FALL PERIOD 2014

1. Mr. Yakabuski — That the Legislative Assembly of Ontario calls upon the government,

To recognize that the Standing Committee on Justice Policy has been investigating the destruction of documents regarding the cancellation of the Mississauga and Oakville gas plants during the 2011 election. Further, that the committee has not fully completed its investigation, and that the two essential witnesses of the investigation who were named in the Ontario Provincial Police's information to obtain, Peter Faist and Laura Miller, who were originally scheduled to appear at committee before the June election have not yet testified.

Therefore, in order to complete the original mandate of the committee, it is the opinion of the Legislative Assembly of Ontario that the Standing Committee on Justice Policy is able to fulfill its mandate by requiring both Peter Faist and Laura Miller to testify to the committee before report writing commences.

Addressed to the Premier. Filed October 22, 2014.

Debated and lost on division October 29, 2014.

2. Ms. Horwath — Whereas the selling off of Highway 407 costs the people of Ontario \$1 billion a year; and

Whereas \$1.7 billion annually from the LCBO goes directly into paying for the services that families rely on; and

Whereas the OLG put \$1.9 billion annually into the provincial treasury; and

Whereas the Harris Government privatization of hydro drove up bills for families and businesses; and

Whereas public assets benefit all Ontarians;

Therefore, in the opinion of this House, any deal, arrangement, transaction, government bill or other action of the government that seeks to privatize the Liquor Control Board of Ontario, the hydro sector or the Ontario Lottery and Gaming Corporation would be subject to a Province-wide referendum.

Addressed to the Premier. Filed October 29, 2014.

Debated and lost on division November 4, 2014.

Section 6C-2

3. Ms. Horwath — Whereas the government of Canada has failed to provide predictable funding to develop and deliver affordable, accessible, and high quality early childhood education and childcare programs in Ontario;

Whereas families pay monthly fees of \$1152 on average for one childcare spot in Ontario compared to \$152 per month in the province of Quebec;

Whereas investing in high quality childcare will reduce the stress on families; benefit children's development and future academic success; allow more parents to reenter the work force, retrain or go to school; reduce dependence on social assistance; reduce poverty; and will bring \$1.75 in return for every dollar invested by our government;

Whereas families, businesses and the economy at large will benefit from investing in our early childhood education and childcare programs;

Therefore, in the opinion of this House, this province should partner with the Federal Government to ensure that every parent in Ontario has access to childcare at a cost of no more than \$15 a day per child.

Addressed to the Premier. Filed November 5, 2014.

Debated and carried on division November 18, 2014.

4. Ms. Scott — That, in the opinion of this House, the Ontario Legislature should make it clear that sexual harassment will not be tolerated as it violates our fundamental values and that our culture is at a turning point - by acting now, and supporting this important dialogue, we can catalyze change and build a safer and more equitable workplace environment for current and future generations; and, that a select committee should be established no later than December 4, 2014 to make recommendations on combating sexual harassment in the workplace and protecting victims from further harm; and

That in developing its recommendations, the committee shall focus on the following issues: (1) why people, mainly women, are reluctant to report incidents of harassment in workplaces across Ontario. (2) why victims fear that they will be ostracized, that they will suffer professionally, and most of all, why they fear that they will not be believed; and, (3) preventing the further victimization from occurring after the harassment or assault with the unjust treatment of the victims and a chronic failure to hold perpetrators to account.

As such, this committee will be comprised of two members from each of the recognized parties, and that the committee have the ability to conduct their meetings in camera, to ensure that women feel supported and can maintain anonymity as they share their stories. Furthermore, the committee should hear from experts, then make recommendations regarding the development of best practices to prevent sexual harassment and, when it occurs, to address it in a way which supports and respects the victims; and

That the committee shall have the authority to conduct province wide hearings and undertake research, and generally shall have such powers and duties as are required to develop recommendations on a comprehensive strategy to combat sexual harassment in the work place and protect victims of sexual harassment from further harm; and

That the committee shall present an interim report to the House no later than June 4, 2015, and a final report no later than October 29, 2015.

Addressed to the Premier. Filed November 19, 2014.

Debated and carried November 26, 2014.

