose credit, as agents has such government insurance been placed; (b) What amount of commission has been paid the insurance companies as a result of the issuance of such insurance. 3. (a) What are the names and addresses of all persons receiving commissions from such insurance; (b) What amount of commission was received by each such person. 4. What are the names and addresses of all persons whom the government, or any person on behalf of the government, has suggested to the insurance companies, or agents acting on behalf of the insurance companies, for sharing in the commission payable as a result of the placing of government insurance. 5. (a) What are the names and addresses of all persons or companies who have received commissions or premiums, either as insurance company agents or sub-agents, or in any other capacity as a result of placing such insurance; (b) Has the province ever contemplated acting as its own insurer.

Answer by the Minister of Public Works:—

1. Yes, as a general rule the Government carries no insurance on any building of a less value than \$400,000.

No separate funds are allocated, no premiums are paid and any losses are paid from the Consolidated Revenue Fund.

Two buildings only are insured by the Government—the Main Parliament Building, Queen's Park, Toronto, and the Ontario Government Building, 67 College St. West, Toronto. Insurance respectively being \$8,700,000 and \$2,137,500. This is because of the large concentration of risk over and above the self insurance of \$400,000. Policy and premiums are on a three-year basis. See Schedule A attached.

2. (a) See 1.
(b) Commission included in premium.
3. (a) See 1.
(b) No record, amount included in premium.
4. None.
5. (a) See 1.
(b) It is its own insurer as in 1.

Bill 149, An Act respecting the Members of the Assembly.

Bill 150, An Act to amend The Legislative Assembly Act.

Bill 151, An Act to amend The Executive Council Act.

The House resolved itself into a Committee to consider certain Resolutions and certain Bills.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor, having been informed of the subject matter of the Resolutions, recommends them to the consideration of the House.

After some time Mr. Speaker resumed the Chair, and Mr. Morrow reported that the Committee had come to certain Resolutions as follows:—

Resolved,

That,

the Treasurer of Ontario is authorized to purchase, acquire and hold,

- (a) securities issued by International Bridge Authority, a corporation created by Act No. 237 of the Public Acts of the State of Michigan for 1935;
- (b) the shares of St. Mary's River Bridge Company, a corporation created by chapter 64 of the Statutes of Canada, 1955;
- (c) the shares of The International Transit Company, Limited, a corporation created under The Companies Act of Ontario by letters patent dated the 22nd day of May, 1888,

and pay therefor out of the Consolidated Revenue Fund,

as provided by Bill 138, An Act respecting the proposed International Bridge over the St. Mary's River at Sault Ste. Marie.

Resolved,

That,

the members of the Legislative Assembly shall be paid an indemnity at the rate of \$5,000 per annum and an allowance for expenses at the rate of \$2,000 per annum; and in addition to his indemnity and allowance for expenses as a member,

- (a) there shall be paid to every minister of the Crown without portfolio, other than the minister who is a member of The Hydro-Electric Power Commission of Ontario, an allowance for the expenses of representation at the rate of \$1,000 per annum;
- (b) there shall be paid to the Leader of the Opposition an indemnity at the rate of \$12,000 per annum; and
- (c) there shall be paid to the Chairman of the Committees of the Whole House an indemnity of \$2,000 for each session,

as provided by Bill 150, An Act to amend The Legislative Assembly Act.

Resolved,

That,

- (1) The annual salary of every minister having charge of a department shall be \$12,000, and
- (2) The annual salary of every minister without portfolio, other than the minister without portfolio who is a member of The Hydro-Electric Power Commission of Ontario, shall be \$2,500,

as provided by Bill 151, An Act to amend The Executive Council Act.

Also, that the Committee had directed him to report the following Bills without amendment:—

Bill 138, An Act respecting the proposed International Bridge over the St. Mary's River at Sault Ste. Marie.

Bill 140, An Act to amend The Municipal Act.

Bill 142, An Act to amend The Municipality of Metropolitan Toronto Act, 1953.

Bill 152, An Act respecting Louis Pierre Cecile.

Bill 153, An Act to amend The Elevators and Lifts Act, 1953.

That the Committee had directed him to report the following Bills with certain amendments:—

Bill 38, An Act to Establish the Ontario Energy Board.

Bill 39, An Act respecting Energy.

Bill Pr32, An Act respecting the City of Toronto.

Bill Pr43, An Act respecting the Township of North York.

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time on Monday next.

On motion by Mr. Frost, seconded by Mr. Goodfellow,

Ordered, That a Select Committee of this House be appointed to enquire into and review the following Acts of this Legislature:

The Power Commission Act,

The Public Works Act,

The Highway Improvement Act,

The Municipal Act,

The Municipal Arbitrations Act,

The Ontario-St. Lawrence Development Commission Act,

and such other Acts of this Legislature dealing with expropriation of land and make such enquiry into similar legislation of the Parliament of Canada and the Legislatures of the respective Provinces of Canada and other jurisdictions, with a view to recommending improvement in the legislation of this Legislature dealing with expropriation of land which is in force in this Province and for these purposes to consider a Bill submitted to this House under the title of The Land Compensation Act, 1960;

And that the Select Committee shall consist of eleven members and shall have authority to sit during the interval between Sessions and have full power and authority to appoint or employ counsel and secretary and such other personnel as may be deemed advisable and to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendances before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Membership of the Committee to be decided at a later date.

On motion by Mr. Frost, seconded by Mr. Goodfellow,

Ordered, That a Select Committee of the House be appointed to inquire into all matters relating to insurance of agricultural crops produced in Ontario against hazards to those crops during the growing season, and, without limiting the generality of the foregoing, to inquire into the following matters:

1. The hazards affecting each crop during the growing season, such as hail, drought, frost, wind, excessive rainfall, flood, disease, insect pests, etc.;
2. The annual losses sustained by the producers from each hazard;
3. The insurance, if any, presently available for crop insurance in respect of each hazard;
4. The rates charged or that might be charged by insurers against any or all hazards;
5. The application of the *Crop Insurance Act* (Canada) to Ontario, or particular areas thereof, or in respect of particular crops or otherwise;

And to make such recommendations as are deemed advisable with respect thereto;

And that such Select Committee shall consist of eleven members and shall have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before such Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of these proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Membership of the Committee to be decided at a later date.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Return to an Order of the House, dated April 8th, 1960, showing: In each of the years 1956, 1957, 1958, 1959: 1. How many pieces of property were purchased by the Liquor Control Board of Ontario. 2. FORTY-NINTH DAY

MONDAY, APRIL 11TH, 1960

PRAYERS

2 O'CLOCK P.M.

The Prime Minister informed the House that, in view of the lack of unanimity in the Committee on Privileges and Elections, the matter referred to that Committee on February 18th had been referred to His Honour Judge Ian Macdonell as a Commission under The Public Inquiries Act.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That, when this House adjourns the present sitting thereof, it do stand adjourned until ten of the clock in the forenoon tomorrow, to rise for the luncheon interval at one of the clock in the afternoon and to resume at two of the clock.

Before the Orders of the Day, the Prime Minister directed the attention of the Members to the volume "Tom Kennedy's Story", by Ralph Hyman. He mentioned that these stories are recorded by Mr. Hyman just as the late Colonel Kennedy related them to him.

Mr. MacDonald read a telegram from the Prime Minister of Saskatchewan relating to allegations of patronage in the Public Service of that Province.

The House resolved itself into a Committee to consider certain Bills and, after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Morrow reported,

That the Committee had directed him to report the following Bills without amendment:—

Bill 150, An Act to amend The Legislative Assembly Act.

Bill 151, An Act to amend The Executive Council Act.

