RODERICK LEWIS, Q.C.,  
Chief Election Officer.

And the House having met,

The Honourable the Lieutenant Governor, having entered the House, took her seat on the Throne.

Mr. Welch, the Government House Leader then said:

"I am commanded by the Honourable the Lieutenant Governor to state that she does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law, but today at a subsequent hour Her Honour will declare the causes of the calling of this Legislature."

Her Honour was then pleased to retire.

And the Clerk having called for nominations for the office of Speaker, the Premier, Mr. Davis, addressing himself to the Clerk, proposed to the House for their Speaker Russell D. Rowe, Esquire, Member for the Electoral District of Northumberland, which motion was seconded by Mr. Smith (Hamilton West), and it was,

*Resolved*, That Russell D. Rowe, Esquire, do take the Chair of this House as Speaker.

The Clerk having declared the Honourable Russell D. Rowe duly elected, he was conducted by the Premier and Mr. Smith (Hamilton West) to the Dais, where standing on the upper step, he returned his humble acknowledgment to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair and the Mace was laid upon the Table.

The House then adjourned during pleasure.

---

The Honourable the Lieutenant Governor then entered the House and took her seat on the Throne.

Mr. Speaker then addressed Her Honour to the following effect:

*May it please Your Honour,*

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.

The Government House Leader then said:

*Mr. Speaker,*

I am commanded by the Honourable the Lieutenant Governor to declare to you that she freely confides in the duty and attachment of the Assembly to Her Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temperance and prudence, she grants and upon all occasions will recognize and allow the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to Her Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from her the most favourable construction.

---

The Honourable the Lieutenant Governor was then pleased to open the Session with the following gracious speech:

*Mr. Speaker and Members of the Legislative Assembly:*

It is my pleasure to welcome you to the First Session of the Thirty-first Parliament of Ontario, and to offer a special greeting to those who are commencing their first term as Honourable Members of this House.

My Government rededicates itself to Ontario's continued progress, by which is meant not only the strength of our economic future, but also an increasing assurance of a balanced and more equitable society.

Le gouvernement entend se consacrer à nouveau au progrès continu de l'Ontario, ce par quoi il vise non seulement la vigueur de notre avenir économique, mais aussi l'assurance accrue d'une société toujours mieux équilibrée et plus juste.

On March 29, at the last Parliament, the Government outlined an extensive program for consideration by the Assembly. It remains pledged to that program, and reaffirms that all necessary steps will be undertaken during the course of this Session to ensure its adoption.

As matters of first priority, to be completed before the summer recess, you will be asked to approve legislation to require the construction of a French-language secondary school by the Essex County Board of Education, and also to give approval to the creation of the Ministry of Northern Affairs.

Amendments to The Environmental Assessment Act are necessary to enable the inquiry into proposed development North of the 50th parallel, to which Mr. Justice Patrick Hartt has already been named, to get under way.

Legislation will be reintroduced to establish province-wide single-trade bargaining in certain sectors of the construction industry.

Legislation is required to meet the deadline agreed to with the Government of Canada for the conversion of speed limits and other related measurements to metric units.

In addition, you are asked to deal with all legislative measures required to implement the Budget, presented by the Treasurer to the previous House on April 19.

During this and subsequent sittings, it is hoped that all Members of this House will, in word and deed, strive to support a strong and viable Ontario within a prosperous and united Canada.

In four days' time, our nation will celebrate its 110th birthday. Over the next three days, at the invitation of the Government of Ontario, hundreds of concerned Canadians are taking part in a Forum on Canadian Destiny at York University. The real merits of such a conference lie in its capacity to meet with constructive dialogue the anxieties concerning the unity of our nation; in its recognition of the importance of keeping open the lines of communication among all Canadians; in its call to rediscover Canada.

Honourable Members, my Government endorses the traditional right of this House to the expression of differing viewpoints on ways to resolve the issues facing our Province. At the same time, I have every confidence that the matters demanding your attention during this Session can be met in a truly co-operative spirit and with loyalty and devotion to the interests of the citizens whom you represent here. I therefore leave you to the discharge of these responsibilities.