SPRING PERIOD 2015

1. Mr. Wilson — That, the Legislative Assembly of Ontario,
Recognize the findings in the February 2015 report of the Chief Electoral Officer of Ontario that the actions of Pat Sorbara, the Premier's Deputy Chief of Staff, and Gerry Lougheed Jr., the Chair of the Greater Sudbury Police Services Board, in relation to former Liberal candidate, Andrew Olivier, constitute an apparent breach of the bribery provisions of the Election Act;
Recognize that the actions of the Premier and her political operatives have led to two separate OPP investigations;
Therefore, it is the opinion of the Legislative Assembly of Ontario that the said actions of the Premier, her Deputy Chief of Staff and Gerry Lougheed Jr. have breached the standards of integrity and accountability that are required and expected of the Office of the Premier.
Addressed to the Premier. Filed February 25, 2015.
Debated and lost on division March 4, 2015.
2. Ms. Horwath — Whereas the 2014 Liberal budget:
Cuts 6% out of nearly every ministry;
Cuts healthcare and fires nurses;
Cuts education and closes schools;
Cuts transportation and closes bus stations across the North;
Cuts affordable housing and slashes \$86 million out of Toronto's social housing programs;
Privatizes public hydro companies and sells off our public assets;
Opens new corporate tax loopholes that don't create jobs, but helps wealthy companies buy luxury sports tickets;
Fails to address tax fairness or consider any modest changes to corporate tax rates;
Makes life more expensive for families by letting hydro bills and gas prices rise;
Will mean firing 100,000 people according to the Liberal's own hand-picked economist Don Drummond; and
News agencies have said the Liberal Budget will mean the "Deepest cuts since Harris."
Therefore, it is the opinion of this House that the 2015 Budget should stop cutting services, privatizing and selling off assets, putting wealthy corporations ahead of people, and instead of continuing the Liberal austerity program, explore rolling back corporate giveaways while maintaining a competitive combined corporate tax rate, create jobs, invest in services and make life more affordable for the 13 million Ontarians who make our province work.
Addressed to the Premier. Filed March 12, 2015.
Moved by Ms. Fife March 24, 2015. Debated and lost on division March 24, 2015.

Section 6C-4

3. Mr. Wilson — That, given the grave financial situation in the province of Ontario today, it is the opinion of the Legislative Assembly of Ontario that the 2015 budget should include the following:
- An announcement that the Ontario Retirement Pension Plan will not be pursued as it places an enormous burden on businesses and will kill jobs in the province;
 - A commitment that a carbon tax, or its close cousin, a cap and trade process, not be adopted as it is a cost that Ontario residents and businesses cannot afford;
 - A plan to fix homecare by streamlining the system to reduce the number of agencies patients must deal with and by tying CCAC funding to outcomes and clearly defined results;
 - A commitment to reduce energy prices so that all people and businesses no longer have to be paying some of the highest energy costs in North America; and
 - A serious, credible and detailed plan to balance the budget by 2017-2018.

Addressed to the Premier. Filed April 15, 2015.

Debated and lost on division April 22, 2015.

4. Ms. Horwath — That, in the opinion of this House, the Government of Ontario must abandon its plan to privatize Hydro One and maintain public ownership in this strategic asset to avoid losing annual Hydro revenues used to fund education, healthcare and other vital services; to avoid hydro rate increases related to privatization; and to retain public control over Ontario's energy future.

Addressed to the Premier. Filed May 6, 2015.

Debated and lost on division May 13, 2015.

FALL PERIOD 2015

1. Ms. Horwath — Whereas the Government of Ontario has eliminated public oversight of Hydro One by revoking the powers of the following independent, non-partisan Officers of the Legislative Assembly: the Auditor General, Ombudsman, Information and Privacy Commissioner, Integrity Commissioner, French Language Services Commissioner, Provincial Advocate for Children and Youth, Environmental Commissioner and Financial Accountability Officer; and

Whereas the Government of Ontario has denied all freedom of information requests related to the privatization of Hydro One, including all records of the costs and risks related to the sale; and

Whereas more than 80% of Ontarians oppose the Government's plan to privatize Hydro One; and

Whereas the Government of Ontario refused to hold public consultations on the privatization of Hydro One across the province before moving ahead with the 2015 Ontario Budget; and

Whereas Ontarians have a right to accurate information, non-partisan analysis and to be heard before the sale of Hydro One begins;

Therefore, it is the opinion of this House that the Minister of Energy immediately invoke Section 35 of the Ontario Energy Board Act and order the Ontario Energy Board to conduct an independent, public, non-partisan review on the impact of the proposed privatization of Hydro One prior to launching any sale of shares or stock.