That the Committee had directed him to report the following Bill with certain amendments:—

Bill 149, An Act respecting the Members of the Assembly.

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time today.

On motion by Mr. Frost, seconded by Mr. Allan,

Ordered, That the Select Committee of this House appointed to study and inquire into An Act to amend The Legislative Assembly Act, An Act to amend The Executive Council Act and An Act respecting the Members of the Assembly consisting of the six following members:

Messrs. Roberts, Auld, Sandercock, Reaume, Thompson, Gisborn.

be continued to study and inquire into,

- (a) the problems that are of concern to the Government and to this Assembly with a view to making recommendations for the orderly, expeditious and efficient transaction of the business of the Legislature and for the improvement and simplification of the procedures of and pertaining to the Assembly, including the matter of allowances for the expenses of out-of-town members; and
- (b) the matter of an alternative procedure in the House, by resolution or otherwise, for dealing with cases such as is illustrated by Bill 152, An Act respecting Louis Pierre Cecile,

and to report its findings and recommendations to the Assembly.

The Committee shall have authority to sit during the interval between Sessions and shall have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before such Select Committee of such persons and the production of such papers and things as the Committee deems necessary for any of its proceedings and deliberations, for which purpose the Speaker may issue his warrant or warrants.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply, having been read,

52. *Mr. Wren*—Enquiry of the Ministry—The Tenth Annual Report (for the year 1959) of the Ontario Racing Commission shows that in the year 1952 the sum of \$41,602,068 was wagered. The Provincial tax was between 10 per cent and 14 per cent according to the report aforementioned. 1. Why is the amount collected only \$3,627,839.83.

Before the Orders of the Day, Mr. Macaulay answered certain questions which had been asked during the consideration of the Estimates of the Department of Energy Resources, relating to the purchase and sale of land by The Hydro-Electric Power Commission of Ontario.

The Prime Minister made a statement to the House with respect to World Refugee Year and outlined Ontario's past participation and future programme.

The Prime Minister also made a statement with respect to Quetico Park and the negotiations with the Government of the United States respecting the development thereof, including the appointment of a Joint Committee.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time the Amendment,

That the Motion "That Mr. Speaker do now leave the Chair and the House resolve itself into Committee of Supply" be amended by adding thereto the following words:—

But this House regrets that the Budget:

1. Fails to present a true picture of the province's financial position by claiming the seventeenth consecutive surplus when, in fact, net debt is increasing at the fastest rate in history;
2. Has failed to show the proper leadership in agriculture with the result that chaos and consternation are rampant amongst Ontario farmers;
3. Fails to deal with the problems of responsibilities and revenues in provincial-municipal relations and makes no provision for the holding of a provincial-municipal conference at which a solution for municipal financial and jurisdictional problems could be sought;
4. Does not make provision for the institution of a province-wide comprehensive medical and drug plan and that not enough emphasis has been given to preventive and rehabilitative services for our population;
5. Shows that this government has failed to make any satisfactory financial arrangements with the federal Conservative government in the field of Dominion-Provincial relations;
6. Makes no provision for loans to the tourist industry and for small business.

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"In Her Majesty's name, the Honourable the Lieutenant-Governor doth assent to these Bills."

Mr. Speaker then said:—

MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal years ending the 31st day of March, 1960, and the 31st day of March, 1961".

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant-Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant-Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly of Ontario:

In proroguing this first Session of the 26th Parliament of Ontario I wish to commend you for the diligent and thoughtful attention you have given to the affairs of this Province. With the growth and development of our Province and with the expanding services that governments are now called upon to provide, the burden of work of this Legislature has continued to mount. This has been one of the longest Sessions in the history of the Province. During its course you will have considered more than 200 bills, made searching enquiries into myriad problems relating to the public weal and studied and approved a budgetary program involving an expenditure of \$896 million—all of which has been designed to develop our economy and promote the well-being of our people.

The program you have approved reflects the paramount importance that the Government attaches to education. The extraordinary increase in the number of children has necessitated the adoption of extraordinary measures.

In the fiscal year 1960-61, the Province's expenditure on education will total \$230 million, an increase of \$26 million over last year's appropriation. To ensure equity and high standards of education in all parts of the Province, a further major step has been taken in introducing the new system of school grants based on equalized assessment. Action was taken on many facets of this vital subject to keep our Province well in the lead. You gave approval to the creation of Laurentian University of Sudbury and its affiliated colleges. For the first time the Legislature authorized a grant for York University, bringing the provincially-assisted family of universities to 11. Indeed, the over-all program that you have approved for education is unprecedented in the Province's history. A system of education has been developed predicated upon the achievement of high standards and equality of opportunity for all.

To facilitate the extension of the orderly marketing of farm products, protect the farmer and ensure a fair bargaining position to both sellers and buyers you have amended The Farm Products Marketing Act. This will allow the Farm Products Marketing Board to carry out the powers and functions of a marketing agency where none previously existed. The Board may vest in a local board certain powers of regulation with respect to any regulated product and it may also provide that such products be marketed through the local board. The purposes of the amendments are to protect the farmer and to assist him to establish sound, efficient and enduring methods for the marketing of farm products.

The Agricultural Marketing Enquiry Committee of Ontario, which is investigating the production, handling, transporting, storing and marketing of agricultural products, submitted an interim report, and over the next year will continue its studies into the various phases of Ontario agriculture with particular emphasis on marketing. It is planned to establish in Ontario an Agricultural Research Foundation to co-ordinate research in the Province and keep Ontario agriculture in the forefront of developments that are occurring both at home and abroad. A re-organization of the Department of Agriculture's administrative structure has been carried out in the light of changing conditions and the new emphasis on marketing. A Select Committee of the House has been appointed to examine into crop insurance. Further extensions have been made to the system of rural electric power distribution and many other measures have been adopted to assist in rural betterment.

You have made an important contribution in the field of labour relations. The substantial changes which have been made to The Ontario Labour Relations Act came only after careful consideration by honourable members both in the Select Committee on Labour Relations and in the House. As a result of these changes, I am confident that the rights of individual workers and employers will be more completely safeguarded and that excessive delays in conciliation and arbitration procedures will be avoided.

You have made provision for the introduction of a system of mediation as an alternative to conciliation. You have furthered the protection of individual workers against discriminatory actions by both employers and unions. All these amendments have been designed to reduce costly strikes and lock-outs, protect individual rights and promote labour-management harmony.

You have also shown concern for the rights of the individual in your consideration of The Employment Agencies Act. This legislation was introduced to license and regulate private employment agencies, thereby protecting from abuse those individuals using their services. You have amended The Workmen's Compensation Act to allow for the payment of increased compensation to dependants where death occurred before April, 1953.

To protect the health and lives of workers, a thorough review of all statutes and regulations relating to hazardous working conditions is to be undertaken by a Royal Commission.

You have established the Ontario Energy Board which will retain the quasi-judicial functions of the former Ontario Fuel Board. Such previous functions of the Fuel Board as inspection of transmission and distribution lines, the appointment and duties of inspectors, safety codes, emergency measures and drilling and production procedures have been transferred to the Department of Energy Resources.

Ontario's energy requirements and ways and means of meeting them are being thoroughly examined. Research into the utilization of uranium for nuclear electric power is being advanced as quickly as possible.

The Technical Committee on Portable Pensions, set up at this Session to study ways and means of easing the problem of dependency in old age and removing one of the inhibitions to the employment of middle-age and older workers, submitted to the Members of the House a digest of relevant material and numerous articles and documents which it had assembled. During the coming months, the Committee will continue its research and its findings will be available to the House next Session.