In our Sovereign's name, I thank you.

God bless the Queen and Canada.

---

Her Honour was then pleased to retire.

This compendium of background is prepared by the Ministry and placed in the Library at the time of First Reading for use of the Members who may then use the material as background, and to familiarize themselves with the nature of the legislation. This is a sensible and simple process we would recommend for the consideration of the present Ministry in Ontario".

PRAYERS

10.00 O'CLOCK A.M.

Mr. Speaker delivered the following ruling:—

On June 30 last, the Member for Brant-Oxford-Norfolk, after putting certain questions to the Premier asked me to take under consideration, the *sub judice* rule and its application concerning questions placed earlier that day. The Member requested me, and I quote "to use your good offices to see that the Orders of the Court are placed before the House so that we might have your guidance as to whether or not this matter which involves Ontario Hydro and a decision by the Premier to order a secret inquiry can or cannot be discussed in this House."

May I first say as strongly as I can that I know of no authority by which any Court can prevent free discussion in this Chamber. Second, I have grave reservations concerning the advisability of the Chair becoming involved in a search of Court records for orders made concerning the publication of evidence at preliminary hearings. This is not my responsibility. I did however, particularly in light of the request made by the Member for Brant-Oxford-Norfolk, address a letter to the Premier asking him to provide me with a copy of the Order to which he referred earlier in the day so that I might be better informed with respect to a possible prejudicing of a criminal trial. I will speak further of this in a moment.

The Attorney General at the request of the Premier provided me with information that there are criminal charges being heard in the Courts which have to do with the awarding of contracts relating to Ontario Hydro, the Madawaska Dam, and the Bruce Generating Station. In my view this information should be communicated to the House by the Minister, and not through the Speaker. I have already so informed the Attorney General. The minister may of course answer questions or decline to answer questions if he thinks this may be prejudicial to a fair trial of parties before the Court.

The central issue lies in the application of the *sub judice* rule, which is Standing Order 16 (a) (7).

“16. (a) In debate, a Member will be called to order by the Speaker if he:

7. Refers to any matter,

(i) that is pending in a court or before a judge for judicial determination, . . .”

On June 30, and subsequent days, questions were posed, the answers to which indicated that there was an order of a Court barring publication of details of a criminal trial. I was placed in the difficult position of having no other information before me, and it was in this light that I cautioned the House concerning the *sub judice* convention. I have now had an opportunity to reflect on this, and to study the precedents which are interesting and I hope will be helpful to the House.

May I repeat what I said earlier. No Court has the ability to prevent this House from discussing any matter. The freedom of speech which this House claims as a right is not at issue because of the Court order. The House has, however, imposed restrictions on itself and one of these restrictions is that great care is exercised in discussing matters before the Court so that statements here do not deny justice to the parties involved in the Courts. Standing Order 16 (a) places a duty on the Speaker to exercise discretion over debate in matters before the Courts.

Earlier this year, the House of Commons of Canada undertook a substantial examination of the *sub judice* convention in the Canadian context. The report which was presented on April 29 has been of great assistance to me and I commend it to Members.

Following a lengthy recitation of precedents from Canada, the United Kingdom and Australia, the committee notes that the Parliament of Canada has been more flexible in the application of the *sub judice* convention than other countries. I wish to quote the final sections of the report.

“22. In the view of your Committee the justification for the convention has not been established beyond all doubt, although it would not go so far as to recommend that it be totally abolished. Your Committee believes, however, that any modification of the practice should be in the direction of greater flexibility rather than stricter application. It is not possible to determine whether or to what extent comments made in Parliament might affect the outcome of a trial or an inquiry. The Chair is seldom in possession of the necessary information to determine whether or not prejudicial effect is likely. It follows that the House should not be unduly fettered by a convention the basis of which is uncertain. On no account should the convention, which has been applied infrequently in years past, come to be regarded as a fixed and binding rule. It is not reasonable, for example, that Parliament should be any more limited in its debates concerning judicial proceedings than is the press in reporting such proceedings.

