**Ballot Item Number 38****Private Members' Notice of Motion Number 51**

Mr. Kormos – That, in the opinion of this House, the Government of Ontario should move expeditiously to establish and implement a comprehensive jobs program that would contain the following components:

- A jobs-focused Manitoba and Quebec style investment tax credit that would encourage manufacturers and processors to make capital investments and create jobs.
- An industrial hydro rate that would ensure that all major industrial and resource-based consumers would be eligible for a fair new industrial hydro rate guaranteed for five years.
- A "Buy Ontario" program that would ensure that the billions of dollars in transit, other infrastructure investments, and health and education that governments make every year create good-paying jobs in Ontario and not in far away places.
- Job protection legislation that would ensure that laid-off workers receive the severance, back-pay and vacation pay that is owed to them by law.
- A jobs Commissioner and other job sustaining initiatives that would complement the above measures in protecting jobs and preventing plant closures such as the announced John Deere closure in Welland which will cost 800 workers their jobs.