Considerable progress has been made in the improvement and expansion of Provincial Parks for the enjoyment of our own people and visitors from other jurisdictions. An Act to provide assistance to municipalities enabling them to establish certain types of parks and other measures augurs well for another year of great progress.

In line with its policy of protecting and enhancing the water resources of this Province, the Government recently approved the payment, on the condition of the Federal Government doing likewise, of 37½ per cent of the costs of the \$34 million flood control and water conservation program of the Metropolitan Toronto and Region Conservation Authority. Other conservation policies and measures adopted will have wide effect. In fact, the total appropriation for all conservation purposes voted at this Session, including funds for the Ontario Water Resources Commission, was the largest in the history of the Province.

The demands of our rapidly growing population and industry have placed increasing burdens on the municipalities, as well as on the Province. To help meet these obligations you have again approved an increase in grants to the municipalities. Last year our assistance to municipalities exceeded \$300 million for the first time. In this fiscal year our grants to municipalities, school boards and other local agencies will total nearly \$343 million, quadruple that of just

ten years ago. You have again approved grants, made for the first time last year, to municipalities with respect to their payments for the statutory hospital care of indigent patients.

Far-reaching changes in the administrative organization of the Department of Municipal Affairs have been carried out. Some functions of the Ontario Municipal Board together with the Community Planning Branch of the Department of Planning and Development and the Ontario Water Resources Commission have been transferred to this Department, thereby bringing under the aegis of the Department of Municipal Affairs the several major phases of activity relating to municipalities.

Social welfare in the Province has been reinforced by an extension of payments to needy persons while at the same time steps have been taken to avoid abuses. A special geriatrics program involving treatment and research into conditions relating to elderly persons has been inaugurated. Continuing studies are being made to better the conditions for less privileged persons. New policies are being evolved to improve employment opportunities for Indians.

As part of the Province's new approach to the care and treatment of mentally ill patients, several enactments and improvements have been introduced. The Ontario Mental Hospitals Act has been amended to ameliorate the strict legal requirements that previously governed the admission, probation and discharge of mental patients, particularly those being admitted for a short period for observation. At this Session, legislation has been introduced to provide for the establishment and operation of hospitals for the care and treatment of mentally disturbed children and to amend The Mental Hospitals Act and The Psychiatric Hospitals Act to protect the financial interests of patients while they are under treatment.

You have approved the continuation of the program of modernizing, fire-proofing and expanding Ontario's mental hospitals. This year additional accommodation will become available at the Cedar Springs Hospital devoted entirely to the care of retarded children. New, infirmary-type hospitals are also being proceeded with at Goderich, Palmerston and Owen Sound in order to relieve other institutions which have been caring for children of patients who have grown elderly. Measures have been taken to increase the number of nurses and nursing assistants.

To assist the public and chronic hospitals in the Province, a special grant will be paid to all recognized hospitals for capital and debt retirement purposes.

A physical fitness program has been inaugurated and you have passed legislation to expedite the functioning of eye-banks, and as well many other measures to strengthen our health services.

The Government has again undertaken a huge construction program, providing employment for many thousands of workers. The capital and repair expenditures of the Province, the municipalities and their commissions will total approximately \$1.0 billion, affording jobs for more than 300,000 workers, including 30,000 in the Civil Service. Again this year the Province has been carrying out a winter works incentive program. Ontario has a lower percentage of its labour force unemployed than other regions.

In your deliberations, you have shown an awareness of the increasing responsibilities and problems caused by the operation of nearly two million motor vehicles and the several million additional tourist vehicles on our highways and roads. You have appropriated the sum of \$251.5 million for the expansion, improvement and maintenance of the vast network of public thoroughfares in this Province. Under this year's highway program, you have made provision for the commencement of construction on the new high-level bridge over the Welland Canal near St. Catharines on the Queen Elizabeth Way, the St. Mary's River Bridge and for a start on the Chedoke Expressway in Hamilton. Work on Highway 401, which will be completed in 1962, will be continued, and one section of it west from Yonge Street on the Toronto By-pass will be widened to six lanes. Substantial work will be done on the new highway connecting Fort Frances to Atikokan. Over \$66 million has been allotted to the municipalities for their own program of road construction and maintenance.

You have made a valuable contribution to traffic safety in this Province by making a number of revisions to The Highway Traffic Act. The new points system which was initiated earlier has shown gratifying results after its first full year of operation.

To ensure that we have well-trained police officers throughout the Province who have the respect and admiration of our people, you have directed the establishment of a Police College for the training of law officers. You have also passed permissive legislation which allows smaller villages and townships with a population of under 5,000 to form boards of police commissioners.

Funds were voted for the carrying out of various land assembly programs, rental housing projects and municipal redevelopment.

The Government made its submission to the Royal Commission on Transportation.

The Province's research program to minimize alcoholism is being accelerated. This is a very complex subject, but every effort will be made to combat alcoholism and its effects. Additional funds have been provided for this purpose.

Various improvements have been made in our Reform Institutions.

The plans announced at the beginning of the Session to promote the betterment of world mankind are being implemented. Refugees suffering from tuberculosis are being accepted in increased numbers. The exchange system involving students in other countries is being developed.

Six Select Committees of the House have been established. They are as follows:

1. A Committee to examine into the matter of crop insurance.
2. A Committee to inquire into the cost of drugs now used in the public hospitals, the Ontario Hospitals for the mentally ill and other institutions operated by the Province.

3. A Committee on Motor Vehicle Insurance and Compensation to the Victims of Motor Vehicle Accidents.
4. A Committee to examine into and study the administrative and executive problems of the Government of Ontario in all divisions of the Provincial service and to examine into the relationship of boards and commissions to the Government and the Legislature.
5. A Committee to inquire into and review the Acts of the Legislature that deal with the expropriation of land by public authorities and the methods of determining the compensation in such cases.
6. A Committee to study the question of the times of the sitting of the House and other related matters.

You have made a number of improvements to the administration of justice in the Province by amending The Judicature Act, The County Judges Act, The Parole Act, The Summary Convictions Act, The Surrogate Courts Act, The Division Courts Act, The Negligence Act, The Juvenile and Family Courts Act, The Evidence Act, The Crown Witnesses Act, The County Courts Act, The Crown Attorneys Act and The Administration of Justice Expenses Act. Likewise you have simplified the administration of reform institutions by amending The Training Schools Act, The Industrial Farms Act and The Reformatories Act.

You have passed The Mortgage Brokers Act and amended The Unconscionable Transactions Relief Act in order to protect persons borrowing money on the security of real estate.

You have deliberated on and approved a large number of amendments to bring up to date legal requirements respecting titles, leases, mortgages, estates, corporations and the like. The Corporations Tax Act has been amended in order to bring it into closer relationship with the corresponding provisions of the Federal Income Tax Act.

The Government is making its preparations to attend the Federal-Provincial Conference on Fiscal Arrangements from July 25th to July 27th. The events and developments of the past Session have left no doubt that both the Province and the municipalities require additional revenues or sources of revenue if they are to play their full part in maintaining a strong and progressive economy. There are several matters that require consideration and decision. One is a more just and equitable division of the direct tax fields, to which we have equal rights with the Federal Government. Another is the respective rights of the Federal Government and the provinces concerning the taxation of Crown agencies and corporations. A third is the consolidation of conditional grants and a fourth is the settlement of the matter of natural resource taxation particularly as it relates to our forest industries. I give this assurance to the Honourable Members that the Government will press for a just and equitable settlement of these and other outstanding problems.

The early months of 1960 suggest a year of progress. Trends in production, personal incomes, salaries and wages and consumer purchases all point upward.

The policies and programs which you have considered at this Session have been designed to support and encourage expansion, the creation of new employment opportunities and better living for our people.