23. Your Committee has given consideration to the role of the Speaker in the application of the convention. It is submitted that, while there can be no substitute for the discretion of the Chair in the last resort, all Members of the House should share in the responsibility of exercising restraint when it seems called for. A Member who feels that there could be a risk of causing prejudice in referring to a particular case or inquiry should refrain from raising the matter. Additionally, a Member who calls for the suppression of discussion of a matter on grounds of *sub judice* should be obliged to demonstrate to the satisfaction of the Chair that he has reasonable grounds for fearing that prejudice might result. Should a question to a minister touch upon a matter *sub judice*, it is likely that the minister involved will have more information concerning the matter than the Speaker. The minister might be better able to judge whether answering the question might cause prejudice. In such a situation the minister could refuse to answer the question on these grounds, bearing in mind that refusal to answer a question is his prerogative in any event. It is the view of your committee that the responsibility of the Chair during the question period should be minimal as regards the *sub judice* convention, and that the responsibility should principally rest upon the Member who asks the question and the minister to whom it is addressed.

24. Your Committee is of the opinion that precise regulations concerning the application of the *sub judice* convention cannot be evolved and that it would be unwise to attempt to do so. Your Committee recommends that the Speaker should remain the final arbiter in the matter, that he should retain the authority to prevent discussion of matters in the House on the ground of *sub judice*, but that he should only exercise this discretion in exceptional cases where it is clear to him that to do otherwise could be harmful to specific individuals. In exercising this discretion your Committee recommends that when there is a doubt in the mind of the Chair, a presumption should exist in favour of allowing debate and against the application of the convention. In the view of your Committee prejudice is most likely to occur in respect of criminal cases and civil cases of defamation where juries are involved."

I can see no reason why similar principles ought not to guide the Members of this House.

Mr. Speaker addressed the House as follows:—

Since this is the first occasion in this Parliament during which the House will consider Private Members' Public Business, I thought I should review for honourable members the procedure which will be used this afternoon and on future Thursdays.

As honourable members know, two items of business are scheduled for debate each Thursday afternoon. At the time of the commencement of such proceedings until 5.50 p.m., the time will be divided equally between the two orders. The mover of the motion will be allotted 20 minutes and may reserve any portion of that time for reply provided he advises the Speaker beforehand of his intention to reserve time for reply just before the conclusion of the debate. All other Members will be allowed a maximum of 10 minutes to speak.

When debate on both orders has been concluded, and if no petition adverse to a vote has been filed, I will put a question on the first order as follows: "Shall this question be put to the House? Any Members opposed to the putting of the question must now rise". If 20 Members rise the question will not be put. A recorded vote can be requested after the usual voice vote if five Members stand in their places in the usual way. I must also caution Members that, in the event of a recorded vote, the division bell will ring for only five minutes whether or not the Whips have reported.

-------------------------------------	---------------

On motion by Mr. Welch, it was,

*Ordered*, That, Supplementary Estimates for the following ministries be referred to the following Standing Committees for consideration within the time already allocated to the consideration of Estimates:

Ministry of Northern Affairs	}	Standing Committee on Resources Development
Ministry of Environment		
Ministry of Natural Resources		
Ministry of Culture and Recreation	}	Standing Committee on Social Development

And, further, that, Supplementary Estimates for the Ministry of Treasury, Economics and Intergovernmental Affairs be referred to the Standing Committee on General Government, and Supplementary Estimates for the Ministry of Education be referred to the Standing Committee on Social Development.

On motion by Mr. Welch, it was,

*Ordered*, That, Private Members' Public Business which has been previously ordered for Thursday, November 24th, will be ordered for consideration at 8.00 p.m. on Tuesday, November 22nd, and government business will be considered on the afternoon of Thursday, November 24th.

The following Bills were introduced and read the first time:—

Bill 106, An Act to amend The Employment Standards Act, 1974. *Mr. Mackenzie*. By unanimous consent, this Bill was designated as a Ballotted Bill for debate on November 22nd.

