ORDERS OF THE DAY**Opposition Day Number 5**

Mr. Hatfield — Whereas the Liberal Party has cost Ontario taxpayers billions of dollars in scandals;

Whereas the Minister of Transportation has repeatedly claimed in the legislature to have no discussions of safety issues or briefings regarding the Herb Gray Parkway Project before June 19, 2013;

Whereas documents obtained through a freedom-of-information request show that the Ministry of Transportation was alerted to the concerns surrounding the girders used in the construction of the Parkway particularly their failure to meet recognized building standards and the potential threat to the safety of the roadway, before June 19, 2013;

Whereas the Minister's office was briefed on a weekly basis prior to June 19, 2013;

The government should provide the Assembly with a full report on the use of both CSA approved materials and non CSA approved materials on girders and bridge bearings and problems related to faulty concrete pours, as well as a full cost analysis on the Herb Gray Parkway Project. Addressed to the Premier of Ontario.

22. Resuming the debate adjourned on December 11, 2013 on the amendment to the motion on strengthening the retirement income system, as follows:-

Ms. Wynne moved,

M^{me} Wynne propose,

That the Legislative Assembly of Ontario call upon the federal government to recognize that there is a need to improve and strengthen the retirement income system in Canada and take immediate steps to implement enhanced Canada Pension Plan benefits for all Canadians;

Whereas the Canada Pension Plan is the foundation of the nation's retirement income system, the maximum CPP retirement benefit for new retirees is just over \$1,000 per month or \$12,000 per year; and the percentage of new beneficiaries receiving maximum CPP retirement pension is only 6 per cent and where the average Ontarian is receiving just under \$7,000 per year, or just 56 per cent of the maximum benefit;

And recognizing the retirement savings challenge, the Ontario government has developed a comprehensive retirement income strategy and is leading the call for a CPP enhancement;

An enhancement to the CPP is critical to ensuring that Ontarians, particularly middle-income earners, have greater financial security in retirement;

The Ontario government has laid out and received agreement from other provinces on a number of objectives for strengthening the retirement income system, including a CPP enhancement, focusing on today's workers, moderating the effect on the economy and improving the retirement incomes of those most at risk;

And while others will say we can put this off for another day, the Legislative Assembly of Ontario disagrees and encourages the federal government to agree to enhance CPP now;

And that this Assembly agree that Ontario should pursue its own solution to enhancing retirement security should the federal government not respond in a timely fashion.

Mr. Yakabuski moved,

M. Yakabuski propose,

That the following be added at the end of the motion:

"And that the Legislative Assembly of Ontario believes that the Wynne government has failed to put forward a jobs plan over two months after the House cleared the decks;

Therefore, it is the opinion of this House that the House Leaders of all three recognized parties shall schedule a debate one week following the passage of this motion and a vote on the motion of want of confidence standing in the name of Jim Wilson, MPP, Simcoe–Grey."

41. Mr. Hoskins — That the Legislative Assembly of Ontario recognizes the importance of the auto sector to Ontario's economy, contributing \$12.7 billion to our GDP and is directly employing nearly 100,000 Ontarians across the province and;

Whereas Ontario supports free trade - communities across the province benefit from being able to export the goods they produce to markets around the world - new trade agreements have to be grounded in solid economic objectives, but most importantly, they need to benefit Ontarians.

Therefore, with the expected completion of the Canada-South Korea Free Trade Agreement, this Assembly calls on the federal government to ensure that any deal reached contains conditions and safeguards to ensure a fair agreement that will help our auto sector continue to thrive and;

Recognizing the numerous non-tariff barriers that affect the ability of Ontario automakers to export to the South Korean market, and that the United States successfully negotiated a side agreement on the auto sector that we can learn from,

Therefore, Ontario calls on the federal government to negotiate a fair agreement that supports the continued success of our auto sector. Filed December 12, 2013.