I pray that Divine Providence will guide you and bless you.

The Provincial Secretary then said:—

Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

RECOMMENDATIONS	BY WHOM	COMMENTS
<p>1. (No. 60-4-G1) DOMINION-PROVINCIAL FUR AGREEMENT:</p> <p>This agreement expires in 1960, so we are informed. The Federal grant of \$75,000, matched by the Provincial Government, has been of great value in developing fur management.</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>We are conducting discussions with the Indian Affairs Branch concerning the continuance and broadening of the previous agreement.</p>
<p>Be it resolved that this agreement be renewed on an even greater scale, perhaps to the value of \$200,000.</p>		
<p>2. (No. 60-4-G2) SOUTHERN DEER RANGE:</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>The deer study area in South Canonto Township, which is fairly typical of the South Eastern Deer Range is intended to work out techniques of deer yard management which would be applicable here. This includes special provisions for forest management, directed to maximum range improvement.</p>
<p>Be it resolved that the Department of Lands and Forests be requested to start immediately to carry out a research program on the South Eastern Deer Range, to determine the best forest management policy to provide a sustained forests product yield, over this range, while at the same time providing a greatly improved deer range.</p>		
<p>3. (No. 60-4-G3) (60-5-G9) WETLANDS SURVEY:</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>The Department is already committed to a Wetlands survey, which will go ahead as quickly as funds permit. Acquisition of Wetlands is again dependent on money. Certainly the necessity is recognized.</p>
<p>Whereas natural habitat for our waterfowl is dwindling due to the heavy inroad of human traffic, drainage for agriculture and other purposes, the said Wetlands provide habitat for waterfowl and other forms of wildlife as well as providing natural water storage basins necessary for plant growth and sustained water levels in streams, lakes and rivers;</p>		
<p>Whereas some of our choicest Wetlands are being bought up by private interests and then closed to public shooting;</p>		

Be it resolved that the Department of Lands and Forests, the Department of Planning and Development, and other interested Departments undertake immediately a survey to determine our present inventory of Wetlands. That the said Departments commence a program of Wetland acquisition for the establishment of sanctuaries and public shooting areas.

4. (No. 60-4-G4) ACCESS ROADS SOUTHERN ONTARIO:

Whereas the Department of Lands and Forests has been doing an excellent job of surveying and stocking lakes throughout Ontario, and has greatly improved fishing in many of these waters;

Whereas private land owners have made it extremely difficult for the public at large to obtain access to these lakes;

Be it resolved that the Department of Lands and Forests be requested to acquire land for use as a public access to all lakes which have or will be stocked with fish from a Government Hatchery, or have been surveyed.

5. (No. 60-1-G7) ACCESS ROADS:

Whereas the Department of Lands and Forests is a representative appointed by our Provincial Government to control and manage our lands and forests, including timber limits under lease to private companies;

Be it resolved that the Government take steps to re-inforce existing legislation or to introduce legislation so that the Department of Lands and Forests can control access roads on present timber limits.

Ontario Federation of Anglers and Hunters.

On all lakes that have Crown land on their shores, access is now reserved. The acquisition of lands from private ownership is expensive. No stocking of fish at public expense is made without assurance that public access to the water will be provided.

Ontario Federation of Anglers and Hunters.

Conditions under which lands are held by timber licencees for road purposes vary. Generally, the companies build and maintain the roads at their own expense and feel a proprietary interest in them. If they become public roads many regulations such as licencing, gasoline taxation, restrictions on load-weights and sizes, immediately apply.

RECOMMENDATIONS	BY WHOM	COMMENTS
<p>If the Department of Lands and Forests now has this authority, that this be publicized so that direct action can be taken with the Department instead of with the lessees.</p>		<p>The question is under study by a committee comprising company and Department executives at present.</p>
<p>6. (No. 60-1-G5) SALARIES: Whereas the duties of members of the Department of Lands and Forests Wildlife Division are becoming more complex and varied from time to time, with increased working hours;</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>We continue to review the salary picture and press for improved consideration for Conservation Officers. A special committee of Department personnel has just completed a review of this question.</p>
<p>Whereas it is felt that present wages are inadequate to hold and attract men of high calibre for the duties of Conservation Officers;</p>		
<p>Be it resolved that the Provincial Government increase the salaries of the presently employed staff to keep pace with those paid in good recognized industry.</p>		
<p>7. (No. 60-1-G6) INCREASE STAFF: Whereas there is a marked increase in hunting and fishing in Ontario due to increased population and more accessibility to more areas and these conditions have placed a heavier burden on the present staff of Conservation Officers along with new game management ideas to be implemented placing a further burden on these officers;</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>In spite of general restrictions imposed on government establishments, we continue to press for staff increases.</p>
<p>Be it resolved that the present conservation officers staff be increased to allow for more adequate control and enforcement of our game laws.</p>		

8. (No. 60-1-G8) INTERNATIONAL HUNTING LICENCE:
Whereas it was suggested during the North American Wildlife Conference in New York that a blanket hunting and fishing licence be introduced to cover hunting and fishing in Canada, United States and Mexico;

Whereas few Canadians fish and hunt outside of Canada, it appears that the benefits would go to non-residents of Canada, and the task of evaluating and dividing the revenue obtained from these licences would be impossible;

Be it resolved that no such licence be agreed to by Ontario or undertaken by Ontario and that furthermore no reduction of non-resident hunting or fishing licence fee in Ontario be considered.

9. (No. 60-1-G10) RIM FIRE RIFLE:

Whereas the .22 low-powered rim fire rifle discharges a bullet of such low velocity and light weight that it is not effective on Big Game such as Deer and Moose, and only wounds these animals causing them later to die, which is contrary to wildlife conservation practices;

Be it resolved that a section be added to The Game and Fisheries Act of Ontario providing—"That no person shall hunt, attempt to hunt, shoot or shoot at any Big Game animal with a .22 rim fire rifle. Big Game shall include Moose, Deer, Bear, Elk and Caribou."

Ontario Federation of Anglers and Hunters.

Nothing of this nature is contemplated.

Ontario Federation of Anglers and Hunters.

Although it is generally considered unethical and poor sportsmanship to use a small calibre rifle on large game, there are people who can and have been successful at it. We are reluctant to attempt legislation to enforce ethical principles.

RECOMMENDATIONS

10. (No. 60-1-G11) DEER AND MOOSE TAGS:

Be it resolved that as the material now being used for Deer and Moose licences is inadequate, it is strongly urged that some better type of material be used in future, such as a plasticized material.

11. (No. 60-2-H7) DEER AND MOOSE QUESTIONNAIRE:

Annually the Department of Lands and Forests gives out a simple questionnaire to all hunters of Moose and Deer. This questionnaire being used by District Offices for the tabulation of necessary data to aid in a better program of wildlife management. These questionnaires, in a great many cases, have been ignored by hunters, with a result that a sound wildlife management program cannot be carried out.

Be it resolved that the licences for the hunting of Moose and Deer be made up into four parts as follows:

- (1) One part for attaching to the animal when shot and being transported as per present licence.
- (2) One part for shipping purposes as per present licence.
- (3) One part containing the questionnaire which will provide the Department of Lands and Forests with the required information as per present Moose Licence.

COMMENTS

We would prefer to eliminate the tag system altogether. For the expense involved in providing tags, the returns from the point of view of control of illegal hunting are very limited.

Compulsory returns as obtained in several states have been uniformly unsatisfactory. The same result can be provided by a properly designed sampling system, and the accuracy of the information can be checked. Information received on compulsory returns is often inaccurate, and the volume is too great. The sampling system yields more reliable information.