Bill 107, An Act to amend The Highway Traffic Act. *Mr. Snow*.

Bill 108, An Act to amend The Condominium Act. *Mr. Leluk*.

The answers were Tabled to questions Nos. 32, 33, 34, 35 and 36 (*See Hansard*).

Mr. Speaker addressed the House as follows:—

I feel I should inform the House of a difficulty probably through an inadvertent lack of communication which occurred in one of the Standing Committees. I realize of course that negotiations and consultations through the usual channels must take place to effectively regulate the business of the House, however I was distressed to learn that the Standing Committee on General Government had exceeded the time allocated to it for debate on the Estimates of the Management Board of Cabinet without an order of the House authorizing this extension of time. I must caution those concerned that the

order of the House allocating time takes precedence, naturally, over negotiations and it is of course open to the Government House Leader at any time to move a motion altering the times allocated for consideration of estimates. I feel that if we adhere to a rather strict interpretation of the time allocations it will avert any misunderstandings which might arise in the future, and I know a precedent will not be constituted by the occurrences of Tuesday night and yesterday.

---

The Order of the Day for Second Reading of Bill 90, An Act respecting Toxic and Hazardous Substances having been read, Mr. Lewis withdrew the Bill.

Mr. Speaker then addressed the House as follows:—

I feel I must draw to the attention of the House the fact that by Order of the House Thursday afternoon is set aside for the conduct of Private Members' Public Business and is not available to the Government for conduct of its business. I feel that I should draw to the attention of the House that any alteration of the business of the House for today will require the unanimous consent of the House and whether or not that is forthcoming, and I do not wish to attempt to influence Members in one way or another, I feel that in future any alteration of the Ballotted List ought to be given careful consideration. It is an important safeguard for Honourable Members to gain legislative time for debate on their items of business.

I fully understand that negotiations must of course take place from time to time but I hope this will not become a practice otherwise the Ballotted List will become quite meaningless. I will therefore put the question "Is there unanimous consent to alter the order of business for this afternoon as indicated by the Government House Leader"—Agreed? Agreed!

---

Mr. Di Santo moved, seconded by Mr. Samis, That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned and occupied: 1. by persons 65 years and over, in accordance with its election commitment in the "Charter of Ontario" "to reduce the municipal tax burden on senior citizens". 2. Persons on disability pensions.

And a debate arising, after some time,

Mr. Baetz moved, seconded by Mr. Maeck, that the resolution be amended by deleting all the words after "consideration to" in the second line and substituting therefore: "reducing the municipal and education tax levy on senior citizens and those on disability pensions with the ultimate goal of the elimination of this particular tax for the majority of Ontario's senior citizens and handicapped", so that the resolution will read:

That, in the opinion of this House, the government should give immediate consideration to reducing the municipal and education tax levy on senior citizens and those on disability pensions with the ultimate goal of the elimination of this particular tax for the majority of Ontario's senior citizens and handicapped.

The debate continued and at 4.50 p.m. further proceedings on the motion were then reserved until 5.50 p.m.

Mr. Cureatz then moved Second Reading of Bill 89, An Act to amend The Planning Act,

and a debate arising, after some time,

Mr. Speaker put the Question:—

Shall there be a vote on Mr. Di Santo's Resolution (*No. 12*) which question was decided in the affirmative,

Mr. Speaker then put the Question:—

Shall there be a vote on Bill 89, An Act to amend The Planning Act, which question was decided in the affirmative.

THIRTY-SIXTH DAY

MONDAY, NOVEMBER 21ST, 1977

---

PRAYERS

2.00 O'CLOCK P.M.

Mr. Speaker addressed the House as follows:—

If I can have the attention of the Honourable Members for one moment, I feel that I should advise the House that I have asked each caucus to consider the advisability of continuing past procedures concerning access to parts of the chamber and its lobbies by members of the press and other strangers. I expect to hear through the usual channels from each caucus within the next day or two so I would ask people to bear with us until such time as we get a clarification of the standing orders from the members of this House whose servant I am.