Addressed to the Premier. Filed September 16, 2015.

Debated and lost on division September 23, 2015.

Section 6C-5

2. Mr. Brown — That, the Government provide the House, and therefore the public, with all reports and financial analysis used by them to justify the sale of Hydro One no later than October 8, 2015.

Addressed to the Premier. Filed September 23, 2015.

Debated and lost on division September 30, 2015.

3. Mr. Brown — Whereas the people of Ontario deserve the highest quality of care in a world class health care system; and

Whereas, the Liberal government cut \$54 million of the federal Canada Health Transfer from Ontario's health care budget; and

Whereas, the government has slashed \$815 million from physician services; and

Whereas, the government has cut \$50 million from seniors for physiotherapy services; and

Whereas, the government has eliminated 50 medical residency positions; and

Whereas, these cuts will lead to longer wait times for surgeries, doctor appointments and at emergency rooms; and

Whereas, the government's decision to cut funding will lead to the loss of jobs for front line healthcare services, and force the closure of much needed walk-in clinics and addiction clinics;

The Legislative Assembly of Ontario calls upon Premier Wynne and the Liberal government to restore funding to physician services and return the missing federal Canada Health Transfer money back to Ontario's health care system.

Addressed to the Premier. Filed October 7, 2015.

Debated and lost on division October 21, 2015.

4. Ms. Horwath — Whereas Ontario's Financial Accountability Office has reported that "with the sale of 60 per cent of Hydro One, the Province's budget balance would be worse than it would have been without the sale";

Whereas Ontario's Financial Accountability Office has discredited the government rationale for selling Hydro One by showing that while the government claimed the sale would raise \$4 billion in new cash for infrastructure, the sale may raise as little as \$1.4 billion;

Whereas the government claimed the sale would reduce the provincial debt by \$5 billion, and the Financial Accountability Office showed the sale will actually increase the debt by \$2.7 billion by 2025;

Whereas the sale of Hydro One will mean losing half a billion dollars in stable, annual revenues;

Whereas selling Hydro One will mean less revenue to invest in transit, healthcare, or education;

Whereas the Liberal government has sold approximately 15% of Hydro One, but the government can stop the sale of any further shares;

Whereas there is still time for the Premier and Cabinet to halt the sale of all of the remaining shares of Hydro One;

Therefore, in the opinion of this House, the government shall immediately stop the sale of any more shares in Hydro One.

Addressed to the Premier. Filed November 5, 2015.

Debated and lost on division November 18, 2015.

Section 6C-6

5. Mr. Brown — Whereas, since 2008 the Liberal government has paid teachers' unions \$3.7 million as part of collective agreement negotiations;

Whereas, the Liberal government has been reluctant to publicly disclose these payments and provide an accounting for same;

Whereas these payments violate the spirit of Section 70 of the Ontario Labour Relations Act which prohibits an employer or employer organization from providing financial support to a union; and

Whereas, there are no spending limits on third-party advertising during elections in Ontario;

The Legislative Assembly of Ontario:

- a) calls upon the Ontario Liberal Party to immediately pay the Ministry of Education \$3.7 million to reimburse Ontario's students and teachers for these funds that were taken out of the classroom;
- b) calls for the strengthening of Section 70 of the Ontario Labour Relations Act to specifically prohibit any future payments to public sector unions to compensate for collective bargaining costs; and
- c) calls upon the Government of Ontario to immediately introduce legislation to cap third-party election advertising.

Addressed to the Premier. Filed November 18, 2015.

Debated and lost on division November 25, 2015.

SPRING PERIOD 2016

1. Mr. Fedeli — Whereas, the 2016 Ontario Budget is soon to be introduced in the Legislature;

Whereas, hydro bills have continued to skyrocket across the province, making it harder for seniors and families to get by;

Whereas the cost of the Liberal government's scandals, waste and mismanagement is taking away funding for essential services;

Whereas, the Liberal government's cuts to front line healthcare means Ontario's patients are being denied the quality healthcare they deserve; and

Whereas, the Liberal government has no credible plan to balance the budget.

The Legislative Assembly of Ontario calls on the Liberal Government to include the following in the 2016 Ontario Budget:

1. a credible plan to make energy affordable, which shall include halting any further sale of shares in Hydro One;
2. a plan to properly manage Ontario's health care system which shall include reversing the current and planned cuts to doctors, nurses and hospitals and;
3. a credible plan to balance the budget and take immediate action to pay down the debt.