(4) One part to be used as a form of receipt or proof that the questionnaire had been returned by the hunter. This portion to be dated and stamped by the District Office receiving the questionnaire and returned to the hunter who submitted same. This receipt when dated prior to December 31st in the year for which the licence was issued shall entitle the holder to purchase a new licence for the usual fee from the usual issuers.

Such persons not in possession of a properly dated receipt shall be required to purchase a receipt directly from the Department of Lands and Forests District offices for the sum of \$1.00.

In cases of persons who have not hunted Moose or Deer before, such receipts to be supplied by the District Office of the Department of Lands and Forests upon presentation of satisfactory proof free of charge.

12. (No. 60-6-G12) LONG POINT:

The original brief requesting a cut-through at Long Point by a Long Point Committee was presented to Ottawa in June of the year 1959. This cut-through is designed to save time in getting to and from fishing waters by Commercial and Sports fishermen alike.

The proposed cut-through would enable small craft to come through a narrow section of Long Point into the inner Bay in times of storm without running some 21 miles around the tip of the point.

RECOMMENDATIONS

The cut-through would permit waters to enter the inner bay and would reduce water temperatures in the bay by at least 10 degrees. This cut-through would also tend to stop silting of the bay which in the next 15 or 20 years will have filled to such a degree that nothing but a marsh will remain.

Be it resolved that the Department of Lands and Forests and other interested Departments lend their support to obtain the aforementioned cut-through as a means of saving a large recreation area and as a means of providing a safe access to the inner bay, by small craft.

17. (No. 60-6-F8) FARMER-SPORTSMEN RELATIONS:

Farmer-sportsmen relations are being jeopardized by the disorderly conduct of some fishermen during the smelt run, and again on the opening weekend of the trout season. Most of this conduct is being caused by the indiscriminate use of liquor.

Whereas the present Department of Lands and Forests fish planting program with respect to trout is very effective and has given us large populations in many of our lakes and streams; and

Ontario Federation of Anglers and Hunters.

The Department is giving this resolution very careful consideration.

Whereas under the present open season for trout, anglers are cropping only a very small percentage of the planted fish that are thriving in our waters; and

Whereas a large number of trout are dying of old age in our lakes or are becoming cannibalistic and eating the new plantings of trout; and

Whereas the latest fish management views indicate that trout should be adequately cropped from any lakes and that in particular, large fish should be cropped; and

Whereas an extension of the trout season in the spring to allow some ice fishing would give the anglers a chance

to take the large fish and also a larger number of fish; and

Whereas a similar extension of the season into the fine weather in the fall would allow the anglers to crop more fish;

Therefore be it resolved that the trout season in the Tweed, Kemptville and Pembroke Forestry Districts extend from March 1 to October 5 next following. The actual opening or closing day to be the Saturday or Sunday closest to the above-mentioned dates.

This resolution was passed unanimously at the first quarterly meeting of the St. Lawrence-Ottawa Zone 4 of the Ontario Federation of Anglers and Hunters held in Smiths Falls, Ontario, February 9, 1958. It has come up for discussion at each zone meeting since then and the delegates have been unanimous in backing it. The extended experimental season in all three forestry districts is requested but if one district were to be singled out for a trial then we would like to see it tried in the Tweed Forestry District first. At the last zone meeting on February 14, 1960, it was decided to again submit this resolution to the Department for immediate action.

30. SEINING OF MINNOWS:

The extensive seining of shiner minnows from the water of Rainy Lake has increased over the years to such proportions that it is now depleting the population of shiners from our lake. These shiner minnows constitute 90% of the food of our walleye pike. When our walleye pike do not have this natural food readily available, they will become cannibalistic and eat their own species. This means ordinarily that the walleye population will be dangerously depleted not only by the anglers and the commercial fishermen but by the walleye pike themselves.

During the seining operation small perch and walleyes measuring one to two inches in length are seined along with the shiners. A great number of these are destroyed by the seine operator when he dumps his seine on the shore to wash twigs and bark from the seine.

We strongly urge that the Department rescind all seining licences for minnows on Rainy Lake at the earliest possible date.

Resolved that this Chamber protest the contemplated change in the limit of the daily trout catch in Lake Timagami and that as an alternative it be suggested to the Department of Lands and Forests that coarse fish be netted if found to be detrimental to the propagation of game fish and that a larger program of restocking be undertaken.

We have contacted almost all the Camp Operators on Lakes Timagami, Rabbit, Net and Herridge and all are of the opinion that the limit on trout should be left as is, at five per day.

They all agree that the limit of five is very seldom caught. That even an average of three trout for a party of three or four is certainly not always caught and that the overall average is probably less than the suggested limit of three and that therefore this proposed reduction in the catch limit would be of no value in the building up of the trout population, whereas on the other hand it would have a tendency to discourage tourists from visiting Lake Timagami and District area as the assumption would be that this section has become badly depleted.

COMMENTS

We are studying the trawl nets carefully—they are being issued only under a permit basis at the present time—it is receiving careful study.

The subject of lake trout management on a province-wide basis is being given continuous study. There is an ever-increasing pressure on this species through both summer and winter fishing, which must be given the most careful consideration. The lakes in southern Ontario and Lake Timagami are especially subjected to these increasing pressures, which is the reason for this year's establishment of a three per day limit throughout southern Ontario and Lake Timagami; this is in the interest of maintaining the lake trout fishery even in the face of annually increasing pressures.

The lake trout is a fairly large fish and a creel limit of two or three per angler would seem to be a worthy reward for several hours' angling.

Rather than detracting from the angling importance of Lake Timagami the limit of three should have the effect of attracting people in the knowledge that the fishery

resources are being managed for their continuing enjoyment.

As an alternative our Chamber wishes to suggest to the Department that coarse fish be netted out of Lake Timagami if it is found by the Department that it has built up to a point where it has become detrimental to game fish and also that a larger program of restocking be undertaken for Lake Timagami and adjacent lakes.

33. CONSERVATION OFFICER:

In connection with the above resolution, we wish to offer the suggestion that one more conservation officer be posted at Timagami as it is almost impossible for one man only to effectively patrol this large area.

Timagami & District
Chamber of

34. STUDY OF LAKE TROUT POPULATION:

Further to our Chamber's resolution, we wish to say that in our opinion, the Department should, in the case of lake trout, have followed the procedure taken with regards to pickerel.

Timagami & District
Chamber of
Commerce.

During the past year the Department undertook a general survey of Lake Timagami including trap netting in order to obtain an estimate of the availability of different species of fish and also an estimate of the coarse fish population.

During the coming spring, as soon as the ice goes out the Department is planning to operate trap nets to get more information on the pickerel and lake trout populations. In connection with the latter these trap netting operations are extended into the fall. These data should give us guidance as to additional management procedures that may be required to maintain the fisheries on Lake Timagami on a sustained yield basis.

Trap nets were used to conduct a survey of the pickerel population in Lake Timagami and it was found that they were plentiful and that there was no need to apply more restrictions to angling of this species.

We suggest that the Department use trap nets to conduct a survey of the trout population also, and if it is found to be down to a point where restrictions must be applied, why then of course we are all for it—for believe us, we too, who have a large investment in our section of the Province, are most serious about preserving our natural resources and our Tourist industry.

RECOMMENDATIONS

However, we think that what has applied to pickerel could very well apply to lake trout and if that is the case, then our Chamber wishes to very seriously protest the new change in the trout limit on Lake Timagami, and respectfully suggest that the Department restore that limit to its original five per day until it can be shown different. We are of the opinion that the problem is not as serious as it has been made out to be—we are honestly serious when we say that a mountain has been built out of a molehill.