---

In my absence on Friday, the Honourable Member for Grey-Bruce suggested that I was being heavy-handed and arbitrary in the way in which I was handling the question period.

I want to refresh the memories of Honourable Members as to what took place on Thursday after 59 minutes of the question period had expired.

I had to make the decision as to whether I inform Honourable Members that the question period had expired or give the next member, who happened to be the Member for Grey-Bruce, the opportunity to place his question.

I say, and it's recorded in Instant Hansard, 153-2:

"We've got one minute left. The Honourable Member for Grey-Bruce with a short question to one minute.

"Mr. Sargent: Mr. Speaker, you should be watching the Ottawa proceedings. The Speaker down there gives lots of laxity on questions".

"Mr. Sargent: Mr. Speaker, a question to the Minister of Transportation and Communications. The minister, over the years, I'd like you to tell me why every deal that Mr. Goodman brings to sell a bill of goods to cabinet, they invariably buy it. It's an insulting thing to me as a taxpayer, sir, that they, Greyhound Corporation, deal is a fait accompli, when you still say it's coming before cabinet before it goes back to the highway transport board".

Now that was the sum and substance of the question put to the Minister of Transportation and Communications on that occasion. I had cautioned the member that there was one minute left in the question period and I take it that it's my responsibility to abide by the rules of the House which say "Oral question period will be limited to one hour". I cautioned the member for Grey-Bruce and hoped that he would have had an opportunity to place his question within the one minute that was available to us. He failed to put a question in that time. I merely drew the attention of the House and the Honourable Member for Grey-Bruce that the oral question period had expired.

I want to assure the Honourable Member and all members of this House that I wasn't attempting to be arbitrary. I was simply allowing him an opportunity to place his question in the time allotted. He wasn't able to do it so I declared oral question period to be over. I think that I gave him every opportunity to place his question within the one minute and unless I get some further direction from the House, I will continue to operate the question period within the time allocation provided by provisional orders.

Mr. Speaker informed the House that the Clerk had received from the Commissioners of Estate Bills their report in the following case:—

THE SUPREME COURT OF ONTARIO

OSGOODE HALL,

THE HONOURABLE MR. JUSTICE JESSUP

TORONTO, ONTARIO M5H 2N5

November 17, 1977

Roderick Lewis, Esq., Q.C.,  
Clerk,  
Legislative Assembly,  
Parliament Buildings,  
Queen's Park,  
Toronto, Ontario

Dear Mr. Lewis:

*Re: Bill Pr16—County of Middlesex*

The undersigned, as Commissioners of Estate Bills as provided by The Legislative Assembly Act, R.S.O. 1970, c. 240, having had the above-noted Bill referred to us as Commissioners now beg to report thereon.

We have investigated the desirability of the proposed legislation and have had a hearing which was attended by the following: Mr. Andrew Wright, Solicitor for the County of Middlesex, Mr. Ron Eddy, Clerk Administrator for the County of Middlesex, Mr. Ford Daputo, Deputy Solicitor for the City of London, Mr. David Peterson, Provincial Member for London Centre, Mr. Ron Van Horne, Provincial Member for London North, Mr. Ivan Hearn, Chairman County Property Committee, Mr. William Galbraith, Warden, County of Middlesex, Mr. Robert Eaton, Provincial Member for Middlesex, and Mr. Gordon Walker, Provincial Member for London South.

We are of the opinion that it is not reasonable that the said Bill should pass into law. Our reasons for that opinion are two.

- (1) There is a serious question as to whether, as a matter of law, and having regard to the second recital in the Preamble to the Bill, ownership of the lands described in the Bill remains in the Corporation of the County of Middlesex subject to the trusts contained in the Letters Patent or has reverted to the Crown in the right of Ontario on a resulting trust.
- (2) In any event, we think it is premature to enact the Bill until a firm agreement has been reached between the County, the City and the Provincial and Federal Governments as to the uses to which the lands will be put.

We enclose a copy of the Bill which we have duly initialled.

Yours truly,

A. R. Jessup, J.A.

Bertha Wilson, J.A.

