22. Resuming the debate adjourned on December 11, 2013 on the amendment to the motion on strengthening the retirement income system, as follows:-

Ms. Wynne moved,

M<sup>me</sup> Wynne propose,

That the Legislative Assembly of Ontario call upon the federal government to recognize that there is a need to improve and strengthen the retirement income system in Canada and take immediate steps to implement enhanced Canada Pension Plan benefits for all Canadians;

Whereas the Canada Pension Plan is the foundation of the nation's retirement income system, the maximum CPP retirement benefit for new retirees is just over \$1,000 per month or \$12,000 per year; and the percentage of new beneficiaries receiving maximum CPP retirement pension is only 6 per cent and where the average Ontarian is receiving just under \$7,000 per year, or just 56 per cent of the maximum benefit;

And recognizing the retirement savings challenge, the Ontario government has developed a comprehensive retirement income strategy and is leading the call for a CPP enhancement;

An enhancement to the CPP is critical to ensuring that Ontarians, particularly middle-income earners, have greater financial security in retirement;

The Ontario government has laid out and received agreement from other provinces on a number of objectives for strengthening the retirement income system, including a CPP enhancement, focusing on today's workers, moderating the effect on the economy and improving the retirement incomes of those most at risk;

And while others will say we can put this off for another day, the Legislative Assembly of Ontario disagrees and encourages the federal government to agree to enhance CPP now;

And that this Assembly agree that Ontario should pursue its own solution to enhancing retirement security should the federal government not respond in a timely fashion.

Mr. Yakabuski moved,

M. Yakabuski propose,

That the following be added at the end of the motion:

"And that the Legislative Assembly of Ontario believes that the Wynne government has failed to put forward a jobs plan over two months after the House cleared the decks;

9. Suite du débat ajourné le 30 octobre 2013 sur la motion portant adoption des recommandations contenues dans le rapport du Comité permanent des affaires gouvernementales concernant L'examen de la *Loi sur les ressources en agrégats*. 41. Mr. Hoskins — That the Legislative Assembly of Ontario recognizes the importance of the auto sector to Ontario's economy, contributing \$12.7 billion to our GDP and is directly employing nearly 100,000 Ontarians across the province and;

Whereas Ontario supports free trade - communities across the province benefit from being able to export the goods they produce to markets around the world - new trade agreements have to be grounded in solid economic objectives, but most importantly, they need to benefit Ontarians.

Therefore, with the expected completion of the Canada-South Korea Free Trade Agreement, this Assembly calls on the federal government to ensure that any deal reached contains conditions and safeguards to ensure a fair agreement that will help our auto sector continue to thrive and;

Recognizing the numerous non-tariff barriers that affect the ability of Ontario automakers to export to the South Korean market, and that the United States successfully negotiated a side agreement on the auto sector that we can learn from,

Therefore, Ontario calls on the federal government to negotiate a fair agreement that supports the continued success of our auto sector. Filed December 12, 2013.

**SPECIAL DEBATES – WANT OF  
CONFIDENCE****DÉBATS SPÉCIAUX – CENSURE**

Mr. Wilson – Whereas, the McGuinty-Wynne Governments have repeatedly put the political fortunes of the Liberal Party ahead of both the people and the Province of Ontario, abused their power and wasted hundreds of millions of taxpayer dollars to cancel gas plants in both Oakville and Mississauga so as to retain Liberal seats and save their own political skins in a desperate attempt to cling to power;

Whereas, the Speaker of the Legislature made a finding of *prima facie* breach of privilege for nonproduction of documents requested by the Standing Committee on Estimates, which when finally provided, revealed that the Liberal Government had failed to report the true costs of the cancelled gas plants and also exposed inappropriate political interference at the highest levels of the Liberal Government;

Whereas, the Auditor General, in the wake of the growing scandal, sought to expose the true costs of the cancelled gas plants after numerous Liberal Ministers, including then Premier McGuinty and Premier Wynne in her previous Ministerial role, made public pronouncements, both in the House and to the media that were suspiciously low. The Auditor General confirmed on April 15<sup>th</sup>, 2013 that the true cost of cancelling the Mississauga Gas Plant was \$275 million dollars, or 45% higher than what the Liberal Government had repeatedly told the people of Ontario;

Whereas, Premier Wynne, in her former Ministerial role personally Chaired the meeting and signed off on the process that cancelled the Oakville Gas Plant, yet never disclosed her role in this decision until evidence surfaced that showed Premier Wynne, in fact had known intimate details about the true costs associated with the Liberal Government's decision to cancel the Oakville gas plant;

Whereas, conflicting testimony before the Standing Committee on Justice has hindered the Committee's ability to get to the bottom of the gas plant scandal;

Whereas, the gas plant scandals, combined with those at eHealth and ORNGE amount to literally billions of taxpayer dollars being wasted on scandals and expose the McGuinty-Wynne Liberal Government's utter lack of competence and its failure to get the basics right so as to get results for Ontarians; and, these scandals prove that the Liberals will put selfish interests of their Party ahead of the people and Province of Ontario;

Therefore, the Government has lost the confidence of this House. Filed April 29, 2013.