We do not of course wish to offer any destructive criticism—what we are here for is to offer some constructive suggestions.

35. EARLIER CLOSING ON TROUT SEASON:

We feel that the season on trout should close at least 15 days prior to the present closing date. Trout are in shallow water during October and on spawning shoals they are caught in quantities during that period. That, gentlemen, is when a lot of damage is done.

More supervision is also a necessity. We would like to mention the fact that even as of now there is still some illegal netting of fish being done. This may come as a surprise to some, but it is none the less a fact. This situation makes it obvious to all that supervision is not adequate.

And further our Chamber does not feel that a limit on lake trout in Lake Timagami can be enforced when

36. MOOSE SEASON:

After inquiring from the Department of Lands and Forests at North Bay as to the Moose population in our District, we feel that an earlier open season is not incompatible with good management, and our Chamber wishes to suggest the following opening dates: From October 15th to October 31st, and from November 26th on for another two-week period. We feel the season should be closed during the Deer Season in order to facilitate supervision and protection. These suggested open season dates are for residents only.

37. Whereas the residents of Ontario are blessed with bountiful natural resources, not least of which is game fish which is the backbone of our tourist industry; and

Whereas, to expand this industry, which is one of our largest sources of revenue, our Provincial Government spends large sums of dollars annually in Fish and Wildlife Management;

Therefore be it resolved that the Department of Lands and Forests conduct a poll of the opinion of all organizations and clubs across the Province interested in angling, with a view to licensing resident anglers, providing the revenue thus derived be channeled back to the districts from which it came for the purpose of restocking, enforcing of regulations and the betterment of fish management in general.

In connection with the regulation, the suggestion to define the boundary of this fishery will be adjusted in 1961. Meanwhile, Lake St. Francis is considered to extend to the foot of the dam at Cornwall.

Ompah Conservation Association.

So far we do not have sufficient evidence to support this action. The extension of the fall season to October 5th may cause undue interference with the spawning runs of trout. This is not desirable.

56. (No. 60-2-H5) DOG MARKING: Each season many hunting dogs are lost or accepted in other camps and are not returned, and this loss is of much concern to many. Be it resolved that an appeal be made to the Department of Lands and Forests, Fish and Wildlife Division, requesting that each hunting dog licence demand a recognized marking or tattoo mark be listed for each dog for fuller identification.	Ontario Federation of Anglers and Hunters.	We should consider this. It might be applicable in some cases. Presumably the owners of the dogs are the people most interested in having them returned. They are at liberty now to mark dogs suitably.
57. (No. 60-5-H8) DUCK STAMP: Whereas the wetlands of Ontario are being drained at an alarming rate; and Whereas the waterfowl hunters would receive the most direct benefits from an expanded wetland program; Be it resolved that we petition the Provincial and Federal Departments concerned to institute the sale of a duck stamp or licence to allow the bearer to hunt ducks and geese. The monies received from the said licence or stamp be distributed as follows:	Ontario Federation of Anglers and Hunters.	A refuge program would be desirable but this proposal would have to receive support in other provinces as well before it could be fully effective. We have stopped the alienation of wetlands now in the Crown and hope to organize a wetlands inventory.

Whereas the Steep Rock Iron Mines and the Caland Ore Companies have closed the present connecting link between O and M Camps 109 and 113, and the outlets of King's Highway and Highway 622 because this particular road traverses their workings;

The vast area north and west of Atikokan is readily accessible only by the use of this road, and the fish and wildlife resources, especially the heavy moose population, are being needlessly wasted. Therefore, proper game and fish management in this area is impossible under these circumstances.

Be it resolved that the Department of Lands and Forests petition the Department of Highways of Ontario to begin at once the construction of an access road open to the public connecting O and M roads from camps 109 and 113 to Highway 622 at the Caland Ore property.

That the Department of Lands and Forests advise the O & M Company that in the interest of good fish and wildlife management, and to enable sportsmen to crop and make use of their natural resources, that the O & M roads mentioned above be opened immediately for access of the sportsmen.

Mourning Doves are hunted for sport in many of the States of the United States of America to the extent of several of millions of birds each year without visibly reducing their numbers;

That the Department of Lands and Forests declare an open season on Mourning Doves in the Huron and Erie Forestry Districts.

Due to the fact that the bulk of the Mourning Doves have migrated south by the first of November, to declare the season as early as practicable to enable the hunters to enjoy a fair degree of sport.

Ontario Federation of Anglers and Hunters.

COMMENTS

This subject arose some years ago public reaction against the idea was strong. There is no biological ground for prohibiting a season here.

Unless the birds are driven out of the marsh by excessive shooting, a refuge area should not be necessary. A refuge area would be considered only if necessary on biological grounds. No proposal has ever been made

Ontario Federation of Anglers and Hunters.

to set up a sanctuary at Rondeau, although all managed marshes do have refuge areas.

Be it resolved that there be no Migratory Bird Sanctuary set-up in the marsh area or the present hunting area of Rondeau Provincial Park.

If such a sanctuary is deemed necessary in this section of Ontario, we suggest that this sanctuary should be in the Mitchell's Bay or the St. Clair Marsh areas.

Northern Ontario Tourist Outfitters' Association.
(James Bay Frontier Tourists Association)

There is merit in this. It involves extending the period of the resident hunting licence and the non-resident bear licence, both of which now terminate on June 15, to June 30. There is no objection on biological or administrative grounds.

Whereas the number of bears inhabiting the area immediately north of said railway line are steadily increasing and becoming a nuisance as well as dangerous to livestock and settlers' children; and

Whereas the existing limited season for hunting bear is now preventing hunters from taking advantage of the sport of hunting and killing bears because of this longer hibernating period; and

COMMENTS

BY WHOM

RECOMMENDATIONS

Whereas many inquiries regarding bear hunting in aforementioned area have proven that a great many hunters would be interested in hunting bears for sport and thereby contribute to the economy of the district;

Therefore, be it resolved by this association that the season for hunting bear north of the C.N.R. from Quebec boundary west to the boundary of the Manitoba border should be extended from June 15th to June 30th inclusive.

63. WOLF CONTROL:

Whereas it is generally known that the wolves in Algonquin Park and in other sections of Ontario, particularly northern Ontario, have made and are making heavy inroads into our hoofed game, particularly deer and moose, also preying seriously on beaver; and

Whereas wolves in some sections of northern Ontario have virtually exterminated deer; and

Whereas the western provinces, who have a like problem with wolves, instituted a vigorous and successful predator control system; and

Whereas after such control system was in effect and wolf packs drastically reduced, hoofed game was reported officially to have quickly returned to their original habitat;

Northern Ontario
Tourist Outfitters'
Association.

The premises of this resolution are incorrect. There is a steady increase in moose populations in the north. Where deer decline has taken place, the conditions of the range and the climate have caused it, and there is no evidence that predation is a limiting factor. Our wolf research program is directed to the application of control measures where these are necessary. The research is making progress.

Therefore be it resolved that the Ontario Department of Lands and Forests be requested to institute the same effective predator control system as that employed successfully in the western provinces.

64. SUMMER HUNTING LICENCE:

Be it resolved that certain conditions printed on the Resident's Licence to hunt from March 1 to August 31 be incorporated in The Game and Fisheries Act. The condition is:

This licence is not valid on lands within a township as a regulated area without the approval of the controlling organizations in such townships.

Amalgamated Game Commission of Whitchurch, Markham, Pickering, Whitby, East Whitby and Darlington.

The resolution refers to an item on the summer hunting licence providing for the signature of township clerks before the licence is valid in the township. This has never been enforced because of the inconvenience of obtaining signatures from the many townships in southern Ontario counties. The effect of the resolution would be to restrict summer hunting.