The Commissioners of Estate Bills having reported that it is not reasonable that Bill Pr16, An Act respecting the County of Middlesex should pass into law, the Bill was discharged, as provided in Standing Order 61 (e).

The House, according to Order, resolved itself into the Committee of Supply.

The following Committees met:—

The Standing Administration of Justice Committee.

The Standing Resources Development Committee.

The Standing Social Development Committee.

THIRTY-NINTH DAY  
THURSDAY, NOVEMBER 24TH, 1977

PRAYERS

2.00 O'CLOCK P.M.

Mr. Speaker addressed the House as follows:—

Last Monday I advised the House that I had requested each caucus to give consideration to the question of access to parts of the Chamber and its lobbies by members of the press and other strangers.

I have had a response from the usual channels which indicates to me that Members of the House are content to allow accredited Members of the Press Gallery to exit from the Press Gallery by use of the staircase behind the Speaker's chair, but only to move quickly and quietly and I emphasize that, to move quickly and quietly out of the Chamber. Members of the House are in no way to be distracted in the House.

There was no indication whatsoever that the rules governing the use of Members' lobbies should change and I will continue to enforce the procedure whereby Members of the Press are not permitted in the Members' lobbies. I hope this will be of assistance to Members of the House whose interests must, of course, come first, and the accredited Members of the Press Gallery who have a most important function in the conveyance of the proceedings of the House to the public.

Mr. Auld delivered to Mr. Speaker a message from the Honourable the Lieutenant Governor signed by her own hand, and the said message was read by Mr. Speaker and is as follows:—

PAULINE M. MCGIBBON

By a motion of this House on November 14, 1977, the Select Committee was constituted to make certain enquiries pertaining to Inco Ltd. On-site inspections at Sudbury and Port Colborne have already been completed, but no hearings have yet been conducted.

A joint request in writing was received by the Committee yesterday afternoon from Inco Limited and the United Steelworkers of America which is an appendix to this report (*Sessional Paper No. 146*) and which request is self-explanatory.

As a result of this letter the Committee unanimously decided to adjourn until December 14, 1977 (or earlier if called by the Chairman) to accede to the joint request of Inco Limited and the United Steelworkers of America.

Mr. Sidney Handleman,  
Chairman of the Select Committee,  
Room 441,  
Main Building,  
Queen's Park,  
Toronto, Ontario.

Dear Mr. Handleman:

The United Steelworkers of America and its Locals 6500 and 6200 and Inco Metals Company are currently holding their regular semi-annual In-term meetings in Toronto and are discussing in detail the impact of the recently announced cut-backs in the Inco operations.

We wish to inform you that, in response to a Union request, the Company has made a proposal on early retirement incentives and discussions are proceeding in that area. In addition we have agreed to continue discussions on a variety of other topics related to employment stability, including job relocation plans for displaced employees, job security provisions, retraining programs, the implications of work-sharing arrangements, the effects of the proposed vacation shutdown next summer on employees and the impact this shutdown will have on the schedule of negotiations for the contract which expires on 10th July 1978. It has been agreed that these various discussions, which are now under way, will continue over the next several weeks or longer.

We have been informed that the Select Committee is proposing to convene its hearings on this subject commencing next week. The purpose of this letter is to express the joint view of the Unions and Company that our progress in our meetings, and possibly the subsequent proceedings of the Select Committee, would be facilitated if the Committee were to grant us additional time, to about mid December, to at least conclude our preliminary discussions before making our separate presentations to the Select Committee.

## FIFTY-FOURTH DAY

THURSDAY, DECEMBER 15TH, 1977

PRAYERS

2.00 O'CLOCK P.M.

Mr. Reid (Rainy River) from the Standing Public Accounts Committee presented the Committee's Report as follows:—

Your Committee held nine meetings during the fall session but due to time constraints was unable to give full consideration to several matters before it.

In particular your Committee had intended to enquire into certain financial matters pertaining to Browndale Homes and had directed the Provincial Auditor to provide the necessary information for that purpose.

