Ms. Horwath moved,

M<sup>me</sup> Horwath propose,

Whereas the shortage of health care workers creates barriers to timely care in Ontario's northern, rural and remote communities, and lack of access to family medicine, mental health care, addiction treatment resources and other important services contribute to shorter life expectancies for Northerners compared to other Ontarians; and

Whereas the pandemic has exposed the problems caused by the underfunding of Northern Ontario healthcare by successive Liberal and Conservative governments, and Ford government policies such as the *Protecting a Sustainable Public Sector for Future Generations Act, 2019* (previously Bill 124) intensify the staffing challenges faced by northern communities; and

Whereas vacancies for physicians and specialists have resulted in emergency departments and other hospital wings closing, cancellation of urgent care clinic services and wait times of up to 18 months for counselling and therapy services for children and youth in communities across Northern Ontario; and

Whereas Northern health teams have experienced difficulty retaining doctors due to high workloads and lack of access to integrated services, and emergency room patients can average wait times of up to 19 hours before being admitted to hospital; and

Whereas health care providers and advocates such as the Northern Ontario School of Medicine (NOSM) and the Ontario Medical Association call for an urgent and immediate infusion of over 300 doctors, 100 specialists, and a minimum of 40 mental health practitioners to address healthcare needs in the region, and the Northern Policy Institute calls for the establishment of a Northern Mental Health and Addictions Centre of Excellence to address the unique challenges of service and program delivery in Northern Ontario; and

Whereas NOSM and other stakeholders cite the need for measures to attract, train and retain doctors to include increasing training spaces from 64 to 100 students per year as well as improved access to housing and family supports;

Therefore, the Legislative Assembly calls on the Ford government to immediately fund and implement a plan to attract, train and retain nurses, physicians, and specialists in Northern Ontario that includes the expansion of training opportunities at NOSM, supports for housing, transportation, and family services and the repeal of Bill 124.