65. TRAPPING—ALGONQUIN PARK:

That the Ontario Department of Lands and Forests be asked to leave Algonquin Park as a park with no trapping zones being allotted.

Ontario Trappers' Association.
(Ralph Bice)

Some twenty-six trapping zones in the eastern part of the Park are now operated by Indians of the Golden Lake band. Any consideration of additional zoning would be based on biological requirement of population reduction.

66. SIGNS—TRAPPING AND FUR DEALING:

That the Ontario Department of Lands and Forests supply signs setting forth regulations which apply to trapping and fur dealing to trappers of each district to be placed in a conspicuous place by the trappers in each district.

Ontario Trappers' Association.

Pocket summaries of regulations are provided to all licence holders. It is not clear what would be accomplished over this by the proposal.

68. USE OF POISON TO TAKE WOLVES:	Ontario Trappers' Association.	Any poisoning or other control program will be based on information gained in our present research program, and will be under very careful control.
That the Ontario Department of Lands and Forests do away with poison baits for taking wolves in the north.		
69. PENALTY—STEALING TRAPS OR FUR:	Ontario Trappers' Association.	These are offences under the Criminal Code (theft) and magistrates deal with them as such.
That the Ontario Department of Lands and Forests take the necessary steps to have the penalty for stealing and molesting traps or fur set at a minimum of \$100.00 for the first offence.		
70. BOUNTY ON WOLVES:	Ontario Trappers' Association.	Means of predator control is one of the objectives of present research programs. We will have further comment to make on this when these programs begin to yield results.
That the bounty on wolves be continued.		
71. REQUIREMENT OF MANAGEMENT UNDER RESIDENT TRAPPERS' LICENCE:	Ontario Trappers' Association.	Resident trappers do not have the exclusive trapping rights on an area conveyed by the Registered Trapline Licence. They are, therefore, not as obligated to provide for long-term management as are registered trappers. For this reason they are not required to produce trapline maps.
That all resident trappers be required to submit a map showing location of beaver houses on land on which which they have permission to trap the same as zone trappers are required to do at present.		

72. REQUIREMENT OF MAPS OF BEAVER COLONIES ON REGISTERED TRAPLINE LICENCE:

That the requirement of preparing maps of beaver colonies on registered trapline areas be abolished.

Ontario Trappers' Association. We will ask for comment from field officers on this recommendation.

73. PROPER HUNTING CLOTHING:

Whereas for many years the accident toll in the ranks of the hunters is steadily mounting;

Conservation Council of Stormont, Dundas and Glengarry. We attempt to improve the accident record by education, believing, where it can be applied, that this is more effective than legislation. Red is known to be a dangerous colour. We could give publicity to colour research and recommend most effective colours and materials in news releases.

Whereas said causes for such accidents are many and varied, our Council feel that some steps should be taken by the Fish and Game Committee to eliminate some of these causes;

Therefore be it resolved that legislation be enacted as soon as possible making it compulsory for deer hunters to wear caps and jackets made from either bright red or bright yellow material.

74. LOCAL DEER SEASON IN EASTERN COUNTIES:

Whereas for a number of years the local deer season in the named three united counties has been for a period of four days' duration;

Conservation Council of Stormont, Dundas and Glengarry. In recommending dates and duration of deer seasons in agricultural counties we confer with county and township councils who represent land owners on whose land hunting takes place. They have agreed to a four-day season. The petitioners have agreed to confer with these municipal authorities.

Whereas during these years the deer herd has steadily increased, even with excessive hunting pressure;

Therefore be it resolved as long as this deer crop can steadily increase and survive the pressure of hunting, that the season should be for a six-day period—Monday to Saturday inclusive.

75. SUNDAY SHOOTING FOR WATERFOWL: Whereas the waters of Lake St. Francis, St. Lawrence River, and Lake St. Lawrence, border the waters of Quebec and New York State;	Conservation Council of Stormont, Dundas and Glengarry.	There is no biological ground for preventing hunting on Sundays, particularly in border areas. However, opposition may be expected. The Lord's Day Alliance of Canada has already expressed opposition to any change in the present position.
Whereas Sunday hunting and shooting of waterfowl is legal in said border waters of Quebec and New York State;		
Therefore be it resolved that it be made legal for Ontario residents to shoot ducks in the waters of Lake St. Francis, St. Lawrence River, and Lake St. Lawrence; said waters bordering the counties of Stormont, Dundas and Glengarry, during the legal season for hunting ducks.		
76. MOOSE SEASON—PEMBROKE AREA:		
Recommends an alternate annual moose season in the Pembroke area if the moose population warrants it.	Conservation Council of Stormont, Dundas and Glengarry.	This is being done, based on annual inventory figures.
77. SCREENING OF LICENCE ISSUERS:		
Suggests screening of hunting and fishing licence issuers, in order to have stricter screening of persons applying for licences.	Conservation Council of Stormont, Dundas and Glengarry.	Hunter safety training regulations will act as a screen on licence applicants. As far as possible, only responsible people are given issuing authority.
78. HUNTING BIG GAME WITH .22 RIM-FIRE RIFLE:		
Concurs with Ontario Federation of Anglers and Hunters, recommendation No. 9, dealing with the .22 rim-fire rifle.	Conservation Council of Stormont, Dundas and Glengarry.	See comments made on recommendation No. 9.

79. DUCK SEASON:

Whereas under normal weather conditions the late fall ducks do not arrive in the Niagara District until after the open season has been closed; and

Whereas the Migratory Bird Act, an international agreement governing the shooting of ducks and geese in United States and Canada, permits a split season on ducks along the Niagara frontier in western New York State;

Therefore be it resolved that a split season on ducks in the Niagara District, Ontario, be established corresponding with the dates set for western New York State.

80. GROUSE SEASON:

Whereas the dates for the open season for grouse in Erie Zone were unsatisfactory in 1959 from the fact that there was too much foliage on the trees;

Therefore be it resolved that the grouse season in the Erie Zone be November 1st to November 30th.

81. PENALTIES:

Whereas many judges and magistrates continue to impose only the minimum penalties for infractions of The Game and Fisheries Act; and

Whereas the value of the dollar today is so low, we feel the increase made last year is far short of what is needed;

Therefore be it resolved that the minimum fine for infractions be \$50.00. We recommend also that the Department of Lands and Forests request the Attorney General's Department to bring to the attention of all judges and magistrates the great financial asset of the tourist trade to Ontario, due to hunting and fishing, and requesting more serious consideration of violations.

82. BACK BADGE ISSUED WITH HUNTING LICENCE:

To assist in creating better farmer-sportsmen relationship, and as an easier means of identification;

Be it resolved that the Department of Lands and Forests issue a back badge with every hunting licence in the Province of Ontario. The said back badge number to correspond with that on the hunting licence. That the size of the badge be adequate for easy identification. This badge to be worn by the hunter at all times while hunting.

83. PROVINCIAL LICENCES FOR NEW CANADIANS:

To avoid infractions of The Game and Fisheries Regulations; and

Whereas many hunters plead ignorance in the reading of laws and trespass signs;

Therefore be it resolved that all applicants for provincial hunting or gun licences be required to be able to read and write English and to fill out their own application for all licences.

St. Catharines and Lincoln County Game and Fish Protective Association.

There is merit in this suggestion. The Department is prepared to look into legislation and the problems, financial and otherwise, of providing licences incorporating back patches.

St. Catharines and Lincoln County Game and Fish Protective Association.

This concerns a problem which is increasing as immigration increases. We are at present arranging for news coverage in foreign language newspapers. We believe that many infractions of the Acts and Regulations committed by New Canadians are the result of language difficulties. Information on hunting regulations is now printed in the Italian language paper *Corriere Canadese*.