The Provincial Auditor reported however that all relevant documents were in the possession of either the Attorney General or the Ontario Provincial Police and the matter was before the Courts. Your Committee was therefore unable to proceed.

It is hoped that this and other matters will be discussed by the Committee in the next Session.

Your Committee, after review of documentation filed with the Committee and a full discussion with the Minister and officials of the Ministry of Revenue, is of the opinion that the Ministry did not fully ascertain all the pertinent facts before recommending the exemption from payment of the tax by Ronto Development Company under The Land Speculation Tax Act, 1974, and therefore recommends:

1. the Ministry should establish minimum basic guidelines to be followed in all subsequent applications for exemption of the tax payable under The Land Speculation Tax Act, 1974; and
2. the Ministry should explore the legality of rescinding Ontario Regulation 340/76 and if legally possible assess the tax payable on the sale of Brantford property by Ronto Development Company to George Wimpey (Canada) Limited.

Your Committee further recommends:—

That the Minister of Health appoint suitable lay persons with financial backgrounds to be members of the inspection team of the Medical Review

Committee as envisaged under Section 43 of The Health Insurance Act. That these people deal only with the financial aspects and accounting procedures of the doctors.

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“The Honourable the Lieutenant Governor doth thank Her Majesty’s dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty’s name.”

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

*Mr. Speaker and Members of the Legislative Assembly:*

I am pleased to address you at the close of this First Session of the Thirty-first Parliament of Ontario.

As the Silver Jubilee Year of our Sovereign also draws to a close, we take pleasure in knowing that thousands of Ontarians were able to participate in according a warm welcome to Her Majesty and Prince Philip during their special commemorative Royal Visit to Ottawa in October.

During her visit, Her Majesty accepted a collection of contemporary Ontario art as a gift from the people of the Province. Following a provincial tour, the art works will remain in the collections of various public art galleries for the benefit of present and future generations of Ontarians.

The current state of Canadian Confederation remains a major preoccupation of governments and thoughtful citizens across Canada. On the initiative of the Ontario Government, a three-day Conference on Canadian Destiny was held at York University in Toronto in June to promote constructive dialogue among concerned citizens from all parts of the country. It bears emphasizing that it is up to Ontarians, as to all Canadians outside Quebec, to become actively involved now in meeting this challenge which faces us all. As is already apparent, it is a challenge whose implications transcend the realm of mere political ideology.

In this vein, it is worth noting that Honourable Members from all sides of this House took the opportunity afforded by the recent Ontario public hearings of the Federal Task Force on Canadian Unity to appear before this nation-wide forum.

The people of Ontario, as elsewhere in Canada, continued to be plagued by serious problems of unemployment and inflation throughout the uncertain economic climate of another year. It remains the view of the Ontario Government that a healthier, long-term solution must be sought in continued restraint on government expenditures combined with stronger, more productive private sector initiatives.

Recently announced lay-offs by the two major nickel mining companies in Northern Ontario are of grave concern to the Government. Unprecedented action, in the appointment of a Select Committee of the Legislature, should ensure joint in-depth examination and consultation by legislators and the mining interests to produce useful, workable alternatives from both immediate and long-term perspectives.

At the same time, the Province is facing the need to reverse a decline in overall mining activity in the North by augmenting existing mineral development and exploration activities with a \$2.5 million program to be funded by the Ministry of Northern Affairs over three years.

Legislation has been passed to establish province-wide, single trade bargaining in the industrial, commercial and institutional sectors of the construction industry. This reform, achieved in full consultation and cooperation with industry and labour, is seen as a major aid in simplifying and streamlining negotiations in this crucial segment of the economy.

In the interests of the consumer, legislation has been passed to require tax discounters in Ontario to pay their clients at least 95 per cent of any anticipated income tax refund.

A Provincial Consumer Information Centre will open early in the New Year to help consumers across Ontario by making information more accessible to them. The centre will offer facilities and assistance for students, consumer educators and business.