Addressed to the Minister of Finance. Filed February 17, 2016.

Debated and lost on division February 24, 2016.

Section 6C-7

2. Mr. Brown — Whereas, Ontario has had 9 consecutive deficit budgets; and
Whereas, Ontario pays nearly a billion dollars a month in interest payments; and
Whereas, Ontario now carries over \$300 billion of debt due to years of scandal, waste and mismanagement in particular with the gas plants, eHealth, Ornge and smart meters; and
Whereas, the Auditor General has warned that Ontario's debt levels are a heavy load; and
Whereas, the Auditor General has identified that the debt burden will lead to the crowding out of frontline services; and
Whereas, the crowding out is being realized as this government has fired over a thousand nurses and threatens to close special education demonstration schools; and
Whereas, hospital beds are being closed, the cost of medication for seniors is being raised and funding for doctors is being slashed because of this government's debt and deficit;
The Legislative Assembly of Ontario calls on the Liberal Government to present a truly credible plan to balance the budget, take immediate action to pay down the debt and to preserve quality education and health services.

Addressed to the Premier. Filed March 23, 2016.

Debated and lost on division April 6, 2016.

3. Ms. Horwath — Whereas any efforts at major electoral reform must be conducted in a fair, transparent and non-partisan manner in the interest of protecting the democratic process; and
Whereas Ontario has traditionally used an independent, consensus-based approach overseen by the Chief Electoral Officer as the basis for any legislative changes to the electoral process; and
Whereas any panels, bodies or committees historically tasked with electoral reform have maintained an equal number of representatives from Ontario's major political parties and representatives from civil society in the interest of fairness and democracy,
Therefore, in the opinion of this House, the Legislative Assembly of Ontario should immediately establish the Ontario Advisory Panel on Political Finance Reform and Electoral Participation ("the panel") to develop recommendations regarding rules governing the financing of political parties, electoral participation, and third party advertising; and
That the panel shall consist of an equal number of representatives from each political party that earned at least three (3) per cent of the popular vote in the 2014 Ontario General Election; and
That the panel shall include a collection of members representing civil society, including labour, business, non-governmental organizations and academia that, in aggregate, equal the total number of political party members on the panel; and
That the Chair of the panel shall be an independent, non-elected person selected from a list of candidates prepared by the Chief Electoral Officer, and appointed by consensus of the House Leaders; in the absence of consensus, the appointment shall be made solely by the Chief Electoral Officer, and;
That the panel shall have the authority to conduct public hearings throughout the province, undertake research and generally have such powers and duties as are required to develop recommendations on the new rules governing political party financing; electoral participation; and third party advertising; the basis of which may inform any new legislation; and

Section 6C-8

That the Chief Electoral Officer shall serve as secretary to the panel and Elections Ontario shall provide administrative and budget support; and

That the Chief Electoral Officer shall table the panel's final report with the Assembly no later than September 30, 2016. In the event that the Legislature is not sitting, the report shall be submitted to the Speaker, who shall lay the report before the Assembly.

Debated and lost on division April 19, 2016.

4. Ms. Horwath — Whereas Ontarians are concerned that energy policy in Ontario is set according to what benefits the Liberal Party of Ontario, rather than achieving affordable, green and reliable energy for families or businesses; and

Whereas there are deeply concerning questions about the conduct of the Liberal government in respect of energy contracts; and

Whereas the government cancelled wind power contracts in Liberal held ridings and is now being investigated by the OPP for allegedly destroying records around these decisions; and

Whereas the government decided to sell Hydro One in spite of evidence from the Financial Accountability Officer that this sale will not build infrastructure and will increase the deficit; and

Whereas questions remain around the government's use of the Hydro One IPO for fundraising purposes with the revelation of Ministerial quotas for party fundraising; and

Whereas the government's decision to cancel the Mississauga and Oakville Gas Plants in Liberal held seats at a cost of \$1.1 billion along with the government's decision to delete records regarding the "gas plant scandal;" and

Whereas the Liberal government faces 5 OPP Anti-Rackets Squad investigations; and

Whereas the Liberal Government of Quebec established a Commission of Inquiry on the Awarding and Management of Public Contracts in the Construction Industry, the "Charbonneau Commission" to examine the inappropriate awarding of government construction contracts.

Therefore, in the opinion of this House, Ontario should establish a Public Inquiry on the Awarding and Management of Public Contracts in the Energy Industry.