84. TOWNSHIP LICENCES:

Whereas the revenue from township licences in many townships is not used for conservation projects;

Therefore be it resolved that the Department of Lands and Forests regulate that the revenue received from township hunting licences be used solely for the restocking of fields and streams and winter feeding.

The township licence is primarily designed to distribute hunting pressure and the production of revenue is secondary. Some townships have earmarked this revenue for game management purposes, but we could not require this arbitrarily.

St. Catharines and Lincoln County Game and Fish Protective Association.

85. PARKS AND CAMPSITES:

This association compliments the Department of Lands and Forests for the establishing of parks and campsites and the facilities provided for those who wish to spend their vacations under canvas.

St. Catharines and Lincoln County Game and Fish Protective Association.

The park system continues to expand and a number of new parks are planned for this year.

Therefore be it resolved that more campsites be provided throughout the province with suitable facilities and that the present rates applying to these campsites be retained.

86. TROUT:

Whereas the Department of Lands and Forests has seen fit to remove the minimum size limit on many species of fish; and

Whereas the trout fishing in many of our local streams is getting to be a put and take proposition because of silting and pollution;

Therefore be it removed that the size limit on all trout be removed.

St. Catharines and Lincoln County Game and Fish Protective Association.

The Ontario Fishery Regulations for 1960 have made provision for this.

87. COMMERCIAL FISHING ON SPAWNING GROUNDS:

This association views with alarm the dwindling population of whitefish, lake trout, blue and yellow pickerel, and feels the need for their protection at spawning time.

Whereas the Department of Lands and Forests advise the necessity of a closed season on all game fish against angling during the spawning seasons;

Therefore be it resolved that a similar regulation be made prohibiting the commercial fishing on spawning beds during the spawning seasons of whitefish, lake trout, blue and yellow pickerel.

Where a closed season is applied to angling under present regulations a closed season is also applied in every case on commercial fishing.

We doubt the wisdom of extending the season following the particularly difficult winter we have just experienced. We do believe it should be possible to increase the length of seasons beyond the present two weeks, but not this year.

much as that because of the vast area which is not hunted, and to allow the deer hunter to harvest the crop.

Therefore be it resolved that the open season on partridge, or grouse, be extended to coincide with the closing date of the deer season, in the Tweed District.

91. DEER:

Whereas this Association is supporting a three-week season on deer, to reduce the number of hunters in the bush at one time, but is supporting the prohibiting of dogs for a two-year test period, due to the shortage of deer in this area. And we do strongly oppose the hunting of deer with bow and arrow.

Gross value—

Actual value the fishermen received for the production.

Number of boats—

Actual number participating in this production.

Average to boat—

Where some boats may produce higher than others the relationship year after year remains fairly constant—a decline is felt by all—therefore for clarity this figure represents the average of all boats producing into the value received for them.

Number employed—

This represents only those directly connected by boats producing fish, and does not include the employees of packing houses, filleting plants or other service functions.

Average yearly share earned—

It is generally accepted throughout the industry that all producers share in the landed value of the catch on the basis of 60% being retained by the boat to provide the gear, fuel, licence fees, repairs, dry docking, compensation, insurance, etc., the 40% being divided equally between the number of producing fishermen. Thus this represents the average for the individual producer fishermen's share of the year catch.

Although it would appear that there are more boats operating in some ports in 1959 than in former years, the increase in numbers is a result of independent operators closing down their establishments in the interests

of economy and their boats' production going through the established plants from whom these statistics were secured.

We further point out or emphasize that the amount earned in the majority of the producing ports has declined to the point whereby a man cannot adequately sustain his family, thus many will have to turn to other means of employment if no improvement can be foreseen in the economic situation.

There are many pound, trap and gill net operations belonging to the oldest fishing families on the lakes which have either suspended operations or will be forced to do so because they have drained their financial resources to such an extent that without some form of assistance there is no alternative open for them.

The situation is worsened by the fact that in the main, there appears to be no small fish of the more valuable species coming on, which has been the evidenced fact in other times of low production cycles.

Because surpluses or production is limited to one or two species the absorption of them into normal channels can only be resolved by accepting prices which are at, and often below, the unit of effort cost. This decline of average landed value of catch, taken from Departmental statistics and relating to Lake Erie, has continued from 18.02c. in 1944 to 13.06c. in 1956 to an estimated (final figures *not* available, therefore subject to adjustment)

There is evidence both from the accidental catches of fishermen and experimental trawling by U.S. investigators and by Ontario investigators that a good year class of yellow pickerel is coming along and it is expected to enter the fishery probably in late 1960 and in 1961. While we have no basis for estimating the size due to lack of previous information, it would appear that this may be a very large year class.

6.78c. in 1959.

The fisheries in Tobermory have never been as low as they are today. In 1953 there was in excess of \$800,000.00 worth of fish sold—eleven boats operating, which maintained 60 families. In 1957 only one boat operated from this port. In 1959 there were only 2 boats with less than \$40,000.00 being produced to provide a livelihood for 8 families. The rest of the fleet either sold into other Ports, or the boats sold into other industries. Fishermen in Owen Sound have been reduced to fishing on a part-time basis. Shore installations have been maintained but equipment cannot continue to be maintained with present production. Lake Trout were predominant until 1935, but decreased until 1946 when whitefish increased to a record high in 1953. Lake Trout have failed to reappear and, though there appear to be indications of small fish from Sauble River to Stokes Bay, there is no indication of the number of whitefish or prediction when they may sustain the fishery in this area or for what period of time. Fishermen who are continuing operations must depend on Tullibee or Chub to eke out their existence. Winfield Basin and Lions Head, former fishing ports, have both gone out of existence insofar as the fisheries are concerned.

The fishing port of Britt follows closely the pattern of other bay ports such as Tobermory and, similarly, other fisheries for which no statistics are immediately available, such as Point au Baril, Snug Harbour, Dillon, and the Mink Islands, etc. From 12 fisheries—pound

and gill net—which produced over 1 million pounds in 1953-54 it has declined to an extremely small figure in 1959 with only 1 fishery operating a short period for pickerel. The decline was drastic and rapid, from over 1 million pounds in 1954 to less than 500,000 lbs. in 1955 to less than 75,000 lbs. in 1956 and to 22,000 lbs in 1957. This has seriously affected the welfare of the community and those who have not been able to re-establish in other fields have to depend on guiding or the tourist trade for their livelihood.

Killarney, also a fishing port of which commercial fishing forms the heart of the economy of the village, is also hard pressed with fishing conditions as they are. Many other colourful places such as Club Island, supported not only a fishery of 50 boats but a school and church also. Rattlesnake Harbour on Fitzwilliam Island, Squaw Island and many other Island fisheries that have passed into history in the fishing industry. Records which go back to 1870 of one of the oldest fisheries in Killarney indicate a depression that has never been equalled, and when you consider that two boats, the Manitou and the Caribou, were transporters of fish to today when it does not justify even an iced express car on the railway the seriousness of the condition cannot be overstressed. Production in 1953 exceeded 1 million pounds with 16 fisheries in production down to 3 boats in 1958 and 2 in 1959 that produced less than 30,000 lbs. of fish for the entire season. Many of the community are dependent on the work derived from the access road that is being cut through

the wilderness between Killarney and Burwash, but even this will be several years until completed; thus they cannot benefit until then from any vehicular tourist business.

This is an overall picture in Lake Erie, Huron and Georgian Bay. The seriousness of the condition cannot be lightly dismissed, and on behalf of the fishermen pray for your most sincere consideration in their plight.