44. Budget Motion (2014). Debated May 1, 2014 – see Government Order Number 26.

SPECIAL DEBATES – OPPOSITION DAY**DÉBATS SPÉCIAUX – JOUR DE
L'OPPOSITION**

5. Mr. Hatfield — Whereas the Liberal Party has cost Ontario taxpayers billions of dollars in scandals; Whereas the Minister of Transportation has repeatedly claimed in the legislature to have no discussions of safety issues or briefings regarding the Herb Gray Parkway Project before June 19, 2013;

Whereas documents obtained through a freedom-of-information request show that the Ministry of Transportation was alerted to the concerns surrounding the girders used in the construction of the Parkway particularly their failure to meet recognized building standards and the potential threat to the safety of the roadway, before June 19, 2013;

Whereas the Minister's office was briefed on a weekly basis prior to June 19, 2013;

The government should provide the Assembly with a full report on the use of both CSA approved materials and non CSA approved materials on girders and bridge bearings and problems related to faulty concrete pours, as well as a full cost analysis on the Herb Gray Parkway Project. Addressed to the Premier of Ontario. Filed April 30, 2014. To be debated today.

**SPECIAL DEBATES – WANT OF
CONFIDENCE****DÉBATS SPÉCIAUX – CENSURE**

1. Mr. Wilson — Whereas, the McGuinty-Wynne Governments have repeatedly put the political fortunes of the Liberal Party ahead of both the people and the Province of Ontario, abused their power and wasted hundreds of millions of taxpayer dollars to cancel gas plants in both Oakville and Mississauga so as to retain Liberal seats and save their own political skins in a desperate attempt to cling to power;

Whereas, the Speaker of the Legislature made a finding of *prima facie* breach of privilege for nonproduction of documents requested by the Standing Committee on Estimates, which when finally provided, revealed that the Liberal Government had failed to report the true costs of the cancelled gas plants and also exposed inappropriate political interference at the highest levels of the Liberal Government;

Whereas, the Auditor General, in the wake of the growing scandal, sought to expose the true costs of the cancelled gas plants after numerous Liberal Ministers, including then Premier McGuinty and Premier Wynne in her previous Ministerial role, made public pronouncements, both in the House and to the media that were suspiciously low. The Auditor General confirmed on April 15th, 2013 that the true cost of cancelling the Mississauga Gas Plant was \$275 million dollars, or 45% higher than what the Liberal Government had repeatedly told the people of Ontario;

Whereas, Premier Wynne, in her former Ministerial role personally Chaired the meeting and signed off on the process that cancelled the Oakville Gas Plant, yet never disclosed her role in this decision until evidence surfaced that showed Premier Wynne, in fact had known intimate details about the true costs associated with the Liberal Government's decision to cancel the Oakville gas plant;

Whereas, conflicting testimony before the Standing Committee on Justice has hindered the Committee's ability to get to the bottom of the gas plant scandal;

Whereas, the gas plant scandals, combined with those at eHealth and ORNGE amount to literally billions of taxpayer dollars being wasted on scandals and expose the McGuinty-Wynne Liberal Government's utter lack of competence and its failure to get the basics right so as to get results for Ontarians; and, these scandals prove that the Liberals will put selfish interests of their Party ahead of the people and Province of Ontario;

Therefore, the Government has lost the confidence of this House. Filed April 29, 2013.

2. Mr. Wilson — Whereas, Ontario needs to implement a turnaround plan immediately that is focused on more jobs and less debt;

Whereas, the Liberal government's refusal to table a budget plan prior to the end of the fiscal year in accordance with the long-standing commitment of this government, demonstrates the Premier has no plan to create jobs or balance the budget;

Whereas, six other provinces and the Government of Canada have already tabled their budgets;

Whereas, the Wynne government has only focused on raising taxes on the middle class like the so-called health tax, the HST, eco taxes and payroll taxes, in addition to higher taxes on job creators;

Whereas, Premier Wynne continues Dalton McGuinty's legacy of unaffordable power subsidies and out-of-control government spending that has doubled hydro rates, doubled our debt and is keeping Ontario in recession and costing jobs;

Therefore, the Government has lost the confidence of this House. Filed March 18, 2014.