It is the Government's intention to replace the present Rent Review Program with comprehensive tenant protection provisions when the program ends in December 1978. In the meantime, in keeping with Federal wage guidelines, new maximum rent increases have been set at 6 per cent.

Legislation has been enacted to give municipalities power to regulate the removal of good topsoil from agricultural land. An amendment to The Farm Products Payment Act will encourage the establishment of funds by farm commodity groups to protect producers in cases of bankruptcy in the agricultural community.

Similarly, legislation, passed in June, will provide a means of mobilizing new sources of risk capital for small businesses. Complementary measures introduced in the fall, through amendments to The Corporations Tax Act, provide for special tax incentives for investors in Venture Investment Corporations.

The Province's social services have been expanded by a new home support program for the elderly and the handicapped to enable them to maintain their own homes.

Allowances for family benefits and general welfare assistance recipients were increased by 8 per cent on July 1st.

On the same date, responsibility for administration of all services for children with special needs was transferred to a single Ministry. A Green Paper is now before you containing recommendations for revisions to legislation pertaining to the care of children, for public consultation prior to enactment next year.

Services in French for French-speaking Ontarians, which have seen continuing, steady improvement over the past several years, were expanded in two significant areas of activity during this Session.

An Act to require construction of a French-language secondary school by the Essex County Board of Education received support from all sides of the House. As well, expanded French-language court services in five Northern communities, this fall, now make such services available in areas inhabited by some 66 per cent of our French-only population.

Greater coordination of overall services to the North is being provided by the Ministry of Northern Affairs which received the legislative sanction of the House early in the Session. Its mandate to respond to Northern needs was effectively tested even before then, when the Ministry organization was called on to marshal speedy assistance for the Town of Cobalt following the disastrous fire in May.

In a similar commitment to meet special needs in Eastern Ontario, an agreement has been signed by the Province and the Federal Department of

Regional Economic Expansion, covering a number of projects to increase opportunities for development in the Upper Ottawa Valley Region.

Electrical energy is of paramount importance to Ontario's energy future. Aspects of Ontario Hydro's role in providing electrical power are being reviewed by a Select Committee of the Legislature. This review includes implementation of recommendations made in 1976 for bulk power rate increases. In addition, new terms have been assigned for a Select Committee study into Ontario's nuclear commitment and construction costs of the Bruce Nuclear Power Development heavy-water plants.

Ontario's transition to metric units for highway distances and speed limits has been effected.

The final report of the Select Committee on Highway Safety has been tabled in the House, as has the Report of the Royal Commission on Metropolitan Toronto. Both reports are being reviewed in preparation for government action relating to the recommendations made.

The Municipal Elections Act has been extensively revised. Among the changes, municipal polling day will in future be the second Monday in November.

A new Audit Act has been passed, strengthening the role and office of the Provincial Auditor.

A significant new policy initiative has been adopted by the Ministry of Correctional Services for a community work order program, whereby petty offenders who are not considered a threat to society will work on projects and carry out services in the community.

Provisions to improve the administration of the courts have been enacted.

In the summer, the Government set in motion the long-awaited Inquiry into the Northern Environment as a Royal Commission under The Public Inquiries Act. The terms of the Commission, developed in consultation with the Native people, lay the ground for long-term social and economic planning for the area North of the 50th parallel and for the future of its residents.

Public hearings of the Commission on Freedom of Information and Individual Privacy have been in progress for the past two months at meetings in communities throughout the Province.

At the same time, the Government has seen fit to establish a judicial inquiry under The Public Inquiries Act in response to serious concerns about the confidentiality of medical records. A review will be made of all legislation administered by the Minister of Health as well as other pertinent legislation as part of this assignment, which is due to get under way early in the New Year.

Honourable Members, it is evident from this review of your activities that the workload of this Session has been extensive. It is fair to add that you have not been sparing of your efforts in meeting the demand. In all, some 60

Government Bills have been passed by the House and have received Royal Assent during this relatively short sitting.

In declaring the Session prorogued, May I take this opportunity to express sincere greetings and every wish for a pleasant and safe holiday season to you all.
